Remarks on the Weather.

	1 to 10	10 to 20	20 to 31	<p>During this month the wind blows uniformly and steadily from the N. E. with occasionally an inclination towards the East about the middle of the day in the shape of sea breeze. In the mornings for the most part heavy dew is deposited and occasionally fog, which reaches only to two or three feet above the surface of the ground; the weather is mostly very serene presenting about twenty days of uninterrupted clearness and five of haze or mist, the remaining days being clouded, with perhaps a single shower of rain; lightning is almost unknown in this month.</p> <p>The hottest time of the day is at 1A. 30m. P. M.; the coldest at 4A. 30m. A. M.</p>

MARCH, 1853.

Remarks on the Weather.

	1 to 10	10 to 20	20 to 31	Throughout this month the South or a long shore wind with very unequal force prevails: it is accompanied with a profuse dampness and sultriness, which renders its effects highly prejudicial to health and comfort; on this account the sea breeze which sets in at noon and blows till 10 p. m. is less courted than at other seasons; the sky is however, beautifully clear for about twenty-seven days, the remaining four being cloudy; dew less frequently occurs, and is less in quantity than last month; rain and lightning are little known. The hottest time of the day is at 04. 23m. p. m.; the coldest at 5A. 0m. a. m.

APRIL, 1853.

Remarks on the Weather.

	1 to 10	10 to 20	20 to 30	The remarks of last month relative to the wind are equally applicable to this: the S. wind varying from S. E. to S. W. still continues at times blowing very fresh but occasionally calm, which are exceedingly oppressive. The weather is clear for about twenty-four days, with four days of flying clouds or haze, and two of clouds, on one of which rain falls; lightning occurs for two days. Dew is very little in quantity and of unfrequent occurrence.

W. and varying to every point of the compass; about the 10th, the regular land or hot winds set in which are moderated in their effect towards the end of the month by occasional showers. The sea breeze sets in about noon and blows till 9 or 10 P. M. There are about 19 days of clear weather, 8 of flying clouds and haze, and 4 cloudy days, on two or three of which there is rain; the dew is almost imperceptible, and lightning with thunder occur about four times.</p> <p>The hottest time of the day is at 11 A. 30 M. A. M.; the coldest at 4 A. 20 M. P. M.</p>

JULY, 1863.

Remarks on the Weather.

	1 to 10	10 to 20	20 to 31	<p>With this month the rains of the S. W. Monsoon begin, generally heavy but partial showers; the weather may be reckoned among the most cloudy of the year, there being only six clear days—the remaining days consist of thirteen cloudy, and twelve of flying clouds and haze; of these there are eight days on which rain falls, and about three of thunder and lightning. The sea breeze is very uncertain as to the time it commences or ceases, and not unfrequently fails for several days together.</p> <p>The hottest time of the day is at 2h. 30m. P. M., the coldest at 4h. 0m. A. M.</p>

AUGUST, 1853.

Remarks on the Weather.

	1 to 10	10 to 20	20 to 31	<p>The regular westerly winds which terminate about the middle of this month are succeeded by winds of a light and variable nature, mostly from the West and South; calms, haze and rain occur in about the same proportions as last month, leaving about eight days of clear weather; lightning unattended by thunder is very frequent, but thus accompanied, it occurs only once or twice. The sea breeze assumes much the same character as that experienced last month, commencing at 2 or 3 P. M. and continuing till 8 or 10 P. M. Dew is sometimes discovered but more frequently fails.</p> <p>The hottest time of the day is at 2A. Om. P. M.; the coldest at 3A. Om. A. M.</p>

SEPTEMBER, 1853.

Remarks on the Weather.

	1 to 10	10 to 20	20 to 30	Throughout the month light and variable winds with occasional calms continue, and with the exception that the weather is not quite so much clouded, the remarks of last month apply with equal propriety to this. Lightning occurs almost every evening, but accompanied with thunder three times only. The sea breeze sets in about 2 or 3 P. M., and blows till 8 or 10 A. M., but occasionally fails for two or three days together; dew is common but small in quantity. The hottest time of the day is at 24.0m. P. M.; the coldest at 4A. 20m. A. M.

Remarks on the Weather.

	1 to 10	10 to 20	20 to 31	<p>The clouds now begin to assume more dense appearance than heretofore; calms, lightning and rain, are very frequent till the 19th, when the N. E. Monsoon or rainy season sets in: from this time till the end of the month, the atmosphere assumes a very disturbed appearance: extremely heavy rain with storms of wind, thunder and lightning invariably occur, and gales of wind of a similar nature to those which occur in the early part of the year^a are sometimes experienced; on these occasions a depression of the barometer of 4 or 3-tenths of an inch is observed. The sea breeze or rather a slight modification of the N. E. winds is perceived towards the middle of the day.</p> <p>The hottest time of the day is at 1 P. M., the coldest at 4 A. 50m. A. M.</p> <p>* See remarks for month of May.</p>

NOVEMBER, 1853.

Remarks on the Weather.

	1 to 10	10 to 20	20 to 30	The N. E. Monsoon continues with unabated force, and the state of the weather generally is much the same as that experienced towards the end of last month, save that an increased dampness of the air and the less frequent occurrences of lightning render a distinction necessary. The number of clear and cloudy days in this, as well as last month, is liable to great uncertainty. The remarks relative to the sea breeze of last month apply equally to this. The hottest time of the day is at noon: the coldest at 4h. 0m. A. M.

Remarks on the Weather.

	1 to 10	10 to 20	20 to 31	<p>The heavy rains and violent gusts of wind are much moderated at the beginning of the month and arrive at their close about the 15th: from this time the sky assumes an appearance of tranquillity and clearness which forms a strong contrast with the disturbed state of the preceding month; the N. E. wind however continues throughout the month without interruption: there are about 13 clear days, 11 cloudy, and 7 days of flying clouds and haze; of these there are 6 days on which rain falls. The mornings exhibit a copious deposition of dew and sometimes a ground fog which does not reach more than two or three feet above the surface. The sea breeze sets in at 10 A. M. and blows till 4 P. M.</p> <p>The hottest time of the day is at 50A. 0m. P. M.; the coldest at 2A. 50m. A. M.</p>

PRECEPT I.

TO FIND THE TIME OF A STAR PASSING THE MERIDIAN ON ANY DAY OF THE YEAR.

RULE.—From the right ascension of the Star, found in the foregoing table, subtract the right ascension of the Sun, omitting the seconds, &c. for the given day which is found in the Astronomical part of the Almanac and the remainder will be the approximated time of the Star's culminating or coming to the Meridian. If the Star's right ascension be less than the Sun's, it must be increased by 24 hours.

When the time of the Star's passage over the Meridian is less than 12 hours, the time is P. M. when greater, it will be as many hours after 12 P. M. of the given day.

PRECEPT II.

TO FIND WHAT STAR COMES ON THE MERIDIAN AT A GIVEN TIME ON ANY DAY.

RULE.—Add the time from noon to the Sun's right ascension, and the sum will be the right ascension of the Star required to be known. Look in the Table for the Star's right ascension, and find what Star's right ascension agrees with, or comes nearest to it, and that is the Star required.

PRECEPT III.

TO FIND ON WHAT DAY OF THE YEAR ANY GIVEN STAR CULMINATES AT ANY GIVEN HOUR.

RULE.—If the Star culminate in the morning, add the time it wants of noon to the Star's right ascension, and the sum will be the Sun's right ascension on the required day.

If the Star culminates in the evening, subtract the time from noon from the Star's right ascension, and the remainder will be the Sun's right ascension. The day of the month answering to the right ascension of the Sun may be found in the Astronomical part of the Almanac.

If in adding, the sum be more than 24 hours, subtract from it 24 hours, and the remainder will be the Sun's right ascension.

If when you have to subtract, the right ascension of the Star be less than the time from noon add to it 24 hours before subtracting.

PRECEPT IV.

TO KNOW WHETHER A GIVEN STAR OR THE MOON WILL CULMINATE SOONER ON A GIVEN DAY, AND WHAT WILL BE THE DIFFERENCE OF TIME BETWEEN THEIR COMING TO THE MERIDIAN.

RULE.—Find in the Astronomical part of the Almanac at what time the Moon comes to the Meridian, and by Precept I., when the given Star culminates. That which has less time culminates sooner. Subtract this from the greater and it will give the difference of time required.

By the same rule may be known which of two given Stars culminates sooner, and the difference of time that so elapses.

PRECEPT V.

TO FIND WHAT STAR CULMINATES WITH THE MOON ON A GIVEN DAY.

RULE.—Find the time that the Moon comes to the Meridian on the given day in the Astronomical part of the Almanac omitting seconds, &c. Having found this, see what Star culminates at the given time by Precept II., and it will be that required.

PRECEPT VI.

TO FIND ON WHAT DAY OF THE YEAR ANY GIVEN STAR COMES TO THE
MERIDIAN WITH THE SUN.

RULE.—Having found the right ascension of the Star in the Table, look for that right ascension of the Sun in the Astronomical part of the Almanac which agrees nearest with that of the Star. The day of the month answering to it will be that required.

PRECEPT VII.

THE DAY OF THE MONTH BEING GIVEN, TO FIND WHAT STAR COMES TO THE
MERIDIAN WITH THE SUN.

RULE.—Look for the right ascension of the Sun in the Astronomical part of the Almanac for the given day, after which look in the Table for the right ascension of that Star which corresponds with that of the Sun, and it will be the Star required.

PRECEPT VIII.

TO FIND THE HOUR OF THE NIGHT BY A SUN-DIAL.

RULE.—Observe the hour which the shadow of the stile points by the Moonlight. Find the Moon's age, and multiply the number of days by 49 minutes, and the product is the number of hours to be added to the hour shown by the shadow to give the hour required. If this number exceeds 12, subtract 12 from it, and the remainder is the hour.

PRECEPT IX.

SIMPLE METHOD TO DRAW A MERIDIAN LINE.

RULE.—Fasten a board on the top of a post, and then with a compass make four, or six circles and within the other from the centre or middle, where place a large pin perpendicular or upright and nicely observe when the Sun shines in the forenoon, which circle the head of the pin shadows; then make a mark there, and do the same in the afternoon when the shade of the pin's head comes on the same circle, and from the midway of the two marks draw a line to the centre on which place your Meridian or 12 o'clock-line which will point North and South.

PRECEPT X.

HAVING THE TIME OF SUNRISE AND SUNSET ON ANY PARTICULAR DAY TO
FIND THE LENGTH OF THE DAY AND NIGHT.

RULE.—Double the time of Sunset and it will be the length of the given day, and double the time of Sunrise and it will give the length of the night.

The letters for the first, second, and third years after every bissextile, are the three single letters placed under the double letters, in the same column with the bissextile they immediately follow. For example, as the Dominical Letters for 1600 were A. B. so the Dominical Letter for 1601, was G. for 1602, F. and for 1603 E. So for 1796 the Dominical will be C. B.; consequently 1797, 1798, and 1799, must have A. G. and F.; and the letter for 1800, (which is to be accounted a common year, will be E.; therefore 1801, 1802, and 1803, must have the subsequent letters, D. C. and B.; and then 1804, being bissextile will come under the letters A. G.; and from thence every fourth year will be leap-year.

EXPLANATION.—To ascertain any Day, in any year of the present Century—first look in the Table of Years for the Year required, and under the Months are the figures, which refer to the corresponding Figures at the head of the Column of Days, for the whole month.

For Example.—To know what day the 20th August will be on in the year 1847. In the Table of “Years” you will find the year 1847, and under August the Figure 7, which directs you to Column 7, in which you will perceive August 20 to be on Friday.

Time Table, No. I.

1st.—Shows the number of days from any given day in one month to the same day of any other month. It must be observed, that in Leap Year, if the end of the month of February be included in the time, one day must be added. If it be desired to find the number of days from a given day in one month to a different day in another, the difference between the dates must be added to, or subtracted from (as the case may be) the amount. For Example :—To find the number of days between the 5th of January and 12th of November :—

From 5th of January to 5th of November..... 304 Days.
 From 5th to 12th of January..... 7

311

If it be Leap Year, add 1

Answer 312

2d.—Shows the decimal parts for each and all the days in the twelfth part of a year, consisting of 365 $\frac{1}{4}$ days.

In Loans on personal security, re-payable within one year, Life Insurance will be dispensed with, provided the sureties signify their assent in writing, but all other Loans must be protected by Life Insurance, with a margin at all times sufficient to cover the balance due, including premium of Insurance; interest up to date of adjustment of Policy in event of lapse; and any other charges.

4. Life Insurance taken out by or through the Bank, is reduced half-yearly, according to the gradual liquidation of the claims against the debtor.

5. Applications for loans from Subalterns must only be for such sums as can be re-paid by monthly instalments within the prescribed period, and each application must be accompanied with a declaration that the applicant is not indebted elsewhere.

6. When a debtor dies, the balance (after discharging his own debt in full) of any policy of assurance upon his life will, at the discretion of the Directors, be detained as security for the re-payment of the balance of any account for which he may be responsible as a surety.

7. Where parties may find difficulty in effecting their remittances to Agra, Drafts on Calcutta or elsewhere will be received in re-payment of loans at the Exchange of the day.

8. The Mortgage of real property in the Hill stations and large Military Cantonments, is occasionally taken in place of Life Assurance, provided that the property be officially registered (with power to sell) in the Station Books as belonging to the Bank, and that the amount advanced thereon be regulated by previous official report as to its convertible value at the time.

9. Regimental loans granted to Corps to facilitate the establishment and maintenance of Messrs, Bands, Libraries, and other Regimental purposes.

10. Loans are granted on the security of Government Paper, on the Stock of the Calcutta, Madras, Bombay, and Mofussil Banks, and on the shares of other approved Joint Stock concerns, where the parties borrowing give to the Bank a power to sell the note or shares forming such security, if, on one month's notice to close the account, the loan—which will, in the first instance, be for three months and thereafter renewable for a similar term or terms—shall not then be re-paid in full.

11. Parties desirous of taking advances in Bombay, Madras, or Calcutta, should apply to the Branch Agents of the Bank at those Presidencies respectively.

12. Interest on loans is charged from the date on which the amount, wholly or in part, is placed as a floating balance at the disposal of the borrower, according to notice given, and is allowed, at the same rate, upon all remittances from the date of their realization.

13. When loans are not liquidated as agreed upon a penal interest of two per cent. per annum additional will be chargeable.

14. It is a condition of every loan that the party borrowing shall be subject to the general rules of the Bank, in respect of such transactions.

15. Constituents of the Service, when writing to the Bank, are requested to add their rank or official designation to obviate the delay of reference, and with the same view applicants for loans are also requested, in naming their sureties, to furnish a similar detail regarding them.

16. All loan accounts with the Bank are brought up periodically to the 30th of June and 31st of December, and interest thereon is debited or credited to those dates half-yearly.

17. When parties already indebted to the Bank require further accommodation, the balance due on the former account will be deducted from the new loan; as a general rule, two accounts with different sureties and different terms of payment cannot be kept open at the same time.

18. The Bank renders accounts, once in the half-year, *when called for*.
 19. On each Loan Account a charge of one Rupee eight Annas is made to cover the expense of Loan documents. No letters *bearing postage* will be received by the Bank, except from Paymasters, Deputy Paymasters, or other public authorities, or from places where no postage can be levied.

RULES.

FINANCIAL DEPARTMENT, FORT ST. GEORGE, APRIL 4, 1834.

The Right Honorable the Governor in Council directs that the following Rules of a Savings' Bank, established in Madras under the guarantee and responsibility of Government, be published for general information.

1st. The Bank to be denominated "THE GOVERNMENT SAVINGS' BANK."

2d. All classes, British and Native, may invest their savings in the "Government Savings' Bank."

3d. The return of the exact sum deposited, together with the interest due thereon at the undermentioned rate, is secured to the Depositor under guarantee of the Government.

4th. The general direction and control of the Bank shall be vested in a Committee of Management, to be nominated by the Governor in Council. The Committee shall meet at such stated periods as may be necessary for the due and efficient control of the proceedings of the Bank.

5th. The Government Agents are charged with the immediate superintendence and execution of all details connected with the Bank. They will also be *ex-officio* Members of the Committee of Management. The Sub-Treasurer, as one of the Government Agents, will be *ex-officio* Secretary to the Bank.

6th. A Register of Deposits will be kept, and generally such other accounts as may be determined on and approved of by the Managing Committee.

7th. Any sum not less than One Rupee will be received in deposit.

8th. Whenever any sum deposited by one individual shall amount to 500 *Company's* Rupees, the same will be transferred from the Bank deposit in the General Treasury, and subscribed on account of the Depositor to the four per cent. Bengal Government Loan of the 1st February 1843, until further notice, unless an intimation of its withdrawal, or the withdrawal of a portion of it, be given by the Depositor within one month after it has reached that amount; and all Government Securities shall be handed over to the Government Agency at the expiration of 3 months (subject to all the Rules which obtain in that Department) unless counter instructions be immediately received from the Proprietors.

9th. Interest at 4 per cent. per annum will be allowed on Deposits until further notice.

10th. The interest will be calculated on a deposit from the 1st day of the month succeeding that in which it shall be received, and up to the last day of the month preceding that in which it shall be withdrawn. No interest will be allowed for broken periods of a month, nor calculated on fractional parts of a Rupee.

11th. The Government reserves to itself the power of lowering or raising the rate of interest, such alteration not to affect deposits above 500 *Company's* Rupees previously invested in Public Securities, and due notice to be given in the *FORT ST. GEORGE GAZETTE*, of the intention of Government six months before the alteration shall take effect.

12th. All deposits will be regularly entered in a book at the time they are made, and the Depositor of the Deposit made at the Presidency will be furnished with a small book having a duplicate of the entry. This book is to be brought to the Bank whenever any sum is deposited or withdrawn. The account thus kept will be closed on the 30th April of every year, and the balance of interest due at that period will be paid to the Depositor, or carried to account, thenceforward to accumulate at compound yearly interest, until it shall amount

to 500 Company's Rupees, when the same will be transferred from the account of the Bank, and subscribed on account of the Depositor to the Bengal Government four per cent. Loan as per Rule VIII. unless notice of withdrawal be given within one month as above, or unless the rate of interest be altered as provided for in Rule XI.

13th. *No person or persons to deposit money for the benefit of any other person or persons, except Parents on behalf of, and on account of their children being minors. If such deposits are made in the children's names, they cannot be withdrawn without an authority from the children,—no trust will be allowed to appear on any deposit. Provided however, that this Rule shall not be construed to prohibit Individuals resident out of Madras, or females, who according to the manners and customs of the country do not usually make their appearance in public, from making their deposits in their own names by the hands of other persons as Agents on their behalf.*

14th. No sum deposited to be transferable excepting on the personal application of the Depositor, supported by written sanction. When peculiar circumstances render a deviation from this Rule necessary, the case shall be submitted to the Committee of Management for their sanction.

15th. No person will be allowed to deposit any money without making known his or her name, together with his or her profession, business, occupation, calling, and residence. A duplicate of this description will be entered in each Depositor's book, to be produced whenever any sum is afterwards deposited or withdrawn.

16th. Depositors will be at liberty at any time to withdraw any sums or portions of sums deposited by them, receiving interest calculated up to the end of the month preceding that in which the withdrawal is made.

17th. As a general rule, deposits, with the interest due thereon, will be repaid to the Depositors personally in all practicable cases. In the cases of Individuals unable to attend in person, the Secretary will exercise his discretion in regard to repayments of deposits to responsible persons duly authorized by such absentees to receive the same.

18th. Military Officers and Soldiers, European and Native, will be allowed to invest their savings in the Government Savings' Bank, through the Paymasters of Corps or Divisions; and Officers and Servants of the Civil Establishments, European and Native, through the Residents, Collectors and other Officers in charge of Public Treasuries, or who are competent to sign Pay Abstracts of Civil Establishments; and Residents, Collectors, Paymasters, and other Officers in charge of Public Treasuries, are hereby authorized to receive Subscription to the Bank, or to deduct monthly from their Abstracts such sums as the parties within their circle of payment may be desirous of depositing, not being less than One Rupee, nor more than 500 Company's Rupees.

20th. In case of the death of a Depositor, the sum at his credit will be paid to his or her Executors or Assigns; or in case of no will, according to the law on this head, or the Regulation of the Service, if the deceased be Military.

21st. In case of any difference between the Secretary of the Bank and any Depositor, it shall be referred for the decision of the Committee of Management.

FORT ST. GEORGE, 3D NOVEMBER 1848.—Page 1070.

No. 231 of 1848—The following General Orders by the Right Hon'ble the Governor General of India in Council, are re-published for the information of the Army.

FORT WILLIAM, 10TH OCTOBER 1848—No. 389.

The Right Honorable the Governor General of India in Council taking into consideration the inconvenience which Soldiers of Royal Regiments returning to England, who are depositors in the Government Savings' Banks in India, experience by not being permitted, under existing Regulations, to remit to England through the Company's Treasury their deposits, when exceeding the amount of their net pay for a period of one year, and the loss to which they are exposed from fluctuations in the Money Market, when desirous of disposing of the Government Paper obtained by them on their Savings' Bank Deposits reaching the sum of Rupees 500, (Five Hundred Rupees,) is pleased with the concurrence of the Honorable the Court of Directors to lay down the following Rules, in respect to Soldiers' Deposits from Savings of Pay in the Government Savings' Bank, which are to be applicable to all the three Indian Presidencies.

The amount of actual Savings from Pay, which a Soldier has been enabled to accumulate from his Pay from the East India Company with interest, whether remaining in the Savings' Bank or invested in Government Paper, through the Bank, is on occasion of parties returning to Europe to be included in Regimental Paymaster's Rolls, payable to the Secretary at War, twenty-one days after arrival at the India House, at the Exchange of 2s. 4d. per Company's Rupee, and the Rolls are to be transmitted to the Paymaster to the Queen's Troops at the Presidency, who will forward them to the Accountant, Military Department, to be included in a separate General Roll, to be prepared by that Officer for transmission to the Honorable the Court of Directors, so as to leave by the first going Mail, after receipt by him of the Rolls to ensure its reaching Europe before the arrival of the parties themselves in England.

On the receipt of these Rolls from a Regimental Paymaster, the Paymaster to the Queen's Troops will apply to the Savings' Bank at the Presidency for the amount standing in favor of the several Depositors returning home, and credit the same in his accounts to "Account Current, London."

The Secretary to the Savings' Bank will, on receipt of application from the Paymaster to the Queen's Troops, immediately pay over to that functionary all deposits as detailed in the Roll, and if there should be any Government Paper belonging to any of the Depositors which was obtained at par from deposits in the Savings' Bank, the Secretary will on occasion of

the deposits being required to be remitted to Europe, call on the Government Agent to dispose of such paper in the market, and if it be sold at a discount, the Government Agent will furnish the Sub-Treasurer with a statement exhibiting the proceeds of the sale and the loss thereon; and the Sub-Treasurer is authorised to pay the amount of such loss to the Government Agent, and to charge the same in his accounts to "Profit and Loss."

If, further, any Government Paper belonging to any of the Depositors which had originally been purchased through the Savings' Bank at a discount be subsequently sold at a greater discount, the difference of discount between the original purchase and the subsequent sale, which is a loss to the Soldier, is not to be borne by him, and the Government Agent will claim it on behalf of the Soldier from the General Treasury.

If, however, any Government Paper belonging to any of the Depositors, had originally been purchased at a greater discount than that at which it is subsequently sold, the difference between the purchase money and the sale proceeds, or the gain, is the property of the Depositor.

The rule laid down in the preceding paragraph is applicable only to investment in Government Paper, of Soldiers' deposits already made through the Savings' Banks, but hereafter on the amount of a Soldier's deposits in the Savings' Bank reaching Rupees (500) Five Hundred, the Secretary of the Savings' Bank will pay the same through the Government Agent into the General Treasury, and demand from the Sub-Treasurer a Certificate for the payment as per Form in the margin, which he will forward to the Deputy Accountant General of India for the Presidency of Bengal, and the Accountants General for

Advantages offered by the Albion.

I. FOUR-FIFTHS, or 80 per cent. of the entire Profits arising from all Policies issued upon the Participating Scale of Premium, will be apportioned triennially among the holders of such Policies, either in

Augmentation of the sum insured, or in

Reduction of the future Annual Premium.

II. LOW PREMIUMS, compared with those usually charged for Insuring the Lives of Europeans resident in India. Thus at the age of 20, the lowest Military Premium usually charged for an Insurance of 10,000 Rupees, would insure from 10,500 to 11,250 Rupees in the ALBION, thereby securing to the Policy-holder an immediate Bonus of from 500 to 1,250 Rupees, or an immediate and permanent Reduction of Premium, varying from $\frac{1}{4}$ to 11 per cent.

III. PERFECT SECURITY, arising from a large Capital, totally independent of the Premium Fund, and the accumulated Profits of nearly half a Century. In all Societies for Mutual Insurance, the Premium Fund constitutes the only Capital, and the Members are mutually liable for any deficiency that may at any time be found to exist in the assets of the Association.

IV. No charges in addition to the Premium, either for Medical Fees, Entrance Money, or otherwise.

Rates of Premium charged by the Albion,

FOR INSURING THE LIVES OF EUROPEANS RESIDENT, OR ABOUT TO RESIDE IN INDIA.

ANNUAL PREMIUM, payable during life, to Insure the sum of 1,000 Company's Rupees, payable at death whenever that event shall happen.

New Oriental Life Insurance Company.

Adverting to the inconvenience felt by a large class of those persons in this country for whose benefit Life Insurances are effected, from the uncertain amount of dividend, and commonly protracted terms of payment, inseparable from the nature of the Institutions for that purpose then existing; it was, in January, 1822, resolved to establish a JOINT STOCK COMPANY, to grant Policies for fixed sums on approved Lives, and, in case of lapse, to pay the sum assured within a short period, after proof; and which company continued to carry on business until March 1834, when a new Association was formed on a more extended basis, under the denomination of the NEW ORIENTAL LIFE INSURANCE COMPANY, offering at once the utmost security to the public, and superior advantages to the insured.

Persons intending to effect an INSURANCE on their LIVES in the NEW ORIENTAL LIFE INSURANCE COMPANY, will attend to the following RULES:

1. The person on whose Life the Insurance is desired to be effected must wait on his usual medical attendant, in the Queen's or Company's Service, with a request to draw up a Report on the state of his health, in which every particular is to be stated that may guide the Medical Examiner of the Insurance Company in judging of the nature of the proposed risk. Medical Reports on the health of applicants are not liable to be perused by any one but the Medical Examiner and the Committee.
2. In case the party has not had occasion to be attended in a professional capacity by any Medical man at the Station where he resides, it will be advisable for him to apply to the most eminent Surgeon or Physician within reach. The report of a gentleman of known ability must always be more satisfactory, than that of a person to whose name and qualifications the Medical Examiner is a stranger.
3. In the statement given to the Medical Officer and in the affidavit, great care must be taken that no omission is made; as negligence in this respect may eventually render the Policy void, in pursuance of one of the Clauses which is to that effect.
4. The affidavit must be taken before a Magistrate, or where there is no Magistrate, before the Commanding Officer of the Station, as soon as possible after the party has appeared before the Medical Officer for Examination, whether the Medical Report be at the time actually drawn out or not.
5. If a Policy be granted, the ordinary Premium required by the Insurers may be increased according to the opinion formed relative to the life on which the risk is proposed to be taken. But whether the risk be altogether declined, or a higher rate of premium than usual be required, the Committee and Medical Examiner, as well as the Agents, are prohibited from offering any explanations, or entering into any correspondence on the subject.
6. The declaration of the Medical Reporter, and the affidavit, must, when duly attested be forwarded along with the Medical Report, as speedily as possible, to the Agents at Madras.

The following are the General Terms on which INSURANCES are effected by
the COMPANY.

The Agents of the Company are authorized to receive applications for Insurances on Lives for any age from 16 to 60, for any amount. One to Fifty thousand Rupees, in even sums of Hundred Rupees; the sums insured to be payable three months after proof of lapse.

Premiums are payable half-yearly in advance.

In the event of a lapse occurring during the first six months of the period covered by the Policy, the Premium for the succeeding six months will be deducted from the amount insured, it being understood that a year's Premium shall in all cases be paid.

Insurance in the case of absentees will be computed from the date of the certificate of health, unless otherwise required. Persons insured may assign their Policies.

Where an Insurance has been effected in the seven years' class, the Insured may have a new Policy for the same amount and for the like term, or for life, at the rate, and upon the terms on which the Society may be at the time granting Policies, without a fresh certificate of health, on application to that effect and surrender of the original Policy at the end of six years from its date, or twelve months before the period at which it would finally expire.

Risks may be at any time reduced, but no return of Premium will in any case be allowed.

Before any dividend can be made amongst the Members of the New Oriental Life Insurance Company, a capital must have accumulated and be invested equal to the average amount of one and a half year's losses, reckoned on the amount of the continuing outstanding risks.

Three-fourths of the profits are divided among the Shareholders according to their respective shares, and one-fourth among such Policy holders as are likewise Members of the Office, in the proportion of the Premium paid by them during the period to which such dividend may refer.

The London Branch of the North-West Bank of India has been appointed Agent for the Office in England and in conjunction with a Committee, will act for the Office there. Parties requiring Insurance can apply direct to Mr. R. J. R. Campbell in charge of the branch of the N. W. Bank of India in London.

Copies of the Deed may be had on application to the Agent, W. F. Fergusson, Esq. where a list of the Proprietors may be inspected.

W. F. Fergusson, Esq. and the Agent in London will be happy to undertake the Management of the details for effecting Insurance, and for the sale and purchase of shares in this Society, free of all charge, provided they are kept in funds to meet Subscriptions as they become due.

No Medical Fees required; a reduction of ten per cent. on the amount of all Premiums is allowed for three years from 1st November 1848, and a similar allowance will be made afterwards, should the working of the Society warrant the same.

Deferred Annuities and Endowments for India.

GENERAL RULES.

All Premiums must be paid in advance,—every facility will be given for their regular payment or remittance ; but 12 per cent. interest will be charged on all arrears, and the contract forfeited after six months non-payment of Premium.

The first half-yearly payment of Annuities will be made, if claimed in India, six months, and if in London, 12 months after the expiration of the period of deferment, and parties, whose Annuities have commenced in India, will on their return to England have to comply with the English period of payment, which is, as above, six months later.

An officer proceeding on furlough and having subscribed for a Deferred Annuity, may at his option, continue his payments during furlough, the Annuity becoming payable at the same term as if he had remained in India, or he may discontinue his subscription during the period of furlough, in which case the period of deferment will be extended for an equal time, or lastly, he may surrender his contract to the Society, who will be prepared to purchase it at a fair valuation.

The Annuities will be paid in London at the Exchange of 2s. per Rupee.

For the present the Directors have limited the Annuities on any one life to 3,000 rupees, and the Endowments to 30,000 rupees.

Forms of Proposal and full information may be obtained at the offices of the Society in London, and of the Secretaries and Agents in India.

Life Assurance.

The advantages of this Society are as follows :—

A lower and more economical scale of Premiums for Life Assurance than hitherto demanded by the established offices in India.

The Tables of Premiums have been accurately prepared, after reference to all the various and best reports and statistical documents recently available, and particularly, that last prepared by Mr. Griffith Davis in 1844, based on Dodwell and Miles' Army Lists, and the investigations of Mr. Woolhouse, Actuary of the National Loan Fund Life Assurance Society.

To the actual or mathematical risk thus deduced, an ample per Centage has been added to the scale of Premiums for the safety of the Society and the benefit of the Assured ; and it will be found by reference to the subjoined Tables that, notwithstanding a considerable per Centage thus added, the Rates of Premium will be cheaper at all ages to the holders of Policies than those hitherto offered to the public in India.

The whole of the Funds of this Society in India at present are invested in Government Paper. The Directors are limited to such investment, and to loans on security of Government Paper or Bank of Bengal shares only.

All holders of Policies in India on the profit scale, who may have paid five Annual Premiums will be entitled at the expiration of the fifth year to a *years' profit* calculated on the average of the preceding five years, such profit to be paid in cash, or to go in diminution of

the future Premiums payable, or to be added to the sum assured by the Policy at the option of the Holder, after the calculation of the profits shall have been made in London.

After the expiration of 1851, the profits will be declared annually, and the payers of five complete Annual Premiums be regularly entitled to a participation therein with a like option as to the mode of application.

Parties assured in India for life shall, on their return to England for a *permanency*, and on the first half-yearly Premium becoming due, be entitled to come upon the English rates of Premium, and be placed under the Rules and Conditions of the Society there obtaining.

All parties assured for life or for terms other than for life, whatever the number of payments or the permanency or otherwise of their residence in Europe, shall after completing a full year from the date of their quitting India, and on the first half-yearly Premium thereafter becoming due, be entitled to a reduction of their Premium to the English rates, such reduced rates being continued during their further residence in Europe.

Parties in the Military Service holding Civil Offices, and thus subject to no greater risk than members of the Civil Service, will be charged at the rate of Premium of a Civil life, but on return to their military duties the higher rate will be charged—due notice of such return must be given to the Secretaries.

Premiums are payable half-yearly in advance, but arrangements may be made with the Secretaries for the payment of Premiums annually or for a given number of years.

Assurance will be computed from the date of the certificates, but no Assurance to be binding on the Society until the first *six months* premium shall have been actually paid to the Secretaries.

Policies becoming claims upon the Society, will be paid three months after satisfactory proof of the death of the party assured shall have been received at the Society's Office.

Policies granted by the Indian Branch, will be paid in India or London, at the option of the Holder, at the exchange of two Shillings per Company's Rupee, provided notice shall have been given to the Secretaries, at least *three months* previous to a lapse occurring, of the place at which it is desired the payment may be made. If no notice shall have been given, the payment will be made at the place at which the last Premium previous to lapse may have been paid.

All payments or receipts on account of the Society of Sterling money in India or of Rupees in England, will be made also at the fixed rate of two Shillings per Company's Rupee.

In cases of lives of more than ordinary hazard, an increased rate of Premium will be charged proportionate to the risk; such increased rate will be regulated by the strictest attention to justice between the Society and the Assured.

All applications for Assurance must be accompanied by a Medical Fee of Eight Rupees.

Notice of Assignments of Policies will be duly registered at the office of the Agents.

Applications for Assurance to be made to the Secretaries, Messrs. GORDON, STUART and Co. who are prepared to grant Policies, to the extent of 30,000 Rupees on any one life, approved of by the Directors, and who will afford information regarding the business generally, and rules of the Society in London, as relates to Assurance on Lives or survivorships, the purchase and sale of Annuities and reversionary interests, the granting Endowment on existing children and other ordinary business of the Family Endowment Society.

Notices of assignments of Policies will be duly registered at the office of the Secretaries.

Premiums are received half-yearly, but in the event of death taking place within the first six months of any year (commencing on the anniversary of the date of the Policy) the Premium for the next six months will be deducted from the Sum assured, it being distinctly understood and agreed upon, that the Premium for each entire year during the continuance of an Assurance shall in all cases be paid.

Conditions Endorsed on the Policy.

POLICIES will become void if the Premiums be not paid within thirty days after the period limited by the Policy for payment ; but should proof be given, to the satisfaction of the Directors, that the parties whose lives have been assured continue in good health, the Policies may be revived at any period within six calendar months on the payment of a Fine of one half per Cent. on the sum assured ; or at any period within twelve calendar months, on the payment of such a Fine as the Directors may think reasonable.

Policies will become void if the Parties whose lives have been assured shall go to any of the following places, viz., Arracan, the Soonderbuns of Bengal, Assam, the province of Scinde, and all places subject to periodical visitation of the plague ; or (not being of the military, or maritime profession at the time the Assurance is effected) shall afterwards enter into or engage in any military, maritime, or other hazardous service or employment whatever, unless in each case permission shall have been granted by the Directors, which may be obtained by the Parties paying a Premium adequate to the extra risk ; but no additional Premium will be demanded in consequence of the Party whose life has been assured, proceeding on public duty, in obedience to the orders of his Superiors, or in performance of his professional duties, to any of the above exempted places.

Policies will become void in case the Parties whose lives have been assured shall die by duelling or by their own hands, or by the hands of Justice. But the Directors will in each case make such allowance as they may deem reasonable ; and if the Policy shall have been assigned to a BONA-FIDE Creditor other than the Society, the Directors will pay such Creditor to the extent of his interest in the Policy, upon satisfactory proof of his interest being given to the Directors.

All Claimants upon Policies must, if required, furnish proof of the death of the Party assured, and give such further information as the Directors may think necessary ; and reasonable proof will also be required of the age of the Party assured, unless it shall have been previously established and admitted in the Policy or by Indorsement thereon.

In the event of death taking place within the first six months of any year (commencing on the anniversary of the date of the Policy) the Premium for the next six months will be deducted from the Sum assured, it being distinctly understood and agreed upon, that the Premium for each entire year during the continuance of this Assurance shall in all cases be paid. Policies granted by the Indian Branch will be paid in India or London, at the option of the holder, at the exchange of Two Shillings per Company's Rupee, provided notice shall have been given to the Secretaries, at least *three months* previously to lapse, of the place at which it is desired the payment may be made. If no notice shall have been given, the payment will be made at the place at which the last Premium previous to lapse may have been paid.

All payments or receipts on account of the Society of Sterling money in India or of Rupees in England, will be made also at the fixed rate of Two Shillings per Company's Rupee.

Of the various Institutions for the Assurance of Lives, which have been established in this country, none have been attended with such complete and decided success as those based upon the principle of **MUTUAL ASSURANCE**, in which **ALL THE ACCUMULATED PROFITS BELONG EXCLUSIVELY TO THE ASSURED**. The experience of nearly a century has proved, incontestably, that these Societies are perfectly safe, and do not require the aid of a **PERMANENT SUBSCRIBED CAPITAL**. The same experience has shown that, when well regulated, they are capable of yielding large profits to Policy-holders, such as under no other system can be realized. It is upon this tried and approved principle of **MUTUAL ASSURANCE**, that the **GREAT BRITAIN LIFE ASSURANCE SOCIETY** has been established. The object of its founders has been—not only to present to the public an Institution for the Assurance of Lives, in which the Policy-holders may enjoy all the Advantages offered to them by the best regulated of these Societies—but also, by extending the principle of Life Assurance to cases wherein its application has been hitherto deemed impracticable, to afford the means of providing for a surviving family to those by whom so inestimable a benefit could not otherwise be attained.

The extension in question is effected.

1st. By giving credit to parties effecting ASSURANCES ON THEIR OWN LIVES FOR THE FIRST FIVE ANNUAL PREMIUMS;—thus enabling many to secure a provision for their families whose circumstances might otherwise compel them to wait until a remote period, when a deteriorated state of health might prevent the accomplishment of their object.

2dly. By giving Credit (without security) to persons effecting ASSURANCES, either on their own Lives or the Lives of others, for HALF THE AMOUNT OF THE FIRST FIVE ANNUAL PREMIUMS; thus enabling them to secure a Provision for their Families, or the re-payment of a Loan or Debt, WITH THE LEAST POSSIBLE PRESENT OUTLAY, and at the same time to enjoy, ultimately, all the advantages they could have derived by paying the full amount of Premiums in advance, in the usual way.

3dly. By allowing parties to effect ASSURANCES, either for short terms or the whole term

(of life without becoming Members), at the LOWEST POSSIBLE RATE OF PREMIUM, CONSISTENT WITH SECURITY TO THE ASSURED; the option being given to them afterwards to become Members if they should think proper.

By this extension of its principle, it is assumed that Life Assurance will henceforth be much more frequently resorted to by all provident members of the community, and that the superiority of the plan of this Society will be at once admitted and appreciated.

The participating Rates of Premium of the "GREAT BRITAIN" will be found not essentially to differ from the average Rates of such Societies. They have been computed with great care and labour expressly for the use of this Establishment, and are sufficiently high to afford perfect SECURITY, even under the most adverse circumstances, to the Policy-holders: whilst under ordinary circumstances, it is calculated that the PROFIT OF SURPLUS (after setting apart the amount required to provide for all out-standing liabilities) will be sufficient to enable the Managers to recommend a reduction, of at least 40 per cent. on the future Premiums payable on each Policy, after it shall have been in force during five years. In comparing these rates with those of other Institutions, it must be constantly borne in mind, that IN EVERY LIFE ASSURANCE OFFICE THE ULTIMATE SECURITY OF THE ASSURED MUST ENTIRELY DEPEND ON THE SUFFICIENCY OF THE RATES OF PREMIUM:—that, in order to be SAFE, the rates must always exceed the amount necessary to provide for the sums assured;—and that this EXCESS, which in Establishments differently constituted, is either wholly or partially lost to the Policy-holders, is, in a Society constituted like the "GREAT BRITAIN," set apart and eventually returned to them. The PROFITS of such a Society are in fact, SAVINGS out of the contributions of the Members, and as such are accumulated in the best possible way, for their advantage.

Plan of the Great Britain Mutual Life Assurance Society.

I. In this Society every holder of a Policy effected according to the participating Rates of Premium is a Member, and as such becomes entitled, after having paid Five Annual Premiums to his just proportion of the ENTIRE PROFITS from time to time accumulated.

II. The first division of Profits will be made in the year 1849. The divisions will afterwards take place ANNUALLY.

III. The Profits will, in all cases, be applied IN REDUCTION OF THE FUTURE PREMIUMS.

IV. Every person assured to the extent of £1,000 will be entitled, after payment of Five Annual Premiums, to attend and vote at all General Meetings of Policy-holders, which (after the expiration of the year 1848) will be held annually, for the purpose of receiving the report of the state of the Society's affairs, and sanctioning a division of the Profits.

V. [WHOLE CREDIT SYSTEM.]—Policies of ASSURANCE, on *their own Lives*, will be granted to such persons as may be enabled to give satisfactory security to the Directors for the payment of a sum, equal to the Amount of Five Annual Premiums at the expiration of five years; and of interest thereon, in the meantime, at the rate of 5 per cent. per annum.

VI. [HALF CREDIT SYSTEM.]—Policies will also be granted, on payment of *half* the Annual Premiums only during the term of five years; by which means Assurances may be effected, and loans for short periods secured with the least possible present outlay; and after payment of the arrears, the Policy-holder will become entitled to participate in the entire profit of this Institution, precisely in the same manner as if he had paid the whole amount of his Premiums in advance in the usual way. Or in cases where it may not suit the convenience of Policy-holders to pay up all the Arrears of Premium at the expiration of five years, this Society will be willing to make an equitable arrangement for a gradual liquidation of the same, and maintaining the Interest of the Policy-holder in the Assurance, thus enabling parties to assure for a large amount at an early age. The "GREAT BRITAIN" is the only Mutual Assurance Society in which these very great accommodations are given to the Assured.

VII. Policies may be effected, without participation in the Profits, at much lower rates of Premium than are required by any other Mutual or by any Mixed Assurance Office; whilst persons assured for the whole term of Life, according to this scale enjoy the privilege (*peculiar to this Institution*) of being enabled, at any time before the expiration of five years, to pay up the difference (with interest) between the rates paid by them and the rates payable according to Table I.;—thus becoming Members of the Society, and entitled to full participation in the Profits.

VIII. No claim on this Society can be litigated or disputed, except with the consent of the Members present at a General Meeting of Policy-holders, to be specially convened on the occasion.

IX. A printed form of transfer will be issued with each Policy: and every transfer will be registered, (if required) in a book kept for that purpose at the Office.

X. All claims on Policies will become payable at the expiration of three calendar months after satisfactory proof of death.

XI. The AGE of the Assured, and the INTEREST of the Holder, will be admitted in the Policy, provided satisfactory evidence of the same be furnished at the time the Assurance is effected.

XII. Policies effected by persons on their own lives, and afterwards assigned to Creditors will not (so far as the *bond fide* interest of such Creditors is concerned) become void in cases of death by suicide, duelling, or the hands of justice.

A Liberal Commission allowed to Solicitors and Agents.

The obvious benefit to be derived from a well regulated system of Life Assurance, has recently led to the formation of several new Institutions; and, by many, it is supposed, that the number already existing is more than sufficient for the wants and demands of the Public. When, however, it is borne in mind, that, out of the immense population of the United Kingdom, the number of Lives Assured has been estimated to be not much greater than 100,000, it may fairly be assumed that Life Assurance is, even in England, where alone it has made any progress, still in its infancy; and that the existing Companies, have by no means yet succeeded in impressing upon the Public mind a conviction of the propriety and expediency of more frequently resorting to it. Still less have the existing Companies, generally, afforded the ready means of enabling those *who are resident out of Europe—who are engaged in hazardous pursuits—or who are afflicted with bodily or mental infirmities—to avail themselves of the various benefits of Life Assurances on equitable terms: the usual rule in such cases, being, either to reject the Assurances altogether, or to accept them only at rates greatly disproportioned to the risks—to require, in the case of persons residing thousands of miles beyond the limits of Europe, the Premium to be paid, and the claim to be substantiated, in England; and, in the case of diseased lives, to fetter the Policy with such conditions and declarations, relative to the state of health, as, in a great measure, to defeat the use and object of the Assurance.*

It is with reference to such cases, more particularly, that the system of Life Assurance, as generally acted on in England, may be considered to be defective:—and it is to meet the desires and the necessities of the community, in respect of such cases, that the INDIA AND LONDON LIFE ASSURANCE COMPANY has been established. The attention of the public is consequently invited to a careful perusal of its plan;—in full confidence that, when maturely considered and thoroughly understood, this Company will meet with that preference and support, which it has been the object of its founders to merit and obtain.

The Company has been established for the purpose of granting Assurances on—

1. The Lives of healthy persons residing in Europe.
2. The Lives of Naval and Military Officers including the FOREIGN AND COLONIAL SERVICES: also on the Lives of Civilians and others residing in, or proceeding to India, or other parts of the world.
3. The Lives of respectable NATIVES residing in any part of India, a class of the community to whom the benefits of Life Assurance have not hitherto been extended.
4. The granting of Immediate, Deferred, and Reversionary Annuities.
5. Endowments for Widows and Children.

The Company is registered and incorporated under the Act of Parliament [VII. and VIII. Victoria, Cap. CX.] passed for the purpose of remedying the defects of the system, under which Joint Stock Companies have hitherto been constituted.

The Directors having been furnished with the most authentic and complete data for such purpose, have caused accurate and extensive Tables of Rates to be computed for the various classes of Assurance, which it is the object and business of the Company to effect.

The rates for Civilians, and for Military and Naval Officers in India, will be found to be lower than those of any Company established for Life Assurance, either in Great Britain or in India, and very much lower than the rates usually charged by the London Offices, whilst the rates for Assurance of Native Lives, being on such an equitable scale, it is hoped will induce them to resort extensively to this mode of making provision for their families or friends. The Premiums may be paid either in London, or at any of the Company's establishments in the three Presidencies of India, in Ceylon, China and Hong Kong, at the option in every case, of the holder of the Policy. Similar accommodation will be afforded in cases of Assurances on the Lives of persons proceeding to, or residing in other parts of the world.

In cases of Assurances effected by parties on their own Lives, the Policy, when assigned to a *bonâ fide* creditor, will not become void in the event of suicide, death by duelling, or the hands of justice.

Claims may be substantiated in India, in respect of Assurances effected either in that Country or in England. They may also be substantiated at any of the Agencies established in other parts of the world.

Assurances effected daily by appearance before one of the Company's Medical Officers. No personal attendance before the Board required.

Age of the Assured admitted in the Policy upon proof being given.

Premiums received Annually, Half-yearly, or Quarterly, but in case of lapse, the full Premium of the current year will be charged.

Forfeited Policies revived, when the health is unimpaired, without payment of any fine.

Transfer of Policies registered at the Company's Office, if desired.

Claims payable in Three months after satisfactory proof of death.

The Agent at the different Presidencies in India are fully empowered to accept proposals for Assurances and grant Policies thereon.

SECRETARIES AND TREASURERS—Messrs. Arbuthnot and Co.

Art. 1.—The object of this Association is to provide a Fund for the Assurance of Lives to which an individual may subscribe to a certain extent, either on his or her own Life, or on the Life of any other person. In the former case, the General Estate of the deceased shall benefit in the event of a lapse—in the latter, the person who may have subscribed on the Life of the deceased shall benefit to the extent of the amount subscribed for, unless in either case such amount be especially declared at the time of subscription to be for the benefit of any other person or persons, or be subsequently made over according to the form hereafter prescribed for the benefit of any other person or persons, in which case such person or persons shall be entitled to benefit in the event of a lapse and no other.

Art. 2.—In the case of a person subscribing on the Life of another, the Party subscribing, and not the Party on whose Life the Subscription is made, shall be considered a Member of the Society and have a voice in the management of its concerns. Co-partners or other bodies of Individuals may hold Assurance jointly on any given Life, but in such case the Parties uniting in the subscriptions shall not be entitled each to a separate voice in the concerns of the Society, but must vote collectively, or by deputation of one of their number on all matters thereto relating.

Art. 3.—No smaller sum than Five Hundred, nor larger than Thirty Thousand Company's Rupees can be subscribed for on one Life.

Art. 4.—The following are the rates of subscription to be paid for Assurance in the Society according to the age of the Parties upon whose Lives the Assurance is effected—but the Premia for Military Lives upon all Policies obtained in this Society by transfer from the late Fifth Madras Laudable Society, shall be charged at the rate for Civil Lives. It shall however be optional with the Directors to charge the Civil rate of Premium on the Lives of Military Men while engaged in Duties purely Civil.

‡ Magistrate's Signature.

The above Affidavit must be sworn to before a Magistrate who shall attest the same by his countersignature, or if the Party be residing at a station where there is no Magistrate it may then be attested by the principal Civil or Military Officer of the Station.

In case of an application for shares on the life of a Minor under fourteen years of age, an Affidavit to the same effect as above must be produced from the Parent, Guardian, or next of kin of the Party, or of the person under whose protection he or she may be residing.

R

Art. 12.—All applications for admission accompanied by the above prescribed forms of Certificate and Affidavit which may be transmitted to the Secretaries, shall be submitted by them to the Directors for their decision, and the Directors shall in all instances be at full liberty to reject any such applications without assigning any reason unto the Applicant for so doing.

Art. 13.—In all cases, it shall rest with the Directors to judge whether with reference to the circumstances of situation and distance, the interval which may have elapsed between the date of Certificate and Affidavit of health, and the time of their presentment, be reasonable or otherwise, and to admit or reject such Certificate and Affidavit accordingly. In no case, however, is the party subscribing to have any claim on the Funds of the Society in the event of the life lapsing between the date of the Certificate, and the date on which the Applicant may be admitted a Member, unless where the Directors may at the instance of such Applicant, have originally permitted the Subscription to take effect from the date of the Certificate and Affidavit of Health, which it shall at all times be in their discretion to do, on the arrears of Subscription being paid up. In the event however of a person dying between the dates of the Certificate and Affidavit of Health, and his admission, and the Assurance of his Life was not effected from the date of the Certificate and Affidavit, the amount of Premium paid for such Assurance shall be refunded.

Art. 14.—No Subscription on any Life shall be considered as entitling the Party or Parties concerned to benefit by the Society until the Life subscribed on shall have been approved of by the Directors, the amount of the First Subscription, and Premium of admission paid, and a Certificate of admission granted under the signature of the Secretaries and any three of the Directors agreeable to the form annexed to these regulations—and if any Applicant shall omit to pay the amount of Subscription and Premium of admission within two months after the life subscribed or shall have been approved of by the Directors, such Applicant shall forfeit his claim to be admitted except on a fresh application, accompanied by a new Certificate and Affidavit of Health.

Art. 15.—All Subscriptions except the first (which is to be paid on admission) shall be paid within one Month of the time at which they become due. If not paid within that time, the Policy shall be void, but upon proof being given to the satisfaction of the Directors that the Party whose Life has been assured continues in good health, the Policy may be revived by payment of the Premium due together with a Penalty of two per cent. on the amount thereof, at any period within three Months of the date at which the Policy may have so become void. If a party assured shall die within the one Month mentioned in this Article and the Premium is tendered after death, but within such month, the Premium shall be accepted, and the Policy held to be in force, unless an intention to drop the Policy shall have been intimated to the Secretaries by the Holder, previously to the Premium being so tendered.

Art. 16.—No subsequent increase of Assurance on any Life shall be allowed except on a fresh application to be again approved of by the Directors, and accompanied by a Certificate, and Affidavit as above. The Subscription on the additional Assurance to be according to the age of the party at the time of making the new application.

Art. 17.—A Member desiring to transfer his interest in any Assurance which he may hold in the Society, shall be at liberty to do so by an endorsement to be written on the original Certificate, which endorsement however shall not be valid until the Certificate, bearing the same shall have been produced to the Secretaries, and the transfer duly registered by them in a General Book of Registry to be kept in the Office of the Society.

Art. 18.—As often as a sum exceeding Rupees One Thousand shall be collected, it shall be laid out in the purchase of Government Paper. All public Securities purchased for the Society shall be especially endorsed to three or more of the Directors, and the interest only shall be made payable to the Secretaries and Treasurers.

Art. 19.—A Statement of the Society's Accounts shall be prepared on the 30th June and 31st December in each year for the purpose of ascertaining the then state of the Funds, when after a reservation for the Premium Fund to the extent of 1 per cent. on the amount of out-standing risks, any surplus which may remain shall be held to be the individual property of the Policy-holders in the ratio of the amount of Premium respectively paid, and the said surplus shall either be paid to them or applied in reduction of Premium, subject to retention to individual credit to the extent of 10 per cent. on each individual's risk, which shall be carried to a Fund denominated the *Guarantee Fund*, and should the surplus of any individual at the close of the term not amount to 10 per cent. on his individual risk his future surplus shall be added thereto until it does so.

Art. 20.—The person or persons entitled to benefit by the lapse of a Life in the Society shall, on making application to the Secretaries in writing accompanied by such proof of the casualty as shall be satisfactory to the Directors, immediately receive the amount assured together with the amount at credit of the lapsed Life in the Guarantee Fund, the whole however subject to arrears of Subscription or to any other sum due to the Society, and in the event of any Premia having been paid on such lapsed Life beyond the Premia due thereon no such Premia shall be returned except such as may have been paid for the current half-year and not included in the Division of the Funds of the Society.

Art. 21.—All lapses shall be paid out of the Premium Fund until exhausted, in which event but not otherwise, the Guarantee Fund shall be available to make good all payments for which the Society is responsible, and in the event of the Guarantee Fund being thus trencched upon, the amount withdrawn shall be made good at the commencement of the suc-

ceeding half-year out of the current Premia, so that every surviving Subscriber at the time of the re-payment to the Guarantee Fund shall have his full amount made up to him as it stood at the time the Fund was drawn upon; and in case of lapse after the Guarantee Fund shall have been so trencched upon and before the payment of the next half-year's Premia the full amount to the credit of the lapsed shall be paid, notwithstanding the temporary reduction in the total amount of the Guarantee Fund.

Art 22.—In the event of a party being desirous to withdraw from the Society, the amount to his credit in the Guarantee Fund shall be paid to him, subject to a fine of 25 per cent. to be carried to the Premium Fund, and a proportionate payment shall be made in the event of a party reducing the amount of his Assurance, provided that in such case no payment shall be made unless the amount at his credit shall equal 10 per cent. on his reduced risk.

Art. 23.—Any mis-statement in the Affidavit of Health makes the Policy void, as does suicide in cases when a person effects an Assurance on his own life, but not so in case of creditors effecting an Assurance on the lives of their Debtors.

ABSTRACT OF INDIAN PROSPECTUS.

SECURITY.

A Capital of Half a Million Sterling, fully subscribed by an influential body of Proprietors in 10,000 Shares of £50 each. The Board of Directors have invested a sum in Company's Paper amply sufficient for the current exigencies of this Branch.

DATA.

Mr. Neison, the Resident Actuary of this Company, in order to prepare a Report on the Bengal Military Fund was, by a resolution of the Hon'ble Court, of date September, 1847, permitted to examine the Records of the India House for the period, from 1760 to 1847. Two years elapsed before his investigation was completed, and the result fully established the following facts:—(1) That the said Records afford the only satisfactory data whence to calculate the Premiums for Assurance of the Lives of Europeans in India.—(2) That the climate of this country is by no means so fatal in its effects to Europeans as has been hitherto supposed.—(3) That the rates of Premium, which have been for many years, and are now charged by some Life Offices in this country, are exorbitant.

The Directors solicit the attention of the Public to the fact, that this is the only Company whose rates are deduced from the Records of the India House.

PREMIUMS.

These are lower than the rates of any other Company, as will at once appear from a reference to the subjoined Tabular View of the Annual Premiums for Assurance of Co.'s Rs. 1,000 at death, with profits, in each of the Life Offices in India.

PROFITS

Are ascertained at regular intervals of five years, and an entire two-thirds divided amongst Policy-holders on the participating scale. The last division was announced on 30th November, 1848, when a bonus was declared, by which about 2 per Cent. per annum was added to the sums assured under participating Policies. Notwithstanding the very moderate Premiums of this Company, ample additions have been made to the mathematical rates for India to cover contingencies and charges of management, and it is confidently believed, that even larger profits than as above will be returned to the Assured at this Branch.

GENERAL ADVANTAGES.

- (1.) Policies indisputable, except on ground of fraud.
- (2.) Policies, on which five annual Premiums have been paid, purchased at a fair value.
- (3.) Claims paid three months after satisfactory proof of death, or discounted immediately after such proof if preferred.
- (4.) Fifteen days of grace allowed for payment of Premiums.
- (5.) The whole of the Funds of the Indian Branch, invested in Government and other Indian securities.
- (6.) Two-thirds of the estimated value will be advanced on the security of Policies effected with this Society, on which, at least, five annual Premiums have been paid.
- (7.) Policies assigned, registered at the Offices of the Society in India without charge.
- (8.) Assurances may be revived within three months of the date on which the Premium became due, on satisfactory proof of health and payment of fine.
- (9.) Immediate reduction to English rates on the Assured proceeding to Europe, or other parts of the world, which the Board may consider equally healthy, if for permanent residence, but if such residence be temporary only, the said reduction not to take effect until after one year's residence.
- (10.) Civil rates charged on the Lives of Military Officers holding Civil appointments, for the term of such appointments.
- (11.) Persons assured with this Society may proceed to, and reside in any part of the world, except the Western Coast of Africa, without any increase of Premium.

PECULIAR ADVANTAGES TO RESIDENTS IN INDIA.

- (1.) Lower rates than those of any other Office.
- (2.) No charge for Entry Money, Policy or Medical Fees.
- (3.) Where the proposal is for not less than Co.'s Rs. 3,500, or for a shorter period than five years this Company pays the Medical Examiner a gold mohur for his Report.
- (4.) Premiums may be paid yearly, half-yearly, quarterly or monthly.
- (5.) Rates of Premium for all kinds of Assurance, Endowment, and Annuity may be ascertained from the Secretary.

Full particulars as to the Constitution, Conditions and Rates of the Company, together with Forms and Instructions to parties wishing to effect Assurances, will be forwarded free to any part of India—or obtained on personal application at the following Offices:—Agra, "Messenger" Office; Delhi "Gazette" Office; Lahore, "Chronicle" Office; Meerut, "Mofussilite" Office; Serampore, "Friend of India" Office, and at the Society's Sub-Branches in Bombay and Madras.

Receipts for Premiums payable to this Branch are not considered binding on the Company, unless issued from the Office in Calcutta and signed by two Directors and the Secretary.

INTRODUCTORY OBSERVATIONS.

MR. NEISON, the Actuary of the Medical, Invalid, and General Life Assurance Society, having been called on some time ago to report on the affairs of the Bengal Military Fund, found there existed no authentic data of sufficient magnitude from which to calculate the duration of European Life in India. As it was imperatively necessary for the interests of the Fund to determine accurately the rate of mortality among the Officers of the Indian Army, he was, by a resolution of the Court of Directors, of September 1847, allowed to have access, for this purpose, to such documents in the Archives of the India House as might afford the information required. The results of this investigation have already been brought under the attention of the Army, in Mr. Neison's elaborate Report of the 25th of August 1849. The facts and arguments contained in it sufficiently prove that there exists no other satisfactory record from which to deduce the value of European Military Life in India, and the more important conclusions arrived at are, that the rate of mortality among Europeans in India has been gradually diminishing since the beginning of the present century, and that at the present time the duration of life is much greater than represented by other tables of mortality.

These important conclusions having been established beyond all doubt, by the only evidence really admissible in such matters, namely, the testimony of the simple facts themselves, abstracted from the records of the India House, it immediately becomes evident that the rates of Premium charged by some offices on Lives resident in India, are exorbitant.

Europeans in India having thus been deprived of the advantage of Life Assurance on the same liberal and improved system so long introduced and practised in England, the Directors of the Medical, Invalid, and General Life Assurance Society have, at the earnest and repeated solicitations of gentlemen influentially connected with India, as well as on the invitation of the members of several eminent firms in the different Presidencies, resolved to open a Branch at Calcutta, to be conducted on the same principles and plans which have been attended with such decided success and advantage in England.

There can be no doubt that the obscurity which until recently hung over the law of mortality, as applicable to European Lives in India, has been one of the principal difficulties in the way of the free development of the features of Life Assurance. Without carefully collected data from the best and most authentic sources, it will be always difficult, if not impossible, to induce public companies to undertake new risks on the same liberal and equitable terms on which older and better defined risks are assured.

The history of Life Assurance enterprise, not only in Europe but in India, proves that the public has uniformly suffered during the experimental stages of these undertakings, from the exaction of exorbitant terms on the part of the companies, but it is believed that the data now available for the purposes of Life Assurance in India are as complete as can be wished for, and will enable the Medical, Invalid, and General Life Assurance Society to conduct its business there with the same liberality, freedom, and safety which characterise the management of the best regulated offices in England.

The preceding remarks have been made in respect to the rate of mortality found to prevail among the European Officers of the Indian Army, but they are also equally applicable to the rate of mortality among the members of the Civil Service, which has been investigated with the same care and deliberation, and the mortality of both classes may therefore now be considered to be better defined than that of the Lives usually assured by the Life Offices in England.

Every precaution having been thus taken to determine accurately the risks to which any Life Assurance enterprise in India would be subject, the Directors of the Medical, Invalid, and General Life Assurance Society believe, that from the confidence which is thence inspired by full, complete, and exact information, they are enabled to extend advantages to Assurers greater than any company would have been hitherto justified in offering, and they therefore submit the present Prospectus in explanation of their views, and in support of the grounds on which a preference is claimed by them for this Company.

While attention is thus strongly directed to the great fact that this Society is enabled to assure Lives in India on cheaper terms than offices have hitherto adopted, the Directors are also anxious to let it be understood that they have not been led into this course by any spirit of competition, or desire on their part to outbid others in the terms of business; but that they have adopted the present low scale of Premiums on the ground that the European population in India should be assured on the same equitable terms as lives resident in Europe.

The Directors, notwithstanding the reduction in the scale of Premiums, have still retained an ample margin to cover all expenses of management, and leave a sufficient surplus to warrant them in anticipating as large a bonus at least on Policies in India as has been added to the Policies hitherto effected in Europe. No other consideration is equal to that of security, and while a sufficient margin is thus retained to protect the Society against every possible

risk, there can be little doubt that on even a moderate extent of business, a very large profit may be reasonably expected by the Policy holders, but it is hoped that the low scale of Premiums now adopted, and the other liberal terms and conditions of this Society will ensure for it an amount of success unequalled by the past experience of any other Company in India.

The Board of Directors, acting under the immediate advice of some of the most influential and experienced gentlemen connected with Indian affairs, have resolved to conduct their business on the model of the London offices, rather than to open an agency as an adjunct to a mercantile house; and for the more effectual development of this plan, they have secured the services of Mr. Tait, a gentleman of much experience in Life Offices, as Secretary to the Board of Management in Calcutta. It is therefore hoped that as the business will be conducted on the most approved principles: that the facilities thus afforded will ensure the support of every one interested in the extension of a liberal and enlightened system of Life Assurance.

Some of the leading members of the Court of Directors of the East India Company have, at different times, urged on the Society the propriety and advantage of extending the principles of Life Assurance to the wealthier class of Natives in India, and recently, spontaneous applications have been made to the same effect by several large and influential mercantile houses in Calcutta. The Directors have therefore now under their consideration this important question, with the view of elaborating the valuable and highly interesting materials which have from time to time been submitted to the Statistical Society by Colonel Sykes, as well as other statistical evidence, in order to arrive at a correct estimate of the value of life among the Native inhabitants; and it is hoped that in a short time the Directors will be enabled to submit their plans for embracing this branch of business, in such a shape as will extend the same privileges and advantages so long enjoyed by the native populations of Europe to those of India.

PROSPECTUS.

In addition to many solid advantages conferred by the Medical, Invalid, and General Life Assurance Society, the Board of Management in Calcutta found their claims for support on the following features, forming **THE GREAT DESIDERATA IN EVERY LIFE ASSURANCE CONTRACT**, and which are afforded in an eminent degree by this Company.

First.—Absolute security to Policy holders, without any liability.

Second.—Rates of Premium calculated from the best and only authentic existing data, as low as is consistent with security, and lower than the rates charged for similar risks by other Companies.

Third.—An equitable division and distribution of the Profits periodically among the Assured.

THE MEDICAL, INVALID

AND

GENERAL LIFE ASSURANCE SOCIETY,

was established in London in 1841, with the co-operation of the late William Jardine, of the firm of Magniac, Jardine and Co. Branches were soon formed throughout the United Kingdom, and in some of the principal towns on the continent of Europe. From the Society comprehending within the scope of its business the practical application of every department of Life Contingencies, including, for the first time, the granting of Assurances on Diseased as well as on Healthy Lives, its operations have been attended with complete success, a greater number of Policies having been issued than by any other Society established within the same period. This success is, no doubt, owing to the system adopted in the original constitution of the Society, of obtaining, in the first instance, ample and satisfactory data for the guidance of its operations, by which its business could be freely, liberally, and beneficially extended; and it is believed that by pursuing the same course in India, that the results will be equally satisfactory.

Assurers, besides the security arising from a large accumulated business thus acquired in Europe, will also have the further security of a

CAPITAL

of Half a Million Sterling, fully subscribed by an influential body of Proprietors in 10,000 shares of £50 each.

The Directors are all Shareholders of the Society, and they have associated with them the management gentlemen eminently distinguished in the Science of Vital Statistics, and in the principles and practice of Life Assurance, thereby affording every guarantee that the intelligence and vigilant care which have been hitherto so beneficially employed in Europe, will be also brought to bear on the progress and success of the Branch in India.

THE RATES OF PREMIUM

are derived from tables of mortality constructed from a vast number of facts abstracted, with great labour and care, from the records of the India House. The Board of Management wish to avoid making any comparison between the data assumed by this Society and those on which the rates of offices doing business in India are founded. It is well known, however, that hitherto, the latter rates have been originally derived from Army Lists and other similar documents, which, however valuable for the purposes contemplated in their publication, are scarcely, and indeed have not been found, of sufficient accuracy to warrant so great and general a conclusion being drawn from them as the law of mortality prevailing amongst the European population of India.

The Patronage Books in the India House furnish the date of the appointment of each Cadet, and his age at that date, testified by certificates of birth; these and other books follow up every Cadet through his different grades or ranks, until death or other contingency disconnect him with the service. Each of these events, whether that of death, retirement, resignation, &c., &c., was, in the schedules prepared for the purpose, duly noted, with its date, so as to be strictly applicable to the purposes contemplated.

THE PROFITS

are ascertained at regular intervals of five years, and an entire two-thirds divided amongst Policy holders on the participating scale. The last division was announced on the 30th November 1848, profits being calculated up to the 30th of June of the same year, when a bonus was declared by which nearly two per centum per annum was added to those Policies participating in the profits of the Society. The next division will take place in 1853.

THE ASSURANCE OF DISEASED LIVES

is part of the legitimate business of this Society; the statistical information in the possession of the office being now of so great an extent as fully to warrant the extension of Life Assurance to such cases. At the suggestion, however, of the Directors in London, the Board of Management in Calcutta do not at present contemplate, with certain exceptions, issuing Policies on the Lives of persons affected with disease. They are authorised, however, to receive proposals for such Assurances, which will be transmitted to London for consideration by the Directors, and the result communicated to parties in India with all possible expedition.

THE GENERAL ADVANTAGES

afforded by this Society are as follows:

1. The Policies are indisputable except on ground of fraud.
2. Policies of twelve months' standing are not affected by suicide, duelling, &c.; and Assigned Policies are valid from the date thereof, should death ensue from any of these causes.

This is an advantage not offered by any other Assurance Company. In some other offices the value of the Policy, or the Premiums paid on it, are returned, in the event of death by suicide, duelling, &c., but in this Society, the whole amount Assured will be paid.

3. The age of the Assured will at any time be admitted on the Policy, when satisfactorily proved.
4. Policies, on which five annual Premiums have been paid, purchased at a fair value.
5. Claims paid three months after satisfactory proof of death, or paid immediately, if preferred, at a reasonable per centage for discount.

The Directors in London and the Board of Management in Calcutta, in addition to these advantages, have, by the adoption of liberal terms, resolved to give every facility to parties resident in India to assure with this Society. The following is a summary of what are more peculiarly the

ADVANTAGES OFFERED TO EUROPEAN RESIDENTS IN INDIA :

1. Policies issued for any amount, from 500 to 50,000 Company's Rupees, on a single Life.
2. Premiums may be paid in one sum, or by yearly, half-yearly, quarterly, or monthly payments.
3. Fifteen days of grace allowed for payment of Premiums, on Policies the Premiums on which are payable, yearly, half-yearly, or quarterly.
4. The whole of the Funds of the Indian Branch invested in Government and other Indian securities.
5. Two-thirds of the estimated value will be advanced on the security of Policies effected with this Society, on which, at least, five annual Premiums have been paid.
6. Policies assigned, registered at the offices of the Society in India without charge.
7. Low rates for European female Lives.
8. Assurances may be revived within three months of the date on which the Premium became due, on satisfactory proof of health, and the payment of such fine as may be in use for the time being.
9. Immediate reduction to English Rates on the Assured proceeding to Europe, or other parts of the world which the Board may consider equally healthy, if for permanent residence ; but if such residence be temporary only, the said reduction not to take effect until after one year's residence.
10. Civil Rates charged on the Lives of Military Officers holding Civil appointments, for the term of such appointments.
11. Persons assured with this Society may proceed to, and reside in, any part of the world, except the Western Coast of Africa, without any increase of Premium.

The Directors of this Society have caused investigation to be made with great care into the existing Institutions for Life Assurance, &c. &c., and they trust they have been fortunate in selecting from each what, as a whole, will place their Establishment on the most judicious and satisfactory footing, both to the Proprietors and the Assured. They request particular attention to the rates, which, being founded on the most accurate observations of the duration of human life, are as moderate as is consistent with perfect security.

The plan of this Society is to transact all its business on such terms as to leave, in all human probability, a small, but certain excess of profit on the general result of its transactions. A small portion of that profit is set apart as a compensation to the Proprietors who have advanced the Capital necessary for defraying the unavoidable expense of the Institution, and who have pledged the subscribed amount of their Capital, in order to afford that responsibility which relieves the Assured from any contingency of loss to which they might be liable without the intervention of such a guarantee.

Advantages offered by this Society.

1. The Profits are declared in each year on the second Wednesday in May from and after which date all persons Assured for the whole term of life on the Participating scale, and on whose Policies six complete annual, or twelve complete half-yearly original Premiums have been paid, are entitled to participate in the profits of succeeding years in either of the modes provided by the Deed of Settlement, viz. either by a reduction of the annual or half-yearly Premiums for the current year as they fall due, or an equivalent addition to the sum Assured by way of bonus. Each Assurer on his first becoming entitled to participate in the profits has the option of selecting either of the foregoing methods, and three months, from the date of declaration of the profits, are allowed for his making that selection, which however when once determined on cannot be altered in after years.

2. The practice of an annual division as observed by Mr. BARRAGE, "distributes the profits with more regularity and justice than any other," and it is especially advantageous to persons of advanced years who cannot hope to participate in many septennial or decennial divisions, as practised by several other offices.

3. One-fifth of the ascertained profits of the five past years is divided between the Policy holders and Share holders—three-fourths to the former, and one-fourth to the latter—the remaining four-fifths are set apart to enter into the average to be struck on the next succeeding year.

4. The following Table will show the operation of the reduction allowed by the division of profits for 1852 which is equivalent to 45 per cent. on the current annual Premium of all Policies entitled to participation.

Age next Birth-day when Policy was issued.	Date of Policy previous to the 2d Wednesday.	Sum Assured.	Original Premium.	Reduction.	Annual Premium payable where Policies shall have been in force 6 complete years from 2d Wednesday of May 1847.
20 Years	May 1847	Co.'s Rs 10,000	Rs. 420	Rs. 189 0 0	Rs. 231 0 0
30	"	"	480	216 0 0	264 0 0
40	"	"	590	265 8 0	324 8 0
50	"	"	740	333 0 0	407 0 0
60	"	"	1,030	463 8 0	566 8 0

5. From the foregoing explanations it will be seen that the benefits arising from a participation in the profits are actually experienced (when a reduction of the Premium is selected) at the periods when the seventh annual, or thirteenth and fourteenth half-yearly Premiums fall due. In the case however of a Bonus to the sum Assured being selected, an equivalent sum will be added to the Policy for the current year, being such an amount as the reduction in the Premium would purchase as a single payment.

6. Separate tables for Assurance without participation in profits both Civil and Military have been adopted for the whole of life at reduced rates for such persons as may prefer a lower rate of Premium to participation in the general profits.

7. The Society makes a natural distinction between persons exposed to the hazards of Military and Maritime occupations, and those whose occupations are of a Civil nature; but Members of the Military Service holding offices purely Civil, and subject to no extra risk, will be charged the Civil rate of Premium only while engaged in duties purely Civil. It will be in the discretion of the Directors in each particular instance to say whether the higher or

the lower rate of Premium shall be chargeable, and that discretion will be regulated by the particular circumstances of the case.

8. When application is made for Assuring a life subject to more than ordinary hazard, an augmented Premium will be charged proportionate to the increased risk, the rate of which will be regulated by the strictest attention to justice between the Society and the Assured, according to circumstances.

9. Premiums are *ordinarily payable half-yearly in advance*; but Policy holders are at liberty to make arrangements with the Society to pay their Premiums *in one amount*, in annual or quarterly payments, or for a given number of years, viz. 5, 10, 15, or 20. Some persons may wish to avail themselves of a present season of prosperity and adopt the latter course, in which case (although their contributions will cease with the expiration of the term they may fix upon) their share of the profits will continue to be added to their Policies annually during the remainder of life.

10. The Parent Institution being in London, with a similar Establishment in Calcutta for granting Policies; Premiums, as well as claims, are payable in either country, at the option of the Policy holder. The appointment of Sub-Committees at Madras and Bombay with power to grant Policies, affords similar facilities to persons residing at either of the sister Presidencies.

11. All Policies becoming claims on the Society will be discharged within three months after satisfactory proof of the death, and cause of death of the Assured, shall have been furnished to the Directors either in London or Calcutta.

12. The Directors of the Indian Branch of the Society are empowered to treat for the purchase of Policies for the whole term of life on which Premium shall have been paid for a period of not less than five years, or to advance, if required, on such Policies, by way of loan, two-thirds of the estimated value.

13. The accounts of this Society, after being investigated by Auditors, chosen as well by the Assured as by the Proprietors, are laid before General Meetings convened twice a year for that purpose:—In like manner the accounts of the Parent Society are regularly transmitted to India for inspection, the Indian Branch enjoying reciprocal advantages with the Parent Society.

14. Where the application for Assurance makes no mention of the date from which the Assurance is desired to take effect, the Policy will be issued as on the date of approval of the risk by the Directors, but no Assurance to be binding on the Society until the first Premium shall have been actually paid to the Agents.

INSTRUCTIONS TO PERSONS DESIROUS OF EFFECTING AN ASSURANCE ON THEIR LIVES IN THE
UNIVERSAL ASSURANCE SOCIETY.

1.—The person on whose Life the Assurance is to be effected must wait on his usual Medical Attendant with the accompanying letters, and transmit the same to the Directors of the Society agreeably to the instructions given.

2.—In case of the absence of the usual Medical Attendant, and the certifying Surgeon cannot of his own knowledge answer the queries put to him as to the general habits of the person applying for Assurance, such other Certificate or Certificates may be furnished as may be presumed calculated to satisfy the Directors.

3.—The Report of the Surgeon will be considered as strictly confidential. The Official Medical Adviser of the Society will alone be consulted when the advisableness of any risk admits of a doubt.

4.—An Affidavit, of which the form is annexed, must be taken before a MAGISTRATE or where there is no Magistrate, before the PROVINCIAL CIVIL OR MILITARY OFFICER OF THE STATION, or a solemn declaration according to the same form must be made before either of the DIRECTORS or the AGENTS of the SOCIETY IN CALCUTTA, MADRAS or BOMBAY, as soon as possible after the party has appeared before the Surgeon for examination. When the Assurance is required on the life of another, a declaration of Interest, agreeably to the accompanying form, must also be made by the party applying.

5.—Applicants being conscious of any of the diseases enumerated in the Declaration and Affidavit, may note the same, that the Directors may consider whether an additional Premium will cover the additional risk.

6.—Should the Directors agree to take a risk more or less objectionable, a rate of Premium higher than ordinary will be stipulated for accordingly, to which the Applicant may of course assent or not, as he may judge expedient. But whether a risk be altogether declined, or a rate of Premium higher than the ordinary be proposed, the Officers of the Society are prohibited from offering any explanation on the subject.

7.—These instructions, with the declaration of the Medical Reporter, and the Affidavit or declaration hereunto annexed, must, when duly attested, be forwarded along with the report, without any unnecessary delay, to the Agents of the Society.

BAINBRIDGE AND CO., Agents.

N. B.—Persons residing in or near Madras are also required to appear before the Medical Officer of the Society, W. B. Thompson, Esq.

CONDITIONS.

1.—The payment of Premium must be made within twenty-eight days after the day they shall become due, or the Policy will be void; but, upon proof being given, to the satisfaction of the Managing Committee or Directors, that the party whose Life has been assured continues in good health, the Policy may be revived at any period within three months, on payment of a fine of one-half per cent. on the sum assured or at any period within six months, on the payment of such fine as the Directors may think reasonable.

2.—Assurance shall be void if the parties whose lives have been assured shall without having obtained the previous written consent of the Managing Committee or Directors for the time being, go to any of the excepted places enumerated below, or enter into or engage, in any Military, Maritime, or other hazardous service or employment whatever, other than their declared regular professional duties or services, but no additional Premium will be demanded from any assurer proceeding on public duty in obedience to the orders of his superiors to any of the excepted places.

3.—If the assured shall die by duelling, this Policy shall become void so far as respects such persons; but, in such cases, the Managing Committee or Directors are empowered to allow to the representatives of the person so dying, any part of the sum assured as they shall think fit; the Assurance, however, shall remain in force so far as any other person or persons shall have acquired a bona-fide interest therein, by assignment, or by legal or equitable lien; the extent of such interest to be proved to the satisfaction of the Directors.

4.—Assurances made by persons on their own lives who shall die by their own hands, or by the hands of Justice, shall become void so far as respects such persons;—the Assurance, however, shall remain in force so far as any other person or persons shall have acquired a bona-fide interest therein by assignment, or by legal or equitable lien, provided that the Policy shall have been in existence for the space of 12 months at the least prior to the death by any of the means herein enumerated, the extent of such interest to be proved to the satisfaction of the Directors; Assurances, however, made by parties on the lives of others are not to be affected by this Rule.

5.—Where the application for Assurance makes no mention of the date from which the Assurance is desired to take effect, the Policy will be issued as of the date of approval of the risk by the Directors. No Assurance to be binding on the Society until and unless the first Premium shall have been actually paid to the Agents.

6.—In case of a lapse of life within the first six months of any year of the time covered by the Policy, the Premium for the following six months if not already paid, will be deducted from the sum assured, it being agreed that Premium for the whole of every year shall in all cases be paid.

7.—Claimants must make proof of the decease of the person on whose life the Policy is effected, and give such other information respecting the same, (particularly as to the disease or other occasion of death,) as the Directors may reasonably require.

8.—No receipts are to be taken for any Premium of Assurance of Deposit, but such as are printed and issued from the Office, and signed by the Agents of the Society.

9.—The places excepted, and above referred to, are declared to be Arracan, the Soonderbuns of Bengal, Assam and all places subject to periodical visitation of the Plague. Upon the lives of persons insured, resorting to any of the above excepted places, additional Premium will be demandable at the discretion of the Managing Committee or Directors.

10.—Parties assured in Company's Rupees in India, who may determine on paying their future Premiums in England will be required to pay them at the fixed rate of Exchange of two Shillings per Company's Rupee; and in the event of any such Assurance becoming a claim payable in England the sum assured will be paid at the same fixed rate of Exchange of two Shillings per Company's Rupee.

All Private Bullion tendered to the Mint for Coinage shall be weighed in the presence of the Mint Master or his Deputy, and the owner or his agent as notified in the written tender, the Mint Master granting a receipt (Form C.) for the weight of the Bullion. It shall then be melted in the presence of the owner, or his agent, and again weighed in his presence and that of the Mint Master or an assistant in his confidence, the Masters for Assay being previously taken in the presence of the Mint Master, or his Deputy, under the direction of the Assay Master or his Deputy, who, upon giving an acknowledgment for the weight of the samples and duplicates, shall remove them for Assay, and after that has been completed, issue his Certificate (Form D.) of the quality and value upon the weight of the parcel given in the Mint Master's receipt, which shall be filed in the Assay Office when exchanged with the owner of the Bullion for the Certificate, due advice of which Certificate is to be furnished to the Accountant General, in whose Office it will be registered and passed for payment at the expiration of thirty days from the receipt of the Bullion into the Mint.

COINAGE.**FORT WILLIAM, FINANCIAL DEPARTMENT.**

11th November 1840.—PROCLAMATION.—The Governor General in Council is pleased to notify, that from and after the 11th day of November 1840, in respect to the Mint of Calcutta, and from and after the 1st day of April 1841, in respect to the Mints of Fort Saint

George and Bombay, those parts of Act No. XVII. of 1835, which were suspended by Act No. XXXI. of 1837, directing that certain Silver Coins issued from the Mints within the Territories of the East India Company shall bear on the Obverse the Head of the Reigning Sovereign of the United Kingdom of Great Britain and Ireland will be again in force; and that the device of the Silver Coins which shall be coined from and after the said dates respectively in the Mints of India, in conformity with Acts XVII. of 1835 and XXI. of 1838, will be as Act No. XVII. of 1835 requires, viz.

On the Obverse—the Head of Her Majesty Victoria, with the words

On the Reverse—the denomination of the Coin in English and Persian in the centre, encircled by a Wreath, and around the margin the words

The Coin will be milled on the edge, with a serrated or upright milling like the Rupee now current bearing the Head of His late Majesty William IV.

The Weight, Standard, Fineness and Value of the Company's Rupees, as defined in the Act, are here repeated.

WEIGHT.—180 grains Troy, or one Tola.

STANDARD QUALITY.—Eleven-twelfths Silver, one twelfth alloy.

VALUE.—The same as the Company's Rupee of 1835, the Madras, Bombay, Furruckabad and Sonat Rupee are equal to fifteen-sixteenths of the late Sicca Rupee.

The other Silver Coins authorized to be issued from the Government Mints by Act No. XVII. of 1835 and Act No. XXI. of 1838, viz. double, half, and quarter rupees, and two anna pieces, will bear in all respects a due proportion to this Rupee.

The Governor General in Council hereby directs that all Magistrates, Collectors and other public Officers, will promulgate this Proclamation throughout their respective Districts; and that a translation of it be affixed in a conspicuous place at every public Treasury.

Money Changers, Shroffs, Podars, and others, should be required to take notice of the Provision in Act No. XVII. of 1835, against clipping, filing, punching, or otherwise defacing the legal Coin. The Silver Coins issued from the Mints of Government, under Act XVII. of 1835, if not cut, clipped, marked, or otherwise wilfully impaired, are legal tender for their full value, until, by gradual wear, they have lost two per cent. of their original weight.

The Weight and Standard of the Gold Mohur will be according to the Act as follows:

Obverse.

Reverse.

WEIGHT of the Gold Mohur or Fifteen Rupee Piece—180 Grains Troy.

STANDARD of ditto, 11-12th, or 165 Grains pure Gold; 1-12th or 15 Grains Alloy.

A Five Rupee Piece equal to a third of a Gold Mohur of proportionate weight and of the same standard.

A Ten Rupee Piece equal to Two-thirds of a Gold Mohur of proportionate weight and of the same standard.

A Thirty Rupee Piece or Double Gold Mohur of proportionate weight and of the same standard.

Officers in charge of Public Treasuries are hereby authorized freely to receive these Gold Coins at the rates, until further orders, respectively denoted by the denomination of the Pieces, until they shall have passed the limits of lightness allowed for wear laid down in the annexed table, when they will only be receivable as Bullion, and be subject to a deduction of one per cent. for seignorage.

In Madras, since the year 1820, the seignorage upon both Gold and Silver was two per cent. but since the 13th December 1844 the rate of seignorage duty charged at the Mint for the coinage of Gold, independent of the refnace charges on under standard Gold, (which are to be taken in addition to the duty and the Scale for which is authorized by Government order, dated 6th November 1841), has been reduced from 2 to 1 per cent.

It will be seen from the foregoing Regulations of the Bullion Office, that it continues the same now.

The legal Coins now in circulation throughout the whole of the Company's Territories are the Company's Rupees, weighing 180 grains and 11 ounces fine, (containing 166 grains of pure Silver, 16 and grains of Alloy,) also the half, and the quarter Rupee. The Gold Mohur weighing 180 grains, and 22 Carats fine, (containing 166 grains of pure Gold and 15 grains of Alloy.) The half Anna Copper Coin, weighing 200 grains: the quarter Anna weighing 100 grains, and the one Pie, weighing 33 and 1-3rd grains.

Silver is the legal currency of the country. Gold is also a legal tender at 15 Rupees to a Gold Mohur but cannot be demanded in Payment; Copper Coins are only a legal tender to the extent of one Rupee.

EXCHANGES.

For the conversion of the rupee into the equivalent currency of other nations, it is necessary to take into consideration the fluctuating relative value of the precious metals *inter se*, from the circumstances of gold being in some, and silver in others the legal medium of circulation.

It is also necessary to take account of the Mint charge for coining at each place, which adds a fictitious value to the local coin. The *par of exchange* is for these reasons, a somewhat ambiguous term, requiring to be distinguished under two more definite denominations. 1st, the *intrinsic par* which represents that case in which the pure metal contained in the parallel denominations of coins is equal: 2d, the *commercial par* or that case in which the current value of the coin at each place (after deducting the seignorage leviable for coinage) is equal: or in other words, two sums of money of different countries are *commercially* at par, while they can *purchase* an equal quantity of the same kind of pure metal.*

* KELLY's Cambist, iii. 13.

* Thus if silver be taken from India to England, it must be sold to a bullion merchant at the market price, the proprietor receiving payment in gold (or notes convertible into it.) The London Mint is closed against the importer of silver; which metal has not therefore a minimum value in the English market fixed by the Mint price; although it has so in Calcutta, where it may be always converted into coin at a charge of 2 per cent. On the other hand, if a remittance in gold be made from this country to England, its out-turn there is known and fixed: each new Calcutta *gold mohur* being convertible into 1,66 or 1 2-3d sovereign nearly; but the price of the *gold mohur* fluctuates as considerably in India as that of silver does in England, the natural tendency of commerce being to bring to an equilibrium the operations of exchange in the two metals.

The exchange between England and India, has therefore a two-fold expression; for silver the price of the sicca rupee in shillings and pence: for gold, the price of the sovereign in rupees. To calculate the out-turn of a bullion remittance in either metal, recourse may be had to the following

Table of English and Indian Exchanges.

The data for the calculation of these tables are:

1st. One *mun.* (or 100lbs. troy) of silver 1-12th alloy is coined into 3,200 Company's rupees, of which 64 and 60 respectively are taken as Mint duty, being at the rate of two per cent.

2d. 100lbs. troy of English standard silver 18-240ths alloy is coined into 6,600 shillings of which 400 are taken as seigniorage or Mint duty, being 4 shillings per lb. or nearly 6 per cent., but the Mint is not open to the holders of silver bullion, which is only purchased through the Bank when required for coinage.

3d. The Sovereign (1-12th alloy,) weighs 12,325 grains troy, and no duty is charged on its coinage; 100lbs. of pure gold yield 5,008.8 sovereigns,—3,069.5 new *gold mohurs*—3,041.4 old *gold mohurs*—3,490.9 Madras and Bombay *mohurs*.

The par of exchange with other countries may be estimated from the intrinsic and Mint produce of their coins, thus,—assuming the Spanish dollar to weigh 416 grains troy, and to be 5 dwts. worse in assay, we have for

Spain and America.

$$100 \text{ DOLLARS} \begin{cases} =231.111 \text{ tolas in weight.} \\ =225.858 \text{ Fd. Rs.} \\ =211.742 \text{ Sa. Rs.} \end{cases} \text{ or deducting duty } \begin{cases} \{ 221.341 \text{ Fd. Rs.} \\ \{ 207.508 \text{ Sa. Rs.} \end{cases} \text{ of 2 per cent.}$$

The Spanish dollar forms also the currency of the Straits of Malacca and of Manilla; and it is extensively known in the colonies of England, Ceylon, the Cape, Australia, &c.

For the British colonial possessions, however, an order of the Council was promulgated on the 23d March 1825, extending to them the circulation of British silver and copper money, and directing all public accounts to be kept therein. Where the dollar was, either by law, fact, or practice still a legal tender, it was to be accounted equivalent to 4s. 4d. and *vice versa*. For the Cape of Good Hope, where the circulation consisted of paper rix-dollars;—and Ceylon, where it consisted of silver and paper rix-dollars, as well as a variety of other coins:—it was provided that a tender and payment of 1s. 6d. in British silver money should be equivalent to the rix-dollar. The Company's Rupee is allowed circulation at 1s. 11d., and the 5 franc-piece at 4s. These Regulations are still in force in Ceylon, Australia, Van Dieman's Land, the Cape, Mauritius, and St. Helena.

France.

The French *kilogramme* of standard silver is coined into 200 francs, and the *kilogramme* weighs 85,744 tolas, therefore

$$100 \text{ FRANCS} \begin{cases} =42.872 \text{ tolas in weight.} \\ =42.092 \text{ Co.'s Rs.} \\ =39.462 \text{ Sicca Rs.} \end{cases} \text{ or deducting duty } \begin{cases} \{ 41.250 \text{ Fd. Rs.} \\ \{ 38.673 \text{ Sicca Rs.} \end{cases} \text{ of 2 per cent.}$$

The coinage duty on silver at Paris is 1½ per cent., ½ per cent. less than in India; hence it will be found that

100 Sa. Rs. realize almost precisely 250 francs at the Paris Mint.

Minted gold in France is worth $15\frac{1}{2}$ its weight of minted silver, or the *kilogramme* is coined into 165 *Napoleons* or 20 franc-pieces; the seignorage on gold is only $\frac{1}{4}$ per cent.

1 kilogramme of pure gold yields 81.457 gold mohurs, or (deducting 2 per cent. Mint duty) 79,328 gold mohurs, therefore

$$100 \text{ NAPOLEONS } \left\{ \begin{array}{l} = 55.319 \text{ tolas in weight,} \\ = 47.315 \text{ old gold mohurs,} \\ = 47.769 \text{ new ditto,} \\ = 64.313 \text{ Madras and Bom-} \\ \quad \text{bay gold Rupees,} \end{array} \right\} \text{ or deduct-} \left\{ \begin{array}{l} 46.369 \text{ old gold mohurs.} \\ 46.802 \text{ new ditto.} \\ 53.227 \text{ Madras and Bom-} \\ \quad \text{bay gold Rupees.} \end{array} \right. \begin{array}{l} \text{ing duty of} \\ 2 \text{ per cent.} \end{array}$$

NOTE.—In coin we consider the weight and standard. By standard is meant the proportion of pure gold or silver which it contains; the rest is alloy. Thus if we suppose a coin to contain a thousand parts of metal, of which 917 are pure gold or silver, the 83 remaining parts being alloy, the 917 represent the standard or relative purity of the coin.

Suppose we wish to know what is the value, in English money of the Russian Imperial of 10 rubles the weight is 13,073 grammes, the standard at 917; deducting the alloy, that is 108 grammes, there remain in pure gold 11,988 grammes.

The English Sovereign weighs 79,809 grammes, the standard is at 917, the alloy consequently 0.662 grammes, and the weight of pure gold contained in it 7,318 grammes.

Now, by the rule of three the question will be thus solved :

$$7,318 \text{ gram.} : 11,988 \text{ gram.} :: 20 \text{ shillings} = \text{£}1 \text{ } 12s. \text{ } 9d.$$

By this method, we can ascertain the relative value of all coins; but sometimes the value thus ascertained will not exactly agree with the sum allowed in exchange. This difference arises from political causes and commercial vicissitudes. Thus for instance, the value at par of the sovereign in French money, is 25 fr. 26 c., yet it rose to 25 fr. 50 c. in the month of August 1849, after the change of the French Ministry. This fall and rise, in the relative value money principally takes place whenever there is a paper currency.

NOTIFICATION.—Fort William, Financial Department, the 29th April, 1848.

1. In compliance with instructions received from the Hon'ble the Court of Directors, the Right Hon'ble the Governor General in Council is pleased to direct that the following Regulations for conducting the Government Agency business at the several Presidencies, be published for general information.

2. The Governor General in Council has been pleased to authorize the Government Agent at Fort William and the Accountants General and the Sub-Treasurers at Fort St. George and at Bombay for the time being to act under the responsibility of the Hon'ble East India Company, as Agents for the purposes hereinafter mentioned of the public Creditors of Government whether residing in Europe or elsewhere. The Government Agent at Fort William is also authorized to act as Agent for the purposes hereinafter mentioned to absent Proprietors of Shares in the Capital Stock of the Bank of Bengal, and the Accountants General and the Sub-Treasurers of Fort St. George and at Bombay are also authorized to act as Agents for similar purposes to absent Proprietors of Shares in the Capital Stock respectively of the Bank of Madras and of the Bank of Bombay.

3. The Officers abovementioned are authorized to receive charge of and to grant receipts in duplicate for any Obligations or Loan Acknowledgments of the Government of India, or for Certificates of Shares in the abovementioned Banks at their respective Presidencies which the Proprietor may wish to deposit with them, and the Accountant General and the Sub-Treasurer at Fort St. George are also authorized on the application of the Proprietor to receive charge of and to grant receipts in duplicate for Promissory Notes of the Government of Fort St. George issued on account of the Tanjore Debt. No Note or Certificate is to be received in deposit which shall not appear to be made out in the name of or be regularly endorsed to the person depositing it or on whose account the deposit may be made. Persons desiring to deposit their Government Securities or Bank Share Certificates shall make their applications to the Government Agent of Fort William, or to the Accountant General and Sub-Treasurer at Fort St. George or at Bombay in the Form hereunto subjoined No. 1, and the receipts of those Officers will be given in the Form No. 2.

4. The Officers abovementioned will receive the interest on any Government Paper, or the dividend on any Bank Share Certificates which may be deposited with them, and will according to the instructions of the Proprietor either remit the amount of such interest to England in Bills to be drawn on the Hon'ble Court of Directors, if the interest shall be payable in such Bills by the terms of the Loan, or they will pay the amount of such interest or dividend at the Presidency, to any person nominated by the Proprietor to receive such payment. The Government Agent at Fort William will also, according to the instructions of the Proprietor, remit the amount of interest on such Government Paper as may be deposited with him to the Presidencies of Fort St. George or Bombay by Drafts on the Public Treasuries of those Presidencies or to any of the Stations subordinate to the Presidency of Fort William by Drafts on the Collectors or on the Residents at Delhi or Lucknow according to the rates of exchange at which Government may draw at the time. The Accountant General and the Sub-Treasurer at Fort St. George will also, according to the instructions of the Proprietor, remit the amount of interest or dividend on such Government Paper or Bank Share Certificates as may be deposited with them to any of the Stations subordinate to the Presidency of Fort

St. George by Drafts on the Collectors, Commissioners or Residents according to the rates of exchange at which Government may draw at the time. The Accountant General and the Sub-Treasurer at Bombay will also, according to the instructions of the Proprietor, remit the amount of interest on such Government Paper as may be deposited with them by Drafts drawn upon any of the Civil Treasuries subordinate to the Presidency of Bombay according to the rates of exchange at which Government may draw at the time. The Proprietor will be at liberty to substitute one of these modes of receiving the interest or dividend for the other as often as he shall think fit, provided that the fresh instructions be furnished one month before the day on which the interest may fall due. Persons having more Promissory Notes or Bank Share Certificates than one in deposit may give separate instructions regarding the interest on each Note, or the dividend on each Certificate, but the whole of the interest or dividend on each Note or Certificate, must be received in the same manner and at the same time.

5. When the Principal of any Government Paper so deposited shall become payable, the abovementioned Officers will, according to the instructions of the Proprietor, either pay the amount with interest due upon it to such person as may be appointed to receive the payment, or they will re-invest it in any other Loan to which it may be subscribable at the time, or in the purchase of other Obligations or Loan Acknowledgments of the Government of India, or of shares in the Capital Stock of the Banks abovementioned at their respective Presidencies in the market at the current price of the day. The Accountant General and the Sub-Treasurer at Fort St. George will also, according to the instructions of the Proprietor, re-invest the amount in the purchase of Promissory Notes granted by the Government of Fort St. George on account of the Tanjore Debt. The instructions for these purposes must be made out according to the Forms hereunto subjoined, Nos. 7, 8, and 9, which are adapted to the several cases above specified. The Proprietor may at any time substitute one of these modes of disposing of the Principal for the other, provided that the fresh instructions be furnished one month before the day on which the principal falls due. Persons having more Notes than one in deposit may give separate instructions regarding each Note, but the whole amount of each Note must be disposed of in the same manner and at the same time.

6. If any Loan be opened by the Government into which the Paper deposited may be receivable the Officers abovementioned are authorized to subscribe the Paper so deposited to such Loan upon receiving the instructions of the Proprietors for that purpose although the Notes may not be in course of payment: instructions for this purpose must be made out according to the Form No. 10.

7. The Officers abovementioned are authorized to receive remittances in Government Bills only from individuals desiring to purchase the Public Securities or Bank Shares for deposit with them, provided such Bills shall be payable at the General Treasury, or Presidency Pay Office at Fort William if remitted to the Government Agent at Fort William, and at the General Treasuries or Government Agent's Office at Fort St. George and Bombay if remitted to the Accountants General and the Sub-Treasurers at those Presidencies. The Officers abovementioned are authorized to invest the amount of such remittances according to the instructions of the Proprietor either by subscribing the amount to any Loan which may be open for the receipt of cash or by purchase in the market at the current price of the day. Instructions for the purpose shall be made out according to the Forms hereunto subjoined, Nos. 11 and 12.

8. The Officers abovementioned are further authorized to invest the amount of interest or dividends due on Paper deposited with them in either of the modes mentioned in the last Clause upon receiving the Proprietor's instructions for that purpose: such instructions must be made out in the Form hereunto subjoined, No. 13.

The same Officers are further authorized at any time on receiving proper authority and instructions from the Proprietor for that purpose to endorse any one or more Promissory Notes or Bank Share Certificates deposited with them as Attorneys of the Owner to such person as he shall direct, or to sell the same on the Owner's account at the current price of the day, and to pay over the proceeds in cash at the General Treasury to such person as the Proprietor may appoint to receive the same provided that the whole amount of each Note or Bank Share sold shall be payable in one sum and to the same person. They are also authorized on receiving proper instructions from the Proprietor to re-invest the proceeds of Paper so sold in the purchase of other Paper. Any fees which may have become due according to the rates hereinafter prescribed upon the Paper required to be endorsed are to be paid before the endorsement is made, or in case of the sale of the Paper the fees shall be deducted from the amount proceeds before it is paid over. The Power of Attorney to endorse or to sell Government Securities must be made out according to the Form No. 14, the direction to endorse according to the Form No. 15, and the direction to sell and dispose of the proceeds according to the Forms Nos. 16 and 17. The Power of Attorney to sell, assign, or transfer Bank Shares, must be made out according to Form No. 18.

10. If Government should at any future period grant a remittance of the principal of any Paper deposited under the terms of this advertisement, the Officers abovementioned will remit the principal upon receiving instructions from the Proprietor to that effect; such instructions must be made out according to the Form No. 19. The Proprietor may at any time withdraw the Government Securities of Bank Share Certificates deposited or any part of them from the charge of the abovementioned Officers, and such Securities or Certificates will be

11. In each of these cases on which the Officers abovementioned are authorised to invest money in the Public Securities or in the purchase of Bank Shares, it is to be understood that they will invest as nearly as possible the whole amount, but that they are in no case and upon no account to exceed it. Such fractional sums as may remain in their hands above the amount invested will be payable on demand at the General Treasury to the order of the Proprietor. Such order is to be made out according to the Form No. 21.

The Right Honorable the Governor in Council is pleased to publish the following Terms and Conditions prescribed by the Honorable the Court of Directors for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England, repayable to the Honorable Court.

Terms and Conditions for making Advances in India upon the Goods and Merchandize of Individuals intended for Consignment to England, repayable to the Court of Directors of the East India Company.

1st. The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouse as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2nd. Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, an Advance, *not exceeding three-fifths* of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3rd. For repayment of the Advance, Bills of Exchange to be drawn in triplicate, at "ten months' date, at the rate of

s. d.	Per Company's Rupee for Advances made at....	Bengal.
	Ditto	ditto
	Ditto Madras.
	 Bombay.

4th. The parties will be required to place in the hands of the Board of Customs, Salt, and Opium* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the parties interested, or endorsed to their order: but persons desirous of effecting the necessary insurance in this country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th. In cases of default being made either in acceptance or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of repaying the Company the amount of the advances made thereon, including freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued: the Company, on the other hand, allowing Discount, where any part of the proceeds, shall be realized, before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consigner: and if in India, by the Government from whom he received the advance, at the rate of Exchange at which the Company may at the time be drawing bills upon such Government.

6th. An Agent in England shall be appointed for each Consignment to whom the Court of Directors shall be empowered to make over the goods, subject to all the conditions agreed upon with the Company, on payment of the bills: and with whom they shall be authorized to transact generally all business relating to such Goods. The Consigner shall be at liberty to make provision, in case of the party upon whom the Bill is drawn (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th. After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less Discount) being paid, together with the Freight and any other charges and expences which the Company have paid, or may be subject to on account of the Goods.

* Altered to 6 Months from 1st November 1848, vide Fort Saint George Gazette, 13th October 1848.—Page 981.

8th. The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where Interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th. Parties or their Agents will be required to insure the Goods from Fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea Risk. Should however the parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods the expense of which shall be reimbursed to them previously to their making over the goods to those Parties or their agents.

10th. Parties receiving advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government, signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the bills; also authorizing, in such cases, the repaying to the Company the advances made, either Principal or Interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods and appointing the Agent in England for each transaction.

MEASURES, WEIGHTS, AND MONEY.

ENGLAND.

THE origin of all weights and measures in England was derived from a grain of wheat; vide statutes of 51 Henry III., 31 Edward I.,

in a vacuum at the level of the sea; the former being to the latter in the proportion of 36 inches to 39·1393 inches. The length of the seconds' pendulum at New York, 20 1017 in.

— *MEASURE OF LENGTH* — a span (9 inches), a foot (12 inches), and a cubit (18 inches), being the length of the arm or bone, from the elbow to the wrist. A pace (5 feet), or two ordinary steps; a fathom (6 feet), from the extremity of one hand to that of the other, the arms oppositely extended. It is stated that Henry I., in 1101, commanded that the Ulna or ancient ell, which answers to the modern yard, should be made the length of his arm; and that the other measures of length were hence derived, whether lineal, superficial, or solid.

I. MEASURES OF LENGTH.

The imperial standard yard is divided into 3 feet, and each foot into 12 inches, and its length is fixed (see Act 5 Geo. IV. c. 74 17th June 1824 but came into force 1st Jan. 1826,) by reference to the length of the *pendulum* vibrating seconds in the latitude of London,

— *MEASURE OF DISTANCE* — which a name is given; but the length of a mile is not the same in every country. The Scotch and Irish miles were formerly about $1\frac{1}{4}$ English, but are now the same as English. A Spanish and Polish mile is about $3\frac{1}{4}$ English. A Swedish, Danish, and Hungarian mile is from 5 to 6 English miles. A Russian mile or verst is about $\frac{1}{4}$ of an English mile.

MEASURES, WEIGHTS, AND MONEY.

ENGLAND.

The origin of all weights and measures in England was derived from a grain of wheat; vide statutes of 51 Henry III., 31 Edward I., and 12 Henry VII., which enacted, that 32 of them, well dried, and gathered from the middle of the ear, were to make one pennyweight, 20 dwts. one ounce, and 20 oz. one pound.

It was subsequently thought better to divide the pennyweight into 24 equal parts, called grains.

Troy weight existed in the time of Edward the Confessor, and takes its name from Troy Novant the monkish name for London.

AVOIRDUPOIS weight is that which for centuries has been used for heavy goods. The word is probably derived from *Averia* or *Avoirs* the ancient name for Goods and Chastels, and Poids, weight.

All MEASURES OF CAPACITY were first taken from Troy weight, and several laws were passed in the reign of Henry III., enacting, that 8 lb. Troy of wheat, taken from the middle of the ear, and well dried, should make 1 gallon of Wine measure; and 8 such gallons made a bushel.

AVOIRDUPOIS weight was first made legal in the reign of Henry VII., and its particular use was to weigh provisions and coarse heavy articles. Henry fixed the stone at 14 lb., which has been confirmed by a recent Act of Parliament.

With respect to MEASURES OF LENGTH, it is recorded that the various denominations were constructed from a corn of barley, 3 of which, well dried, from the middle of the ear, made an Inch. Other terms were taken from portions of the human body, such as the digit ($\frac{1}{4}$ of an inch, or a finger's breadth,) a palm (3 inches), a hand (4 inches), a span (9 inches), a foot (12 inches), and a cubit (18 inches), being the length of the arm or bone, from the elbow to the wrist. A pace (5 feet), or two ordinary steps; a fathom (6 feet), from the extremity of one hand to that of the other, the arms oppositely extended. It is stated that Henry I., in 1101, commanded that the Ulna or ancient ell, which answers to the modern yard, should be made the length of his arm; and that the other measures of length were hence derived, whether lineal, superficial, or solid.

I. MEASURES OF LENGTH.

The imperial *standard yard* is divided into 3 feet, and each foot into 12 inches, and its length is fixed (see Act 6 Geo. IV. c. 74 17th June 1824 but came into force 1st Jan. 1826,) by reference to the length of the *pendulum* vibrating seconds in the latitude of London,

in a vacuum at the level of the sea; the former being to the latter in the proportion of 36 inches to 39.1393 inches. The length of the seconds' pendulum at New York, 39.1017 inches; and at Madras 39.0263 inches. The imperial standard yard may, however, be more distinctly defined as the distance between the points of oscillation and suspension of a pendulum vibrating (in a mean solar day in a vacuum at the level of the sea) at London 90.088 times.

Among mechanics the inch is commonly divided into *eighths*. By the officers of the revenue, and by scientific persons, it is divided into *tenths*, *hundredths*, &c. Formerly it was made to consist of 12 parts, called *lines*, but these have properly fallen into disuse.

Cloth Measure.

Scotch and Irish linens, all sorts of woollen cloths, wrought silks, muslins, ribands, cords, tapes, &c., are measured by the yard.

Dutch linens, called Hollands, are bought by the Flemish ell, and sold by the English ell. The Flemish ell is also used in measuring tapestry.

The yard in cloth measure is the same as in long measure, but differs in its divisions and subdivisions.

Long Measure.

This measure is used to measure all things that have length, height, and depth, without regard to breadth.

An inch is the smallest lineal measure to which a name is given; but the length of a mile is not the same in every country. The Scotch and Irish miles were formerly about $1\frac{1}{4}$ English, but are now the same as English. A Spanish and Polish mile is about $3\frac{1}{4}$ English. A Swedish, Danish, and Hungarian mile is from 5 to 6 English miles. A Russian mile or verst is about $\frac{1}{2}$ of an English mile.

The reason why the Geographical and Land
mile differ, is that the former is a 60th part
of a Degree of Lat. in lat. 45°, and is there-
fore a certain proportion of the Earth's cir-
cumference. Whilst the Statute mile is an
arbitrary measurement having no relation to
the circumference of the Earth.

The Degree of *Latitude* is always the same
for practical purposes: at the Equator it is
365152 feet, and at the Pole 366361 feet, in-
creasing towards the Pole. The Degrees of
Longitude become smaller as we approach
the Poles. In lat. 52° either N. or S. a De-
gree of *Longitude* is only 37 Geographical
miles.

II. MEASURES OF SURFACE.

The square yard contains 9 square feet,
and the square foot 144 square inches; the
circular foot (that is, a circle whose diameter
is 1 foot) contains 113·097 square inches; and
the square foot contains 183·346 circular
inches (that is, circles whose diameters are
each 1 inch).

This measure is used for all kinds of super-
ficies measuring, such as land, paving, floor-
ing, roofing, tiling, slating, plastering, &c.,
and anything having length and breadth
only.

Flooring, roofing, thatching, &c. are mea-
sured by the square of 100 feet, and *bricklay-
er's work by the rod of 16½ feet*, the square
of which is 272 feet, though this is partly a
cubic measure, as the brickwork is reckoned
to be 14 inches, or one and a half brick
thick.

Land is measured by a chain, called Gun-
ter's Chain. It is 4 poles, or 22 yards long,
and consist of 100 equal links, each 7·92
inches in length.

Ten chains in length and one in breadth,
or 160 perches, make an acre.

III. MEASURES OF VOLUME.

The imperial cubic (or solid) yard contains
27 cubic feet, and the cubic foot contains
1728 cubic inches. The *cylindric* foot (that
is, a cylinder 1 foot long and 1 foot in diame-
ter) contains 1357·17 cubic inches. The
spherical foot (that is, a sphere 1 foot in diame-
ter) contains 904·78 cubic inches; and
a *conical* foot (that is, a cone 1 foot in height
and 1 foot in diameter at the base) contains
452·39 cubic inches. The cubic foot contains
very nearly 2203 cylindrical inches, (that is,
cylinders 1 inch long and 1 inch in diame-
ter;) it contains very nearly 3500 spherical
inches, (that is, spheres 1 inch in diameter);
and it contains very nearly 6600 conical
inches, (that is, cones 1 inch in height and 1
inch in diameter at the base).

IV. MEASURES OF WEIGHT.

The Imperial cubic inch of distilled water
(according to Act of Parliament before cited)
weighs in air at the temp. of 62° Fah. therm.,
(the barometer being at 30 inches), 252·458
grains; and at 39°, or the *maximum density*,
it weighs 253 grains; consequently, the cubic
foot of distilled water at 62° weighs 997·137
avoirdupois ounces. The cubic foot of water
is commonly reckoned to weigh 1000 ounces,
or 62·32lb. avoirdupois weight. The cubic
centimetre of distilled water at 39° weighs
15·434 grains, and the cubic decimetre 2·205
pounds avoirdupois weight.

These are the denominations of Troy Weight,
which is used in Bullion and Coinage trans-
actions.

and not by any Act of Parliament.

Apothecaries *compound* their medicines by this weight, but buy and sell their drugs by avoirdupois.

The pound and ounce of the Apothecaries' weight are equal to those of Troy weight, only differently divided and subdivided.

By an Act of Parliament passed the 5th of October, 1831, and which came into effect on the 1st of January, 1832, it is directed that all *coals*, cinders, and culm sold from and out of any ship or vessel in the port of London, or at any place within the cities of London

and Westminster, or within the distance of 25 miles from the General Post Office, in the city of London, shall be sold by *weight*, and not by measure, and if in any quantity exceeding 500 lbs. are to be delivered to the purchaser in sacks containing 224 lbs. net, 10 such sacks, or 2240 lbs. make a ton, equal to 20 cwt.; a barge load, or keel, is 21 tons, 4 cwt.; and a collier, or ship load, about 20 such keels, or 424 tons.

The old rule was, 3 heaped bushels made 1 Sack, and 12 Sacks, 1 Chaldron, weighing about 27½ cwt.

By an Act of Parliament which came into effect on the 29th of September, 1822, bread must be sold by the *pound* Avoirdupois, and bakers are prohibited from selling by the peck loaf with its subdivisions.

Flour is sold nominally by measure, but actually by weight, at 7 lb. Avoirdupois to a gallon, 14 lb. to a peck, 56 lb. to a Bushel and 196 lbs. to a Barrel: 5 Bushels = 1 Sack. 1 Boll = 140 lbs.

Till the 1st week in Sept. a cubic yard of Hay weighs about 6 stones or 132 lbs. avoirdupois: and old hay 7 stones, or if from an old and large Rick, 8 stones.

V. MEASURES OF CAPACITY.

The imperial standard *gallon* (according to the Act already cited) contains 10lb. (avoirdupois weight) of distilled water weighed in air at 62° Fah., (the Bar. being at 30 inches); consequently, its capacity is 277·274 imperial cubic inches. The imperial standard *bushel* contains 8 such gallons, or 80 pounds (avoirdupois weight) of water as aforesaid; consequently its capacity is 2218·192 cubic inches. The *Winchester bushel*, 160·42 cubic inches. The old standard Scots pint, or Stirling jug, contains about 104 cubic inches or 3 imperial pints; and the old Scots gallon contains 3 imperial gallons. The Scots wheat flrloot contains 21½ Scots pints; and the Scots barley flrloot, 31 Scots pints.

In a cylinder of 18·79 inches inner diameter, each inch deep is a gallon.

Heaped goods* are *heaped up* in the form of a cone, to a height above the rim of the measure of at least three-fourths of its depth. i. e. 6 inches high in a Gallon. The *outside* diameter of measures used for heaped goods are to be at least double the depth, consequently not less than the following dimensions:—

The Bushel 19½ inches wide from the outside, 18·79 inches inside, and 8 inches deep, when *heaped* in the form of a cone, contains 2815·5 cubic inches, or in proportion to the striked bushel of 2218·2 cubic inches, as 5 to 3·95.

175 lb. Troy = 144 lb. Avoird.

175 oz. Troy = 192 oz. Avoird.

At a temperature of 62° Fahrenheit an Imperial Gallon of water weighs 10 lbs. Avoird. and a Pint weighs 1½ lbs. exactly.

1 Ounce of water measures 1·733 cubic in.

A cubic foot of water weighs 62·32 lbs. and contains 6·232 gallons.

Water is 820 times heavier than Air.

A cubic inch of water weighs 252·468 grains, and 100 cubic inches of Air weighs (Barom. 30 inches, Ther. 62°) 32·795 grains.

VI. MEASURES OF SPACE.

A circle contains 360 degrees; a degree, 60 minutes; a minute, 60 seconds, &c.; consequently, a semi-circle contains 180 degrees; a quadrant, 90 degrees; a sextant, 60 degrees; and an octant, 45 degrees; a right angle contains, or is measured by, 90 degrees, and two right angles by 180 degrees. The circumference of a circle is 3·1416 times its diameter, consequently, the diameter of a circle is 31831 of its circumference. The proportion is 7 to 22. In France the circle is frequently divided into 400 degrees, a degree into 100 minutes, and a minute into 100 seconds, &c. This is called the centesimal system, and the English the sexagesimal. Thus 1 degree centesimal = 54' of English. And 1 minute of centesimal = 32'·4 English seconds.

Twelve Signs, or 360 degrees, is the circumference of the zodiac, which is an imaginary belt encompassing the heavens. It extends about 8 degrees on each side of the ecliptic, and contains the paths of the planets—Thus 11½ Signs or 345° is the middle of "PISCES."

* Heaped measure was abolished by Act 5 and 6 Wm. IV. Cap. 63 (A. D. 1835.)

VII. MEASURE OF TIME AND MOTION.

A mean solar day is the *mean apparent* time of one revolution of the earth on its axis; it is divided into 24 hours; hence the mean daily apparent motion of the sun is 15 degrees per hour, or 1 degree in 4 minutes of time. A Sideral day is the real and in-

variable period of the diurnal rotation, and contains 23 hours, 56 minutes, 3.5 seconds of mean solar time. A *tropical year** is the period of one revolution of the earth in its orbit, and contains 365 days, 5 hours, 48 minutes, 49.7 seconds of mean solar time. The seconds' pendulum makes 86400 vibrations in a mean solar day.

The first year of every century, and all such as will not divide by 4 without remainder, are leap years.

The *Synodical* period of the moon or *lunar month*, reckoning from new moon to new moon is 29 days, 12 hours, 44 minutes, 2.87 seconds. The mean *sidereal* period of her revolution around the earth is 27 days, 7 hours, 43 minutes, 1.5 seconds.

The *mean solar day* is 24 hours. The *sidereal day* is 3 minutes 55.91 seconds less than the solar day, or 23 hours, 56 minutes, 4.09 seconds of mean time. A Star passes the meridian 3m. 55.91s. sooner every day. The mean lunar day is 23h. 48m.

ENGLISH COINS.

The word "*Carat*" as used to express the fineness of Gold, may be thus explained. Any portion of Gold is supposed to be divided into 24 parts called carats (a carat being subdivided into 4 carat grains). If it is *quite pure* it is 24 carats fine. If it contains 1 part of alloy,* it is 23 carats fine, and so on.

British *Standard gold* is 22 carats fine, i. e. $\frac{22}{24}$ ths or $\frac{11}{12}$. It contains therefore .9167 of pure gold, and this decimal is its "*touch*" or "*titre*."

* The Alloy (copper) in coins is not taken into account in point of value. It is not possible except with very great trouble to get gold and silver *quite pure*, and besides this a certain amount of alloy makes the coins much more hard and durable.

The Sovereign weighs 123·274 grains; of which $\frac{1}{10}$ ths or 113·00 grains is *pure gold*. A Pound Troy (5760 grains) is coined into £46 14s. 6d. or 1869 Sovereigns from 40 Troy lbs. The Mint or Standard price of gold is therefore £3 17s. 10½d. (£3·89375) per Troy ounce (480 grains). It is *purchased* by the Bank of England at £3 17s. 9d. or 1·947d. per grain.

The "remedy" of the Mint, or the limit within which each coin *must* be, is 12 grains in the lb. for Gold ($\frac{1}{10}$ th) in regard to *weight* and $\frac{1}{8}$ th of a carat, i.e. $\frac{1}{4}$ carat grain ($\frac{1}{8}$ th) in *fineness*.

It will be seen from the above that an alloyed piece of metal containing 50 cent of pure Gold, would by the *carat scale* be expressed thus, 12 car. 0 gr. and an alloy of 70 per cent 16 car. 3·2 grs. So if the "touch" or per cent of pure gold is given, we have

$$24 \times \text{per centage given} =$$

the following Rule.

100

value by carat scale.

This is not however the scale adopted by Assayers. They report the metal as being so much B (better) than *Standard*, or so much W (worse). For instance, the *Standard* for Gold is $\frac{1}{10}$ ths; an alloy therefore such as the one of 70 per cent pure gold above noted, would be reported 5 car. 0·8 grs. W; being the difference between 22 carats, and 16 carats 3·2 grains.

Gold manufactured into watch cases and rings is allowed to be 18 carats fine, or 4 car. 0 gr. W.

No Seignorage is exacted on Gold coins in England, as they are minted at the market value of that metal.

By Act 56 Geo. III. c. 68 it was enacted that "Gold coins shall in future be the sole "standard measure of value, and *legal tender* for payment without any limitation "of amount."

Silver coins are a legal tender only as far as 40s.—and copper as far 12d.

1 lb. of standard gold is = 14·2878 lb. of standard silver.

SILVER.

With regard to *Silver*, any portion of it is supposed to be divided into 240 parts called

(by Assayers) pennyweights or *dwt.* British standard silver is 11 oz. 2 dwts. fine, or that quantity in 12 oz. (1 lb.) Troy. This is equivalent to 222 Assayers dwts. or $\frac{1}{10}$ fine. It contains therefore 925 pure silver, and this decimal represents its "*touch*" or titre.

The lb. Troy [5760 grains] of standard silver is coined into 66 shillings; therefore the shilling weighs 87·273 grains, of which 80·726 are *pure silver* and 6·547 grains copper.

The Mint or standard price of standard silver is 5s. 6d. per oz. Troy of 480 grains; the market price being about 5s. per oz.

The "remedy" for *weight* in silver coins is 1 dwt. per lb. or $\frac{1}{10}$ th, and the same for *fineness*.

It will be clear then that an alloyed piece of metal containing 75 per cent. pure silver would by the dwt. scale be called silver 180 dwts fine ($\frac{1}{10}$); though the Assayer's rule is (as in Gold) to report with reference to the *Standard*; so that the above *Assay* would be reported 42 W. and one of 224 dwts. would be $\frac{1}{10}$ or 2 B. An alloy of 11 oz. 2 dwts. would be 222 dwts. or *Standard*.

Since the Act 56 Geo. III c. 58 (mentioned under *Gold*) was passed, a Troy lb. of silver is coined into 66 shillings, but previous to that, it was coined into 62 shillings. The additional 4 shillings being retained by Government as a *seignorage* of about 6½ per cent upon the coinage. Silver in England has ceased to be a standard of value, and forms merely a subordinate species of change, occupying to Gold the relation that copper does to silver.

Silver coins are a legal tender only as far as 40s. 1 lb. of standard gold = 14·2878 of standard silver, but in valuation of foreign monies whilst standard Gold is taken at its Mint rate of £3 17s. 10½d., standard silver is estimated at 5s. per oz. (that being its usual selling price as Bullion) or 1 to 15½.

Silver plate must be of "standard" fineness.

The *copper* coins are issued at the rate of 24 pence from 1 lb. *Acoudupois* of metal or £224 per Ton. A Penny should weigh 29½ grains. Copper is not a legal tender above 12d. The remedy for copper coins is $\frac{1}{10}$ th of the weight.

FRANCE.

[For Measures, see p. 195.]

The current money is the Franc divided into 100 centimes, and equivalent to about 9½d. Sterling. Prior to 1797 the money of account was the Livre Tournais of 20 sous, each of 12 deniers. The Livre was generally valued at 9½d. The double Ecu of 6 Livres at 4s. 6d. The sous or half penny was divided into 4 liards. The old Louis D'or was worth about 18s. 9d. or 24 livres. The

sou is valued at 5 centimes or 20 sous to a franc.

The modern gold coins are as follows:—
Gold pieces of 40 francs, worth 31s. 8½d. Sterling, and pieces of 20 francs called Napoleons or New Louis worth 15s. 10½d.: these are minted at the rate of 3,100 francs from the Kilogramme of standard metal.

The Standard in France both for Gold and silver is $\frac{9}{10}$ ths pure metal, or a touch or "titre" of 900. The remedy for gold both as to weight and fineness being 2 milliemmes

or $\frac{1}{1000}$. The franc weighs 5 grammes = 77.19 grains, of which 69.48 are pure silver.

Silver pieces of francs are minted at the rate of 200 francs from the kilogramme of standard metal, the *remedy* (both in weight and fineness) being 3 milliemmes, and on $\frac{1}{4}$ francs 10 milliemmes.

The gold coins therefore are not so pure as the English (.9000 to .9167) neither are the silver, being .900 to .925.

The franc weighs 5 grammes or 77.19 grains, and contains 69.48 grains of pure silver.

In Copper money (billion) the French have pieces of 20—10—5—3—2 and 1 centimes, those for 10 centimes containing $\frac{1}{4}$ th silver.

The "retenue" or mint charge is 6 francs per Kilogramme of Standard Gold, i. e. if a kilogramme of standard gold is carried to the mint, the return will be 3,100—6, or 3,094 francs.

The "retenue" on standard silver is 2 francs per kilogramme of 200 francs.

The par of exchange with London deduced from the Gold coins is fr. 25.22 $\frac{1}{2}$ c.: and from

the silver fr. 25.57 c. for £1: or 9.52d. and 9.39d. respectively per franc, but as there is always a premium on gold in France it must be taken into account. Thus, if at "12 $\frac{1}{2}$ per mille" the exchange (taking the mint price of gold £3. 17s. 10 $\frac{1}{2}$ d.) would be fr. 25.48 c. per £1, or 9.42d. per franc.

80 Cash.... = 1 Fanam.

45 Fanams.. = 1 Star Pagoda. There was also in the Nuwab's territories before the cession in 1800, what was called a 'Madras Pagoda' valued at 3 Rs. 15 As. 7 $\frac{1}{2}$ P. of the old standard, or 100 Madras Pagodas to 385 Arcot Rupees.

The following table is useful, and is calculated at the rate of 45 Fanams to 3 $\frac{1}{2}$ Rupees, though in the old Government accounts the Pagoda was valued at 42 Fanams.

The value of the Arcot Rupee* was Fanams 12, Cash 68, at which rate 44.6 Fanams=3 $\frac{1}{2}$ Rupees. The usual rate of conversion when great nicety is not required, is one Fanam=1 Anna 3 Pice. The correct value of 1 Company's Rupee is 12 Fanams 68.57 Cash.

Table for converting Star Pagodas, Fanams and Cash into Company's Rupees, Annas and Pice.

* NOTE.—The Arcot Rupee till A. D. 1818 weighed 176.4 grains, (Kelly's Cambist I. 90,) and contained 166.48 grains of pure silver. They were also called 8 per cent. Rupees because 100 of them were equal to 108 of the current Rupee. So the Sicca Rupees used to be called 16 per cent. Rupees.

There were also copper coins sent out from England of the values of 20-10-5—and 1 Cash value—5 Cash = 1 Pice.

This currency was altered in January 1818

by a Proclamation which constituted the Silver Rupee the Standard coin: and the Public accounts were converted at an exchange of 350 Rs. per 100 Pagodas.

By Act XVII. of 1835 Silver only is a legal tender; quarter Rupees may not be tendered except for parts of a Rupee. The "Company's Rupee" of this Act is stated to be of equal value with the Bombay, Madras, Furrukabad and Sonat Rupee, and to $\frac{1}{2}$ of the Sica Rupee. Coins that have lost more than 2 per cent. in weight to be considered uncurrent.

By this Act the Silver coinage consists of the double, whole, half, and quarter Rupee. The Rupee to weigh 180 grains and to contain $\frac{1}{10}$ the pure silver. The other coins to be of proportionate weight and fineness. By Act XXI. of 1838 an Anna coinage is permitted, but neither Double Rupees or Single Annas have been coined at the Madras Mint. The Gold coinage was fixed at the Gold Mohur or 15 Rupee piece of the same weight and fineness as the silver Rupee—also Double, $\frac{1}{2}$ and $\frac{1}{4}$ Gold Mohurs. Gold coins which have lost more than $\frac{1}{10}$ th in weight are not to be received in Public Treasuries.

The fineness in all the Indian Mints both for Gold and Silver is $\frac{1}{10}$ th pure metal, or a touch of 9167. The fineness of the Gold Standard is therefore the same as in England, but the Silver is $\frac{1}{10}$ th, instead of $\frac{1}{100}$; and therefore would be reported by an English Assayer at 2 W. (worse.) In like manner Silver containing 75 pure metal would be called 180 dwts. fine, as in England, but its Assay Report would be not 42 W. but 40 W. An alloy of 95 per cent. pure Silver would be "Better" 8 dwts.—See pp. 196, 198 on English Coin.

So French Standard Silver with a "titre" of 900 would be $\frac{1}{10}$ th, or 4 W. by the Indian Standard: though in assaying France as *Bullion* the slightest deficiency short of

their standard would cause them to be reported $\frac{1}{4}$ W. by Indian Standard. Spanish Dollars are from $\frac{1}{4}$ to 5 W.

A difference of 1 dwt. from Standard (Indian) causes a difference of $\frac{1}{10}$ or 4.545 per 1000.

To find what would be the total excess of value in any sum when its fineness is given, multiply the sum by the excess of fineness (expressed in decimals) and divide by 220.

Thus 40 lacs of which the coins have a fineness of $\frac{84}{100}$ —ths. of a dwt. the surplus value is $\frac{100}{220} \times 40 \text{ lacs} = 181.81$ Rs. In the

same way if the coins were .085 Worse, the loss would be 1545 Rs.

Again, to find the loss per mille when the fineness is $\frac{1}{10}$ th dwt. Worse $\frac{1000 \times .02}{220} = .91$

per mille or 1 Rupee in every 11,000—A variation of .04 dwt. makes a difference of 1 Rupee in every 5,500 and so on.

If the variation in fineness is given and 220 divided by this fineness, the quotient will show the difference of value in another form. Thus a variation of .0454 (either B. or W.) makes a difference of 1 in 4840.

350 Rs. of true weight (180 grs. each) weigh exactly 9lbs. Avoirdupois.

2.43 Rupees or Rs. 2, As. 7, weigh exactly 1 ounce Avoir. allowing a little for the usual wear.

Value of uncurrent Coins.

The Star Pagoda weighs 52.56 grains and the gold 19 carats fine. It contains therefore 42 grains of fine gold.

The old 3 Swamy Pagoda is about 20½ carats fine.

The Porto Novo Pagoda is about 17½ carats and reckoned 20 per cent. inferior to the Star Pagoda.

The Cully Pagoda* or Poon of 2·12 Rs. contains 10 fanams, each of which = 0 R. 3 A. 4½ P. or 212 Rs. The Gopauly Poon = 1·4·2.

The Shooly fanam = 0 R. 1 A. 10·4 P. being 3 to a Shooly Pagoda.

The Canteroy Pagoda = 2 Rs. 14 As. 8. P. or 2·917 Rs. It is divided into 10 fanams of 4·67 annas (0 R. 4 A. 8 P.) each.

The Bahādry Pagoda = 46 fanams 30 cash. In the old Tanjore accounts 100 Bahādry Pags. = 103 Star Pags.

24 Tanjore Fanams = 1 Star Pagoda.
32 Cash = 1 Gold Fanam.
10 Gold Fanams = 1 Chuckrum.
24 Gold Chuckrums = 1 Star Padoda.

Revised Weights and Measures.

(Vide Fort St. George Gazette, 20th October 1846.)

* In the old accounts 16½ Cully chuckrums = 10 Pagodas, which would make 1 ch. = 2½ Rupees.

† The old Madras Cutcha Seer was 8 Pollums or 24 Rs. (The Pucka Seer is 80 Rs.) the Maund of 25lbs. and Candy of 500lbs. are used for weighing iron, tin, tobacco, ghee, oil, jagery, tamarind, sugar.

The Cutcha Seer of 90 Star Pagodas or 11½oz. Avoirdupois, the Maund of 28lbs. and Candy of 562lbs. 8oz. are used by Merchants in dealing with one another. For weighing brass, copper and zinc, the Seer weighs 9oz. Avoirdupois, the Maund 22½lbs. and the Candy 450lbs.

The Maund for Cotton weighs 24lbs. and the Candy 480lbs.

The Seer of 2lbs. used in dealing with persons from Hyderabad, Calcutta, &c., is called Pucka weight.

‡ This Viss used at Condapilly for weighing ghee is 3lbs. 6oz. Avoirdupois.

The Maund is generally spoken of as 25lbs. Avoirdupois, and the Candy 500lbs.

The "Garce" is 400 Mercals or 185·2 cubic feet, or 5·152 Tons of water. According to the old Measure of Madras, the Puddee or "Measure" was 93½ cubic inches, and the Mercal 750 cubic inches.

 { 815 Raw Rice..... 114 2·94
 { 841 Horse Gram..... 118 3·04

The Standard Madras Puddee or "Measure" is generally a Cylinder 4 inches in diameter and 8 inches deep, containing 100 cubic inches, as in the above Table. Now 100 cubic inches of water at 80° weigh 3·6lbs. Avoirdupois, or 140 Tolas exactly.

38·889 Rupees = 1 lb. Avoir. or 2·43 Rupees (2·7·0) = 1 Ounce; or 350 Rupees = 9 lbs. Avoir. exactly.

1 Measure - - - = 1·44 Quarts. { 22·18 Mercals - - - } = 1 Quarter.
 2·77 Measures - - - = 1 Gallon. { 177½ Measures - - - }
 22·18 Measures - - - = 1 Bushel. { 1 Garce - - - } = 18 Quarters.

The "Seer" is often spoken of as a *measure*, whereas it is properly a *weight* of 80 Rupees, (though in some places it is 84 Rupees). Where the Seer is spoken of as a *measure*, it is usual to calculate 2 Madras Measures to 3 Seers, and it so happens that 2 of the Madras Regulation Measures contain about 6·2lbs. of *paddy*, a weight equal to 3 Seers of 80 Rupees. 1lb. Avoir. = 38·889 Tolas.

Salt.

See XLIII. Act VI. of 1844 enacts that the price of Salt at the Presidency of Madras be fixed at 1½ Rupees per Maund of 3,200 Tolas weight. The price was subsequently lowered by Government, August 13th, 1844, to 1 Rupee.

The Maund here spoken of is the Indian Maund of 3,200 Tolas or 82½ lbs. Avoir. On the 25th July 1847 Government permitted Salt to be sold by *measure*, at 120 Maunds to a Garce. This appears to be the average derived from actual experiment when measuring in vessels containing about 800 cubic inches, and not shaken more than can be helped.

Now the Mercal used for Salt is what is called the DeHaviland Mercal, and has been adopted since 1820. It has a cubical content of 828½ cubic inches or 3¼ per cent. larger than the Regulation Mercal of 800 cubic inches. Its diameter is 8 inches and depth 16·479.

400 of these Mercals, or 1 Salt Garce = 331333½ cubic inches giving 2761·1 cubic inches to 1 Maund, and 120 Maunds to the Garce of 9874½ lbs. 3½ Mercals = 1 Maund, and 1 Mercal = ⅓ of a Mercal or 960 Tolas, or 12 Seers of 80 Tolas each.

In Bombay the Salt is sold in boxes calculated to contain one Maund. The cubic contents of such a box being 2924·1 cubic inches giving a Specific Gravity of ·7803; whilst the Madras rate is 2761·1 cubic inches to the Maund, or a Specific Gravity of ·8264. At the Bombay rate a Madras Garce would weigh 113·34 Maunds, and not 120; or a difference of about 6 per cent.

At 120 Rupees for 3,31,333½ cubic inches a Regulation "Measure" of 100 cubic inches would cost 7 Pice, and a Mercal 4 Annas 6½ Pice.

To ascertain the Specific Gravity when it is known how many lbs. a given number of Cubic Inches weigh.

$$\text{Sp. Grav.} = \frac{\text{lbs. weight} \times 27\cdot274}{\text{cubic inches.}}$$

* As the Temperature increases, a deduction in weight must be made from that which a given capacity weighs at the Standard of 62° where 100 cubic inches weighs 25245·8 grains. For every 100 cubic inches at 80° deduct 42·2 grains.

The Mercal has a capacity of 193½ cubic inches, or about 230 when heaped with horse gram. It was usually supposed that 4 Tanjore mercals (774 cubic inches) was equal to a Madras Mercal of 800 cubic inches. If heaped they would equal 920 cubic inches.

1 Kole or Rod.....	= 24 feet.
1 square Kole or Goollee.....	= 576 square feet.
100 Goollees.....	= 57,600 square feet or 1 Cawnie.*

In some districts the Cawnie is divided into Annas or sixteenths, each Anna being 3,600 square feet or a square of 60 feet each way.

The Goollee is often called Coolee or Goontah.

Since an Acre is 43,560 square feet or 4840 square yards.

And a Cawnie is 57,600 square feet or 6400 square yards it follows that

1 Cawnie.....	= 1322,316 Acres.	1 Beegah of N. W. Provinces
1 Acre.....	= 0.75,625 Cawnies.	= 3025 sq. yards or 1 Acre
And 640 Acres or 484 Cawnies ..	= 1 square mile.	= 1.6 Beegahs.

Nellore.

1 Goontah.....	= 4096 square feet.
50 Goontahs.....	= 1 Garra of 204800 sq. ft.
8 Garrahs.....	= 1 Coochela 16,38400 sq. ft. or 37½ acres.

Guntoor.

1 Goontah.....	= 15600 sq. ft. or 1733 sq. yds.
64 Goontahs.....	= 1 Coochela of 9,98,400 sq. ft. or 22½ acres,
	though often reckoned at 30.

The Coorchela has also been reckoned at 32 Goontahs of 2055 sq. yards each, which would give 13,5867 acres.

In Salem, Bellary, Cuddapah and the Palnād Division of Guntoor, the English Acre is used; it is divided into 40 Goontahs each Goontah being a square of 33 feet each way.

In North Arcot, South Arcot and Chingleput, the Cawnie is used.

The Cawnie is also used in the measurement of *Wet Land* in Coimbatore, Trichinopoly, and the Madura Division of Madura.

In Tanjore the measurements are in Vaylies, each Vaylie being divided into 20 Mows, and each Mow into 100 Goontahs or Goolies of 144 square feet.

A Vaylie is exactly 5 Cawnies or 6 $\frac{1}{2}$ Acres, or 288,000 square feet.

In the following Districts other Measurements are used.

[The following table was circulated with the *Bombay Courier* of the 8th December 1835, its value and utility have induced its extract here.]

* In a map drawn to a scale of 80 yards to an inch, a square inch is just 1 cawnie; for $\sqrt{6400} = 80$, whilst $\sqrt{4840} = 16.9154$.

† Divided into 168 Puddees. It is supposed to require 1 Cottah or Kotay (21 Tinnevely Mercals) of Seed.

‡ Dry land in the Dindigul Division of Madura is measured with a "chain" of 160 feet (formerly 158 feet); a square of which (or 25,600 square feet) is called a Goollee. 2½ of these Goollees = a Dindigul Cawnie. The *Nungah* Goollee is the same as that of Madras, i. e. 576 square feet.

|| Divided into 32 Goontahs.

¶ Divided into 100 Goontahs.

¶ The Malabar Tooni is supposed to require 1 Tooni, or 6 puddees of seed.

PRIMITIVE STANDARD.

The Proposed Universal Standard is the mean length of the Pendulum, which vibrates Seconds, in Latitude 45° , at the level of the Ocean, at the temperature of $39\frac{1}{4}$ Degrees of Fahrenheit, = 39.09785 English Inches.

CALCUTTA.

COINS.—Accounts are kept here in Rupees, with their subdivisions, Annas and Pie; 12 Pie make 1 Anna; 16 Annas 1 Rupee.

The Standard of the Bengal money has ever been Silver. Gold is occasionally coined, but the great bulk of the currency is Silver.

There are various kinds of Rupees to be met with in Bengal, whose fineness and weight are different, though their denominations are the same. From this, and from the Natives frequently punching holes in the Rupees, and filling up the vacancy with base metal, and their wilfully diminishing the weight of the coin after coming from the mint, the currencies of Rupees from the different provinces are of different values. This defect has introduced a custom of employing Shroffs or money changers, whose business it is to set a value upon these different currencies, according to every circumstance, either in their favour, or their prejudice. When a sum of Rupees is brought to one of these Shroffs, he examines them piece by piece, and arranges them according to their fineness; then by their weights, he then allows for the different legal battas upon Company's Rupees, Siccas and Sonants; and this done, he values in gross by the Rupees current what the whole are worth; so that the Rupee current is the only thing fixed, by which coin is valued.

A Lac of Rupees is 1,00,000; and a Crore, 100 Lacs or 1,00,00,000 Rupees: and in accounts, sums are distinguished into Crores, Lacs, and single Rupees, by marks or divisions.

Cowries, small, white, glossy shells, are made use of for small payments in the Bazaar, and are generally thus reckoned.

4 Cowries.	} equal to {	1 Gunda.
20 Gundas.		1 Pun.
4 Puns...		1 Anna.
4 Annas...		1 Cahau, which is about $\frac{1}{4}$ of a Rupee.

But they rise and fall according to the demand there is for them, and the quantity in the market.

The subdivisions of the *Ponderary systems*, throughout the whole of British India, generally agree in name, though they differ in value. Thus in every case.

(Variable) Dhan.....	1 Ruttee.
8 Ruttees.....	1 Maasha.
12 Maashas.....	1 Tola.
(Variable) Tola.....	1 Chittack.
16 Chittacks.....	1 Seer.
40 Seers.....	1 Maund.*

The number of Dhans in a Ruttee, and the number of Tolas in a Chittack are arbitrary. The annexed Tables show all the varieties that have been brought to notice. To save needless repetition we shall refer to them as may be necessary, and give in detail only the peculiar systems of each district.

4 } or 8 }	Dhans.....	1 Ruttee.
8 }		
8 Ruttees.....		1 Maasha.
12 Maashas.....		1 Tola.

* The Indian Maund is $82\frac{1}{2}$ lbs. exactly. The "Factory Maund" is $74\frac{1}{2}$ lbs. or 3 Factory Maunds = 2 cwt.

The Linear measures of India generally are based on the following system :—

5 Ungoolees or finger's breadth.....	1	mooshtika or palm.
6 Mooshtikas.....	1	hustu, or hāth, or cubit.

ALSO

14 Jussoos, or lengths of the } first joint of the thumb }	1	hāth or cubit.
20 Jussoos.....	1	guj or clothier's yard.
24 Jussoos.....	1	guj or artificer's yard.
42 Ungoolees.....	1	Mahomedan guj or yard.

From the very careful investigations of Major Jervis, as given in his work on Indian Meteorology it appears that :

1 Cubit or hāth of 14 Jussoos } or 24 Ungoolees	19-5489 inches.
1 Guj of 20 Jussoos.....	27-9271 "
1 Guj of 24 Jussoos.....	33-5125 "
1 Guj of 42 Ungoolees.....	34-2106 "

The standard or Ilahee guj used in the land settlement of the North Western Provinces has been fixed at 33 inches, whence

33 Inches.....	1	Ilahee guj.
3 Gujas.....	1	Bans or measuring rod.
20 × 20=400 Sq. Bans...	1	Beegah=3025 Sq. yards.

In Bengal the hāth or cubit has been assumed to be 18 inches in length, and thus generally

4 Square Hāths..	1	Square Cowrie or Kurra.
4 " Cowries..	1	" Gunda.
20 " Gundas..	1	" Kutta.
20 " Kuttas..	1	Beegah..1600 Square yards.

These are the Beegahs most in use, and are the only values referable to fixed standard. The hāth may be said to vary between 15 and 30 inches, and the beegah between 1500 and 3000 square yards.

16 Do. or 4 Annas	1	Quarter.
32 Do. or 8 Annas	1	Half Rupee.
64 Do. or 16 Annas	1	Rupee.
15 Rupees.....	1	Gold Mohur.

Gold Coins—Mohur of 1830 weighs 180 grains, value 15 Rupees.

Silver do.—Rupee, half Rupee and quarter Rupee.

Copper do.—Double Pice, Pice, and one-third Pice.

4 Pice.....	1	Anna.
16 Annas.....	1	Rupee.
15 Rupees.....	1	Gold Mohur.

The intrinsic value of a Rupee coined into English money, (less the Mint duty of 4s. per lb.) leaves 1s. 10d. 2f. after deducting the freight and Insurance to England, Charges, Commissions, &c.

On the same calculation, it is equal to 2 francs 34 cents $\frac{321}{1000}$

Dry Measure.

The large dry measure in Bombay for Salt is the Phara (or Purrah) containing

10½ Adholee	= 1 Phara.
100 Pharas	= 1 Anna.
16 Annas	= 1 Rash or 40 Tons.*

The Phara measure when used, is struck off even with a run by a rod made for the purpose. The small dry measure for grains is the seer, whereof

4 Seers	= 1 Puheelce.
17 Puheelces	= 1 Phara.
8 Pharas	= 1 Candy.

Batty or Rice in the Husk is reckoned by Moora or 25 Pharas.

Liquid Measure.

The Liquid Seer Measure used in Bombay for Spirits, Arrack, and Milk, is equal in weight to 60 Rupees, or 1lb. 19oz. 7dwt. 12 grains troy. The Maund consists of 40 of these seers, and the seer is subdivided into half seers, quarter seers, and the latter into two measures called now-tanks or nine-tanks tuchka. The measures of Oil, corresponds with the Maund of 28lbs. that is, the contents weigh that, and the contents of the seer consequently weigh 11 oz. 4 dwt.

Bombay and Canara Measurement of Timber and Plank.

Timber.....	20 Vissvassa=1 Vassa.
20 Vassas	= 1 Covit or Candy.

Plank is measured by the Guz of 28 English inches, or 24 Borels, 24 Borels in length, 12 Borels in breadth, and 1 Borel in thickness, make a Guz. A Borel is equal to 1,000 English inches.

Malabar Measurements.

Timber....Is measured by the Candy or Covit.

16 Monganies	= 1 Borel
24 Borels	= 1 Kol
24 Kols	= 1 Covit or Candy.

Plank.....Is measured by the Guz, thus,

10 Monganies	= 1 Borel.
92 Borels in breadth, 24 Borels in length, and 1 Borel in thickness,	constitute a Guz.

English and Bombay Measurement in the Dockyard.

Timber.....12 Cubical feet and 1216 inches= a Covit or Candy.

3 Covits and 18½ Vassas= 1 ton or 50 Cubical feet.

26 Cubical feet, and 206 inches= 100 Guz, the quantity in which plank is bought and sold.

New Weights and Liquid Measures,

Compiled by the Hon'ble J. H. CRAWFORD, ESQ., late Accountant General.

New Indian Weights established in Bengal by Regulation VII. of 1833, and adopted by the Government of Bombay, at the recommendation of the Tariff Committee in the New Tariff valuation, about to come into operation throughout the Bombay Presidency; with a few memoranda, intended to facilitate the conversions of old weight into new, that may become necessary in Custom House transactions under the new system of valuations mentioned about 10th December 1840.

1 Tola.....	=	180 Grains Troy.
80 Tolas= 1 Seer.....	=	14,400
40 Seers= 1 Indian Maund.....	=	576,000 Grains, or 3200 Tolas.

Then as = 7,000 Grains Troy are exactly equal to	1	lbs. Avoird.
1 seer of = 14,400 Grains Troy are exactly equal to	2	2-35ths.
1 md. of = 576,000 Grains Troy are exactly equal to	82	2-7ths.

* If 1600 Pharas = 40 tons or 89600 lb. 1 Phara = 56 lbs. or ½ a cwt.

And it follows therefore,				lbs. Avoird.	
That 35 Seers are <i>exactly equal to</i>				72	" "
" 7 Indian Maunds = wt.	57	or	576	" "	" "
" 49 do. = "	399	or	4,032	" "	" "
" 245=9 tons = "	1995	or	20,160	" "	" "

The following simple and accurate Rules for the conversion of new Indian weight into avoirdupois weight, and vice versa, deduced from the foregoing data are given in the volume of useful Tables published by Mr. James Prinsep, in Calcutta in 1834, page 66.

Rule 1. *To convert Indian weight into Avoirdupois weight.*

1. Multiply the weight in seers by 72 and divide by 35, the result will be the weight in lbs. avoirdupois.

Rule 2. *To convert Avoirdupois weight into Indian weight.*

1. Multiply the weight in lbs. avoirdupois by 35 and divide by 72, the result will be the weight in seers.

2. Or, Multiply the weight in cwt. by 49 and divide by 36, the result will be the weight in maunds.

Since the foregoing memoranda and calculations were made, I have been able to obtain a copy of the Bengal Regulation VII. of 1833, on which the new system of Indian weight is founded, and subjoin the following further memoranda, connected therewith, in the belief that they will be found useful at this time.

The first Section of the Regulation in question, after reciting the reasons that render it expedient to adopt the weight and standard of the Furruckabad Rupee (which are the same as that of Madras and Bombay Rupee) in the Calcutta Mint as well as in the Saugor Mint, where they had been introduced as far back as the year 1824-25, continues as follows: "It is further convenient to introduce the weight of the Furruckabad Rupee as the unit of a general system of weights for government transactions throughout India, under the native and well known denomination of the *Tola*."

And Section IV. in ordering the discontinuance of the use of the Sicca weight of 172,666 grains heretofore employed for the receipt of Bullion to the Calcutta Mint, states that "in its place the following unit to be called the *Tola* shall be introduced, which from its immediate connection with the Rupee of the upper Provinces, and of Madras and Bombay, will easily and speedily become universal throughout the British Territories."

The *Tola*, or Sicca weight to be equal to 180 Grains Troy, and the other denominations of weight to be derived from this unit, according to the following scale :

8 Ruttees = 1 Masha =	15 Troy Grains.
12 Mashas = 1 Tola =	180 do.
80 Tolas (or Sicca weight) = 1 Seer =	2½ lbs. Troy.
40 Seers = 1 Mun (or Bazaar Maund)	100 lbs. Troy

Mr. James Prinsep says with reference to the foregoing change, in pages 62 and 63 of his very useful Tables already alluded to in these memoranda. The *Tola* is chiefly used in the weighing of the precious metals and Coin; all Bullion at the Mints is received in this denomination, and the Tables of Bullion produce are calculated per 100 Tolas. It is also used at the Mints to make the subdivision of the *Tola* into annas (sixteenths) and pie, in lieu of Mashas and Ruttees.

Mashas, Ruttees, and Dhans are used chiefly by native Goldsmiths and Jewellers. They are also employed in the native valuation by assay of the precious metals; thus 10 Mashas fine, signifies 10-12ths pure, and corresponds to "10 oz. touch," of the English assay report of silver. There is a closer accordance with the English Gold assay scale, inasmuch as the 96 Ruttees in a *Tola*, exactly represent the 96 Surat grains in the Gold assay pound, and the Dhan the quarter Grain, and the Ruttee, of which eight go to the Masha as the above, is not an exact divisor of the latter weight, the following further Table may not be without use in calculations connected with the conversion of precious metals from the Troy weight of Great Britain, into the *Tola* weight of India :

1 Ruttee = Grains Troy	1.875 decs.—or 1½ Grains Troy exactly.
2 do. = do.	5.750 " 3½ do.
3 do. = do.	5.625 " 5½ do.
4 do. = do.	7.500 " 7½ do.
5 do. = do.	9.375 " 9½ do.
6 do. = do.	11.250 " 11½ do.
7 do. = do.	13.125 " 13 & 1-5th do.
8 do. = do.	15 " 15 do.

It will be observed, that the preceding observations, whether extracted from the Regulations of Government (VII.) of 1833 Bengal, Mr. Prinsep's Tables, or made by myself, relate chiefly to the Bullion or Mint weights. Speaking on the *Tola* in connection with Indian weights generally Mr. Prinsep says, Page 81, "The unit in the British Indian ponderary system is called the *Tola*. It weighs 180 Grains English Troy weight. From it upwards are derived the heavy weights, viz. Chittack, seer, and mun (or Maunds), and by its subdivision the small or Jeweller's weights called Mashas, Ruttees, and Dhans.

These last mentioned weights having already been disposed of, it will be sufficient to give the following Table of the large or Bazaar weights.

5 Tolas or Sicca weights, = 1 Chittack, or Grs. Troy 900	
16 Chittacks.... = 1 Seer or lbs. Troy 2½	
43 Seers.... = 1 Maund or lbs. Troy 100	

and to add with reference to the Chittack that it is the lowest denomination of the Gross weights; and in Bazaar transactions is commonly divided into halves and quarters (called in Bengalee Kacha,) thus marking the line between the two series which are otherwise connected by the relation of the seer, &c. to the Tola, (Prinsep's Table, Page 62) whilst the Government of India appear, by the Tables prepared by their authority for the transactions of the Commissariat and other public Establishments in Bengal, to have sanctioned the introduction of a smaller denomination of greater weight than the Chittack, called tenth parts in the Tables in question.

It appears to me, however, that neither of the above subdivisions of the Chittack are so correct in principle, and certainly not more convenient in practice, than the Tola, the unit on which, as observed by Mr. Prinsep, the whole ponderary system of India is founded. In the practice adopted in the Bazaar transactions as above, subdivisions of one half and one quarter, are not only themselves fractional parts of the Chittack, but represent Tolas and their fractional parts, also half a Chittack being equal to two and half Tolas, and the quarter of a Chittack to 1½ Tola, and neither of them carries the subdivision so low in actual quantity as the weight represented by the unit itself, whilst in the transactions of Government though the actual quantity represented by the newly created tenth parts, carries the weight as low as half Tolas, it does so by the adoption of weight not recognised in the general dealings of commerce or by law, and as it appears to me without sufficient cause, for if a Tola, which is considerably less than half an ounce avoirdupois, is a weight not sufficiently small for the purposes of Government, its transactions may be carried out in the next lower subdivision to Tolas, Mashas, and Ruttees, viz. Grains Troy. But I believe it will be admitted by mercantile men in general, that the ounce avoirdupois is the lowest denomination of English weight to which recourse need be had in the ordinary operations of commerce, and it therefore seems to me, that the Tola which, as already stated, is not equal to one-half that weight, is as low a standard as need be noticed in Indian mercantile dealings generally, the more especially as the subdivisions of the Tola (Masha and Ruttees and Grains) afford the means of the most minute calculations in retail transactions, as well as in the adjustment of weights connected with the more valuable articles of Trade such as Musk, Opium, Silk, &c. &c. &c., and in all dealings indeed where perfect accuracy is considered necessary or desirable.

The weights of the several Presidencies of India, Travancore, China and England, compared with the new Indian Maund introduced into Bengal by Regulation VII. of 1833, and adopted in the New Tariff valuation about to come into operation under the Bombay Presidency (10th December 1840.)

Making the proportion between the old Wine Gallon and the Imperial Gallon so nearly as 10 are to 12, or 5 to 6, that the difference between converting the former description of Gallon into the latter, according to the proportions just quoted, or working the conversion to the greatest nicety of calculation, will only occasion a difference of 222 decimal parts of an Imperial Gallon (or say, rather more than 1-5th of an Imperial Gallon) in every one thousand (1000) old Wine Gallons converted as above.

To convert old Wine Gallons, therefore, into Imperial Gallons, we may either multiply by 5 and divide by 6, or deduct 1-16th from the number of old Wine Gallons given.

To convert Imperial Gallons therefore into old Wine Gallons we may either multiply by 12 and divide by 10, or multiply by 6 and divide by 5, or add 1-5th to the number of Imperial Gallons given.

Memorandum intended to show the check against fraudulent weights in the Bazaar, and elsewhere, which the introduction of the New Indian Maund and its several subdivisions, will prove, wheresoever adopted, to all classes of the community.

Extract being para. 6 of a Report from the Revenue Accountant (Bombay) to Government in the Territorial Department, No. 22 of 1839, dated 25th May 1839.

6. It has been stated in the 4th para. of this Report, the Revenue Accountant would recommend Indian Maunds, Seers, and Tolas, in preference to lbs. avoirdupois, as the weight to be adopted in Opium purchases and sales hereafter, and he would now respectfully state, in support of this opinion, that however much maunds differ in their actual weight, and in their several subdivisions in different parts of India, still the maund is a weight familiar to the Native population in every portion of it, and that whilst the Company's or head Rupee, which is exactly a Tola, or 180 Grs. troy, enables every individual of the better classes of Society, who may possess eighty Rupees of that coinage or of the Bombay, Madras, and Furruckabad coinage of years immediately preceding the introduction of the head Rupee, to check or establish a standard seer in every part of the country, the proper individual, to whom our Copper currency may be better known, need only possess thirty-six Annas (or two and quarter Rupees) of the new Copper coinage to command the same check against fraud and imposition, as his more fortunate neighbour, the possessor of Rupees; the weight being in both cases grains troy fourteen thousand and four hundred, and therefore equal to one new Indian seer as per margin.

1080 = 14'400 grains
troy, 80 tolas or 1 Indian Seer.

1 Anna in Copper Grs.
troy 400—36=14'400

N. B.—And further if annas 36=1 seer, then 36 annas × 4 annas=144 ÷ 12 rupees in new Copper currency=4 seers of the new India weight.

BURMAH.

Measures of Distance.

The Burmese make use of two measures of distance; one they call "the poor man's measure," and the other "the chief, or great man's measure." This last is the Royal or Standard measure, but the other is in most common use, except in matters where the Government is concerned.

The equivalents given above are for the poor man's measure, Theet, Maik, Twa, Tounge, Ta and Daing are the Measures in most frequent use. The Royal Cubic, Thantounge, which is the Government standard, upon being carefully compared, was found to measure exactly 19 1-10 English Inches. According to this, the finger breadth (Theet) which is that of the fore-finger taken at the middle joint is 99-100 of an inch; the fathom (Lan) 7 64-10 inches; the D bamboo (Ta) 133 7-10; and the Daing 2 miles, 193 yards 2 feet 8 inches.

In the Tenasserim Provinces, however, the English foot measure is coming into use, and will soon supersede those above given.

The Chopa is divided into halves and quarters. A parah (a nominal measure) of 10 Gantons, but sometimes consists of 5, 15, or 20 Gantons.

CHINA.

MONEY.

10 hwuh	make a sze*
10 sze	— a haou
10 haou	— a le or cash
10 le*	— a fun or candareen†
10 fun	— a tseen or mace
10 tseen	— a leang or tael
16 leang	— a kin or catty=1½ lb. avoirdupois.
100 kin	— a tan or pecul=133½ lbs.
7 mace 2 can	— a Spanish Dollar ‡

As the Chinese have no gold or silver coins, but make payments in those metals by weights, this table applies equally to money and to weights of all kinds, excepting that, in money reckonings, nothing higher than the leang or tael is employed. The only coined money the Chinese have is the le or cash. It is made of a very base alloy of copper, is round, about the size of an English farthing, and has a square hole in the middle, by which a hundred or more are usually strung together: on one side are Chinese characters denoting the reign under which the cash was cast; and on the other side, in those of the present dynasty, are either Chinese or Manthchou characters, designating the place of coinage. Under preceding dynasties, two, five, and ten cash pieces have been in use, as well as other coins of various descriptions; but the single cash is the only coin now current throughout the empire. It is cast also in Japan, Corea and Cochin-China; and is clandestinely imported from the last named place, to a large amount.

WEIGHTS.

In China, almost every thing is sold by weight, not excepting even liquids and live stock. The only weights are those already given above, the principal of which are the pecul, catty, and tael divided thus:

16 taels make a catty.
166 catties „ a pecul.

At Macao, the pecul is distinguished by the Portuguese into three kinds, viz.

The pecul balança of 100 catties = 133½ lbs. avoirdupois;
The pecul seda of 111-15 do. = 148 1-5th lbs; and
The pecul chapa of 150 do. = 200 lbs.

90 Catties seda = a Canton pecul or pecul balança.

By the first, are sold cotton and valuable articles; by the second, alum, pepper, and coarse goods; and by the third, rice.

In transactions between one Chinese and another, goods are weighed by the Chinese dotchin or balance, which is about 3 per cent. less than the English weights; the latter are always used in transactions with foreigners.

Note.—At the money standard of 120 oz. 16 dwts. English troy weight for 100 taels, the pecul, which contains 1600 taels, should weigh avoirdupois lbs. 132-535. The actual standard of the pecul being 133½ lbs., a slight discrepancy thus appears between the money tael and the commercial tael, at the standards assigned to each. But no such difference is recognized by the Chinese. This is noticed to account for what will otherwise appear erroneous in some of the following tables.

MEASURES.—I. Long Measure.

10 fun	or parts make a tsun	or punt.
10 tsun or punts	„ a chih	or coid = 14 5-8th inches.
10 chih or covids	„ a chang	= 4 yards nearly.
1 chang	„ a yin	

* These terms are also applied to designate the parts of a dollar: haou is a tenth, and sze a hundredth part.

† In money, the value of the Candareen varies from 10 to 13 or 14 copper cash, and hence the mace varies from 100 to 140, and the dollar from 720 to 1000 cash; but in weight whether of silver or of any other article, le or cash always continues the same integral part of a candareen.

‡ This is the general estimate, made by the Government, and the bazaar change for dollars to small amount, 7 mace 2 candareen being the full weight of a good and unmutilated dollar, but in consequence of the system, adopted by all Chinese merchants and shopkeepers, stamping every dollar they pay out, the weight very speedily diminishes, until the dollar is eventually broken into pieces, in which state it is melted into sycee.

The above are employed in the measurement of all kinds of piece goods, &c., as well as of every description of workmanship. The following are employed in measuring distances.

6 chih or covids make a poo	or pace = 5½ ft. nearly.*
365 poo or paces " a le	or Chinese mile = 859½ yards.
250 le or miles " a too	or degree on the Equator.

The chih, coid, or foot is of several varying lengths; according to Milburne, that of the mathematical academy is about 13½ English inches; that of the tribunal of Public works 12½ inches; and that employed by tailors and tradesmen, 13¼ inches. None however, of these three, is the same as the ordinary coid of Canton, used both in the measurement of vessels, and by tradesmen, which is about 14 5-8th inches. The le or mile, is likewise a very uncertain measure of length, varying in almost every part of the country. It also, like the European geographical mile, forms an integral part of a degree whether of a latitude or longitude. But the scientific division of the degree, derived from the European Missionaries, is into 60 fun, or minutes, the fun being divided into 60 meao or seconds.

II.—Land Measure.

5 chil or covids make a poo or kung.
240 poo or kung " a mow or acre.
100 mow or acres " a king.

This is the present established land measure, which varies considerably from that formerly in use. In scientific calculations, the mow is divided into ten fun, and the fun into 24 le, and so on, through the several fractional terms which have been already given, at the commencement of the table of weights. The poo or pace, also, is divided decimally, the same terms, fun, le, &c., being employed.

III.—Measure of Contents.

6 suh	make a kwei
10 kwei	" a chaou
10 chaou	" a tsuy
10 tsuy	" a cho
10 cho	" a ho
10 ho	" a shing = 31½ cubic punts.
10 shing	" a tow = 316 " "
5 tow	" a hwo = 1680 " "
2 hwo	" a shih = 3160 " "

This is the scientific division, established by the reigning dynasty. The common measures are

2 yò	make a hò
10 hò	" a shing, or pint.
10 shing	" a tow.
10 tow	" a hwó.

This table is employed almost exclusively in the measurement of grain; all other articles and even liquids being sold by weight. In dealings with foreigners, however, and probably, also, in large dealings among themselves, the Chinese sell rice and other grain by the caty and pecul weight, instead of the shing, tow, &c. In the sale of paddy, two-thirds are allowed for the trouble and diminution in weight, which accompany the taking off the husk, or which is the same thing, paddy is sold at one-third the price of the same weight of rice.

Numbers,

Though not properly included among the subjects now treated of, may be, not inappropriately, here given. The ten units are the following.

At full length. Common from. Contracted Canton. Fokien.

1	Yih	—	yat,	yit, †	<i>chit,</i>
2	Urh	..	ec,	je,	<i>no,</i>
3	Sau	..	sam,	sam,	<i>ma,</i>
4	Sze	..	se,	soo,	<i>se,</i>

8	Pa	..	pat,	pat,	<i>payh,</i>
9	Kew	..	kow,	kew,	<i>kaou,</i>
10	Shih	..	sha,	sip,	<i>chap.</i>

The Chinese term for expressing 10 is pih; 1000 tseen; 10,000 wan; 100,000 pih, wan, "a hundred myriads;" 100,000,000, yih, &c.—progressing decimally through the terms chaou, king, hae, te jang ken, keen, ching, and tsac. To express 12, 13, &c. the words or figures 10 and 2, 10 and 3 are put together; thus shih-urh, 12; shih-sau, 13, &c. Also urh-shih-yih, "two tens and one," denotes 21, &c.

In China almost every trade has a distinct system of secret numbers, that is, instead of using the proper characters for designating prices, they adopt other characters, by which they arbitrarily express their meaning, so as to be understood only by persons of the same trade.

* This being according to the measure of the mathematical academy, differs from the preceding statement.

† In the Fokien provincial dialect, characters have two pronunciations, the reading and the spoken, or colloquial. The pronunciations here printed in italics are the colloquial.

The Chinese method of computing is by a kind of abacus, which they call a *Swau-pwan*, counting board.

MAURITIUS.

Accounts are kept here by Merchants in English currency which has been extended to all Her Majesty's Colonial possessions, and the old coins in use are the following:

To find the Area of Triangle whose Perpendicular is not known.

Call the 3 sides a, b, and c; and $\frac{1}{2}$ their sum call S; then the Area = $\sqrt{(S-a) \times (S-b) \times (S-c) \times S}$
N. B.—This is easily worked out by Logarithms.

To find the Area of a long Irregular Figure, in Land Surveying.

Take any number of offsets at equal distances along E. D. Add all the offsets together. Divide the sum by the number of offsets plus 1, and multiply the Quotient by E. D.

The Ordnance Survey of Great Britain is laid down on a Scale of 6 inches to a mile. The scale of the "Indian Atlas" in sheets, is 4 miles to 1 inch. Areas of Fields cannot well be computed in a Map whose scale is less than 5 Gunter's chains to an inch, or 16 inches to a mile. The scale used in the Bombay Revenue Survey, and also in the N. W. Provinces, is 4 inches to the mile.

Plans and Sections for projected Railways are required to be drawn on Scales not less than 4 inches to 1 mile for the Ground plan, and 100 feet to the inch Section.

An angle of 7° or 8° is the greatest ascent that a carriage can surmount: 13° for beasts of burden: an angle of 35° cannot be ascended by a man, without steps, and with steps 45° is very difficult. Holborn Hill is 1 in 18, or 3 $\frac{1}{2}$ degrees.

1 chain to an inch is 80 inches to the mile.

100 feet to an inch is 52.8 inches to the mile.

200 feet to an inch is 3.03 chains to 1 inch.

* There are pieces of five, ten, and twenty fudd'ahs.

On Keeping Registers of Thermometers.

A Register of a Thermometer kept *in doors* is no use. It should be placed in a well sheltered Verandah, and at a height of at least 5 feet from the floor. In India it is next to impossible to avoid the effect of radiation from the Earth, Walls, &c. &c., the consequence is that in the hot weather the Thermometer readings are generally given much too high. The Bulb may be screened by plantain or other leaves placed about a foot from the Bulb, and the Thermometer should be moved during the day to those parts of the Verandah where there is most shade.

The climate of a place is not to be ascertained by any number of observations of a *dry* Thermometer. It is very necessary to have one also with the Bulb kept moist, in order to register the *Humidity* of the air. It must be obvious to every one that at a temperature of 88° for instance, it makes all the difference whether the air be moist or dry. For want of attending to this many Thermometrical Registers, laboriously kept up are utterly useless. Those in Clark's work on climate for instance.

The Wet Bulb observation is very simple. It requires nothing more than a Thermometer with the Scale cut away at the end so as to lay bare the Bulb, which is to be enclosed in a fold of muslin, tied by a thread round the neck of the Bulb. Two or three minutes before observing, wet this Bulb; or else a few threads of cotton may be tied to the neck and the ends kept in water, which will keep the Bulb always moist. The proper moisture to keep it at, is that which just keeps a drop of water hanging from the lower part of the Bulb. Before using this Thermometer the wet one should be compared *when dry* with the other Thermometer, and placed not far from it. The greater the dryness of the air, the greater will be the evaporation of the Wet Bulb, and consequently the greater the depression of the mercury in the wetted Thermometer.

But the same number of degrees of depression does not always denote the same amount of moisture—for the temperature of the Dry Bulb is to be taken into consideration. Thus when the Dry Thermometer is at 89° with a depression of 7° , the moisture of the air is 75 per cent. of complete Humidity, whilst with the Dry Bulb at 72° and the *same depression*, the humidity is 70 per cent. i. e. much drier.

If the Dry Bulb falls, and the “depression” diminishes, it is a sign of rain.

In the annexed Table I. (revised at the Observatory) the degree of Humidity is given for all temperatures and states of the air generally met with in Southern India—excepting of course high elevations.

Table II. gives the average temperatures at Madras, 8*A.* 41*m.* A. M., 1*A.* 41*m.* P. M., and 8*A.* 41*m.* P. M., these are good times for comparative observations with Madras.

TO FIND

The Simple Interest of any Sum.

RULE.

Multiply the principal by the number of days, and that product by the rate per Cent. Strike off 2 figures from the right of this product, and then look into the "Interest Calculator" for the figure approaching nearest (*less*) to the product obtained. The Interest in Rupees, is set opposite this No.—for the difference between it, and the product aforesaid, look into the Table of Remainders, and the sum set opposite to it, will be the interest in Annas and Pice.

NOTE.—The total value whether "Market" or "Tariff" Weight and Quantity must be written in words as well as figures.

All Articles not enumerated in the Tariff and subject to duty ad valorem, will be passed upon the Market value declared and determined in the mode prescribed by Sections XXI., XXII. and XXIII. of the Act VI. of 1844. It shall be competent to Importers to produce their Invoices in support of the Market value put upon their Goods, and the same will be duly considered, but not implicitly accepted by the Collector, at the same time it is to be distinctly understood that the Collector of Sea Customs will be at full liberty to reject any such values, and to take on behalf of Government in the mode prescribed by Section XXIII., Act VI. of 1844, any Articles which he may consider to be undervalued.

The Market and Tariff value upon Goods to be thus assessed to be inserted by the Importer and the total amount of the value to be written in words as well as figures.

Consolidated Port Charges.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 20th of May, 1839, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XIII. OF 1839.

1. It is hereby enacted, that the several charges of the Port and Roadstead of Madras levied under the heads of Anchorage duty, Light House duty, regular Boat hire and Report Catamaran hire shall from and after the first day of August next be consolidated and commuted into a Port duty to be levied at the rate of three Annas per Ton upon every Vessel, not being a vessel sailing under the colours of a Foreign, European, or American nation, of which the Tonnage shall not exceed 700 tons by measurement made in the manner prescribed by Act 5 and 6, of Will. IV. c. LVI. and if the vessels exceed 700 tons by measurement so made, the Port duty shall be levied as upon that tonnage.

II. And it is hereby enacted, that upon every vessel sailing under the colours of a Foreign, European, or American nation that may anchor in the Port of Madras, there shall

be levied a consolidated Port duty at the rate of three Annas six Pie per ton, according to measurement made in the manner above prescribed.

III. And it is hereby enacted, that if any vessels, British, Native or Foreign anchoring in the Port of Madras, shall not break bulk therein, and shall not remain four complete days from the time of dropping anchor, there shall be levied upon such vessels reduced duties as follows: that is to say, two-fifths of the tonnage duty prescribed above shall be levied upon every vessel which without breaking bulk shall after anchoring therein sail again out of the Port within forty-eight hours, and seven-tenths upon every vessel which without breaking bulk shall stay more than forty-eight hours and less than four complete days.

IV. And it is hereby enacted, that all the powers and authorities, penalties, and other means whereby the payment of any of the charges of the Port and Roadstead of Madras may have been legally enforced before the passing of this Act, shall be applicable to the enforcing of the consolidated and commuted Port duties imposed by virtue of this Act.

V. And it is hereby enacted, that it shall be lawful for the Government of India to order the consolidation and commutation of any Port or Harbour duties, as levied in any subordinate Port of any Presidency into a Tonnage duty, which shall be levied at the rate and in the manner specified in the next following Section of this Act, upon the vessels anchoring in and trading with such Port.

VI. And it is hereby enacted, that when the Governor General of India in Council shall direct the Port duties to be commuted and consolidated at any Port of the Madras Presidency other than that of Madras, or at any subordinate Port of any other Presidency, the total amount levied at such Port shall not exceed one anna per ton for British and Native vessels not exceeding 700 tons, and upon vessels exceeding that measurement at the rate for 700 tons, and upon Foreign, European, and American vessels, at the rate of one anna four pie per ton; and all vessels anchoring in any such outports shall be charged with reduced duty in the proportions above provided for the Port of Madras, if they leave such Port without breaking bulk before completing four entire days from the time of anchoring therein.

VII. And it is hereby enacted, that the consolidated and commuted Port duties above prescribed when ordered to be levied in any Port by the Governor General of India in Council shall be levied by the Officer appointed by the Government of the Presidency within which the Port is situate, to give Port Clearances or other customary documents to vessels sailing from such Port, that is to say, by the Master Attendant, or by the Collector of Custom at such Port as may be ordered by such Government, and if such duties be not paid upon demand, it shall be competent to such Officers to withhold from the vessel on account of which payment may be refused, any Port Clearance or other customary document required to be possessed by ships leaving such port until the same shall be paid.

VIII. And it is hereby enacted, that all the powers and authorities, penalties and other means by which any Port or Harbour duty of any subordinate Port of any Presidency which shall be consolidated, and commuted by virtue of this Act may have been legally enforced before the consolidation and commutation thereof as hereinbefore provided, shall be applicable to the enforcing of the consolidated and commuted duties at such Port imposed by virtue of this Act.

J. P. GRANT, Officiating Secretary to the Government of India.

Re-published by order of the Right Honorable the Governor in Council.

(Signed) H. CHAMIER, Chief Secretary.

Fort St. George, September 13, 1842.

The Right Honorable the Governor in Council is pleased to nominate the Collector of Sea Customs at Madras as the duly constituted authority for the levying and collection of the consolidated and commuted Port dues prescribed in Act No. XIII. of 1839.

Published by the Right Honorable the Governor in Council.

ROBERT CLERK, Acting Chief Secretary.

Rules and Regulations for the Port of Madras.

To the Commander of the Ship or Vessel in the Offing.

SIR,

I am desired by the Government to direct that you will immediately fill up the Report sent herewith by Catamaran, bearing a small Union Jack, and you are particularly requested not to detain the Catamaran. YOUR IMMEDIATE and most particular attention is also requested to the imperative necessity of your entering in the Report herewith forwarded THE STATE OF THE HEALTH of your Crew and Passengers, and whether any INFECTIOUS and MALIGNANT of OTHER DISEASE has appeared on board during the voyage. IN THE EVENT OF ANY SUCH SICKNESS HAVING OCCURRED, you are hereby ordered and directed to prevent all communication with other Vessels in the Roads, or with the

Shore, until the Port and Marine Surgeon shall have duly reported such intercourse to be free from objection. If SICKNESS HAS APPEARED AND STILL PREVAILS you are required to hoist the Cypher Flag (half yellow, with a blue swallow tail) which will be answered from the Master Attendant's Flag Staff with Flag No. 9, signifying that until the Port and Marine Surgeon shall have visited the Vessel, all communication with the Shore or Shipping is strictly prohibited. I am further desired to call your attention to the following Rules and Regulations.

Packets and Letters.

1. All Post Office Packets and loose Letters are directed to be sent by the first Boat which may come on Shore, having a Post Office Peon.

Commanders personally to report themselves on landing, &c. &c.

2. Commanders of all Ships and Vessels are required to report themselves in person on landing at the Master Attendant's Office, and to bring with them the Ship's Register and License, with two Lists of the Officers, Ship's Company or Crew and Passengers, and all others on board who may not form part of the Ship's Company or Crew, and no Merchant Ship or Vessel will be admitted to entry at the Custom House without a Certificate from the Master Attendant that the provisions of this Article have been complied with.

All Commanders to furnish the Master Attendant a Bond to the Company to indemnify them for all charges incurred on account of persons left behind, &c. &c.

3. All Commanders of Merchant Ships and Vessels and Masters of all Country or Coasting Vessels, Dhonies, &c. and all other persons concerned are also required to deliver two Lists of all persons on board at the departure of the Ship or Vessel, and the said Lists are to show all the Casualties which have occurred by death, discharges or new shipment while the said Vessel remains in the Port, and also the names of all those who shall be otherwise missing. The Port Clearance will not be countersigned by the Master Attendant unless it be accompanied by the departing list prepared in the manner required by this Article, and all such Commanders, Masters, &c. &c. will further be required previous to their Port Clearance being granted by the Collector of Sea Customs, or countersigned by the Master Attendant, to furnish the latter Officer with a Bond to the Company subject to the approval of the Collector of Sea Customs, containing the assent of some Agents or other sufficient persons being resident householders of Madras, to indemnify the Honorable Company for all payments and charges incurred by the necessary maintenance or by the legal removal from India, of all persons who shall be shown to be actually missing, discharged or illegally remaining upon occasion of any of the aforesaid Vessels quitting the Port of Madras.

Anchorage for Merchant Vessels.

4. All Ships and Vessels other than those commonly known as Dhonies or Native Vessels are directed to anchor within the following bearings, viz. The Master Attendant's Flag Staff from N. W. to W. $\frac{1}{2}$ N. which will be found the most convenient anchorage for Merchant Vessels, and the Southern limits of the roadstead usually resorted to by Men of War may be ascertained as within the position denoted by bringing the New Light House to bear from W. b. N. to due West, from 9 to 7 fathoms, which is the limited range of soundings throughout.—All Ships and Vessels should take up such a berth as will enable them to wear clear of all danger in the event of casting in shore when they weigh or part from their Anchors, especially as the ground swell so prevalent here, tends, against all precaution to cast a Vessel in Shore. Any Ship or Vessel anchoring without these limits or in more than 9 fathoms will be liable to extra boat hire. Within the Northern limit of the Anchorage lies a buoy marking the site of the Breakwater, least water thereon is $2\frac{1}{2}$ fathoms. Ships should give this position a wide berth.

Anchorage for Men of War.

Ships anchoring out of the limits liable to extra boat hire.

Caution against anchoring too near the breakwater buoy.

Advice respecting the general use of buoys.

5. Commanders of all Ships and Vessels coming to an anchor in these Roads are advised to attach a buoy to their Anchor whereby giving foul berths may be avoided and the position of lost Anchors will be indicated.

Suggestions for due attention to ground tacking.

6. As Ships have frequently parted and accidents have happened by riding with too short a scope, the Master Attendant thinks it his duty to caution all Commanding Officers that no Vessel is safe with less than 60 fathoms Cable in moderate weather, and 80 fathoms or more with a swell,—and to those who are not acquainted with the Roads, should any jerk be felt when riding with a Chain (from the heavy swell which rolls in at times) either on the Windlass or Bitts, Cable should be veered until the jerk is no longer felt to prevent parting, and a second Anchor should always be ready to let go. Efficient ground tacking is essential towards the safety of Vessels in these Roads.

Surf Notice.

7. When the Surf is so high, as in the opinion of the Master Attendant or his Assistant, to render communication with the Shore dangerous, a red and white chequered flag will be hoisted at the Master Attendant's Flag Staff. When the Surf is impassable the first distinguishing pendant will be displayed under that flag.

Indications of bad weather and an approaching gale,

8. Should the weather assume such a threatening appearance as may in the opinion of the Master Attendant, indicate an approaching Gale, and render it advisable that the Ship should put to Sea, the fol-

the extreme responsibility of Commanders. lowing Signals will be hoisted at the Master Attendant's Flag Staff; but the Commanding Officer is not to wait the display of signals if he deems it prudent to put to Sea.

1st. The weather is suspicious, prepare for running to Sea, *white flag blue cross*.

2d. Cut or slip, *red flag with swallow tail*.

Night Signals.

3d. Upon the indication of an approaching Gale of wind after sunset, *three good lights will be hoisted at the Master Attendant's Flag Staff*, one at the Mast head, and one at each Yard Arm, and a Gun will be fired from the Ramparts of Fort St. George every five minutes for one hour, or for such time as may be deemed necessary, and you are required to acknowledge seeing these Signals when made, by hoisting a good light at the peak, or other conspicuous place, more convenient. Commanders are warned of their own extreme responsibility if these Signals are not timely attended to.

9. CONSEQUENT ON RECENT DISASTERS and with reference to the foregoing instructions, Commanders are advised to have their Ships or Vessels always prepared to put to Sea, especially on or about the change of each Monsoon, and to pay strict attention to the necessity of having good Sails bent, which in the event of being driven to Sea, or compelled to slip, is of the utmost consequence.—Their first object should be to

gain a good offing, under treble or close reefed Topsails, and reefed Courses, carefully attending to the Lead and Soundings, and guarding against a strong current which generally varies its course according to the strength and direction of the wind.—N. B. *When the weather is threatening or doubtful, Commanders should repair on board their respective Ships or Vessels before sunset.*

10. No guns are to be fired either by day or night, except for established salutes and signals, without leave previously obtained from the Master Attendant. Cases of emergency are provided for in para. 15.

11. Commanding Officers are informed that all Signals made by Marryatt's Code will be answered at the Master Attendant's Flag Staff, and the purport communicated to the Commander or Agent if necessary; when more Boats are required, hoist the Numeral Pendant over the Number wanted. Henceforth the signals from the Fort and the Master Attendant's Flag Staff will be according to Marryatt's New Code and Commanders of all Vessels are requested to use the same.

General recall Signal either to pick up a Boat or Catamaran. 12. As the Government may have important communication to make when any Ship or Vessel is quitting the roadstead, Commanders are requested to heave to and pick up a Boat or Catamaran, or stand back to the Anchorage, if no Boat or Catamaran is seen approaching her, when the RED ENSIGN is displayed at the Master Attendant's Flag Staff.

Recall Signal and penalty. 13. A white pendant with a red ball for all Boats to repair immediately on shore whether loaded or unloaded—any forcible detention of Boats after the signal is displayed will incur the penalty of 50. Rs.

Day and night signals for an Accommodation Boat, Common Boats and Catamarans and if in want of immediate assistance. 14. If an Accommodation Boat is wanted, hoist a Union Jack at the fore-top mast head. If a Catamaran is required during the night, hoist two lights horizontally; if a Boat is required, hoist three lights horizontally four feet apart; in emergent cases, having caught fire, or being in distress, burn blue lights and fire guns. —N. B. When Boats are required for cargo or otherwise, Marryatt's signal for that purpose will be attended to, and a Whiff will always be recognized as the signal for a Boat—if a Catamaran is required during the day, hoist No. 5 of Marryatt's Code, where most conspicuous.

Hire and landing of Boats. 15. Schedules are annexed denoting the maximum rate of Boat and Catamaran hire, the amount of Goods which constitute a Boat load, and other information which require due notice and attention.

Passengers to report themselves at the Town Major's Office. 16. Passengers are required to report themselves at the Office of the Town Major in the Fort on their arrival, either personally or by letter, stating their names and place of abode.

Cadets. 17. All Cadets on board your Ship either for this or any other Presidency, are on no account to be permitted to land until a Non-Commissioned Officer is sent to receive them and their baggage, and to conduct them to the quarters prepared for their reception.

Soldiers. 18. Soldiers or Recruits are only to land in such Boats as may be sent for them, and no article except their baggage to be put in these Boats and the Commanding Officer is requested to expedite the disembarkation of the Troops if

any, as much as he can, in order to prevent any accident in the Surf. Soldiers should not be encumbered with their knapsacks when landing.

Queen's and Company's Cargo and Private Trade. 19. You are most particularly directed not to allow any private trade or packages whatsoever to be sent on shore in the same Boat with the Queen's or Company's Cargo, or deliver over either unless to persons duly authorised to receive them.

Detention of Boats. 20. You are particularly desired not to detain the Boats (especially those coming for Cargo), and should the Commanding Officer detain any Boat more than one hour, double Boat hire will be charged; or if he neglects to fill up and sign the Boat Note sent with every Boat, no Boats will be supplied.

Hour of dispatching Boats. 21. No Boats are to remain alongside after 6 P. M., and the Commander of any Ship or Vessel forcibly detaining Boats after that hour, will be liable on proof before a Magistrate to a fine of 20 Rupees.

Caution and Liability of Penalty if Boatmen are forcibly employed or compelled to overload their Boats. 22. The Boatmen are not to be employed on board Ships or Vessels, or in any occupation whatever, except in the loading and unloading and working of their Boats, and if any attempt is made to force them on board or compel them to receive more passengers or cargo than the quantity allowed by Schedule A., such conduct will be held as a breach of the Port Regulations, and incur a penalty of 50 Rupees.

Misconduct of Boats crew or other persons and caution against ill using the Natives. 23. In the event of any irregular practices amongst the Crews of Boat or Catamarans, especially if such persons or others are detected conveying Spirits alongside any Ship or Vessel, committing theft, &c., Commanding Officers are requested to note down the number of such Boat or Catamaran, and he may call the Police Boat alongside, and give over

the person or persons so offending to the Officer or Peon in charge of that Boat, and report the circumstances in writing to the Master Attendant. Commanders of all Vessels are particularly requested to enjoin the necessity of their Officers abstaining from beating or ill using Boatmen and Natives of every caste; all well grounded causes of complaint will be promptly enquired into, and suitable redress shall always be afforded.

Batta Lascars. 24. If you want any assistance, Batta Lascars will be supplied on your written application to the Master Attendant, and the Boats' crews are strictly prohibited from going on board any Ship or Vessel.

No Europeans to be received on board. 25. You are strictly prohibited from receiving on board Europeans of any description as Seamen or otherwise, except by a Certificate signed by the Town Major or the Master Attendant; neither are you to receive or enter any Lascars for your Ship without the sanction of the Master Attendant.

Ballast not to be thrown overboard. 26. No ballast to be thrown overboard in less than 10 fathoms water (sand only excepted) without permission from the Master Attendant,—the penalty for any infringement of this rule is 200 Rupees; but every facility will be afforded by the Master Attendant to land Shingle ballast.

Police Regulations. 27. You are particularly requested to acquaint yourself, and make known to your Officers, the Police Regulations of this Port, a copy of which lies open for inspection at the Master Attendant's Office, and your attention is directed to the annexed Schedules which fully explain how Boats are to be laden, and the rate of hire; also the penalty for unusual detention of Boats.

Prohibition of Idlers being sent on shore. 28. For the prevention of plunder, Commanders and Officers of Ships are strictly prohibited from sending Idlers of any description on shore in Boats with cargo, any person belonging to a Ship landing in a Boat with cargo, must report himself at the Master Attendant's Office.

Mean time of the flash of the Evening Gun. 29. An Extract from the Meteorological Journal of the Madras Observatory and the Mean Time at which the Evening Gun is fired at Fort St. George, is duly kept at this Office, for the inspection of Commanders and Officers of Vessels.

Caution against going overboard, &c. 30. Commanders of Vessels are recommended to prohibit bathing or going overboard, as fatal accidents have recently occurred in these roads, by Sharks and Snakes.—N. B. Seamen are strictly forbidden going amongst the Shipping in Masulah Boats or on Catamarans.

Liability of plunder by Boatmen; a vigilant look out is necessary. 31. As many daring robberies have been committed by the Boatmen, with great cunning and dexterity, Commanders, Officers and all persons, having valuable property contained in any package, whether baggage or otherwise, are requested to keep the most vigilant guard over the same, when conveying it to or from the shore.

A RULE, ORDINANCE AND REGULATION for the good order and Civil Government of the Settlement of Fort St. George, Madras, and of the Port thereof, made and passed by the Right Honorable the Governor in Council of and for the Presidency of Fort St. George, Madras, the 28th day of December, in the year of our Lord one thousand eight hundred and twenty-seven; and Registered in the Supreme Court of Judicature at Madras, this 15th day of September, in the year one thousand eight hundred and twenty-eight.—See the *Almanac* for 1851 at page 379.

Rules and Regulations Subsidiary to Act No. IV. of 1842 for the better Management of Boats and Catamarans in the Madras Roads, and for the amendment of certain Harbour Regulations, and to the Rule, Ordinance and Regulation commonly called the Marine Police Regulations.

1. It is hereby notified that beneath the Master Attendant's Office on the beach, is an Office where Boats and Catamarans can be procured, and where registers of all licensed Boats, Catamarans, and their respective owners and Crews are kept, and are open to public inspection, and in which copies of the Act No. IV. of 1842, for the better management of the Boats and Catamarans, and for the amendment of certain Harbour Regulations are suspended.

2. If a Boat or Catamaran is required for any extraordinary service to a Ship or Vessel, either at anchor or under weigh, beyond the limits of the Port, then the amount of hire which may be demanded may be referred to the Master Attendant or his Deputy for adjustment. N. B.—For the purpose of the foregoing Rule, a Ship at anchor in, or beyond 10 fathoms, and a Ship at any distance under sail beyond that depth of soundings, in any line of bearing from the Master Attendant's Flag Staff, shall be considered as without the limits of this Port.

3. In cases of great emergency by night or by day, the Owners of Boats and Catamarans kept for the purpose of being let out on hire, shall aid and assist the Master Attendant and his Deputy by every means in their power, and shall induce the Boatmen and Catamaran men to perform the service required, and when great personal risk shall have been incurred, or arduous services performed, and those on whose account such duties are undertaken refuse to remunerate the Crew for the same, the Master Attendant will bring the merits of the case to the notice of Government.

4. The Boat and the Catamaran men are not to be employed on board any Ship or Vessel in these roads,—any wilful breach of this Regulation will be considered desertion and neglect of duty, and will render the persons offending liable to the punishments provided for such desertion and neglect by Section XV. of Act. No IV. of 1842.

5. All Owners of Boats and Catamarans and all other persons either belonging to any Ship or Vessel in the Madras Roads, or to the Boats and Catamarans to be let on hire, are cautioned against the transhipment of any goods or passengers or ballast without first obtaining a Permit from the Collector of Sea Customs or his Deputy, any person or persons found guilty of any such transhipment being liable to the penalties provided in Section 23 of the Marine Police Regulations.

6. All Owners of Boats and Catamarans must make known to their respective Crews the full intent and purport of the several port signals, which, as occasion may require, will be displayed at the Master Attendant's Flag Staff, especially the recall signal for all Boats and Catamarans, which is a white pendant with a red ball, and when the signal is hoisted, all Boats and Catamarans must immediately repair to the Shore.

7. The Crews of Boats and Catamarans kept for the purpose of being let on hire shall not be changed or transferred from one Boat or Catamaran to another, without the sanction of the Master Attendant.

8. The Accommodation Boats shall be kept in the same good order as heretofore, and are always to be provided each with an Awning, and with Seats and Cushions, and in case they shall not, in the judgment of the Master Attendant, be kept in proper order, the Owners shall be deprived of their licenses until the same shall be put in order for the reception of Passengers.

9. All Owners of Boats and Catamarans are to make known to their respective Crews, that the Officer or Peon in charge of the Police Revenue Boat, is authorized and empowered by Section XIX. of Act. No. IV. of 1842, to stop, search, and detain any Boat and Catamaran plying to and from the Ships and Vessels in the Roads, and that all Boat and Catamaran men, who may impede or obstruct any Police Officers in the execution of his or their duty, will render themselves amenable to the penalties provided for in Section XIX. of the above recited Act.

10. Should any difference or dispute arise between the Owner or Owners of Boats and Catamarans let on hire, and any person or persons hiring the same, as to the amount of hire for service performed, the party or parties may refer the case for adjustment to the Master Attendant or his Deputy, in which case each party shall sign a paper agreeing to abide by the decision of the said Master Attendant or his Deputy, and such paper shall be detained in the Office of the said Master Attendant.

[Rules to be observed at the Ports under the Presidency of Fort St. George on the recovery of Wrecks, Anchors, Cables or other Property from the Sea.

1. All Wreck, Flotsam, Jetsam, and every article, whether recovered from the surface or the bottom of the Sea, by any person not the Owner thereof, nor the Commander of the Vessel to which it may have belonged, or from which it may have been lost overboard, shall be delivered to the Master Attendant, or where there is no such functionary to the Collector of Sea Customs or his Deputy.

2. In the event of lost property being recovered from the Sea by any person not being the Owner thereof without the same being delivered over to the Authorities above mentioned, it will be seized, and the salvor will forfeit all claim to remuneration.

3. On the recovery of all property from the Sea whether from the surface or from the bottom by persons not the Owners thereof, the Master Attendant, Collector of Sea Customs, or his Deputy, as the case may be, will cause the same to be exposed to view in some public place duly labelled as recovered property for the space of 12 Calendar Months; and if satisfactorily claimed within that time will deliver the same over to the Owner, Commander, or other person authorized to receive it on payment of the expenses of recovery, a reasonable compensation for salvage, and 5 per cent. on the value of the property to the Officer in whose charge it has been kept, provided such per centage in no case exceeds 500 Rupees.

4. If not satisfactorily claimed within 12 Calendar Months, the Master Attendant, Collector of Sea Customs, or his Deputy, will cause the property to be sold to the best advantage, and the proceeds, after paying expenses of recovery, salvage and per centage as before provided for, to be remitted to the Marine Board, who will hold the same in deposit to be delivered to the rightful owner on his substantiating his claim thereto.

5. In the event of the recovery of property of a perishable nature, or of less value than 50 Rupees, the Master Attendant, Collector of Sea Customs, or his Deputy may cause the same to be sold before the expiration of the above named period, paying the expenses, salvage and per centage, and remitting the remainder to the Marine Board; but in such cases the salvage must never exceed one-third of the net proceeds of sale.

6. Masters Attendant and Collectors of Customs will forward to the Marine Board for publication monthly lists of recovered articles (whether sold or not) delivered into their charge setting forth their description with the time and mode of their recovery.

7. All persons recovering property lost or abandoned at Sea or to be reasonably remunerated, the amount of such remuneration being determined by the Master Attendant, Collector of Sea Customs, or his Deputy; and until their claim, as well as that for expenses incurred, and the per centage before named, is satisfied such property will be detained. Provided nevertheless that the Owner or Salvor, if either consider himself aggrieved, may pay or receive the amount awarded under protest, and appeal to the Marine Board, who are empowered to reverse the decision if such should appear necessary.

8. All property claimed on which the owner refuses to pay the salvage expenses will be sold at the expiration of 30 days after such has been demanded, and if an owner intend to appeal to the Marine Board against an award of the above nature, notice of the same must be given in writing to the Officer having charge of the property claimed within that period. Failing this it will be sold, the claims satisfied, and the residue of the proceeds paid to the owner on application.

9. The Marine Board will regulate the rates of salvage to be paid on anchors and cables as well as on all unclaimed property.

Rules for the Management of the Disabled Boatmen's Fund, and also for the Support and Distribution of a Monsoon Fund.

1. The Disabled Boatmen's Fund for the relief of decayed and infirm boatmen and their families, being dependant on the amount realized by license fees, mulcts, and fines, and extra boat hire on Sundays, under the provisions of Act No. IV. of 1842, and the Rules and Regulations subsidiary to that Act shall be distributed after payment of charges for collection and management, as follows:

2. All males and females connected with the boat establishment who can produce Certificates setting forth their respective claims for relief, will, (provided those claims are held good by the Master Attendant) be admitted as Pensioners on this Fund, when their names shall be duly registered, and each person shall be entitled to receive a pension in reference to their wants and the circumstances of the Fund, payable on the first day of the month, but should either of those days fall on a Sunday, then the pensions will be paid on the 2d of the month.

3. Should the income on this Fund yield an amount beyond the monthly expenditure, the surplus shall be paid into the Government Treasury, in aid of the general Fund, for the relief of decayed and infirm boatmen and their families.

4. But if the income should be insufficient to meet the demands on it, it will then be necessary to reduce the monthly payment to each Pensioner, in such proportion as may be deemed expedient by the Master Attendant, in conjunction with the boat owners.

5. The Monsoon Fund for the relief of boatmen and their respective families, when there is little or no employment for the boats or catamarans, will be dependant on voluntary contributions, and such a portion of boat hire as the crews thereof may be willing to contribute from their daily earnings when the boats are employed.

6. Therefore all owners of boats and catamarans, and all other persons willing to contribute towards the maintenance of a Monsoon Fund are to register their names and subscriptions under their respective signatures, at the Master Attendant's Office, and they are to state for whose benefit such contributions are intended, by inserting the number of the boats and catamarans, and the names of their respective crews, and all persons comprising the crews of boats and catamarans who may be desirous of supporting this Fund for the benefit of themselves and families, are in the presence of those boat owners in whose service they may be engaged, to declare their willing consent to the Master Attendant, and at the same time they are to signify what portion of their daily earnings they intend to lay by for this purpose, when the numbers of their boats and catamarans and their respective names shall be duly registered.

7. If any persons herein referred to, subscribe more or less towards the support of this Fund for the temporary support of such boatmen as will be registered against their respective contributions, it will then become necessary to grant relief to the boatmen in such proportion as will be considered equitable by the Master Attendant and the Subscribers. But if any boat owners and their crews refuse to contribute towards the Monsoon Fund, they neither will nor can have any claim for relief or support from the said Fund.

8. The distribution of the Monsoon Fund will commence on the 1st day of November, and shall terminate on the 16th day of December, but should either of those days fall on a Sunday then

the issue will take place on the second day of the month. During this interval the crew of each boat and catamaran whose claims are duly considered and registered as aforesaid, shall receive the amount per day of two ordinary trips per boat and of catamaran hire as may hereafter be determined. Should any surplus fund remain at the expiration of the said term, during which relief shall be so granted as aforesaid, the balance thereof shall be paid into the Government Treasury, and will be added to the following year's subscription of the Monsoon Fund. But in the event of this Fund being found inadequate to the above distribution, it will be expedient to reduce the shares, or limit the payment within a shorter period, and should such an event occur, the necessary arrangement shall be adjusted by the Master Attendant in conjunction with the boat owners.

9. Statements exhibiting the amount realized for the maintenance of the Disabled Boatmen's Fund and the subscriptions in aid of the Monsoon Fund, together with a Register of the monthly distribution thereof, will always be open for inspection at the Master Attendant's Office.

2d. Cases of emergency, &c. will be admitted at the discretion of the Surgeon of the Hospital without reference to this preliminary rule, and due notice of the reception of any Officer or Seaman under such circumstances, will be communicated to the Master Attendant, for the purpose, as the case may be, of the requisite Certificate of reference being obtained.

The Commander of any Vessel on making application either directly or through his Agents, to the Master Attendant for the admission into Hospital of any Officer or Seaman, shall produce, in addition to the required security for Hospital Charges, a Certificate stating to the best of his knowledge the nature of the disease under which the person has laboured, and if hurt, how, and in what manner, such hurt or injury, has been received. And should any Officer or Seaman be admitted into the General Hospital maimed or otherwise in a state which may be considered as incurable, without the above-mentioned Certificate, the Master Attendant shall be made acquainted therewith, that such security as the law directs, may be obtained for all the expenses which may be eventually incurred either for the provision of a passage to England, or to defray funeral charges.

4th. In the event of any Officer or Seaman not being sufficiently recovered to obtain his discharge from the General Hospital when the Ship or Vessel to which he may belong is about to sail, or being discharged from his Vessel while a Patient in Hospital, the responsibility for his expenses, will attach to the party who gave the required security on his entrance until such person is discharged, unless otherwise directed, and of which information will be given by the Master Attendant, to the Surgeon of the Hospital for his guidance.

5th. Similar intimation will also be made to the Master Attendant of the decease of any Marine inmate of the Hospital, and to obviate the possible inconvenience from delay, the Surgeon of the Hospital will make the customary provision for the burial of the deceased, the charges for the same being certified by him and referred to the Master Attendant for sanction and ultimate recovery.

N. B.—In the event of an Officer of a Merchant Vessel being admitted into the General Hospital on emergency, and there dying insolvent before any security for the payment of charges has been obtained, then the funeral of the deceased shall be conducted with as little expense as may be consistent with propriety.

6th. The Surgeon of the General Hospital will furnish to the Master Attendant on the first day of each month, and at intermediate Periods on the discharge of an Officer or Seaman, a register showing the number of days such Officer or Seaman has been in the Hospital, whereby the Master Attendant may be enabled to regulate the period for which payment is to be claimed from the Agents, or other responsible person.

7th. The Master Attendant shall duly register the names of such Officers and Seamen as may be admitted into the General Hospital, and he shall remit the respective amounts which shall be recovered, from the parties liable under such Certificate or reference as is hereinbefore mentioned, to the Commissary General, in order to the final adjustment of all necessary accounts in the usual manner.

8th. When any doubt or difficulty may arise as to the required guarantee, or for the final disposal of any Officer or Seaman, it shall be the Master Attendant's duty to report the case direct to Government, that such measures as may seem expedient be adopted, before any Ship or Vessel in question obtains her Port Clearance.

9th. The Master Attendant will submit through the Marine Board, when necessary, for transmission to the Home Authorities, the documents required by Section 82, Act. II., Geo. IV. Chap. 20.

NOTIFICATION.—Fort St. George, September 12, 1848, No. 1968.

The Right Honorable the Governor in Council having recently had under his consideration the mode in which Lascars are now provided for the use of the Shipping in the Roads at this Port—and entertaining the strongest objection to the system in force, as an interference with the labour market—deemed it right, before carrying out the views of Government, to request the Chamber of Commerce to convene a Public Meeting of the Mercantile Community and the Masters of Vessels, to obtain their views as to the expediency of the alteration contemplated by Government.

The correspondence on the subject, with the Proceedings of the Meeting, are published for general information, agreeably to which letter, the Master Attendant is authorized as heretofore, to supply Lascars.

Marine Department.

No. 324.

To

THE COMMITTEE OF THE
CHAMBER OF COMMERCE.

GENTLEMEN,—1. I am directed by the Right Hon'ble the Governor in Council to request your attention to the present system of supplying the Shipping with Batta Lascars.

2. These workmen are supplied (on application) by the Master Attendant at the fixed rates of hire specified in the margin, from which a deduction of 1 Anna each, is made on account of Government.

3. In the opinion of Government this anomalous charge and the system generally is highly objectionable, and totally opposed to the principles of *free labor*. I am therefore instructed to request of you to be pleased to convene at an early date, a General Meeting of the Merchants, Ship Owners, and all others interested in the Trade of the Port, and submit for their consideration, whether the system should be authoritatively abolished, or be allowed to remain in force; and that you will favor the Government with a report of the sentiments of the Meeting on this point.

4. Should your Committee require any further information on the subject, I am instructed to add, that the same will be afforded on application at this Office.

I have, &c.

Fort St. George, 15th Aug. 1848.

J. F. THOMAS, *Chief Secretary.*

To

THE CHIEF SECRETARY TO GOVERNMENT,

Fort St. George.

SIR,

I have the honor to acknowledge the receipt of your letter (without date) on the subject of the present system of supplying Batta Lascars to the Shipping in the roads.

In deference to the wish of Government, the Committee of the Chamber of Commerce convened for this day a General Meeting of all the Merchants, Ship Owners and others interested in the Trade of the Port, to consider of the above question; and I have now the honor to convey the result to the Right Honorable the Governor in Council, in the annexed copy of the Proceedings on the occasion.

The Committee purposely abstained from passing any resolution of their own, in order to allow the freest expression of individual sentiment at the General Meeting; and, for the same reason, they will now confine themselves to forwarding the Reported Proceedings, which will put Government in possession of the views, that are the most generally entertained by the Shipping interests in reference to the existing Batta Lascar system.

I have, &c.

JAS. OUCHTERLONY, *Chairman.*

Chamber of Commerce, Madras, 23d August, 1848.

PROCEEDINGS of a General Meeting of Merchants, Ship Owners and others interested in the Trade of the Port, convened by Circular of the Chamber of Commerce, and held at the office of Messrs. Parry and Co., on Wednesday the 23d August 1848.

J. Ouchterlony, Esq. is called to the Chair.

PRESENT.

Capt. Collard,		of the "Duke of Roxburgh."		
"Chalmers,		of the "Janet."		

The Chairman reads to the Meeting the letter of Government addressed to the Committee of the Chamber of Commerce, under which the Meeting has been specially summoned to consider of the present system of supplying Batta Lascars to the Shipping in the roads.

Proposed by J. B. Key, Esq., and seconded by J. Vans Agnew, Esq.

That the present system of supplying Batta Lascars and other workmen to Ships is objectionable, as involving a monopoly at variance with the principles of free labour, and ought therefore to be abolished.

An amendment is proposed by H. Nelson, Esq., and seconded by Captain Macfarlane.

I. That it is decidedly for the interest of the Shipping frequenting this Port that the Batta Lascars should be under the control of the Master Attendant, and that the present system of hiring the men at the Master Attendant's Office presents all the advantages of a Registry Office, where Captains of Vessels can at all times meet with a sufficiency of labourers, without being subject to a chance supply or to extortion from their Dubashes, and that in cases of robbery or misconduct on the part of the Lascars, it affords an easy means of detection and punishment: and that therefore, it is advisable that the present system should continue in force.

CARRIED.

The original resolution is consequently lost.

Proposed by H. Nelson, Esq., and seconded by P. J. Philipaz.

Hire and Batta. II. That the present scale of hire for Lascars, appears to be above Batta Tindal 8 As. the usual rate of remuneration earned by such workmen, and this Do. Lascar 5 „ Meeting suggests that the scale as per margin, be substituted.

CARRIED UNANIMOUSLY.

Proposed by P. J. Philipaz, Esq., and seconded by Captain Furnell.

III. That the impost of 1 Anna per man cannot be considered as falling on the labourer but on the vessel that engages him, and this Meeting is further of opinion that the Shipping interests will gladly continue to pay this sum, or any smaller one, which may be considered by Government necessary to maintain an Establishment efficient for the control and registration of Batta Lascars.

CARRIED.

Proposed by H. Nelson, Esq., and seconded by Captain Leete.

IV. That for the reasons expressed in the first Resolution, this Meeting is also of opinion that it is expedient that the supervision of the Master Attendant should be continued over Carpenters and Caulkers; but it suggests that the following scale of remuneration be fixed.

For Carpenter and Caulker Maistries, Rupees 1 per day, including Batta.
„ Carpenters and Caulkers, Annas 12 per day, do.

An amendment is proposed by J. B. Key, Esq., and seconded by Captain Scott. That it should be left open to the Commanders of Vessels to supply themselves with Artificers wherever and upon such terms as they may think fit.

NEGATIVED.

The original Resolution is put and *carried*.

Proposed by J. B. Key, Esq., and seconded by H. Nelson, Esq.

V. That the thanks of the Meeting be given to Mr. Ouchterlony for his conduct in the Chair.

CARRIED UNANIMOUSLY.

Rules for Shipping Stores on the Honorable Company's Steamer.

1. When Military Stores are shipped, they should be sent on board under charge of a Warrant Officer, with a sufficient number of Lascars to admit one of being detailed to each boat laden with Stores, it will be the duty of this party to protect the Stores from the Beach to the Vessel, and to deliver them on Board.
2. Receipts in Quadruplicate will be forwarded from the Ordnance Department for the signature of the Commander of the Vessel as soon as the receipt of the Boat Notes bearing the signature of an officer of the Vessel, shall enable the consigning Officer to prepare these documents. The Boat Notes will be attached to the receipts when the latter are sent for Signature, and one of the receipts should be retained by the Commander of the Vessel.
3. On the arrival of the Vessel at the destined Port, the Warrant Officer with the Stores will report his arrival by letter to the Officer Commanding the Station, and to the Commissary of Ordnance, and will remain on Board until all the Stores have left the Ship; should any of the Stores or Packages appear to have been injured or open while at Sea, the Warrant Officer will bring the circumstances to the notice of the Commander of the Vessel, and immediately report the same to the Commissary of Ordnance at the Station.
4. It will be the duty of the Officer to whom the Stores are consigned, to send off Boats without delay to the Vessel, with a sufficient number of Lascars to admit of one at least being detailed to each Boat laden with Stores—he will also depute an experienced Warrant Officer to receive the Stores on landing, and it will be this individual's especial duty to ascertain that the Stores landed in all respects correspond with the Boat Notes furnished with each Boat by an Officer of the Vessel—he will also make a full and immediate report to the Commissary of Ordnance of any deficiency, or any injury which the Packages, &c. may have sustained. The Lascar detailed with the Boats are for the protection of the Stores.
5. The responsibility attached to the charge of Military Stores despatched by Sea will rest exclusively with the Commander of the Vessel, from the date on which they are received on Board, until the same are delivered over the Ship's side. The Warrant Officer with the Stores has authority to decline receiving into the Boats any Packages which appear injured until the actual condition of the same had been ascertained on Board, and the Commander of the Steamer will, under instructions from the Marine Board, cause such Package or Packages to be opened and examined in his (the Warrant Officer's) presence, when the damage, if any, will be noted in the receipts to be granted by the latter for the Stores on their being discharged into the Boats.
6. Stores for the Governments of the Rajah of Berar and his Highness the Nizam, should be landed in separate Boats, as Boat hire is chargeable to those Governments.
7. On the occasion of a Warrant Officer or other Ordnance Subordinate, embarking with Military Stores, a screened berth should be erected for his accommodation, in such part of the Vessel as may be suitable for an Officer of that grade (as established in letter No. 1468 of the 22d December 1846 from Secretary Marine Board to Secretary Military Board), accommodation should also be provided for the detail of Store Lascars and one Servant of Warrant Officer.

MADRAS LIGHT HOUSE.

Marine Board Office, Madras, 9th October 1843.—Page 841.

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the deck of a Ship at the distance of 20 miles. The light is of the "Flashing Description" and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0" to 48" and that of the Eclipses from 0" to 72" the sums of the duration of Light and Darkness bearing however in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W. and is distant 13 miles, but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W. or S. S. W. $\frac{1}{4}$ W.—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz., from the Northward the Light House will bear S. 56° W. and from the Southward N. 81° W. or from S. b. W. to W. $\frac{1}{4}$ N.

The New Light House at Madras is in Latitude 13° 5' 10" North.

And in Longitude 80° 20' East of Greenwich.

Published by order of the Marine Board of Fort St. George.

J. R. BOYSON, Acting Secretary.

The Dimensions of the Light House are as follows :—

From the ground to the vane....	125 Feet.

FORT ST. GEORGE, 26TH JULY 1850.—Page 753.

MADRAS, Marine Board Office, 1st June 1850.

Notice is hereby given that since the 15th of November last a fixed light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Village with the highest distant Peak a little open to the North.....	} N. 55° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

Sailing Instructions as a guide when Ships or Vessels are on the Coast of Oriza, or off the Santapillay Rocks.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th Instant, clearly prove that those Rocks comprise one of the most dangerous Shoals in the Indian Seas, and as no well defined landmark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Oriza, and the Bay of Bengal.

2. The Santapillay Rocks are in

Latitude 17° 59' 25" N.
Longitude 83° 47' 37" E.

and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep too on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this Shoal presents no indication by broken or discolored water as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a Shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th Instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11h. 45m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the Reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1' N.

4. Two boats were sent under Captain Crawford, to examine the Reef and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10½ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the Reef; but Captain Crawford pulled round it, and gave as his opinion that the Shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the Rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within quarter of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 60° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

NOTICE TO MARINERS.

Superintendent's Office, Bombay, 26th August, 1846.

The present fixed Light of the Bombay Light House is to be converted into a revolving Light and will be exhibited as such on the 1st February 1847—no alternation will be made in the present Floating Lights.

(Signed) R. OLIVER, Captain R. N.

Superintendent of the I. N.

Aden Back Bay Harbour Floating Light.

Notice is hereby given, that a Floating Light is placed off "Ras Morbat," at the entrance of Back Bay Harbour of Aden. The Light bears, by Compass, from the Western extremity of "Ras Tarshane," N. by E., distant $\frac{1}{2}$ of a mile; from "Jezaret Sulliel," S. W. $\frac{1}{4}$ W., distant $4\frac{1}{2}$ miles.

The Aden Back Bay Harbour Floating Light will be known as a Fixed Light, of natural appearance, and will be visible in a N. E. direction from N. by E. round to N. E. $\frac{1}{4}$ E. The Light is elevated 35 feet above the level of the Sea, and will be seen about 10 miles from an ordinary Ship's deck, and less according to circumstances and the state of the atmosphere. The Light-vessel will fire a gun, and burn a blue light on the approach of a Ship into the Bay. She is painted Red, with a Red Ball on the mast, and flies a Red Flag at the mast head, on a Ship passing in or out.

Directions for Ships entering the Bay and Harbour of Aden.

On a Ship rounding "Ras Tarshane," she will see the Light burning N. by E., and then bringing it to bear N. N. E. $\frac{1}{4}$ E. and stand in, keeping the Light a little on the starboard bow, and rounding it (as close as safety will permit) to the Northward, haul up at once, if a leading wind, E. $\frac{1}{4}$ N., for the Shipping; and anchor (if a Merchant Ship) to the Northward and Eastward of "Ras bin Jarboyn," Flint Rock bearing from E. by N. to E. S. E.; Men-of-War anchoring to the N. W. of "Ras bin Jarboyn."

Should the wind be from N. E., a Ship will have to work up to the anchorage, which never should be attempted, unless at half tide or high water, according to the draught, there not being room sufficient at low water. Caution is necessary in working in, not to borrow too far on the North side of the Channel, where the water is shoal, and buoyed off with red Booya, in two fathoms, low water.

NOTE.—It frequently happens, from not having proper Charts and Instructions, that Ships bound for Aden anchor off the Town, and are sometimes five or six days afterwards beating round the Cape for the proper anchorage. It is therefore incumbent on the parties most interested, both Ship-owners, Ship-masters, or others, in order to understand these directions, to provide their Ships with Captain Haines' Trigonometrical Survey of the Harbour and Bays about Aden, it being the best extant.

Rules for Controlling the Pilots and Pilotage at the port of Paumben.

Fort St. George Gazette, January 23d, 1849—No. 2008, Page 72.

The Right Honorable the Governor in Council directs the re-publication of the Rules for controlling the Pilots and Pilotage at the Port of Paumben, with a revised scale of Charges for Pilotage through the Paumben Channel.

The Right Honorable the Governor in Council of Fort Saint George, having resolved to abolish the existing system of pilotage at the port of Paumben and, in order to provide for the rendering of those services which have hitherto been performed by the Pilots attached to the Government establishment, to grant Licenses to a sufficient number of duly qualified persons, authorizing them (under certain restrictions) to pilot vessels through the Channel,—bath ordered and directed that the following regulations shall be binding and conclusive, not only upon the Pilots who may be so licensed, but also upon the Masters and Tindals of all vessels or dhonis frequenting that port, or passing through the Channel; and all applicants for License are expressly required to take notice that by accepting such License, they subject

themselves to the control, and (in the event of a dereliction of duty) to the infliction of the penalties that are hereinafter mentioned.

Rule 1. The Licenses to be granted shall be in the form annexed marked A., and the Officer who shall possess due authority to grant such Licenses, shall be the Collector of Madras for the time being.

Rule 2. All licensed Pilots shall be subject to the control, and be bound to obey all orders issued by the Government Head Pilot in connection with their duties of pilotage, in default of which their Licenses will be suspended or withdrawn altogether, as the nature of the case may seem to require, by the authority granting them.

Rule 3. No License except to those already on Government salaries, will be granted until the applicant has proved himself on examination before such Committee as may be from time to time appointed, fully competent to undertake the charge of piloting a vessel through the Channels; and applicants must have served two years as Boatmen or otherwise engaged afloat in the Channels with a licensed Pilot, before they can demand to be examined.

Rule 4. The examining Committee will be at present composed of

The Officer in charge of Operations for the time being.

The Government Head Pilot.

The two Senior Native Pilots.

The President to have a casting vote in passing a Candidate, who on being declared qualified shall be entitled to a Certificate in the form marked B.

Rule 5. The number of licensed Pilots shall in the first instance consist of (9) nine, subject to be increased should it hereafter be found necessary or deemed expedient, upon obtaining the previous sanction of Government.

Rule 6. Each Pilot before receiving his License shall provide himself with a Canoe, which shall be manned with a crew of at least (4) four men, to be used for the purpose of laying out anchors and running out a warp for such vessel as may be placed under his charge, should warping be found necessary; and for which duty no charge in excess of the usual pilotage shall be made.

Rule 7. Every Pilot who shall be so licensed shall wear a badge on his right arm, with "Licensed Pilot," and his respective number engraved thereon.

Rule 8. The first Pilot that boards a dhoney or vessel shall in all cases be entitled to its pilotage.

Rule 9. The authorized amount to be charged by way of pilotage for a Native craft or dhoney (whatever may be its size) shall be at and after the rate of nine pice per ton according to usual admeasurement; and the amount of pilotage for a square or European rigged vessel (whatever may be its burthen) shall be at and after the rate of one anna and six pice per ton according to such usual admeasurement: one-fourth of which said amount shall be paid to the Pilot who has taken the vessel through. This charge shall be leviable whether a licensed Pilot be employed or not; it being the intention of these Rules to provide for the discharge of the duties of pilotage by competent persons.

Rule 10. Licensed Pilots will receive their regulated share of pilotage from the Sea Custom Chokedar, on their presenting a Certificate from the Government Head Pilot showing the vessels for which they are entitled to receive payment.

Rule 11. The Master or Tindal of every vessel or dhoney, prior to his vessel being taken through the Channels must deliver his Port Clearance with the necessary sum for the liquidation of his anchorage and Pilot dues, to the Pilot having the charge of any such vessel or dhoney, whose duty it will be to bring both the Port Clearance and the dues to the Custom House at Paumben, and who will in all cases be held responsible for this Rule being strictly complied with.

Rule 12. In the event of extra men being required to warp a vessel through the Channel, they shall be supplied by the Pilot for the time being in charge of such vessel; and the hire for each man shall be (3) three annas a trip if the duty be performed in one tide; but if such duty be not completed in that period, the hire of each man shall be (4) four annas for (8) eight hours' work.

Rule 13. All vessels before passing the Channels are to be lightened to such draught as the Pilot in charge may consider requisite; and should the Master or Tindal entertain any doubt as to its necessity, appeal is to be made to the Government Head Pilot, whose decision shall be final.

Rule 14. Any Pilot grounding the vessel, of which he may for the time being be placed in charge, either through carelessness or from the want of proper precaution, shall be liable, on the report of the Government Head Pilot, to the suspension or total deprivation of his License, at the discretion of the granting authority.

Rule 15. Any Pilot insisting on the discharge of more cargo than in the estimation of the Government Head Pilot is necessary for the safety of a vessel's passing through the Channels, or otherwise behaving in an improper and irregular manner in the execution of his duty, will subject himself to a fine not exceeding (20) Rupees, at the discretion of the Officer in charge of the Pilot Department, for a first offence; or in default of payment, to suspension of License. Repeated misconduct will be visited by further suspension or total deprivation of License at the discretion of the granting authority.

The usual Questions asked upon Ships coming into the Roads.

What Ship is that? N° 1910.	Where do you come from? N° 1495.	When did you leave? N° 2831.
		

N° 1910. is hoisted to ask the name of any Vessel coming into the Roads, and the Number of such Ship, when made out is immediately repeated at the Garrison Flag Staff for Public information, N° 1495. is hoisted to ask from where the Ship comes, if not known, and N° 2831. when she sailed.

SIGNALS FOR SHIPS OR VESSELS IN THE OFFING.

Signals respecting Ships or Vessels in the Offing, whether Men-of-War or Merchantmen, are made from the Garrison Flag Staff, a yard slung across the top-mast, the points of which represent the quarter from which the vessels are coming in.

Three classes of vessels are expressed by the signals; vessels of three masts, of two masts, and of one mast.

An ensign, or square National flag, represents a ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad National Pendant, terminating in one point, represents a Sloop or Cutter of one mast.

If either of these flags is hoisted at the North yard arm, the Vessel is seen in the North, and vice versa.

A white Pendant signifies *one* Ship or Vessel, a red and white Pendant divided horizontally *two* vessels; a red Pendant pierced with a white circle *three* vessels; a yellow Pendant pierced with a blue circle *four* vessels. When the number of Vessels exceeds four, they are considered a *Fleet* on which a Pendant with six yellow and blue perpendicular stripes is hoisted.

If the Vessel in sight is a Man-of-War, the Number is hoisted *over* the National Flag: if a Merchant Vessel the Number is hoisted *under* the Ensign.

If a Fleet is in sight, one Gun will be fired after the signal of the fleet is made, and if there are two or three fleets of different nations, in the same point of the compass, the signal of the first seen fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Steamer is announced with a blue flag pierced with yellow (No. 8) hoisted to the yard arm expressive of the quarter she is in.

The annexed plates represent the flags of all nations that trade to Madras; and the manner in which the Signals are made, to express Ships or Vessels discovered in the Offing as follows.

The St. George's Flag hoisted on either points of the yard arm with a white Pendant over it, announces a British Man-of-War. The French or Tri-coloured Flag of two points or Swallow tail, hoisted with a red and white Pendant over it represents two French armed Brigs or Snows, &c., a broad American Pendant hoisted with a red Pendant pierced with white flying over it, represents three American armed Cutters, and a Dutch flag hoisted with a yellow Pendant, pierced with a blue over it represents four Dutch Men-of-War.

The St. George's colour is varied according to the colour of the Admiral of squadron on the station for the time being.

The number of Men-of-War coming in, is shown at both Flag Staffs by hoisting a Union Jack with a narrow white border above the Numeral Flags. This is called a Merchant's Union.

By the new Code of 1841, ships showing the ports they last sailed from, hoist the Rendezvous under the No. of the place, instead of over as formerly.

Commanders of Vessels are desired by the Master Attendant to hoist the Numeral Pendant at some other mast head when using the new signal Code for that year, in order to distinguish it from the old one.

The flags in Marryat's Code are used by Americans, French and other Commercial European nations.

The Rendezvous Flag, (chequer) at the mast head denotes that the Letters by the Overland Mail via Suez or Bombay, are ready for delivery. The yellow Pendant pierced black is the signal of arrival of the Bombay Express.

A Pendant *below* the Numeral shows the time the Mail closes A. M., *above* the Numeral, P. M.

The following Act passed by the Governor General of India in Council on the 15th of March 1850, is hereby promulgated for general information.

ACT No. IX. of 1850.—Page 303.

An Act for the more easy recovery of Small Debts, and Demands in Calcutta, Madras and Bombay.

Whereas it is expedient to amend the constitution and practice, and to extend the jurisdiction of the several Courts established at Calcutta, Madras and Bombay, for the recovery of small Debts, It is enacted as follows :

I. The several Courts of Commissioners and of Requests, for the recovery of Small Debts, now holden in the towns of Calcutta, Madras and Bombay, under the authority of the Charter of Justice of King George the Second, and of two Acts of Parliament, severally passed in the thirty-seventh year and fortieth year of the reign of King George the Third, and of the Regulations and Proclamations made, from time to time, for constituting, and for new modelling, altering and reforming the constitution and practice of the said Courts respectively, and of Act XII. 1848, shall be holden according to the provisions of this Act, from and after such several days as shall be declared within the said towns by proclamation to be made and published in due form of law in each of the said towns by the Governor in Council.

II. Where in this Act the words "Governor in Council," or "Supreme Court," are used they shall be taken to apply severally to the person or persons administering the executive Government, and to the Supreme Court, established under Royal Charter of each of the Presidencies of Fort William in Bengal, Fort St. George and Bombay, with reference only to the Court holden under this Act, in the same Presidency.

III. From and after the day declared in any such proclamation, all provisions of the said Charter of Justice, and Acts of Parliament, and of any Regulation, Act or Proclamation heretofore made concerning the constitution or practice of the Court, referred to in such proclamation, shall be rescinded and repealed.

IV. The style of the several Courts holden under this Act, shall be the () Court of Small Causes, inserting in the blank space, Calcutta, Madras or Bombay, as the case requires.

V. The jurisdiction of the several Courts, holden under this Act, shall extend over the whole district now within the jurisdiction thereof respectively, and over such further district as may, from time to time, be declared by proclamation of the Governor in Council : provided that no proclamation for extending the district of any of the said Courts be made without the previous sanction of the Governor General of India in Council.

VI. Every Court holden under this Act shall be a Court of Record and shall be deemed a Court of Requests within the meaning of Act VII. 1841, Section VI.

VII. All proceedings commenced in any of the said Courts, before the time when the constitution and practice of such Court shall be altered under this Act, may be continued, executed and enforced against all persons liable thereunto, in the same manner as if they had been commenced according to this Act : and each of the said Courts shall be empowered in any case of doubt as to the proper manner of continuing, executing or enforcing any such proceedings, to make such orders thereon as shall appear to the Court to be necessary for giving full effect to this enactment.

VIII. The Governor in Council shall appoint as many persons as are necessary, not exceeding three to be Judges of the Court, one of whom shall be a Barrister at Law, or Advocate of one of the Supreme Courts of India, or of the Court of Session in Scotland.

IX. XXX. Service of any summons or other process of the Court, which shall require to be served out of the district of the Court, may be proved by affidavit, or solemn affirmation, purporting to be sworn or made before any Judge or Magistrate; and, in every case of the unavoidable absence of the Bailiff by whom any summons or other process of the Court has been served, the service of such summons or other process may be proved, if the Judges think fit, in the same manner as a summons served out of the district of the Court.

XXXI. Any minor may prosecute a suit in any Court holden under this Act for any sum of money not greater than Five Hundred Rupees, which may be due to him for wages or piecework, or for work as a servant, in the same manner as if he were of full age.

XXXII. The jurisdiction of the Court shall extend to the recovery of any demand, not exceeding the sum of Five Hundred Rupees, which is the whole or part of the unliquidated balance of a partnership account, or the amount or part of the amount of a distributive share under an intestacy, or of any legacy under a will.

XXXIII. Any Executor or Administrator may sue and be sued in any Court holden under this Act, in like manner as if he were a party in his own right; and judgment and execution shall be such as in the like case would be given or issued in the Supreme Court in the like case: but no Executor or Administrator shall be summoned in that capacity within six months after the death of the person, whose Executor or Administrator he is.

XXXIV. A plaintiff shall not be allowed to divide any cause of action, for the sake of bringing two or more suits in any of the said Courts; but any plaintiff, having cause of action for more than Five Hundred Rupees, may abandon the excess, which shall be entered in the record, and stated in the summons, and thereupon the plaintiff shall, on proving his case, recover to an amount not exceeding Five Hundred Rupees; and the judgment of the Court shall be in full discharge of all demands in respect of such cause of action; and entry of the judgment shall be made accordingly.

XXXVI. Where any plaintiff shall have any demand recoverable under this Act, whether found on contract or wrong, against two or more persons jointly answerable, it shall be sufficient if any of such persons be served with process, and judgment may be obtained and execution issued against the person or persons so served, notwithstanding that others, jointly liable, may not have been served or sued, or may not be within the jurisdiction of the Court; and every such person against whom judgment shall have been obtained under this Act, and who shall have satisfied such judgment, shall be entitled to demand and recover in the Court, holden under this Act, contribution from any other person jointly liable with him; and in all cases of misjoinder of defendants, the Judges may order the suit to proceed against such of the defendants only against whom cause of action appears, and may give judgment against them only; giving also judgment for costs for the defendants improperly joined.

XXXVII. The Judges of the Court shall be empowered to determine all questions as well of fact as of law or equity, as administered in the Supreme Court, in all cases which they have authority to try.

XXXVIII. On the day in that behalf named in the summons, the plaintiff shall appear and thereupon the defendant shall be required to appear to answer; and on answer being made in Court, the Judges shall proceed in a summary way to try the cause, and give judgment, without further pleading or formal joinder of issue.

XXXIX. A defendant, having any cause of action against the plaintiff, whether or not the same exceeds five hundred rupees, shall be entitled to set the same against the plaintiff's demand, and if judgment is given in such case for the plaintiff, shall be entitled to sue the plaintiff for the balance only of his original demand, after deducting the amount of debt or damages and costs recovered against him under this Act.

XL. The Judges may, in any case, with the consent of both parties to the suit, order the same, with or without other matters within the jurisdiction of the Court in dispute between such parties, to be referred to arbitration, to such person or persons, and in such manner, and on such terms as they shall think reasonable and just; and such reference shall not be revocable by either party, except by consent of the Judges; and the award of the arbitrator or arbitrators or umpire shall be entered as the judgment in the cause, and shall be as binding and effectual to all intents, as if given by the Judges; provided, that the Judges may, if they think fit, on application to them at the first Court held after the expiration of one week, after the entry of such award, set aside any such award, or may with the consent of both parties, revoke the reference, or order another reference to be made in the manner aforesaid.

XLI. The Judges of each Court, holden under this Act, subject to the approval of the Judges of the Supreme Court, shall have power to make and issue all the general rules for regulating the practice and proceedings of the Court, and also to frame forms for every proceeding in the Court for which they shall think it necessary that a form be provided, and also for keeping all books, entries, and accounts to be kept by the Clerk of the Court, and, from time to time, to alter any such rule or form; and the rules so made and the forms so framed, shall be observed and used in the Court of that Presidency, and shall be sent to the Supreme Court for approval, but shall be of force until disapproved; and in any case, not expressly provided for herein, or by the said rules, the general principles of practice in the Supreme Court may be adopted and applied at the discretion of the Judges, to actions and proceedings in their Court.

XLII. If upon the day of the return of any summons, or at any continuation or adjournment of the said Court, or of the cause for which the said summons shall have been issued, the plaintiff shall not appear, the cause shall be struck out; and if he shall appear, but shall not make proof of his demand to the satisfaction of the Court, the Judges may nonsuit the plaintiff or give judgment for the defendant; and, in either case, where the defendant shall appear and shall not admit the demand, may award to the defendant, by way of costs and satisfaction for his trouble and attendance, such sum as they, in their discretion, shall think fit; and such sum shall be recoverable from the plaintiff by such ways and means as any debt or damage ordered to be paid by the same Court can be recovered: provided always, that if the plaintiff shall not appear when called upon, and the defendant, or some one duly authorized on his behalf, shall appear, and admit the cause of action to the full amount claimed, and pay the fees payable in the first instance by the plaintiff, the Court, if it shall think fit, may proceed to give judgment, as if the plaintiff had appeared.

XLIII. If on the day so named in the summons, or at any continuation or adjournment of the Court, or cause in which the summons was issued the defendant shall not appear or sufficiently excuse his absence, or shall neglect to answer when called in Court, the Judges, upon due proof of service of the summons, may issue a writ of attachment to compel the appearance of the defendant; or, in their discretion, may proceed to the hearing or trial of the cause on the part of the plaintiff only; and the judgment thereupon shall be as valid as if both parties had attended; provided always, that the Judges in any such case, at the same or any subsequent Court, may set aside any judgment so given in the absence of the defendant, and the execution thereupon; and may grant new trial of the cause, upon such terms, as to payment

of costs, giving security for debt or costs, or otherwise, as they think fit, on sufficient cause shown to them for that purpose.

XLIV. The Judges may, in any case, make orders for granting time to the plaintiff or defendant to proceed in the prosecution or defence of the suit, and also may, from time to time, adjourn any Court, or the hearing or further hearing of any cause, in such manner as to them may seem fit.

XLV. The defendant in any action brought under this Act, for the recovery of money, whether for debt or damages, within such time as shall be directed by the rules for regulating the practice of the Court, may pay into Court such sum of money as he shall think a full satisfaction for the demand of the plaintiff, with the costs incurred by the plaintiff up to the time of such payment; and the said sum of money shall be paid to the plaintiff; but, if he shall elect to proceed, and, if the plaintiff shall recover no further sum in the action than shall have been so paid into Court, the plaintiff shall pay to the defendant the costs incurred by him in the said action after such payment; and such costs shall be settled by the Court and an order shall thereupon be made by the Court for the payment of such costs by the plaintiff.

XLVI. On the hearing or trial of any action or any other proceeding under this Act the parties thereto, their wives, and all other persons, may be examined, on behalf of either the plaintiff or defendant, subject nevertheless to the Acts and Regulations in force, with respect to the examination of women of a rank and situation in life, which, according to the customs of the country, would render it improper to compel them to appear in a Court of Justice.

XLVII. Every person shall be examined on oath, or when exempt by law from taking an oath in any Court of Justice, on solemn affirmation, and every person, who, in any examination upon oath or solemn affirmation, under this Act, shall wilfully and corruptly give false evidence, shall be deemed guilty of perjury.

XLVIII. Either of the parties to the suit or any other proceeding under this Act may obtain, at the office of the Clerk of the Court, summonses to witnesses, with or without a clause requiring the production of books, deeds, papers and writings in their possession or control, and in any such summons any number of names may be inserted.

XLIX. Every person, on whom any such summons shall have been served, either personally or in such other manner as shall be directed by the general rules or practice of the Court, and who shall refuse or neglect, without sufficient cause, to appear, or to produce any books, papers, or writings required by such summons to be produced, and also every person present in Court, who shall be required to give evidence, and who shall refuse to be sworn and give evidence, shall forfeit and pay such fine, not exceeding One Hundred Rupees, as the Judges shall set on him; and the whole or any part of such fine, in the discretion of the Judges, after deducting the costs, may be applied towards indemnifying the party injured by such refusal or neglect.

L. The Judges of any Court established under this Act, in all suits where the debt or demand exceeds the sum of Thirty Rupees, upon proof before them, that any defendant against whom a summons has been taken out, conceals himself from, or otherwise evades process of the Court, or is disposing of his property and effects with intent to defraud the plaintiff, or his creditors generally, or is about to withdraw his person or effects from the jurisdiction of the Court, may issue a warrant for the apprehension of such person, and may commit him to gaol until he shall find security for his appearance in the said Court from time to time, until judgment shall be pronounced in the suit commenced by such summons, and for payment of the amount and the costs which may be decreed against him therein.

LI. Payment of any fine imposed by any Court under the authority of this Act may be enforced upon the order of the Judges, in like manner as payment of any debt adjudged in the said Court, and shall be accounted for as herein provided.

LII. All the costs of any action or proceeding in the Court, not herein otherwise provided for, shall be paid by or apportioned between the parties, in such manner as the Judges shall think fit; and, in default of any special direction, shall abide the event of the action; and execution may issue for the recovery of any such costs, in like manner as for any debt adjudged in the said Court.

LIII. Every order and judgment of any Court holden under this Act, except as herein provided, shall be final and conclusive between the parties; but the Judges shall have power to nonsuit the plaintiff, in every case in which satisfactory proof shall not be given to them, entitling either the plaintiff or defendant to the judgment of the Court: and shall also in every case whatever have the power, if they shall think fit, to order a new trial to be had, upon such terms as they shall think reasonable, and in the meantime to stay the proceedings.

LIV. No cause commenced in any Court, holden under this Act, shall be removed from the said Court, into the Supreme Court, by any writ or process, unless the debt or damage or value of the property claimed exceeds One Hundred Rupees, and then only by leave of a Judge of the said Supreme Court on proof to his satisfaction that some question of law or equity is likely to arise therein, which, by reason, either of its difficulty, novelty or general importance, or of some erroneous course of decision on the same point in the Court of Small Causes may appear to him fit to be tried in the Supreme Court, and upon such terms as to payment of costs, giving security for debt or costs, or otherwise, as he shall think fit.

LV. The Judges of the Court of Small Causes may, in their discretion, reserve any question of law or equity on which they entertain doubts, or which they shall be requested by either party to the suit to reserve, for the opinion of the Judges of the Supreme Court, and shall give judgment contingent upon the opinion of the said Supreme Court on a case which they shall thereupon be entitled to state to the said Court. If only two Judges sit together, and shall differ in opinion, the question, on which they differ shall be so referred.

LVI. The Judges may make orders concerning the time or times, and by what instalments, any debt or damages or costs, for which judgment shall be obtained in the said Court, shall be paid ; and all such monies shall be paid into Court, unless the Judges shall otherwise order.

LVII. If there be cross judgments between the parties, execution shall be taken out by that party only, who shall have obtained judgment for the larger sum, and for so much only as shall remain after deducting the smaller sum ; and satisfaction for the remainder shall be entered, as well as satisfaction on the judgment for the smaller sum ; and, if both sums shall be equal, satisfaction shall be entered upon both judgments.

LVIII. Whenever the Court shall have made an order for the payment of money, the amount shall be recoverable, in case of default or failure of payment thereof forthwith, or at the time or times and in the manner directed, by execution against the body or the goods and chattels of the person against whom such order is made without further notice or order ; and the Clerk of the said Court, at the request of the person prosecuting such order, shall issue under the seal of the Court a writ of execution to one of the Bailiffs of the Court, which shall be his warrant to take the body of such person in execution, or to levy, or cause to be levied, by distress and sale of the goods and chattels of such person such sum of money as shall be so ordered, wherever they may be found within the district of the Court, and also the costs of the execution ; and all Constables and other Peace Officers within their several jurisdictions shall aid in the execution of every such writ.

LIX. If the Court shall have made any order for payment of any sum of money by instalments, execution upon such order shall not issue until after default in payment of some instalment according to such order ; and execution or successive executions may then issue without further notice or order for the whole of the said sum of money and costs then remaining unpaid, or for such portion thereof as the Court shall order, either at the time of making the original order, or at any subsequent time, under the seal of the Court.

LX. Whenever any warrant shall issue for taking in execution the body of any person under this Act, the Bailiffs of the Court shall be empowered, by virtue thereof, to take and convey him to any prison, appointed by the Governor in Council to be the prison of the Court, there to remain for such term as shall be directed by the warrant, not longer than six calendar months, or until he shall sooner perform the order of the Court.

LXI. No person shall be imprisoned twice under the same judgment, nor shall execution against the body and goods issue at the same time under the same judgment.

LXII. Every person suing out a warrant of execution against the body of any other person under this Act shall deposit with the Clerk of the Court, at the time of the issue of the warrant, diet money for one week, after the rate of one anna and a half for each day, which shall be paid by the Clerk to the Keeper of the Prison at the time of the execution of the warrant.

LXIII. Notice of the execution of every such warrant shall be forthwith given to the person at whose suit it issued, who shall thereupon deposit with the Keeper of the Prison, diet money for the remainder of the month in which the warrant is executed, after the same daily rate, and shall continue thereafter to deposit monthly with the said keeper, in advance, diet money at the same daily rate, for each month which the debtor is liable to be kept in prison at his suit.

LXIV. The diet money shall be employed for the subsistence of the prisoner : and if, by default of the detaining creditor, such diet money is not paid, the prisoner shall be entitled to his discharge by order of the Court.

LXV. All diet money, which shall be spent in providing subsistence for any prisoner, shall be costs in the cause, and all diet money, which shall not be so spent, shall be repaid to the creditor advancing the same.

LXVI. Whenever any prisoner shall offer good and reasonable security for payment of any debt or damage and costs, either in full or by instalments as the Court shall think reasonable, the Court may order him to be discharged on giving such security.

LXVII. Upon payment of the debt or damage and costs in full, the prisoner shall be entitled to be forthwith discharged.

LXVIII. If the debt or damage and costs are not paid, the imprisonment shall not extinguish the liability to pay the same ; but all property then belonging to or afterwards acquired by the prisoner shall be liable to be taken in execution after his discharge from prison for satisfaction thereof, or of so much thereof as is not paid, including the diet money actually expended for subsistence of the prisoner.

LXIX. Every Bailiff executing any process of execution issuing out of the said Court against the goods of any person, may, by virtue thereof, seize and take any of the goods of such person, (excepting the necessary wearing apparel and bedding of such person or his family, and the tools and implements of his trade,) and may also seize and take any money or Bank-notes, and any cheques, bills of exchange, promissory notes, bonds, specialties or securities for money belonging to any such person against whom any execution shall have issued as aforesaid.

LXX. The Bailiff shall forthwith deliver any cheques, bills of exchange, promissory notes, bonds, specialties, or other securities for money, which shall have been so seized or taken as aforesaid, to the Clerk or other person appointed by the Judges to receive the same, who shall hold them as a security or securities for the amount directed to be levied by such execution, or so much thereof as shall not have been otherwise levied or raised for the benefit of the plaintiff ; and the plaintiff may sue in the name of the defendant, or in the name of any person in whose name the defendant might have sued, for the recovery of the sum or sums secured, or made payable thereby, when the time of payment thereof shall have arrived.

LXXI. If it shall, at any time, appear to the satisfaction of the Court that any defendant is unable, from sickness or other sufficient cause, to pay and discharge the debt or damages recovered against him, or any instalment thereof ordered to be paid as aforesaid, the Judges, in their discretion, may suspend or stay any judgment, order or execution given, made or issued in such action, for such time and on such terms as they shall think fit, and so, from time to time, until it shall appear by the like proof as aforesaid, that such temporary cause of disability has ceased.

LXXII. No sale of any goods, which shall be taken in execution as aforesaid shall be made, until after the end of five days at least next following the day on which such goods have been so taken, unless such goods be of a perishable nature, or upon the request, in writing, of the party whose goods have been taken.

LXXIII. Until such sale the goods shall be deposited by the Bailiff by whom they were taken in some fit place, or they may remain in the custody of a fit person approved by the Judges to be put in possession by the Bailiff.

LXXIV. The Judges, from time to time, as they shall think proper, may appoint such and so many persons for keeping possession, and so many of their Bailiffs or other fit persons to be sworn brokers and appraisers for the purpose of selling or valuing any goods, chattels or effects taken in execution under this Act, as shall appear to them to be necessary, and may direct security to be taken from each of them, for such sum and in such manner as they shall think fit, for the faithful performance of their duties, without injury or oppression; and the Judges may dismiss any person, broker or appraiser so appointed.

LXXV. No goods taken in execution under this Act shall be sold for the purpose of satisfying the warrant of execution; except by one of the brokers or appraisers so appointed.

LXXVI. The costs to be demanded or taken for such appraisement and sale shall be One Anna in the Rupee on the produce of the goods sold; and the Judges may apply the sum so raised as costs towards payment of the contingent charges and remuneration of the said brokers and appraisers, in such manner as shall be approved by the Governor in Council.

LXXVII. The Clerk of the Court shall keep an account of all sums received upon such sales, distinguishing the amount paid to the party entitled to the benefit of the execution, and the amount levied and retained as costs, and also of all sums allowed to the brokers and appraisers upon such sales.

LXXVIII. Whenever any defendant against whom judgment shall have been given in the Court of Small Causes, shall go before execution thereof out of the jurisdiction of the Court, the Judge of any Zillah or Town where he shall be found, upon receiving from the plaintiff, either in person or by a vakeel, an application in writing setting forth these facts, with a duly authenticated copy of the judgment of the Court, shall execute the said judgment in the manner prescribed by law for execution of his own decrees; unless the defendant shall allege any reasonable cause, why the judgment should not be executed, and shall give security to such amount as the Judge of such Zillah or Town shall deem reasonable, that he will, within such time as shall be allowed him for that purpose, either satisfy the judgment or produce a duly authenticated copy of an order of the Judges of the Court of Small Causes, discharging their former judgment.

LXXIX. No judgment or execution shall be stayed, delayed or reversed upon or by any writ of error or *superedeas* thereon, to be sued for the reversing of any judgment given in any Court holden under the provisions of this Act, unless the amount recovered exceeds One Hundred Rupees, and then only after the person suing out such writ shall become bound with two sufficient sureties to be approved by the Clerk of the Court, in treble the sum adjudged to be recovered in the former judgment, to prosecute the said writ with effect, and also to satisfy and pay, (if the writ be not prosecuted, or if the judgment be affirmed), the debt or damages and costs adjudged, and all costs and damages to be awarded for the delay of execution.

LXXX. Upon every warrant of execution issued against the goods and chattels of any person, the Clerk of the Court shall cause to be stated the sum of money and costs adjudged with the sum paid for such warrant; and if the party against whom such execution shall be issued shall, before an actual sale of the goods and chattels, pay or cause to be paid or tendered unto the Clerk of the Court, or to the Bailiff holding the warrant of execution such sum of money and costs, as aforesaid, or such part thereof as the person entitled thereto shall agree to accept in full of his debt or damages and costs, together with the fees herein directed to be paid, the execution shall be superseded, and the goods and chattels of the said party shall be discharged and set at liberty.

LXXXI. The Clerk of every Court holden under this Act shall cause a record of all summonses, and of all orders, and of all judgments, and executions, and returns thereto, and of all fines, and of all other proceedings of the Court, to be fairly entered, from time to time, in a book or books belonging to the Court, which shall be kept at the Office of the Court; and shall be duly authenticated by one or more of the Judges, and such entries in the said book or books or a copy thereof bearing the seal of the Court, and purporting to be signed and certified as a true copy by the Clerk of the Court, shall be admitted in all Courts and places as evidence of such entries, and of the proceeding referred to by such entry or entries, and of the regularity of such proceeding, without any further proof.

LXXXII. The Clerk of every such Court shall, in the month of *March* in each year, make out a correct list of all sums of money, belonging to suitors in the Court, which shall have been paid into Court, and which shall have remained unclaimed for five years before the first day of the month of *January* then last past, specifying the names of the parties for

whom or on whose account the same were so paid into Court; and a copy of such list shall be put up and remain during Court hours in some conspicuous part of the Court house, and at all times in the Clerk's Office; and all sums of money which shall have been paid into any such Court, to the use of any suitor or suitors thereof, and which shall have remained unclaimed for the period of six years before the passing of this Act, and which are now in the hands of any Commissioner or Officer of such Court, or otherwise held in trust for such suitors, and all further sums of money, which shall hereafter be paid into such Court to the use of any suitor or suitors thereof, shall, if unclaimed for the period of six years after the same shall have been so paid into Court, be applicable as part of the fees receivable on account of the Court, and shall be carried to the same account; and no person shall be entitled to claim any sum which shall have remained unclaimed for six years; but no time during which the person entitled to claim such sum shall have been an infant or married woman or of unsound mind, or out of the Territories under the Government of the East India Company, shall be taken into account in estimating the said period of six years.

LXXXIII. If any person shall wilfully insult any Judge, Clerk or Officer of the said Court, for the time being, during his sitting or attendance in Court, or shall wilfully interrupt the proceedings of the Court, or otherwise misbehave in Court, it shall be lawful for any Bailiff or Officer of the Court, with or without the assistance of any other person, by the order of the Judges to take such offender into custody, and detain him until the rising of the Court; and the Judges shall be empowered, if they shall think fit, by a warrant under their hands, and sealed with the seal of the Court, to commit any such offender to any prison to which they have power to commit offenders under this Act, for any time, not exceeding seven days, or to impose upon any such offender a fine not exceeding Fifty Rupees for every such offence, and in default of payment thereof to commit the offender to any such prison as aforesaid for any time, not exceeding seven days, unless the said fine be sooner paid, or instead of inflicting summary punishment under this Act may cause the offender to be indicted in the Supreme Court, if the offence be an indictable misdemeanour.

LXXXIV. If any Officer or Bailiff of any Court holden under this Act shall be assaulted while in the execution of his duty, or if any rescue shall be made or attempted to be made of any person arrested, or goods levied under process of the Court, the person so offending shall be liable to a fine, not exceeding One hundred Rupees, to be recovered by order of the Court, or before a Magistrate as hereinafter provided; and the Bailiff of the Court, or any Peace Officer in any such case, may take the offender into custody, (with or without warrant,) and bring him before such Court, or Magistrate accordingly.

LXXXV. If any Bailiff of the said Court, who shall be employed to execute any warrant of the Court, shall, by neglect, or connivance or omission, lose an opportunity of executing such warrant, then, upon complaint of the party aggrieved by reason of such neglect, connivance or omission, (and the fact alleged being proved to the satisfaction of the Court,) the Judges shall order the Bailiff to pay such damages as it shall appear that the plaintiff has sustained thereby, not exceeding in any case the sum of money for which the said execution is issued, and the Bailiff shall be liable thereto; and upon demand made thereof, and on his refusal so to pay and satisfy the same, payment thereof shall be enforced by such ways and means as are herein provided for enforcing a judgment recovered in the said Court, without prejudice nevertheless to the execution of the original warrant.

LXXXVI. If any Clerk, Bailiff or Officer of the Court, acting under colour or pretence of the process of the said Court, shall be charged with extortion or misconduct, or with not duly paying or accounting for any money levied by him under the authority of this Act, the Judges may inquire into such matter in a summary way, and for that purpose may summon and enforce the attendance of all necessary parties in like manner as the attendance of witnesses in any cases may be enforced, and may make such order thereupon for the repayment of any money extorted, or for the due payment of any money so levied as aforesaid, and for the payment of such damages and costs, as they shall think just; and also, if they shall think fit, may impose such fine upon the Clerk, Bailiff or Officer, not exceeding One Hundred Rupees for each offence, as they shall deem adequate; and in default of payment of any money so ordered to be paid, payment of the same may be enforced by such ways and means as are herein provided for enforcing a judgment recovered in the said Court.

LXXXVII. Every Clerk, Bailiff or other Officer employed in putting this Act or any of the powers thereof in execution, who shall wilfully and corruptly exact, take or accept any fee or reward whatsoever, other than his lawful salary, for any thing done or to be done by virtue of this Act, or on any account whatsoever, relative to putting this Act into execution shall, upon proof thereof before the said Court, and in the case of a Clerk, on confirmation of the finding of the Court by the Governor in Council, be for ever incapable of serving, or being employed under this Act, in any office of profit or emolument, and shall also be liable for damages as herein provided.

LXXXVIII. If any claim shall be made to, or in respect of, any goods or chattels taken in execution under the process of any Court holden under this Act, or in respect of the proceeds or value thereof, by any person not being the party against whom such process has issued, the Clerk of the Court, upon application of the Officer charged with the execution of such process, as well before as after any action brought against such Officer, may issue a summons calling before the said Court, as well the party issuing such process as the party making such claim, and thereupon any action, which shall have been brought in the Supreme Court in respect of such claim, shall be stayed, and any Judge of the Supreme Court on proof of the issue of such summons, and that the goods and chattels were so taken in execution, may order the party bringing such action to pay the costs of all proceedings had

upon such action after the issue of such summons out of the Court of Small Causes, and the Judges of the Court of Small Causes shall adjudicate upon such claim and make such order between the parties in respect thereof, and of the costs of the proceedings as to them shall seem fit, and such order shall be enforced in like manner as any order made in any suit brought in such Court.

LXXXIX. The powers of Act VII. 1847 to regulate distresses for small rents in Calcutta, shall be extended to the recovery of all arrears of rent not exceeding Five Hundred Rupees, and the Judges of every Court of Small Causes under this Act shall be empowered to exercise within their several jurisdictions the extended powers of the said Act; and the said Act shall be construed as if instead of Calcutta and the Settlement of Fort William in Bengal, the limits of the jurisdiction of the Court had been therein mentioned, and the Judges of the Court of Small Causes under this Act instead of the Commissioners of the Court therein mentioned, and the amount of Five Hundred Rupees instead of One Hundred Rupees, and the forms contained to the Schedule annexed to the said Act shall be altered accordingly, and shall refer to this Act instead of Act. VII. 1847.

XC. The affidavit of arrear required by the said Act No. VII. 1847, may, in every case, be made either by the person entitled to such arrear or by his or her lawfully constituted attorney, and a warrant of distress may issue on such affidavit.

XCI. Where any person shall hold or occupy any house, land, or tenement, of which the value or the rent payable in respect thereof, does not exceed the rate of Five Hundred Rupees by the year, without leave of the owner, or under a lease or agreement which is ended, or duly determined by a legal notice to quit, and such tenant, or, if such tenant do not actually occupy the premises or occupy only a part thereof, any person by whom the same or any part thereof, shall be then actually occupied, shall neglect or refuse to quit and deliver up possession of the premises, or of such part thereof respectively, the owner or his agent may take out a summons from the Court directed to such tenant or occupier, to show by what title he claims to hold or occupy the premises or part thereof.

XCII. If the tenant or occupier shall not thereupon appear at the time and place appointed, and show cause to the contrary, and shall still neglect or refuse to deliver up possession of the premises, or of such part thereof, of which he is then in possession, to the said owner or his agent, such owner or agent may give to the Court proof of the holding and of the end or other determination of the tenancy, if any had existed, with the time or manner thereof, and of the right by which he claims the possession.

XCIII. Upon proof of due service of the summons, and of the neglect or refusal of the tenant or occupier, as the case may be, the Judges may issue a warrant under the seal of the Court, to any Bailiff of the Court requiring and authorizing him within a period to be therein named not less than seven, or more than ten clear days from the date of such warrant, to give possession of the premises to such owner or agent, and such warrant shall be a sufficient warrant to the said Bailiff to enter upon the premises with such assistants as he shall deem necessary, and to give possession accordingly: Provided always, that entry upon any such warrant shall not be made on a *Sunday, Good Friday, or Christmas-day*, or any other day, observed by the Court as a Holiday, or at any time except between the hours of six in the morning and six in the afternoon: Provided also that nothing therein contained shall be deemed to protect any person by whom any such warrant shall be sued out of the Court of small Causes from any action which may be brought against him by any such tenant or occupier for such entry and taking possession, where such person had not, at the time of suing out the same as aforesaid, lawful right to the possession of the same premises.

XCIV. Such summons as last aforesaid may be served either personally, or by leave of the Court, upon proof that the tenant or occupier is not to be found within the jurisdiction of the Court, by leaving the same with some person, being in and apparently residing at the place of abode of the person or persons so holding over as aforesaid; or if the place of abode of such person or persons shall either not be known or admission thereto cannot be obtained for serving such summons, by posting the said summons on some conspicuous part of the premises so held over.

XCV. No action or prosecution shall be maintainable against the Judges or against the Clerk of the Court, by whom such warrant as aforesaid shall have been issued, or against any Bailiff or other person by whom such warrant may be executed, or summons affixed, for issuing such warrant, or executing the same respectively, or affixing such summons, by reason that the person by whom the same shall be sued out had not lawful right to the possession of the premises.

XCVI. Where the owner, at the time of applying for such warrant as aforesaid, had lawful right to the possession of the premises, or of the part thereof so held over as aforesaid, neither the said owner nor his agent, nor any other person acting in his behalf, shall be deemed to be a trespasser, by reason merely of any irregularity or informality in the mode of proceeding for obtaining possession under the authority of this Act; but the party aggrieved may, if he think fit, bring an action on the case for such irregularity or informality, in which the damage, alleged to be sustained thereby, shall be specially laid, and may recover full satisfaction for such special damage with costs of suit: Provided that, if the special damage so laid be not proved, the defendant shall be entitled to a verdict, and that, if proved, but assessed at any sum, not exceeding Ten Rupees, the plaintiff shall recover no more costs than damages, unless the Judge, before whom the trial shall have been holden, shall certify that in his opinion full costs ought to be allowed.

XCVII. In every case in which the person, by whom any such warrant shall be sued out of the Court of Small Causes, had not, at the time of suing out the same, lawful right to the

possession of the premises, the suing out of any such warrant, as last aforesaid, shall be deemed a trespass by him against the tenant or occupier of the premises, although no entry shall be made by virtue of the warrant; and in case any such tenant or occupier will become bound with two sufficient Sureties, to be approved by the Clerk of the Court, in such sum as to the Judges shall seem reasonable, regard being had to the value of the premises and to the probable cost of such action, to sue the person by whom such warrant was sued out with effect and without delay, and to pay all the costs of the proceeding in such action, in case a verdict shall pass for the defendant, or the plaintiff shall discontinue or not prosecute his action, or become nonsuit therein, execution upon the warrant shall be stayed until judgment shall have been given in such action of trespass; and, if upon the trial of such action of trespass, judgment be given for the plaintiff, such judgment shall supersede the said warrant.

XCVIII. Recovery of the possession of any such house, land or tenement shall be no bar to the institution of a regular suit, for trying the title thereunto, which may be brought in the Supreme Court, as if this Act had not been passed.

XCIX. Every bond given on the removal of any action out of the Court of Small Causes, or upon staying, delaying or reversing any judgment or execution awarded therein, or the execution of any such warrant of possession as aforesaid, or on moving for a new trial, or to set aside a verdict, judgment or nonsuit, shall be made to the other party to the action, and shall be approved by the Judges and attested under the seal of the Court; and if the bond so taken be forfeited, or if upon the proceeding for securing which such bond was given, the Judge, before whom such proceeding shall be had, shall not certify upon the record in Court, that the condition of the bond hath been fulfilled, the party to whom the bond shall have been so made may bring an action of debt and recover thereon: Provided always, that the Court in which such action as last aforesaid shall be brought may, by a rule of Court, give such relief to the parties liable upon such bond as may appear to him reasonable, and such rule shall have the nature and effect of a defeasance to such bond.

C. All actions and proceedings, which before the passing of this Act, might have been brought in the Supreme Court, where any Officer of the Court of Small Causes shall be a party, except in respect of any claim to any goods and chattels taken in execution of the process of the Court, or the proceeds or value thereof, may be brought and determined in the Supreme Court, at the election of the party suing or proceeding, as if this Act had not been passed.

CI. If any action shall be commenced after the passing of this Act in the Supreme Court, for any cause other than those lastly herein before specified, for which a summons might have been taken out from a Court holden under this Act, and a verdict shall be found for the plaintiff for a sum less than Five Hundred Rupees, if the said action is founded on contract, or less than One Hundred Rupees, if it is founded on wrong, the plaintiff shall have judgment to recover such sum only, and no costs; and if a verdict shall not be found for the plaintiff the defendant shall be entitled to his costs as between attorney and client, unless in either case the Judge, who shall try the cause, shall certify on the back of the Record that, by reason of the difficulty, novelty or general importance of the case, or of some erroneous course of decision on like cases in the Court of Small Causes, the action was fit to be brought in the Supreme Court.

CII. If any person shall bring any suit in the Supreme Court in respect of any grievance committed by the Clerk, Bailiff, or Officer of any Court holden under this Act, under colour or pretence of the process of the said Court, and upon the trial of the action, no greater damages shall be found for the plaintiff than the sum of Five Hundred Rupees, no costs shall be awarded to the plaintiff in such action, unless the Judge shall certify in Court, upon the back of the Record, that the action was fit to be brought in the Supreme Court.

CIII. All penalties, fines and forfeitures by this Act, inflicted or authorized to be imposed, (the manner of recovering and applying whereof is not hereby otherwise particularly directed), upon proof before any Justice of the Peace or Magistrate having jurisdiction where the offender shall reside or be, or the offence shall be committed, either by the confession of the party offending, or by the oath or affirmation of any credible witness shall be levied, with the costs attending the summons and conviction, by distress and sale of the goods and chattels of the party offending, by warrant under the hand of any such Justice or Magistrate, and the overplus (if any) after such penalties, fines and forfeitures, and the charges of such distress and sale are deducted, shall be returned, upon demand, unto the owner of such goods and chattels.

CIV. If any such penalties, fines and forfeitures respectively, shall not be paid forthwith upon conviction, it shall be lawful for such Justice or Magistrate to order the offender so convicted to be detained in safe custody until return can conveniently be made to such warrant of distress; unless such offender shall give sufficient security to the satisfaction of such Justice or Magistrate for his appearance before him on such day as shall be appointed for the taking of such warrant of distress, such day not being more than eight days from the time of taking any such security, which security the Justice or Magistrate shall be empowered to take by way of recognizance or otherwise, as to him shall seem fit.

CV. If upon return of such warrant it shall appear that no sufficient distress can be had thereupon, or in case it shall appear to the satisfaction of the Justice or Magistrate, either by confession of the offender or otherwise, that he hath not within the jurisdiction of such Justice or Magistrate, sufficient goods and chattels, whereon to levy all such penalties, forfeitures, costs and charges, the Justice or Magistrate may, at his discretion, without issuing any warrant of distress, commit the offender to the Common Gaol or House of Correction, for any time not exceeding three calendar months, unless such penalties, forfeitures and fines, and all reasonable charges attending the recovery thereof, shall be sooner paid and satisfied.

CVI. The monies arising from any such penalties, forfeitures and fines as aforesaid when paid and levied, shall (if not by this Act directed to be otherwise applied,) be, from time to time, paid to the Clerk of the Court, and shall be applied in like manner as the fees thereof.

CVII. In all cases in which by this Act any penalty or forfeiture is made recoverable before a Justice or Magistrate, he may summon before him the party complained against, and on such summons may hear and determine the matter of such complaint; and, on proof of the offence, may convict the offender, and adjudge him to pay the penalty or forfeiture incurred, and proceed to recover the same, although no information in writing shall have been exhibited before him; and all such proceedings by summons without information in writing shall be as valid and effectual to all intents and purposes, as if an information in writing had been exhibited.

CVIII. In all cases where any conviction shall be had for any offence committed against this Act, the form of conviction may be in the words or to the effect following: (that is to say,) "Be it remembered that on this

"in the year

A. B. is convicted before

"a Magistrate for the (or before a

"Judge appointed under Act IX. 1850) of having (state the offence;) and I (or we) the

"said do adjudge the said

"to forfeit and pay for the same the sum of [or to be committed

"to for the space of] given under hand () and

"seal () the day and year aforesaid."

CIX. No order, verdict, or judgment or other proceeding, made concerning any of the matters aforesaid, shall be quashed or vacated for want of form.

CX. Where any distress shall be made for any sum of money to be levied by virtue of this Act, the distress itself shall not be deemed unlawful, nor the party making the same be deemed a trespasser, on account of any defect or want of form in the information, summons, conviction, warrant of distress, or other proceeding relating thereto, nor shall the party distraining be deemed a trespasser from the beginning, on account of any irregularity which shall afterwards be committed by the party so distraining, but the person aggrieved by such irregularity may recover full satisfaction for the special damage in an action upon the case.

CXI. All actions and prosecutions to be commenced against any person for any thing done in pursuance of this Act, shall be commenced within three calendar months after the fact committed, and not afterwards, and notice in writing of such action, and of the cause thereof, shall be given to the defendant one calendar month at least before the commencement of the action; and no plaintiff shall recover in any such action, if tender of sufficient amends shall have been made before such action is brought, or if after action brought, a sufficient sum of money shall have been paid into Court, with costs by or on behalf of the defendant.

Supplement to the Fort St. George Gazette, October 26, 1852.

MADRAS COURT OF SMALL CAUSES.

Whereas by Act No. 9 of 1850 entitled an Act for the more easy recovery of Small Debts and Demands in Calcutta, Madras, and Bombay, it is amongst other things enacted, that

The Judges of each Court holden under the said Act, subject to the approval of the Judges of the Supreme Court, shall have power to make and issue all the general rules for regulating the practice, and proceedings of the Court, and also to frame forms, for every proceeding in the Court, for which they shall think it necessary that a form be provided, and also for keeping all books, entries, and accounts, to be kept by the Clerk of the Court, and from time to time to alter any such rules or forms, and the rules so made, and the forms so framed, shall be observed, and used, in the Court for that Presidency, and shall be sent to the Supreme Court for approval, but shall be of force until disapproved. In pursuance of such power therefore, it is hereby ordered that the following be the

RULES OF PRACTICE FOR THE MADRAS COURT OF SMALL CAUSES.

1. All applications for the usual process of the Court, shall be made to the Clerk, and shall set out the names, and additions in full, of the Plaintiff, and Defendant, as far as practicable, with their last place of abode, and business, the cause or causes of action, and the amount claimed, and when there is more than one Defendant, a separate copy under the seal of the Court, shall be issued for each Defendant. *If the application is not made by the Plaintiff in person, the Agent shall file in writing the particulars of the demand, signed by the Plaintiff.*

2. Where an Infant applies to take out a Summons for any cause of action (other than for wages or piecework, or for work as a servant) he must procure the attendance of a next friend at the Office of the Clerk, at the time of taking out the Summons, and no Summons shall be issued, until the next friend has undertaken, in the form in the Schedule to be responsible for costs, and on entering into such undertaking, he shall be liable in the same manner, and to the same extent, as if he were a party in an ordinary suit, and the cause shall proceed in the name of the infant by such next friend, and such undertaking shall be filed by the Clerk, and no order of the Court shall be necessary for the appointment of such next friend. If the plaintiff fail in, or discontinue his suit, and shall not pay the amount of costs awarded by the Court to be paid by him to the Defendant, such proceedings may be taken for the recovery of such amount from the next friend, as for the recovery of any debt, or damage, ordered to be paid by the same Court.

3. When an Infant Defendant appears at the hearing, and names a person willing to act as guardian, and who then assents so to act, such person shall be appointed guardian accordingly, but if the Defendant do not name a guardian, the Judge may appoint any person in Court willing to become guardian, or in default of such person the Judge shall appoint the Clerk of the Court to be guardian, and the cause shall proceed thereupon, as if another person had been appointed guardian, but no responsibility shall attach to any person so appointed guardian.

4. Claims by husbands in their own right, may be joined with claims in respect of which the wife must be joined as a party.

5. The Summons to appear to suits or actions shall be issued according to the form in the Schedule, and shall be dated as of the day when issued, and every Summons shall be made returnable on the tenth day exclusive of the day of issue, unless otherwise ordered.

6. Every Summons to appear to a suit or action, shall be served by one of the Bailiffs of the Court, four clear days before the holding of the Court at which the Defendant shall be summoned to attend, and in case the Bailiff shall not be able to serve the same within the time limited for that purpose, the Plaintiff on satisfying the Court that he has used due diligence in pointing out the Defendant, or his place of abode or business to the Bailiff, may by order of the Court, take out without commission fee, successive Summons, returnable at such time as the Court may

order, in continuation of, and founded upon the first Summons, and the first Summons shall be deemed the commencement of the suit.

7. On applications to recover possession of tenements in pursuance of the Section 91 of Act 9 of 1850, the commission fee shall be calculated and taken on the yearly rent or value of the premises sought to be recovered, but in cases in which no contract to pay rent is proved, or in which the action is brought to recover possession against trespassers, the commission fee shall be calculated, and taken, on the actual value of the premises, which value in case of dispute the Court shall determine.

8. The service of a Summons to appear to a suit or action, shall be, by delivering a sealed copy thereof to the Defendant, or to such person, at the place of abode or place of business of the Defendant, as shall afford reasonable ground for presuming that the service thereof will come to his knowledge, and in all cases the Plaintiff or his Agent shall apply to the Bailiff, and shall accompany him, to point out the Defendant or his place of abode or place of business.

9. When a Defendant shall be living or residing in any Military lines, Barracks, or Quarters, and serving Her Majesty, or the East India Company, as a Soldier, it shall be sufficient service to deliver a sealed copy of the Summons, to the Adjutant of the Corps, or to any European Officer, Jemadar, Subadar, Serjeant, or Havildar, of the particular Company to which such Defendant shall belong, or be temporarily attached.

10. When any Defendant shall by keeping his place of abode, or place of business, closed, or by violence, or threats, prevent any Bailiff from serving any Summons as herein before directed, and such Summons shall have been fixed conspicuously on, or near, to such place of abode, or business, or otherwise served, as nearly as may be according to the mode herein before directed, such service may be deemed good service. In other cases not herein provided for, in which difficulties arise as to the service of any Summons, the Court on special application, shall order in what manner such service shall be made.

11. The Bailiff who serves a Summons, shall endorse thereon the time, and manner of the service thereof, and shall forthwith deliver the same so endorsed, to the Clerk of the Court, who shall file it.

12. The Rules as to the mode, but not as to the time of service of the Summons to appear to a suit or action, shall apply to the service of all orders, and judgments, issuing under the authority of Act 9 of 1850, when ordered to be served upon the parties to a suit, except as to cases in which it shall be otherwise directed by the said Act, or by any rule made under the authority thereof. Subpoenas to Witnesses, shall be served at any time before the day of trial, by the Bailiff delivering a sealed copy thereof to the Witness, or to such person, at his place of abode, or business, as shall afford reasonable grounds for presuming the same will come to his hands. Before any fine shall be inflicted upon any Witness for refusing or neglecting to attend before the Court, pursuant to any Subpoena, an order in the form No. 5 in the Schedule, shall issue, and shall be served personally, unless otherwise ordered, on such Witness, and upon his not showing cause against such order, the Court may order execution to issue for the amount of the fine imposed.

13. The Clerk of the Court shall keep the several Record Books in the forms prescribed by the Schedule, and a Cash Book and Ledger, also a separate Book for the purpose of being submitted to the Judges of the Supreme Court, in which shall be entered the causes which may be removed, or the special cases which may be sent to the Supreme Court.

14. Every attachment against a Defendant to compel his appearance in Court, to answer to a suit or action, shall be made returnable on such a day as the Court may order, and on the Defendant being arrested under the Writ of attachment, he may either give security for his appearance on a future day, or notice shall be given to the Plaintiff to appear forthwith, and on the appearance of the Plaintiff, the cause shall be called on before the Court, and on the appearance of the Defendant being duly noted, the Court at its discretion, may either then proceed with the cause, or adjourn the hearing as to the Court shall seem fit, and if the Plaintiff shall not appear when the Defendant is brought before the Court in custody, by virtue of the Writ of attachment, the absence of the Plaintiff, and the appearance of the Defendant, shall be minuted, and the Defendant shall be discharged from

custody, and directed to attend on the day of the return of the Writ of attachment, and on failure of the Defendant's attendance on the day mentioned, the hearing of the cause may be proceeded with.

15. The Clerk shall grant a Receipt or Memorandum for all sums of money paid into Court by Suitors as fees, or commission, or on any account whatsoever, and no money shall be paid out of Court *to the party* paying it in, unless on production of the said Receipt, or Memorandum, or by order of the Court.

16. When the Defendant admits that he is liable to pay the debt and costs of the action, and pays money into Court, the sum shall include all necessary costs in Court, up to that time incurred by the Plaintiff, and the amount so paid in, shall be duly registered by the Clerk.

17. Where the defence is a tender, such defence shall not be available, unless, before or at the hearing of the cause the Defendant pays into Court, (which may be without costs), the amount alleged to have been tendered.

18. Defendant in all cases whatsoever, shall be at liberty to pay into Court, any sum of money in satisfaction of the Plaintiff's demand, and if the Plaintiff elect to accept in satisfaction of the debt or damages claimed, and the costs, the sum that has been so paid into Court by the Defendant, and shall notify the same to the Clerk, the action shall be discontinued, and the Plaintiff shall be entitled to receive the sum so paid into Court, together with the overplus of commission (if any), but in default of the Plaintiff notifying to the Clerk such acceptance as aforesaid, the suit or action will proceed, and if the Plaintiff fail to appear and to prove that he is entitled to more than has been paid into Court, he shall be liable to pay costs to the Defendant.

19. Notice of all causes settled by agreement, shall be given to the Clerk by the parties, or either of them, or their, or his constituted agents, or agent, previous to or at the time of the cause being called on in Court; or in default thereof, the parties shall not be entitled to a return of half of the fees paid up to that time.

20. When a Defendant desires to set off any debt, or demand, alleged to be due to him from the Plaintiff, he shall produce the particulars of such set off in writing at the time of his appearing to answer, unless otherwise ordered by the Court; which said particulars shall be forthwith filed by the Clerk of the Court.

21. Where a Plaintiff avails himself of the provisions of Section XXXVI of Act 9 of 1850, and proceeds against only one or more of several persons jointly answerable, the Defendant or Defendants sued, may avail himself or themselves of any set off, or other defence, to which he or they would be entitled if all the persons liable were made Defendants.

22. The time for issuing execution on any Judgment, or order, shall be on the third day after the making thereof, unless immediate execution be ordered by the Court.

23. No new trial shall be granted, unless the party desirous thereof shall apply for the same on or before the second sitting of the Court after the trial, and unless he shall (when a Defendant) previously pay the debt or damages and costs into Court, or give security for the same, the Clerk shall give immediate notice of such application for a new trial to the other party to the action.

or frustrate the design, the Post Master General requests, that all Public letters may be delivered daily into the General Post Office before 6 p. m., and begs to intimate, that letters, put into the General Post Office after that hour, unless in a case of great emergency, the same being communicated by an Official Memorandum from the head of the Department to the Post Master General, will be detained at the Office for transmission by the following day's Mail.

COUNCIL CHAMBER, FORT WILLIAM, }
30th August, 1837.

The following Rules for Stamping Letters have been submitted to the Governor General of India in Council and being approved, are appended for the guidance of the Officers of the Department.

RULES FOR USING POST OFFICE STAMPS.

1. All Letters and packets whatever (save and except newspapers and ship and steam letters hereafter specially provided for,) received at any Post Office in India for despatch by post, whether free or post paid, or liable to postage, as the case may be, are to be marked with the appropriate stamp bearing the name of such office of despatch, and when slide stamps are not provided, where the date of the month and the year forms part of the stamp itself, the said date must be entered in writing across the middle of the face of the stamp. If the letter or packet received for despatch be post paid or bearing postage, the amount of postage so paid or due, must be entered in writing on the face of the stamp, after the word, "paid" or bearing, as the case may be.

2. All letters and packets whatever, received at any Post Office by post for delivery at such office, are in like manner to be stamped with the appropriate Office Stamp, and marked with the date of the month and year; but the amount of postage paid or due, is not to be entered on the stamp of delivery, as the stamp of despatch regulates the levy of postage.

3. The stamp for all Service, Soldiers, or other free letters or packets, is an oval, 1½ inch long by 1 inch wide, bearing the name of the Office and the word "free," and must be stamped red.

4. The stamp for all letters or packets, on which postage has been paid, is an oblong, 1½ inch long by 1 inch wide, bearing the name of the Office and the word "paid," and must also be stamped red.

5. The stamp for all letters or packets, on which postage has not been paid in advance, is an oblong, $1\frac{1}{4}$ inch long by 1 inch wide, bearing the name of the Office and the word "bearing," and must be stamped *black*.

6. Forward letters or packets, i. e. those which follow a party addressed from station to station, are to be stamped at each Office of fresh despatch, and marked with the additional postage due on such fresh despatch.

7. When a letter exceeds in weight a single tola, its weight, double, treble, &c., must be entered in writing on the face thereof, and on Banghy parcels the exact weight must in all cases be entered in writing on the same.

8. All Service, Soldiers, or other free letters or packets, received from Seaward at any General Post Office, are to be stamped with the Ship Letter, Free Stamp. This Stamp is circular, $1\frac{1}{4}$ inch in diameter, bearing the name of the General Post Office, the date of the month and year, and the words "Ship Letter, Free," and must be stamped *red*.

9. All other letters or packets received from Seaward at any General Post Office, are to be stamped if received by Ship, with the Ship Letter Bearing Stamp, and, if by a Government Steamer, with the Steam Letter bearing Stamp. The former is a square Stamp $1\frac{1}{4}$ inch in diameter, bearing the name of the General Post Office, the date of the month and year, and the words "Ship Letter, Bearing." The latter is an octagonal stamp of similar dimensions but with the words "Steam Letter, Bearing." Both these Stamps must be stamped *black*.

10. At the several Stations where newspapers are published in India, Newspaper Stamps are provided, with which all newspapers received at such Stations, for despatch, will be appropriately stamped* whether Free, Paid or Bearing, as the case may be, and the Postage paid or due, as the case may be, marked on the same, either by the Stamp or writing. At the Offices of Delivery, where Newspaper Stamps may not be provided, Newspapers will be marked with the usual Office Stamp, in like manner as other Packets.

* If "free," or "Paid," *Red*.
If "Bearing," *Black*.

11. At General Post Offices, all letters or Packets required to be delivered at the morning delivery are to be marked with the A. M. Stamp in *black* ink, and those at the afternoon delivery with the P. M. Stamp in *red* ink.

With reference to the list of Public Officers entitled to frank letters, Packets and Parcels *bonâ fide* on the Public Service which is included in the rules for the management of the Post Office Department, passed by the Right Honorable the Governor General of India in Council on the 30th of August last, the Right Honorable the Governor General of India in Council has been pleased so far as to amend and modify the Rules therein contained respecting Commissioners of Circuit and Revenue and their *Covenanted* Assistants and the Registrar of the Sudr Dewanny Adawlut and Secretary to the Sudr Board of Revenue and to the Board of Customs, Salt, and Opium, as to provide that the Registrar of the Sudr Dewanny and Nizamut Adawlut and the Secretaries to the said Boards shall have power to nominate an Uncovenanted Assistant in their Offices respectively to frank Official Letters sent to the Post Office with the Despatch-book of the Office, and the Post Master General being informed of the name of the Assistant so nominated shall cause letters duly signed by them and entered in the Despatch-book of the Offices respectively to be transmitted free in like manner as if signed by the heads of the offices. With respect to Commissioners of Circuit and Revenue where there may be no Covenanted Assistants present with them or in charge of their Offices it shall be competent to the Commissioner to employ his Uncovenanted Assistant to frank the official covers of the Office, notice being duly given to the nearest Post Master and to the Post Master General. The Right Honorable the Governor General of India in Council further is pleased to direct the Assay Masters to be included amongst the Public Officers of List No. 1. instead of being required to forward their official Letters through the Mint Masters as ordered in List No. 3, and likewise to amend the following heads of List No. 1. For "Agent Political or Agents to the Governor General," read "Agents Political or Agents to the Governor General and their Assistants" also Political Officers on mission or in charge of Offices by whatever name designated. For "Residents at Foreign Courts," read "Residents at Foreign Courts and their Assistants."

The Governor General of India in Council further directs, that when there shall be a Superintendent of Police appointed to any Presidency or other Division of Territory, that Officer and his Assistants shall exercise the same privileges in the franking of Letters *bonâ fide* on the Public Service as Commissioners of Circuit and Land Revenue, and their Assistants respectively."

Correspondence with Members of the Honorable Court.

Fort St. George, February 6, 1838.—Page 84.

Extract from a letter from the Honorable the Court of Directors.

PUBLIC DEPARTMENT, *November 8th, 1837.*

Para. 1. Instances having occurred of letters addressed by parties in India, to the Individual Members of our Court, being transmitted to this country by the Mediterranean Mails, under the impression that such letters are exempt from the duty of postage, it is necessary that we should apprise you, that the privilege of receiving letters so addressed, free of postage, does not attach to letters sent from the East Indies by packet, via the Mediterranean; and we direct that you forthwith take the necessary measures for giving public notice thereof, throughout your Presidency.

2. You will however, clearly understand, that the privilege of franking enjoyed by individual Directors, and other public functionaries, so far as respects the Indian duties of postage continues in full force.

Refund of Postage.

Fort St. George, General Post Office, 8th March 1838.—Page 162.

Considerable inconvenience being experienced from persons requiring a refund of the postage, levied upon Letters which may not be forwarded to the parties to whom they may be addressed in consequence of instructions from themselves to detain their letters until their arrival at the Presidency; Notice is hereby given, that in future, whenever the postage shall have been charged and levied on letters delivered at the General Post Office, for the address of persons at Out-stations, no refund will be made to the writers or senders of such Letters, when they are detained by orders of the parties to whom they may be addressed, for delivery at the Presidency.

Letters on Her Majesty's Service.

Fort St. George, February 26, 1839.—Page 141.

No. 95.—Fort William, General Department, 6th February 1839.

NOTIFICATION.

No. 24 of 1838, dated 19th September.

"It is our desire that all Letters which the General Commanding-in-Chief in England, or his Military Secretary, may address to any of Her M.'s Officers serving in India, should be received by them free of all Indian Postage. You will therefore issue the necessary directions for carrying this intention into effect."

No. 28 of 1838, dated 7th November.

"Referring to our letter in this department dated the 19th Sept. (No. 24 of 1838) we direct that all Letters franked by the General Commanding-in-Chief in England and by His Military Secretary, to whomsoever they may be addressed, be exempted from Indian Postage; and that the franks of the Assistant Military Secretary and of the Chief Clerk of the Commander-in-Chief's Office 'on H. M.'s Service' be allowed to pass throughout India free of postage."

In compliance with the Orders, contained in a Despatch from the Honorable Court of Directors, dated the 19th September, No. 24 of 1838, and of a Despatch dated 7th November, No. 28 of 1838, both cited in the Margin, the Hon'ble the President in Council under the powers reserved to the Government of India by Sec. XXIX. of Act XVII. of 1837, directs that letters despatched from or addressed to any of Her Majesty's Officers serving in India when transmitted to or franked by the General Commanding-in-Chief in England, or his Military Secretary, shall be conveyed throughout India free of Indian Postage, also letters to the Assistant Military Secretary and Chief Clerk of the General Commander-in-Chief's Office from the same persons superscribed 'On Her Majesty's Service,' and letters franked by those Officers similarly certified.

Letters and Packets by the Overland Mail.

Fort St. George, General Post Office, 9th March 1839.—Page 188.

To prevent complaints which have been made in England of the expense occasioned by the practice of the indiscriminate transmission of Letters and Packages by the Overland Mail, it is hereby notified pursuant to instructions from the Honorable the Court of Directors, that all Letters which are not specifically superscribed to be sent by that mode of conveyance, will be received and forwarded by sailing Vessels.

It is further notified, that the practice of forwarding Letters under cover to individual Members of the Honorable Court should be discontinued, as under the Authority of the Lords Commissioners of Her Majesty's Treasury, the Chairman, Deputy Chairman, Secretary, and Assistant Secretary only to the East India Company, have the personal privilege of receiving Letters free of postage from the East Indies by Packet, via Mediterranean, but the privilege does not extend to any other Director or Officer of the Company.

Fort St. George, General Post Office, 22d March 1839.—Page 228.

It is hereby notified, that Letters for places in the United Kingdom of Great Britain, superscribed to the care of Mr. Waghorn or other parties in Egypt, and which require to be forwarded by the Steamers from Bombay, are liable to Steam as well as Inland Postage. Steam Postage will accordingly, be levied upon all such Letters at the time of the delivery of the Letters at the Despatching Post Office.

Arrival of Overland Mails.

Fort St. George, General Post Office, 13th September 1839.—Page 644.

It is hereby notified for general information, that immediately upon the arrival of the Overland Mails during the day, the Flag No. 7, and during the night, a signal Lantern will be hoisted at the mast-head of the Flag Staff.

As these signals are destined to afford information to the public, with the view of ensuring early delivery of their Overland Letters, it is requested that immediately upon the signal being made, they will send their servants to the General Post Office to take charge of their letters with sufficient money, part in small coins, to defray the postage that may be due on them.

Fort St. George, General Post Office, 3rd September 1840.—Page 622.

Adverting to my Notification dated the 9th July last, it is hereby notified, that the Letter deliverers will, from this date, be supplied with* hand bells; and, as the object of their use is to announce their approach with Letters to parties interested, both in the streets and at the doors of dwelling houses, it is requested that any person observing the deliverers failing to ring the bells in the course of their tour of delivery, intimation of the same may be given to the Post Master General, in order that the conduct of such deliverers may be inquired into, and if necessary, punishment inflicted.

Sealing Letters.

Fort St. George, October 27, 1840.—Page 741.

London, General Post Office, August 1840.—The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters in consequence of the melting of the wax and adhesion of the letters to each other. In the case of a mail recently received from India, considerable delay was occasioned at this office; and, notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn; the public are therefore recommended, in all possible cases, to use wafers, in preference to wax in sealing their letters sent to India, or other warm climates; and also to advise their Correspondents in those countries to pursue the same course.

$\frac{1}{4}$ " " "	6 "
$\frac{1}{2}$ " " "	9 "
1 " " "	12 "

Bombay Castle, 12th September, 1843.

Fort St. George, General Post Office, 12th February, 1844.—Page 143.

Notice is hereby given, that the scheme of optional pre-payment of Postage on Overland Letters will be brought into operation, in the Post Offices under the Madras Presidency, on and from the 1st of March next.

The British rates of Steam Postage to be collected in India, in addition to the usual Indian of Inland Postages, on letters received bearing from, or despatch paid to, the United Kingdom, via Southampton, are as follows :

When not exceeding	$\frac{1}{2}$ Ounce	8 Annas.
Above $\frac{1}{2}$ Ounce and not exceeding	1 do.	1 Rupee.
" 1 do. and not exceeding	2 do.	2 Rupees.
" 2 do. and not exceeding	3 do.	3 "
" 3 do. and not exceeding	4 do.	4 "

and so on, increasing 1 Rupee for every additional ounce or any fraction thereof.

The system of optional pre-payment of the Steam postage applies only to the route via "Southampton," and that letters sent via Marseilles cannot be pre-paid in this country. It applies also only to letters posted in India addressed to the United Kingdom and vice versa, and does not apply to letters posted in or addressed to places beyond the United Kingdom, i.e. all Letters for America, as well as those addressed to the Continent of Europe, if marked via "Southampton," must go "bearing" from this country. Letters for America, if superscribed to the care of an Agent in the United Kingdom, may be paid for in advance as if the Letters were designed for delivery in the United Kingdom.

Letters franked by Members of Parliament are not entitled to exemption from the payment of postage in India. Vide Section LVII. of the Post Office Rules.

Law Papers, Accounts, and Vouchers should be attested with the full signature of the sender, and any writing contained therein which is not necessarily part of the documents which such Packet is stated to contain by attestation on the envelope of such Packet, the sender thereof shall be liable to a fine of 50 Rupees. References to the annexed Schedule.

A prefixed to a Station denotes, that that Station is under the Presidency of *Bengal*.

B prefixed to a Station denotes, that that Station is under the Presidency of *Madras*.

C prefixed to a Station denotes, that that Station is under the Presidency of *Bombay*.

(a) denotes that there is a Banghy established to them, and that Letters, Newspapers, &c. exceeding 12 Tolas and not exceeding 10 Tolas weight are forwarded at the rates of postage provided in Table 5, Schedule C, and to all other places where no Banghy Post is established, rateable postage is charged, as provided in Section First, Clause II. of the Act No. XX. of 1848.

(b) denotes the principal Stations in the Island of Ceylon. Postage on Letters, Parcels, &c. to those and other Stations under that Presidency is levied to and from Calimere Point, as provided in Clause VIII. of the Post Office Rules.—Letters received at Madras by Sea to those Stations are forwarded bearing postage and those received at those Stations by Sea and forwarded to Madras by Dawk, are liable to the regulated Ship and full inland postage from the place of landing.

(c) denotes that there is no Post Office at that Station.—Letters to it, must therefore be sent to the nearest Post Office, which is mentioned under parenthesis.

However the average time occupied in the travelling of the Dawk Banghy and Express Mails from Madras to the several Post Office Stations throughout India, is approximately shown in the Schedule.

The following Notice is published for general information.

NOTICE TO THE PUBLIC, AND INSTRUCTION TO ALL POST MASTERS, SUB-POST MASTERS, LETTER RECEIVERS, &c.

General Post Office, September, 1843.

Her Majesty's Government having decided that Southampton shall be made the Port of Arrival and Departure for the *Peninsular, Mediterranean, Oriental and West India Mails*, instead of Falmouth, the following are the arrangements which have been sanctioned, and which will come into operation on and from the 18th instant, on which day the next Packet to the West Indies will be despatched from Southampton.

The respective Mails to be forwarded by the Packet from Southampton, will be made up in London, and transmitted from London to Southampton by the *Morning* instead of the *Evening* Mail, as at present, upon the undermentioned days, viz. :—

Peninsular Mails, viz. : Vigo, Oporto, Lisbon, Cadiz, Gibraltar. *Every Thursday—Mediterranean*, viz. : Malta, Greece, and the Ionian Islands—the *1st of the month and the Thursday nearest the 15th of the Month.

Egypt and India—the *1st of the Month.

West Indies, &c.—the †2d and 17th of the Month.

* When the 1st of the Month falls on Sunday the *Mediterranean and East India Mails* will be made up in London, and despatched on the previous Morning.

† When the 2d or 17th fall on Sunday, the *West India*, &c. Mails will be made up and despatched on the following Morning.

Those Postmasters whose instructions direct them to send the correspondence for the above Packets to Falmouth, will upon this measure coming into operation, forward such Letters to London.

The *Brazilian Packet* will continue to be despatched *from Falmouth as at present*.

Letters to and from the Mediterranean and the East Indies, &c. intended to be forwarded by the direct Packet, instead of *via Marseilles*, should henceforward be addressed, *via Southampton*.

Notice is hereby given, that Southampton has been made by Her Majesty's Government, the Port of arrival and departure of the Mediterranean and East India Mails, instead of Falmouth, all Letters and Packets therefore from India, which under the orders hitherto in force, would have been marked for transmission "*via Falmouth*," should now be addressed "*via Southampton*."

Monthly Steam Communication with Calcutta, Arracan and Moulmein.

Fort St. George, General Post Office, 29th August 1845.—Page 727.

From a Notification in the Calcutta Government Gazette, it appears, that the Supreme Government has been pleased to decide on establishing a monthly Steam Communication with Calcutta, Arracan, and Moulmein. This line will be commenced with the Honorable Co.'s Steamer "*Tenasserim*" on the 10th Proximo, and afterwards, this vessel or any other that may be employed in the Service, will take her departure regularly on the 10th of every succeeding month, and touch at one of the Ports at Arracan, going, and at the other, returning, according to circumstances. The Post Master General therefore begs to notify, that the Peninsular and Oriental Steam Navigation Company's Vessel expected to touch here about the 30th instant on her way from Suez to Calcutta, presents an excellent opportunity for the transport of letters intended for Moulmein to Calcutta, for despatch thence on the 10th Proximo, and accordingly a Packet for Moulmein as well as one for Calcutta, will be kept open at this Office for despatch by the Steamer "*Hindustan*." In the event of the Steamer from Suez arriving in these roads late in the evening, this office will be kept open during the night for the accommodation and convenience of the public, as her stay at Madras will not be longer than 12 hours from the time of her anchoring in these roads.

Pre-Payment of Indian (Inland and Ship) Postage on Covers forwarded to Hong-Kong.

Notice is hereby given, that in conformity to the instructions of Her Majesty's Post Master General, no Letter or Newspaper will, in future, be received at this office for transmission to Hong-Kong unless the entire amount of Indian (Inland and Ship) Postage due for the conveyance of the same to its ulterior destination, shall be previously paid by the Sender at the time of posting at the Despatching Office.

It is to be distinctly understood that this rule does not apply to the description of covers forwarded by the Peninsular and Oriental Company's Contract Steamers, as on them, the prescribed British Packet rate of Postage is charged.

Calcutta, Genl. Post Office, 4th Sept. 1846.

Scale of British Steam Postage and British Packet Postage.

POST OFFICE NOTIFICATION.

Fort St. George, General Post Office, 20th November 1846.—Page 1096.

1. The arrangements for the conveyance of the Mails direct between Madras, Suez and other Ports being now in operation: the Scale of British Steam Postage and British Packet Postage chargeable on letters is as follows, viz.:

On every letter not exceeding $\frac{1}{4}$ an ounce weight.....	8 As. or one shilling.
On do. above $\frac{1}{4}$ and not exceeding 1 ounce.....	1 Rupee or two do.
On do. above 1 oz. and not exceeding 2 ounces.....	2 Rs. or four do.
On do. above 2 oz. and not exceeding 3 ounces.....	3 Rupees or six do.

and so on increasing one Rupee or two shillings for every additional ounce weight, or any fraction thereof.

2. British weights not being in general use in this country, the following Coins of the Honorable Company's currency are recommended as the best substitutes.

In lieu of $\frac{1}{4}$ an ounce, one Rupee and one Copper Pie.

In lieu of 1 ounce, two Rupees and two Pice.

3. Letters weighing half an ounce are reckoned as single ; and such as weigh one ounce are double.
4. Letters for places on the Continent of Europe ; letters directed to any place to which Great Britain does not necessarily form a channel of communication ; and letters forwarded via Marseilles, Malta or Alexandria, or subject to Red Sea (Steam) Postage. All such letters must, as heretofore, be pre-paid in India, but if endorsed via "Southampton," they may be forwarded "bearing," and if directed to an Agent in England they may be pre-paid.
5. No Steam Postage on letters for the United States nor to British Colonies in America or the West Indies can be pre-paid in India, whether sent by way of Marseilles or via Southampton unless they are addressed to Agents in Great Britain.
6. The same rule applies equally to letters despatched through Marseilles for places in England, Scotland, Ireland, Wales, and all the British Islands.
7. Letters for places in the United Kingdom, superscribed to the care of any person in Egypt must be pre-paid : at the rate of the regulated Red Sea Postage.
8. No Steam Postage is chargeable in India on Newspapers received from and despatched to England or from one British Indian Port to another. Inland Postage, however, to and from Bombay or Stations from the Interior, must be paid.
9. Pamphlets are chargeable Steam Postage with reference to letter weight : thus a Parcel containing one or more Pamphlets is liable to be charged just as letters are according to weight.
10. The optional pre-payment of Steam Postage applies to letters sent by the Southampton route to places within the United Kingdom and vice versa, and between British Indian Ports.
11. All letters posted or received at the General Post Office for transmission to Europe by the Overland Mails whether direct or via Bombay will be sent by way of Marseilles unless they are superscribed via "Southampton."
12. The Inland (India) Postage is quite distinct from Steam Postage : Inland Postage must be paid in advance by the sender at the Posting Office, on letters forwarded from Out-Stations to Madras or Bombay or from either one Presidency to the other for transmission by the Steamers.
- The word "Paid" therefore should be written only on letters the Steam Postage for which senders intended to Pre-pay.
13. British Packet Postage will be levied on all Price Currents and Newspapers conveyed between any port of the Madras Presidency and any port in the East Indies, China, &c. by the contract Steamers from Madras.
14. British Packet Postage will be levied in addition to any Inland Postage at the following rates, viz. :

	S.	D.	R.	A.	P.
On every Newspaper addressed to a Foreign Port, such as Manilla, Canton, &c. 0 1 0 0 8	0	1	0	0	8
On every Price Current or Printed Commercial List, conveyed to a British Port 0 1 0 0 8	0	1	0	0	8
On the same addressed to a Foreign Port..... 0 2 0 1 4	0	2	0	1	4

15. Letters and Pamphlets addressed to a Foreign country or possession such as China; Manilla, &c. must be paid in advance.
16. The postage chargeable on Newspapers and Price Currents or Printed Commercial Lists must in all cases be paid in advance.
17. Each Newspaper or Price Current, or Commercial List must be put under a separate cover. The Post Office will not receive two or more enclosed in one cover.
18. No letter exceeding 12 tolas (a fraction under 5 ounces) in weight can be transmitted per Letter Mail, but if forwarded by Government Banghy Post or otherwise to Bombay or Madras it may thence be despatched by the Steamer.
19. Letters and Papers for Out-Stations intended for despatch by the Overland Mail from Madras should be superscribed per Steamer, via Southampton, or else per Steamer via Marseilles. In order to avoid mistakes the name of the country as well as the name of the town therein should be marked in the superscription.
20. Letters posted in Madras for despatch by the Bombay route should be marked via Bombay.
21. According to the rules of Steam postage the *single letter* is a letter of half an ounce weight : but the Inland postage is reckoned by the tola weight : the quarter tola continues to be the weight of a single letter for Inland postage to Bombay.
22. An extra charge of 8 annas for every half tola weight is made on letters sent by the Overland Express from Madras to Bombay. No letter weighing more than one tola weight can be forwarded by the Express. Thus for instance a Pre-paid Steam letter of one tola weight posted in Madras for transmission via Bombay would be charged with postage amounting to Rs. 2 A. 2 P. 0, viz. :

Ordinary Inland postage.....	0	10	3
Express do. do.	1	0	0
Steam do. do.	0	8	0

Total Rs..... 2 2 3

23. In closing Overland letters, wafers ought always to be used instead of sealing wax.
24. On the day of closing the Mail for Suez for transmission by the P. and O. Company's Steamers, letters will cease to be received at the receiving Houses at Vepery, Royapettah, Mount Road and Black Town two hours before the time indicated at the Fort Flag Staff for

closing the Mails at the General Post Office : and the public are recommended, if possible to post their letters at the General Post Office on that day.

25. Much inconvenience having been experienced by applicants who crowd the Office within the latest hour fixed for receiving letters, it is particularly requested that the letters be put in early to prevent disappointment.

26. No Packet or Package, will be received at the General and Subordinate Post Offices for transmission by the contract Steamers.

27. Letters from the interior should be despatched so as to arrive at Madras a day previous to the date mentioned in the Advertisement as the expected time of arrival of the Steamer in these roads.

28. No letter or newspaper will be received at the General Post Office (excepting Government despatches) after the hour indicated at the Fort Flag Staff for closing the Mails.

[Paras. 29, 30, 31, 32, 33, 34 and 35, cancelled.—Vide revised Signals intimating the arrival and departure of the Mails, Steamers, &c. inserted before the Rules, &c. Peninsular and Oriental Steam Navigation Company.]

CIRCULAR.

Much inconvenience and delay being frequently experienced, in consequence of parties residing in the British Colonies and other parts abroad, (who may have occasion to complain of undue detention of their letters or of such letters being charged with a higher amount of postage than that to which they are liable,) omitting to forward to this Office, with their complaint, the covers of the letters so delayed or overcharged ; the Post Master General is pleased to request that whenever application is previously made to you on the subject, and in all cases where you have an opportunity of recommending the proper course to be pursued, you will point out how important it is that the covers should invariably be transmitted : as much time will then be saved in investigating the complaint, and material assistance will be afforded to this Department, in ascertaining where the error has occurred.

N. B.—The demurrage to be paid to each Bearer for detention is 1 Anna for the first day and 3½ Annas for each succeeding day, reckoning from the time of the set being posted.

4. To protect Government from all loss, the application for a Dāk, in the case of parties belonging to Her Majesty's or the Honorable Company's Services, must be accompanied by an assurance in writing that all charges incurred for their Dāk, will be paid on demand. From all other parties the security of a House of Agency for the payment of all charges on demand, is requisite; but the Officer laying the Dāk, may, at his discretion and on his own responsibility, accept a written assurance to the same effect in lieu of the above security.

5. A set of Dāk Bearers will comprise fourteen men, viz. twelve Palankeen Bearers, one Masaljee and a Cawady Cooly. When Cawady Coolies cannot be procured, two Coolies will be employed instead, at the same cost.

6. The rate of hire to be paid to the Bearers will be fixed by the local authorities. When Bearers are brought from a distance, the Traveller will be required to pay them the regular hire and travelling hire.

7. Sets of Bearers shall receive (3) three Pice each Bearer for every mile they travel to their post, which allowance is called travelling hire, except for such part of the road as they travel over again with a loaded Palankeen, for which part they shall not be entitled to travelling hire, unless the distance which they travel to their post exceeds 40 miles, in which case they shall be entitled to travelling hire, for the whole distance, notwithstanding they return over a part or the whole of it with a loaded Palankeen.

8. If Bearers are detained on the road, they are to receive (1) one Anna each for the first day, and (3½) three and half Annas for each succeeding day, from the party for whom they are posted, whether they are used or not, and after remaining 3 full days they will be discharged

3. Each Traveller is henceforth required to pay the Bearers their hire and the charge for torch and oil, personally on his arrival at the end of the stage, according to the English Memorandum (in the annexed Form) furnished to the set by the Officer posting them. The rate of charge for demurrage according to Rule 8 will be stated at the foot of the Memorandum, and whatever amount may be incurred by the Traveller must also be paid at the end of the stage. No relaxation of this rule will be permitted under any circumstances.

and without further instructions return to their homes, unless notice is given for their further retention. Bearers carrying an empty Palankeen shall be entitled to (1) one Anna and (6) six Pice per mile, for the distance they convey the same, in addition to any travelling hire to which they may be entitled under these Rules.

9. When a Dāk has been ordered and circumstances may cause the Traveller to postpone his journey or to abandon it altogether, he will be liable to all charges actually incurred in like manner as if he had employed it.

10. When Bearers are posted for a Traveller, no other Traveller shall employ them, without the authority of the Officer who posted them; but should any individuals so act in violation of the orders of Government, he will be liable, in addition to the hire of the Bearers used, to all and every extra charge incurred by the Traveller for whom the Dāk was originally laid.

11. In order to facilitate the keeping of accounts, all fractional portions of a mile be struck out. If the fractional part exceed the half, the Bearers will enjoy the benefit of a full mile—if less than the half, they will not be entitled to any hire for the same.

12. All charges of hire shall be made agreeably to the Table of distances and routes in the Madras Road Book.

13. The load for a Cawady Cooly shall not exceed 50 lbs. weight, divided as nearly as possible, into two equal portions of 25 lbs. each.

14. All applications on the subject of posting Bearers (except when made on service by one Public Officer to another) shall be post paid, and superscribed "Bearer Service," in order that no delay may occur in their being opened by the proper authority. If this rule is infringed, the Traveller will be held responsible for any charge that may be incurred consequent thereon.

15. In all cases of charges being made which to the parties concerned may appear irregular, the decision of the Post Master General shall be final, unless the charge complained of was made by the Deputy Post Master General, when alone an appeal is permitted to Government. Travellers are not however on this plea to withhold payment from the Bearers of any sum entered in the Memorandum presented by them—all such objections will be subsequently adjusted.

16. It is to be understood, that although Government has directed its Public Servants to lay Dāk Bearers for the convenience of the Public, and will cause due pains to be taken to ensure regularity and a punctual attendance to all requisitions, yet that neither Government nor any of its Officers are to be held responsible to the Traveller, for any unavoidable disappointment he may meet with on his journey, or for the expenses consequent thereon.

17. All parties availing themselves of the services of the Officers of Government for laying Dāks are to be held as ipso facto binding themselves to adhere to the above Regulations.

Whereas a certain Table of Fees to our Registrars was lately intended to be adopted and certified by our late well beloved John Mathias, Lord Bishop of Calcutta, in and for our several Archdeaconries. And whereas in consequence of the death of the said John Mathias and of the Archdeaconries of Madras and Bombay having been since made separate Dioceses and in consequence also of our disapproval of many of the items in such Table from the curtailments in the stipends of the Clergy, We Daniel, Lord Bishop of Calcutta, have thought fit to revoke and accordingly do revoke and cancel a certain instrument under Seal bearing date the twentieth day of July 1831, under which it was intended to certify such fees. And whereas we still consider that a reasonable, certain and consistent Table for all the business hitherto usually charged for and to be done should be certified and established to prevent exaction and contention and in order that nothing may be unreasonably demanded or exacted or unlawfully taken by those employed, but such as seem to us suitable, customary and unobjectionable in their nature, and at the same time afford a moderate professional remuneration to those Registrars whose services are thus rendered. We therefore as far as we lawfully may and can having considered and given our best consideration to the subject, do certify the foregoing graduated scale to be in our opinion reasonable and such as may not be (with reference to the usages in the Dioceses elsewhere) improperly taken by our Registrars and Secretaries for business considered to be of a voluntary and private kind and where the acts done are not exclusively for Government objects or of the State and of a nature for which public provision is made.	
And we order that a Table of these Fees be placed up in some conspicuous part of the Registry.	
In testimony whereof we have affixed our hand and seal, Dated this thirty-first day of May in the year of our Lord one thousand eight hundred and forty-two and in the eleventh year of our Consecration.

(Signed) Wm. Hy. Abbott,
Registrar of the Bishop's
Consistory Court, Calcutta.

Extracted and collated with the Act on the Registry this 16th August 1847. Episcopal Registry Office, Calcutta.

(Signed) Wm. Hy. Abbott, Registrar.

The Episcopal Consistorial Court of the Diocese of Madras.

This Court was opened pursuant to Notice given in the Official Gazette, under authority of the Right Reverend George Trevor, Lord Bishop of the Diocese, in the Vestry of the Cathedral of Saint George at Madras, at 11 o'clock on the morning of Monday the 27th day of October 1845, on which occasion were present the Lord Bishop, the Venerable the Archdeacon (the Commissary of such Court) the Registrar, the Reverend V. Shortland, the Reverend E. Whitehead, and several other persons.

The Lord Bishop of Madras having taken his seat, the Court was opened in due form. The Registrar first read the authority for convening the Court dated the 10th June last, under the hand and seal of his Lordship: he afterwards read such parts of the Royal Letters Patent bearing the Seal of Great Britain under the 5th Will. 4th dated 13th June 1835, as expressly point out the nature of the Jurisdiction, and the persons over whom the Court are to exercise the same; at which Court His Lordship or his Commissary are to preside.

The Registrar then took the Oaths of Office, and his appointment being duly executed, His Lordship passed the following orders.

1st. That the Rules* now in force in the Consistory Court of the Bishop of Calcutta (so far as the same are applicable) be adopted for the regular conducting of the Proceedings of this Court.

2nd. It is ordered that the Table of Fees established and in force in the Diocese of Calcutta as published in the Fort Saint George Gazette under date the 2d June 1848 be adopted and charged in all proceedings of this Court.

3rd. That the Regular Court days on which this Court shall be opened (if business requires) be the second Monday in the months of January, April, June, and October, in each year.

4th. That on an Advocate, or Proctor, applying for leave to practice in this Court, such application be accompanied by a certificate of his having been admitted to practice as an Advocate, or a Proctor, in Her Majesty's Supreme Court of Judicature at Madras—and

5th. That the same fees, as are drawn by the Registrar of the Archdeaconry of Calcutta, be demanded, and received by the Registrar of the Archdeaconry of Madras.

Mr. John Spencer was then sworn, as the Apparitor of the Court, and his appointment having been duly executed, His Lordship delivered the following address expressive of His Lordship's opinion, on the opening of the Court.

1st. The authority to open this Court is founded on the Letters Patent of the Crown wherein such authority is expressly conferred on the Diocesan.

2nd. Its jurisdiction extends over persons, and to matters of enquiry, expressly pointed out in those Letters Patent; subject to the appeal against its decisions therein specified.

3rd. The reason for now opening this Court, is lest, by neglect of such authority, legally vested in the Diocesan, that authority should fall into abeyance; and thus, if some grave cause of offence, and scandal, should unhappily occur within the Diocese, the remedy provided by the Letters Patent, should be found more difficult of application than it ought to be, and perhaps its legality questioned, at a time when it might be absolutely necessary to bring its powers into immediate operation.

4th. This Court will be conducted strictly and exclusively on the principles which regulate similar Courts in the Dioceses of Calcutta and Bombay, and will be prepared, in like manner, to take cognizance of all such offences, on the part of spiritual persons, within its jurisdiction, whose conduct may appear to demand such investigation on the part of the Diocesan, in accordance with his Consecration vow that he will be "ready with all faithful diligence to banish and drive away all erroneous and strange doctrine, contrary to God's Word, and both privately, and openly, to call upon and encourage others to do the same;" and "that he will maintain and set forward, as much as shall lie in him, quietness, love, and peace, among all men; and as such as be unquiet, disobedient, and criminous, within his Diocese, correct and punish, according to such authority as he has by God's Word, and as to him shall be committed by the Ordinance of this Realm."

On this authority, and on these principles, the Diocesan is now ready to enter upon the investigation of any charge, of which he can legally take cognizance, which may be preferred by any party, or parties whatsoever, against any licensed Clergyman within his Diocese and jurisdiction.

If happily no charge against any such spiritual person be now adduced, the Court, now opened and constituted, will be adjourned, and will be regularly re-opened, with a similar object in view, at such stated periods as have been already specified.

His Lordship then enquired, if any person present had any business to bring forward, and no one having come forward, and on the Registrar stating that no application had been made to him on the subject.

The Venerable the Archdeacon suggested that the address and proceedings of that day be published, which being acceded to.

The Court, by His Lordship's orders, was adjourned.

FREDK. ORME, Registrar.

And it is also further ordered, that if it shall be found by reason of the great distance of the party residing beyond twenty miles of Calcutta, or from the delay and inconveniences incident to travelling in remote parts of this Archdeaconry, the citation or other process cannot be duly executed or served within the time fixed for the return, or being duly executed and served within the time limited for the return thereof, there shall not be for the same reasons, sufficient time to return the citation or other process after such execution and service, such further time shall be granted or allowed for bringing in, returning and filing the same as the Court or Judge on application on oath by the party promovent or his Proctor, shall deem reasonable, so as the period be not extended, more than once, unless on some very extraordinary or unavoidable circumstance.

Sixth.—If the party against whom any citation or other process shall issue, cannot be found so as to be personally served, and the Apparitor or the person undertaking to serve the same shall duly return accordingly on oath in manner aforesaid, the party promovent shall be entitled to move for a citation *vis et modis*, and if the same shall have been duly served and returned in manner as the practice of this Court directs, and the party does not appear, the party promovent shall then be at liberty to move, that the impugnant be pronounced *contumacious*, and to continue to proceed hereafter in the due course against him.

Seventh.—That in all causes of office, whether "*ex mero officio*" or "*ex officio promo*," the party cited do appear personally, unless on application to the Court, stating the grounds thereof on oath, the party shall be permitted to enter an appearance by Proctor, and do move thereupon for articles.

That if the promovent doth omit to exhibit and file his libel or articles within the period aforesaid, or having filed the same to give notice thereof, the party impugnant shall be at liberty, *after the expiration of the four days* to apply to be dismissed with his costs.

Tenth.—That if the party impugnant shall appear, but not move or apply for copies of the articles or libel exhibited against him *within four days* of his appearance, after having received due notice of the exhibiting and filing such articles or libel, the party promovent, on having exhibited and filed the same, and having given due notice thereof, shall be at liberty to move that the party impugnant be admonished to receive them.

Eleventh.—That the party promovent at the time of exhibiting and filing his articles or libel, do move the party impugnant or his Proctor do give in an answer on the next Court day, or such other time as the Court shall adjudge reasonable and proper, which day and time shall be extended upon just cause and oath as the Court shall deem right, to another Court day or time, but no longer, except it be for any extraordinary or unavoidable circumstance.

Twelfth.—That on the day appointed or assigned for giving in his answer, if the party impugnant does neither answer nor except to the articles of libel exhibited and filed, *he shall be considered in contempt*, and the party promovent shall be at liberty to move, that the party impugnant be pronounced *contumacious*, and to continue to proceed hereafter in the due course against him.

Thirteenth.—That all exceptions to libels or articles be exhibited and filed on the day appointed or assigned for the impugnant to answer, and that the time of exhibiting and filing such exceptions, the impugnant or his Proctor do move that the next Court day, or such other time as the Court shall assign, be given to the party promovent to answer such exceptions on or before the next Court day or such other time as the Court shall adjudge reasonable and proper, which day and time shall be extended upon just cause and oath as the Court shall deem right to another Court day or time, but no longer, except it be for any extraordinary or unavoidable circumstance.

Fourteenth.—That on the day appointed or assigned for giving in his answer to such exceptions, if the party promovent doth omit to exhibit and file the same, the party impugnant be at liberty to move that he be dismissed with costs.

Fifteenth.—That when an answer to such exceptions is given in, the impugnant be at liberty to have until the next Court day or such other time as the Court on the motion of the party impugnant shall adjudge and assign, to reply thereto, and if such answer then denies any matters of fact upon which the exceptions are grounded, the impugnant shall be at liberty to move for a term probatory, with permission to extend the same to such further time as may be necessary with reference to the distance of the witnesses to be examined, (the necessity for which shall be proved on oath) for the production of witnesses and proof of such facts, but if the answer denies matter of Law, the impugnant shall join issue upon such points as he has alleged in his exceptions, and move that the next Court day, or such other time as the Court shall appoint, be assigned for argument.

Sixteenth.—That if upon hearing, the exceptions are found to be good in Law and the Court shall allow them, the impugnant shall be dismissed with costs; but if the exceptions are over-ruled the impugnant shall be condemned in costs on account of the delay occasioned by his exceptions and according to the number of Court days he shall have stopped the cause, and the party promovent shall thereupon be at liberty to move for a peremptory rule to be served on the party impugnant to answer the next Court day, or such other time as the Court shall assign, and that if the impugnant shall neglect to give in his answer, the party promovent shall be at liberty to move that he be pronounced *contumacious*, and be at liberty to continue to proceed against him in the due course.

Seventeenth.—That when the impugnant exhibits or files his answer to the articles or libel of the party promovent the party promovent shall be at liberty to have on motion until the next Court day, or such other day as the Court shall assign to reply to the same and join issue, and that for all answers by way of rejoinder, sur-rejoinder or otherwise to be exhibited and filed, the respective parties shall have such time or number of days for exhibiting and filing the same respectively as to the Court on petition or motion shall deem reasonable to assign and appoint.

RULES FOR CHAPLAINS AND ASSISTANT CHAPLAINS.

G. O. G. 23d October, 1812.—Adverting to the augmentation recently made by the Honorable the Court of Directors to the establishment of Chaplains, the Honorable the Governor in Council is of opinion, that no necessity can in future exist, for the performance of the ceremony of Marriage by any Military Officers, and accordingly directs that all Military Officers do consider themselves precluded from discharging that part of the duty eventually assigned to them in the General Orders dated the 27th of March 1805.*

The Governor in Council likewise directs, that the same restriction may be considered applicable to the ceremony of Baptism, except in the case of such children as may be in a weak or precarious state of health.

2. The above Forms are intended for the guidance of those who perform these Offices when the duty is not discharged by a Clergyman, but where Clergymen are stationed, they will of course conform to the proper mode of preparing prescribed Certificates.

3. His Lordship in Council is pleased to direct that the Marriage and Baptismal Ceremonies shall in all cases (where no Clergyman may have been appointed,) be performed by the Magistrate of the Zillah at those Stations, where a Zillah Court may have been established, or where no Zillah Court may have been established by the Collector of the Station, or if the Collector should be absent at an inconvenient distance, by the Commercial Resident residing at, or in the vicinity of the place, where the performance of any of the above Ceremonies may be required.

6. His Lordship in Council directs that Funeral Ceremonies, shall be performed by the Civil Magistrate or by any Civilian belonging to the Honorable Company's Service, or by the Commanding Officer of the Troops, or by such inferior Officer as shall be ordered by the Commanding Officer for that duty, whose name shall be specified in the Regimental Orderly Book.

G. O. G. 13th January 1829, No. 24.—The following Extract from a letter from the Honorable the Court of Directors to the Supreme Government in the Military Department, under date the 23d May, 1827, is published in General Orders.

Para. 22 of Ecclesiastical Letter from Bengal of the 31st December 1824

In reference to a question submitted by the Government of Bombay relative to the extent of which Military Chaplains are to be held responsible to the Military Authorities and correspondence with the Lord Bishop as to the liability of the Company's Chaplains to Martial Law, Court's Orders on the subject are requested.

From the Jurisdiction of the temporary Courts in the event of their being charged with any offences of a Civil nature, or any crimes against the peace and well being of Society.

4. We wish it therefore to be distinctly understood that the Chaplains on our Establishments are amenable to the Ecclesiastical Tribunals for such offences only as would render the Clergy of the Established Church amenable to the Ecclesiastical Tribunals in England, and for all other offences they are liable to be tried as all other Europeans in India are by the Ordinary Tribunals of the country.

5. If however the offence should be committed out of the Jurisdiction of the ordinary Court, and in places where the rest of the community are subject to Military Law, in such a case, and in such a case alone, we deem it right that our Chaplains should be subject also to Military Law for all offences of temporal cognizance.

G. O. G. 17th August 1830, No. 148.—The Right Honorable the Governor in Council is pleased to direct, that the Returns of Sacred Offices performed by Magistrates, Revenue or Military Officers hitherto forwarded to the Senior Chaplain of the Presidency, shall, from and after the 1st proximo, be transmitted to the Registrar of the Archdeaconry of Madras, agreeably to the Forms prescribed in G. O. by Government dated 22d April 1828.

The Governor in Council is further pleased to direct, that no such Offices shall be perform-

ed by any person in the absence of a Chaplain, without complying with the Regulations of Government contained in the above G. O.'s by Government.

G. O. G. 28th October 1831, No. 281.—The Right Honorable the Governor in Council is pleased to notify for general information, that no Fees or Charges of any kind are leviable from Military Persons, on account of the Baptismal, Marriage, or Funeral Services performed by Chaplains, or on account of Certificates or Extracts from Registers except at the Presidency.

In order, however, to guard Chaplains from unnecessary trouble, Certificates and Extracts, required by others than Commissioned Officers are not to be granted but on application from Commanding or Staff Officers, or Heads of Departments.

G. O. G. 9th November 1832, No. 278.—The Right Honorable the Governor in Council has been pleased in the Ecclesiastical Department, under date the 2d instant, to publish the following revised Rules, for the guidance of Chaplains in their official duties.

Fort St. George, November 2, 1832.—Page 819.

The Right Honorable the Governor in Council is pleased to direct that the following revised rules for the guidance of Chaplains in their official duties, be published for general information.

1.*

2. The Archdeacon, having received his name, and academical degree, his letters of orders, his nomination or appointment, and such other testimonials as he may have, will then appoint a day for the Chaplain to attend to make the usual subscription and take the necessary oaths, previous to his being licensed.

3.*

4. The Bishop's (or Commissary's) license is to be read by the Chaplain (together with a declaration of conformity to the Liturgy of the Church of England) immediately after the 2d lesson in the morning's service, on the first Sunday after his arrival at his Station a certificate of which, signed by two or more of the persons present, is to be forwarded to the Registrar of the Archdeaconry.

5. Every Chaplain shall read divine service every Sunday morning to the Europeans, Civil and Military, residing in the garrison to which he is appointed, when the whole of the morning prayer is to be read, and a sermon to be preached. The evening service, with a sermon, shall also be read whenever suitable provision can be made for that purpose.

6. The Chaplain is to apply to the Commanding Officer, or the Chief Civilian in authority to allot any convenient room which can be spared, for the purpose of divine worship, should no regular Church be established at the Station or garrison, to which a Chaplain is appointed; and if no such building or room can be spared, he is to apply to the Commanding Officer, requesting that a range of tents may be pitched for this express purpose every Sunday morning.

7. Should the Clergyman receive any hindrance in the discharge of his duty; should the Europeans not attend divine service, or shops be opened on the Sabbath day, the Clergyman is to make the same known, (according as the case may be of a Civil or a Military nature), to the Commanding Officer or senior Civil Servant in writing and request his interference to prevent such irregularity in future; and, in the event of such complaint not being duly noticed by the Commanding Officer or senior Civil Servant, he is to forward a copy of his complaint to the Archdeacon, to be laid before the Right Honorable the Governor in Council.

8. If from indisposition or other cause, divine service should not be performed by the Clergyman at the appointed times a letter is to be addressed to the Archdeacon accounting for the omission.

9. The practice of baptizing in private houses is to be avoided by the Chaplain as much as possible, and the Clergyman is to attend at the place appointed for divine service on some fixed day and hour in each week, for the purpose of baptizing Soldier's children; however, this is not to be considered as authorizing the Clergyman to decline attending at any time or place to administer private baptism to such Infants, as may be in a weak, or precarious state of health.

10. Clergymen, having obtained the Right Honorable the Governor's permission to marry those in the higher ranks of life, and that of the Chief Civil or Military Officer on the spot

* These paras. have been revised, vide Rules promulgated in the Gazette of the 12th June 1840, No. 948.—Page 409.

to marry those in the inferior orders, are to direct the attendance of the parties at the Church or place allotted for divine service in *canonical hours*; and at such time and place, the marriage ceremony is to be performed except in cases of emergency, and in all such cases, the cause for deviating from this regulation is to be noted on the back of the marriage certificate forwarded to the Archdeacon.

11. In all cases in which a license is not obtained, the publication of banns must be considered as indispensably necessary. The prohibition of a Clergyman of the Church of England from marrying without either banns or license, does not depend upon the marriage Act; but upon the 62d canon of the Church.

12. The permission to marry granted by Commanding Officers to Privates under their command, as connected with the Military discipline shall be required as heretofore, in such cases, previous to the publication of banns; but such permission cannot be admitted as superseding the necessity of publishing banns or as justifying the Chaplain in performing the marriage ceremony without such publication, in any case where a license from the Right Honorable the Governor is not obtained.

13. The publication of such banns must be regularly entered in a register for that purpose, in the following form: The banns of marriage between A. and B. were published for the first (2d or 3d) time in this Chapel (or at this station) on Sunday the _____ day of _____ in the year of our Lord _____

14.*

15. Attention is to be paid by Clergymen to those seasons set apart for the feasts, festivals and other solemnities appointed by the Church, and they are particularly to use their influence in preventing public amusements in the holy week (commonly called Passion week.)

16. It is a bounden duty of every Clergyman to make frequent visits to the sick Europeans in the Hospital, to pray by those who wish for such consolation in their last moments, and (where it may seem proper) to administer the Sacrament of the Lord's Supper.

17. All entries in the Register of Baptisms, Marriages and Funerals, are to be made by the officiating Minister in his own hand, and on the day when the office is performed.

18*—19.* and 20.*

21. The size of monuments hereafter to be erected in the burial ground of any Out-station shall be limited to seven feet in length by three and a half in breadth.

22.* and 23.*

24. A Chaplain attached to a military station on applying for leave of absence must state that the Officer Commanding concurs in the measure, but the application must in every case be made through the Archdeacon to the Government.

25. No Clergyman, appointed to officiate as a Chaplain to any particular station, shall on leave of absence, from that station or otherwise, indirectly take upon himself the professional duties belonging to a Clergyman of a different station while such Chaplain resides on the spot or is near enough to be communicated with (as occasion may require), and is capable of performing such duties, unless his consent be previously obtained.

26. Any Chaplain who may be absent from his station without leave, shall be considered to have forfeited the whole of his allowances for the period of his unauthorized absence, unless the penalty be expressly remitted by Government, and any Chaplain exceeding his leave shall be held by the Civil Auditor to be absent without permission for the time of such excess.

27.* and 28.*

29. Leave of absence, when solicited for the purpose of visiting any place on the continent of India, shall not be granted for a longer period than six months, but will be extended at the discretion of Government, on due and sufficient cause being shown.

30. Any Chaplain desiring to visit the Presidency, with the intention of making a voyage to sea, for the benefit of his health or otherwise, shall be required distinctly to specify in his application the period of leave necessary for the first purpose, at the expiration of which renewal leave shall be given, for periods not exceeding one month, until he finally avails himself of the further permission to quit the Presidency, on which occasion the vessel on which he embarks, must be duly reported.

31. Any Chaplain arriving at the Presidency, whether from the interior of the country or from abroad, shall report his arrival to the Secretary to Government, in the General Department, as well as to the Chief Ecclesiastical Authority at the Presidency.

32.*

33. One day will be allowed for every ten miles of distance as recorded in the Office of the Quarter Master General, a week being given over and above this allowance for preparation for the journey. If under special circumstances a longer period shall be found necessary, an application may be made to Government for an increased allowance of time or leave of absence for the excess.

34. Chaplains absent from their station with the leave of Government, whether on account of sickness, or of their private affairs, for a period not exceeding one month in the year shall not be subject to any deduction from their allowances.

35. Chaplains absent from their station on account of private affairs for a continuous period exceeding one month in the year, shall forfeit 1-8th of their allowances during the whole time of their absence.

* These paras. have been revised, vide Rules promulgated in the Gazette of the 12th June 1840, No. 948.—Page 409.

The Lay Returns will be kept distinct from the Ecclesiastical.

G. O. G. 18th March 1834, No. 112.

No. 67 of 1834.—General Orders by the Honorable the Vice President in Council.

Fort William, 27th February, 1834.

The Honorable the Vice-President in Council is pleased to direct that the following Extract (paras. 11 to 14) from a letter from the Honorable the Court of Directors in the Military Department, No. 92, dated the 9th October 1833, be published in General Orders.

Letter dated 22d January 1833, (No. 13.) 1 to 9 states that from the nature of the Orders received from time to time, some doubts exist as to the scale of Pensions which the Court are disposed to recognize as claimable from Lord Clive's Fund, by Chaplains retiring from ill-health before the full period of their Service, and by the Widows of Chaplains, and request to be furnished with fresh and explicit instructions on the subject.

Para. 11. Chaplains who have not served 7 years in India, are admissible to the benefit of Lord Clive's Fund in the rank of Captain. After completing a service of 7 years then retiring allowances are provided for independently of Lord Clive's Fund, by the Regulations conveyed to you in our Ecclesiastical Letter of 22d November 1826.

12. As by the Regulations announced in that Letter, Chaplains may retire on the full pay of Lieutenant Colonels after 18 year's service, (including 3 years for a furlough) we have considered the Widows of those who die in the Service after completing that period to be eligible to the benefits of Lord Clive's Fund, in the rank of Lieutenant Colonel.

13. The Widows of Chaplains who have completed seven years actual service in India, are admissible in the rank of Major, and those of Chaplains of less service in the rank of Captain, being the ranks the pay of which is receivable by those Classes of Chaplains respectively when on furlough.

You will communicate a Copy of these Paragraphs to the Government of Madras and Bombay.

Fort St. George Gazette, June 12, 1840, No. 948.—Page 409.

June 2, 1840.—The following Rules for the guidance of Chaplains and Assistant Chaplains, revised under instructions from the Honorable the Court of Directors, are published for general information in modification of the order of Government, dated 30th July 1839.

1. Every Chaplain and Assistant Chaplain on his arrival at the Presidency from England or elsewhere must report the same to the Secretary to Government in the General Department, as well as to the Chief Ecclesiastical Authority in the Diocese.

2. Every Chaplain and Assistant Chaplain must report his arrival at his Station to the Chief Ecclesiastical Authority in the Diocese, to the Civil Auditor, and to the Chief Civil or Military authority of the Station.

3. Funerals are to be appointed at sunrise and sunset and the Clergyman is to attend at the latter time if he receives notice of a funeral before 3 o'clock P. M., but if the notice arrives after that hour, the interment is to take place on the morning following; cases however may occur, which may require a deviation from the general rule.

4. Commanding Officers in concurrence with the Chaplain, will fix the time for performing divine service on Sundays to Soldiers.

5. Attested copies of the Registers of Baptisms, Marriages, and Funerals must be transmitted regularly every 3 months to the Registrar of the Archdeaconry, viz., on the 31st May, 31st August, 30th November, and 28th February.

6. All Marriage Certificates of Europeans, being Soldiers, or persons employed in the Military Department, under the rank of Commissioned Officer, shall specify distinctly the birth of the female, whether European, Indo-Briton, Native, &c.

7. The Chaplain is to enter carefully all the Marriages, Baptisms, and Burials of Soldiers, and their children in the Regimental Register Book of the respective European Corps, as well as in the usual Register kept by the Station Chaplain.

8. The Chaplain of every Station, where any of Her Majesty's Regiments are stationed, must forward to the Registrar of the Archdeaconry for transmission to the Chaplain General's Office, half-yearly, and for any broken period that may occur previous to his leaving the Station, in which he is employed, a copy duly signed by himself and by the Officer in Command of the Station, of the Regimental Registers of Marriages and Baptisms now kept in conformity with the general regulations on this subject.

9. The Chaplain at a Military Station is to visit regularly, at least twice in each week, the European Hospital or Hospitals. He is carefully to superintend and inspect the European Regimental and other Schools, visiting them for this purpose not less than once a week, and to present any matter concerning their management to the Commanding Officer, which may require his notice. Provided however, that in the performance of the above duties he shall not interfere with the religious persuasion of those who do not profess the tenets of the Church of England. He is to report to the Commanding Officer on the 1st of January and the 1st of July in each year and oftener if necessary, the state of the European Regimental Schools, the qualifications and conduct of the Master and the proficiency of the Scholars.

10. All communications from the Clergy are to be addressed to Government through the Lord Bishop, in order that he may make such remarks thereon as his Lordship may think proper. When the Diocese shall be vacant, communications are to be addressed through the Archdeacon or other Chief Ecclesiastical Authority. All applications for change of Station, must be made direct to the Right Honorable the Governor, or his Private Secretary, and to the Lord Bishop or Chief Ecclesiastical Authority in the Diocese.

ECCLESIASTICAL DEPARTMENT, *February 18, 1845.*
—Page 169.—The Honorable the Court of Directors having been pleased to determine in their Despatch to the Government of India, Ecclesiastical Department, No. 5 of 1844, under date the 30th October last: that the nomination and appointment of the Chaplains in their service, shall, as heretofore, rest with the Government, the attention of the several Chaplains is called to the last clause of Rule 10 published in the Fort St. George Gazette of the 12th June 1840, prescribing the mode in which applications for change of station are to be made.

His Lordship in Council resolves also to publish, for the information and guidance of the Chaplains, the following extract from the same Despatch—"We have repeatedly stated, that our Chaplains are not incumbents of Parishes or Districts like those of England, and that consequently they do not possess the peculiar rights and privileges of that class. They resemble Military and Naval Chaplains who are unbefitted Clergymen, liable to be removed from place to place at the discretion of the Government."

11. A Chaplain, directed to visit the Out-stations of his district periodically, is permitted to draw a travelling allowance at the rate of 200 Rupees per mensem, calculated, at the rate of one day's allowance for every 10 miles, allowing for a halt on the 7th day; provided however that the allowance drawn on this account shall in no case exceed 200 Rupees per mensem. The documents required in support of the travelling expenses of the Chaplains will be—1st, the order or authority of the Lord Bishop for proceeding on such journey; and 2dly, their own declaration on honour that the journey so authorized has been performed.

12. Any Chaplain leaving his Station, whether with or without the orders of Government shall be bound to report the circumstance to the Civil Auditor.

13. Any Chaplain who may be removed from one Station to another, shall in like manner report to the Civil Auditor the dates of his departure from the one and of his arrival at the other, and the Civil Auditor is restricted from passing the bill of any Chaplain appointed to a new Station for the allowance belonging to such Station, (without the special orders of Government), until he shall have received a report of his arrival at the place of his appointment.

14. Any Chaplain returning to the Presidency after a sea-voyage for the recovery of his health or otherwise, shall (unless the contrary is specially sanctioned by Government) be required to rejoin his Station within the time that may be prescribed for travelling to the Station to which he stands appointed.

15. When a Chaplain proposes to quit his principal Station for the occasion of visiting any of his appointed smaller Stations or when he intends to apply for temporary leave of absence, he must give timely notice to the Chief Civil and Military resident authorities (and state in his application for leave that such has been done), in order that if there be any cogent reason against the absence of the Chaplain, they may be submitted to the Governor in Council.

In reference to the foregoing revised Rules for the guidance of Chaplains and Assistant Chaplains, the Right Honorable the Governor in Council directs the re-publication of the following Rules for regulating the absence and travelling allowances of Chaplains and Assistant Chaplains, which forms Chapter VI. of the General Rules for the grant of leave of absence, and for regulating deductions from salaries and deputation allowances, promulgated on the 21st February 1840—[For General Rules, see Chap. VI. Civil Service Regulations.]

Presidency Ecclesiastical Districts.

Fort St. George Gazette, November 28, 1843, No. 1386—Page 975.

Nov. 27, 1843.—The following revised Division of Districts at the Presidency for all Ecclesiastical purposes, is published for general information: together with a rule for the guidance of Chaplains at the Presidency or at stations where more than one Chaplain is located.

Presidency Districts.

1. *The Cathedral District*—St. George's including St. Thomé for the present, Chetpet and all the houses from the South of the Cooum to the Adyar river, exclusive of Chindadrepettah.

2. *The Fort*, all within its walls.

3. *The Black Town*, as marked out by the common boundary of the Black Town and including Royapooram, with the charge of Her Majesty's gaol and the Leper Hospital.

4. *Vepery*, including the villages of Peramboor, Vassarvally, Choolay, Vepery, Parawaulkum, Kilpauk, Egmore, Chindadrepettah, and Poodoopettah; with the charge of the General Hospital.

The boundaries as follows:

To the east, Cochrane's Canal.

To the north and west, the boundary of the limits of the Jurisdiction of the Supreme Court.

To the south, the Poonamallee Road from the point where it meets the western boundary to the Eastern side of the Spur Tank.

* For Marriages by banns where the parties are very poor, the fee will be remitted by application to the Chaplain, stating the circumstances of the applicant with recommendation from any respectable party.

RULE.

"As occasions of Marriages, or Baptisms may occur, when individuals, from friendship, or the ties of consanguinity, or other cause, may be connected with, and incline more to one Chaplain than to another; the regular Chaplain of the District for the week, is, on these occasions, to give way, and expect no account of the emoluments arising out of such special calls. The accommodation is mutual, and each in his turn will reap the advantages of it.

Appointment of Trustees of the several Chaplaincies.

Fort St. George Gazette, August 27, 1844, No. 1478.—Page 684.

August 24, 1844.—The Most Noble the Governor in Council resolves to establish the following Rules for the appointment of Lay Trustees to the several Chaplaincies in substitution of those of the 1st March 1833.

First.—Two Lay Trustees shall be appointed to each Chaplaincy.

Second.—*At Civil Stations or Joint Civil and Military Stations.*—The Senior Civil Servant of the Station shall be a Trustee, provided he is a communicant of the Church of England, and has no objection to hold the office.

At Military Stations.—The Officer commanding the Cantonment, or Garrison, under the same provisions.

Should either of these officers not be desirous of holding the office, it will be his duty to report the same to Government, and to name for the appointment the officer next in seniority, Civil or Military, qualified for the office, who may be willing to undertake the duty.

Third.—The Chaplain in communication with, and the concurrence of, the Lord Bishop will nominate, for the approval of Government, a Gentleman in the Service of Her Majesty or the Honorable Company to act as a Co-Trustee.

Fourth.—The Lay-Trustees shall, in conjunction with the Chaplain, form a Committee of Management on all Church matters, and shall meet for business once in each month, or oftener if necessary. All papers, or references on subjects before the Committee must be signed by both the Trustees, unless for special reasons to be assigned.

Fifth.—The Chaplain or officiating Chaplain present shall, as a mark of respect due to religion in the person of her Ministers preside at all Meetings of the Committee of Management, and sign all proceedings and Letters as President; and the two Lay Members, in the order of their relative official rank.

Duties of the Lay Trustees.

1. It shall be the duty of the Lay Trustee to present to the Bishop, or his Archdeacon at their Visitation, or immediately by letter, and at any time, on the requisition of the Lord Bishop or his Commissary, any irregularity or scandal on the part of the Chaplain, or in connexion with the Chaplaincy, which may have occurred within the District.

2. To aid and assist the Chaplain in the performance of his duties.

Duties of the Standing Committee of Management.

The Committee of Management shall take charge of the School and Charity Funds connected with the Chaplaincy; see that the Church Yard and Burial Ground are kept in becoming order; take charge of the Plate, and the care of the goods, repairs, and ornaments of the Church, or other building appropriated to the performance of Divine Service, and represent to Government, through the Ecclesiastical Head, any deficiency in these particulars which it may think it necessary or desirable to supply.

The Chaplain, as President, will report to Government any vacancy in the office of Lay Trustee.

Fort St. George, September 10, 1844.—Page 721.

With a view to the protection of Church property at the Chaplaincies under this Presidency, the Most Noble the Governor in Council resolves, that the Magistrate, or the Chief Military Officer at a Station, be requested, in communication with the Chaplain and Lay Trustees, to receive charge of and make such provision for the safe custody of the property as may be deemed proper.

Claims of Chaplain's Widows to Lord Clive's Fund.

G. O. G. 12th June 1838, No. 91.—The following Extract from a Letter from the Honorable the Court of Directors in the Military Department, under date the 14th of March 1838, is published for the information of the Army.

Para. 25. "We have to acquaint you that the claims of the Chaplains appointed under the new arrangement, and of their Widows, to the benefits of Lord Clive's Fund, will be adjusted upon the principles laid down in our Letter to the Government of Bengal, dated 9th October 1833, (No. 92) paras. 12 and 13.

26. Chaplains who have not served seven years in India will therefore be entitled if admitted to the benefits of Lord Clive's Fund to a Pension of £63-17-6 per annum, and their Widows to one moiety of that sum.

27. The Widows of Chaplains who have completed 7 years' actual service in India if admitted to the benefits of Lord Clive's Fund, are entitled to Pensions as the Widows of Captains.

28. The Widows of Chaplains who have completed 15 years' actual service in India if admitted to the benefits of Lord Clive's Fund, are entitled to Pensions as the Widows of Majors.

29. We are opinion that Chaplains appointed under the new arrangement should rank as subscribers to the Military Fund as Captains until they have served 15 years in India, and subsequently as Majors.

Furlough and Retiring Allowances of Chaplains appointed prior to August 31, 1836.

Extracts of an Ecclesiastical General Letter from the Honorable the Court of Directors, dated 22d November, 1826.

Para. 2. We have lately directed our attention to the Regulations under which Chaplains are permitted to retire from the Service, and from an anxious desire to promote the respectability and comfort of that class of our Servants we have resolved that the retiring pay of Chaplains after a service of eighteen years including three years furlough be augmented from £292 per annum, the pay of Major to £365 per annum, the pay of Lieut. Colonel and that in cases of bad health certified in conformity with existing Regulations, Chaplains shall be allowed to retire after 10 years' actual service upon £200-15-0 the half pay of Lieutenant Colonel instead of £173-7-6, the half pay of Major, and upon the production of similar certificates after 7 years' actual service upon £173-7-6, the half pay of Major instead of £127-15-0, the half pay of Captain.

3. We have further to acquaint you that we have determined to abolish the designation of Junior Chaplains, and we desire that the Chaplains be hereafter distinguished only by the Title applicable to the Stations at which they are placed such as Chaplains at the Presidency and District Chaplains.

Increase of Chaplains.

Extracts from a Letter from the Honorable the Court of Directors.

ECCLESIASTICAL DEPARTMENT, August 31, 1836.

Para. 1. Our attention has been drawn by the Government of India, on the suggestion of the Lord Bishop of Calcutta, to the necessity of increasing the number of Chaplains, for the purpose of extending the benefit of religious offices, more widely than the present Establishment admit.

2. While we were fully sensible of the importance of the desired object, and very anxious to promote its success, we felt that we should not be justified in making such an addition to the amount of Ecclesiastical charges, as would result from the appointment on an increased number of Chaplains upon the existing scale of remuneration. We determine therefore to make such new arrangements with regard to the Chaplains on the Bengal Establishment as should enable us to add to their number and thus to provide more adequately for the spiritual benefit of the European resident without any serious increase of expense. We have resolved to extend the principle of those arrangements to your Presidency, with the view of accomplishing the same beneficial purpose.

3. We intend that the number of Chaplains under your Government shall be increased from 23 to 29. The salaries are to be appointed as follows.—the two Chaplains at the Presidency will receive the same amount as at present: nine will receive Company's Rs. 700 per mensem, and the remaining 18, Company's Rs. 500 per mensem. These salaries will constitute their entire emoluments from the Company. The payments heretofore made under the name of palankeen money will cease, and we shall on no account sanction any extra allowances, whatever may be the grounds upon which they may be claimed.

4. The Chaplains receiving the lower amount of 500 Rupees per mensem will be termed Assistant Chaplains, and in future all appointments will be made to this class. The Assistant Chaplains will succeed to the higher rank, and the higher rate of salary according to seniority, as vacancies occur in the superior class, after it shall have been reduced by casualties to the prescribed number of nine.

5. As vacancies arise they will be supplied in the following manner: on the occurrence of the first vacancy two Assistant Chaplains will be appointed, on the second only one, and on all succeeding vacancies, the same principle will be acted upon, viz.: that of an alternate appointment of two and one until the establishment attains the full extent of 29, to which we have restricted it, after which each vacancy will give rise only to a single appointment.

6. The principle which we have adopted throughout these arrangements requires that the furlough and retiring allowances should be modified so as to meet the intended changes. These allowances will in future be on the following scale.

Furlough Allowances.

After 7 years' residence	£191 12 6 per annum . .	(full pay of Captain.)
If compelled by sickness to retire to Europe		
before completing 7 years' residence . .	£127 15 0 per annum . .	(half pay of Captain.)

Retiring Allowances.

After 18 years' service (including 3 years' furlough) £292 0 0 per annum . . (full pay of Major.)
 After 10 years' actual service (if compelled by ill health to quit the service) . . . £173 7 6 per annum . . (half pay of Major.)
 After 7 years' actual service do. do. do. . £127 15 0 per annum . . (half pay of Captain.)

The present Chaplains will be entitled to the existing scale of allowances, as well for services as on furlough and retirement; these regulations being wholly prospective, and only effecting an appointment made after the date of this dispatch.

The location of the Chaplains under the new arrangements, will be best regulated by reference to the opinion of the Lord Bishop.

Ecclesiastical Department.

With a view to ensure regularity and completeness in the Official returns of the Reverend the Clergy, it is directed by the Archdeacon, under instructions from the Honorable the Court of Directors, and with the approbation of Government, that in future the following regulations be observed, viz.

1. That when any Chaplain or Minister applies for permission to return to Europe, or for any permanent leave of absence from his Station, he shall forward with his application a declaration that he has duly made his official returns to the Registrar, or is prepared to do so, up to the day on which his departure from his Station is to take place.

2. That the same rule is to apply to Clergymen removing from one station to another, and that every Chaplain so removing shall before quitting his Station not only forward his Returns up to the day of his departure, but transmit also a declaration to the authorities that he has done so.

3. That in the case of the death of a Chaplain at his Station, a copy of the entries in the Registers from the date of his last Quarterly Returns to the period of his demise shall be made by the local public authority in whose official possession the original public Registers may happen for the time to be lodged or come, and be immediately forwarded by such local Officer to the Registrar; the same being, however, first duly examined and authenticated by the Chief lay public authority of the Station; this being considered the best mode at present of providing for the completeness of the General Quarterly Returns which are transmitted to England by the orders of the Honorable the Court of Directors.

By direction of the Venerable the Archdeacon of Madras, Commissary to the Lord Bishop dated this second day of October, 1843.

FRED. ORME, *Registrar of the Archdeaconry of Madras.*

Authority for franking Returns of Sacred Offices of the Missionary Clergy, &c.

Fort St. George, April 28, 1843.—Page 335.

The Most Hon'ble the Governor in Council is pleased to authorize the Chief Civil or Military Authority at Stations in the interior, where no Chaplain is resident, to frank the Returns of Sacred Offices which the Missionary Clergy at those places may have occasion to transmit periodically to the Registrar of the Diocese and Archdeaconry of Madras.

Orders for the performance of Funeral Rites, or verdict of Coroner's Inquests.

NOTIFICATION.

Fort St. George, June 11, 1850.—Page 623.

The Right Honorable the Governor in Council is pleased to rescind the Order of Government of 6th April 1842, which directs a copy of the verdict of the Coroner's Inquest to be furnished, when practicable, to the Clergyman who is to officiate at the interment of a body on which an inquest may have been held, and the Reverend the Chaplains will in future consider the Warrant of the Coroner for the interment of a body on which an Inquest has been held, to be a sufficient authority for their performance of the burial service over it, if it would be their duty under ordinary circumstances to perform that service.

In the provinces where no Coroner's jurisdiction exists, the same course will be observed by the Authorities appointed to enquire into the causes of sudden death, and the same deference will be paid by Clergymen to their Certificates or Warrants.

PROSPECTUS.

The recent important Order of the Governor General of India which provides that educated persons shall alone be henceforward eligible to employment in the Public Service and Places, all individuals, whether educated at Government or at Private Schools upon the same footing, having been extended in principle to this Presidency; it has appeared to several friends of Education to be due to their fellow Christians, Native, East Indian and European, to afford to them at this time, the means of obtaining a superior sound Christian Education.

This has been considered the more necessary, as the Government Institution for Education, whilst open to all other classes, is practically closed against the conscientious Christian, by its fundamental rule expressly withholding from him the Bible and all religious instruction whatever; although it is obvious that to the Christian community, this must be the foundation of all solid and permanent improvement which shall qualify for high and responsible office.

There is consequently no Institution at this Presidency which now offers to the Christian the opportunity of obtaining that measure of liberal Education which shall enable him to compete with his Hindoo and Mahomedan fellow subjects, and take his share in the Administration of the Country.

It can scarcely be needful to remark, that if the Native Christian and East Indian population is shut out from the advantages of a superior Education, while such is afforded to all other classes, they must hold a low and degraded position. But this is a position, which it never can be for the well-being of the British Government that this large and increasing class, allied in faith, in interest, and in many respects in habits, with British Christians, should hold. And it is one which would seem to be opposed alike to sound policy, and to that fair consideration which is due to the Native Christian as the subject of the British Crown and of a Christian Government.

With these views, and with the strong conviction that the friends of Education in India and England will readily unite in promoting the object, and that the authorities, when satisfied by the large amount of private effort, of the urgency of the demand for an enlightened Christian Education, will extend their wonted liberal support to this, in common with other Institutions; it is proposed to attempt the establishment of a Protestant Christian Institution for Education upon the following basis.

First. That it is the object of the Institution to provide a superior and sound Christian Education, approaching as nearly as circumstances will admit to a Collegiate Education.

By sound Christian Education is to be understood, religious instruction on all points (without reference to Ecclesiastical Government) common to the XXXIX. Articles of the Church of England, and to the Confessions of Faith of the Church of Scotland and of the whole body of the Reformed Protestant Churches of Europe.

Second. That the Institution is designed primarily for the Protestant Christians—Native, East Indian, and European, born in India, but open, with such limitations alone as shall be necessary to secure the primary object, to all other classes.

Third. That the Institution shall be under the charge of a Principal, who may be a Member of any Protestant Church, and shall be a Graduate of one of the Universities of the United Kingdom.

Fourth. That in order to secure for Students of the less wealthy classes the means of continuing under instruction for a sufficient period, Scholarships shall be immediately founded.

Fifth. The Funds shall be vested in a body of Nine Trustees, either in Government Securities, or if four-fifths of the Trustees concur, in Land.

Sixth. The Trustees shall have the appointment of Principal and Masters, and the general direction and management of the Institution, with power to fill up vacancies in their number.

A sum of Rupees 50,000 has been placed for this purpose at the disposal of the Trustees with the proviso, that an additional sum of Rupees 50,000 be raised before the Institution is commenced.

Subscriptions will be thankfully received by Messrs. Arbuthnot and Co. *Treasurers*, and by the *Honorary Secretary*.

The stipulated amount having been realized, and the whole having been invested in Government securities, the Trustees have now available for the proposed Institution or College the sum of Rs. 126,000, but this amount not being considered sufficient for the purpose, they are waiting the result of a Memorial which has been recently addressed by the Madras Committee of the East India Community to the Court of Directors soliciting their aid. The Court's reply may, it is understood, be expected as soon as they shall have before them the arrangement proposed by Government for Education generally.

SECTION III.

CIVIL SERVICE REGULATIONS.

Absentee and Deputation Rules.

This ~~Sec.~~ denotes the Construction on the Rules to which it is appended.

Fort St. George, February 21, 1840, No. 912 —Page 142.

The following Rules for the grant of leave of absence and for regulating deductions from Salaries and Deputation Allowances, are re-published for general information.

FORT WILLIAM : Financial Department, the 29th January 1840.

The following Rules for the grant of leave of absence and for regulating deductions from Salaries and Deputation Allowances having been approved and passed by the Hon'ble Court of Directors are published for general information, and will take effect in all the Presidencies, Settlements and Stations under the Government of India from the date of the arrival of the Gazette containing them in respect to all leaves of absence granted after that date. The notes show the interpretation put by the Council of India upon the rules in their application to cases not specifically mentioned.

- * Rules for application for Leave of Absence and for fixing the local limits within which it may be granted.

Sec. I. No leave of absence from any office or Station can be granted, but by the Government of the Presidency under which the employment is held, and in the application of the party requiring such leave, saving in such cases as may hereafter be specially excepted. The application must be made publicly through the regular channel in the Department to which the applicant may belong.

NOTE.—This rule must be considered as superseding the rule under which Commissioners of the Land Revenue and other officers have heretofore been allowed to grant leave of absence in Bengal.

Sec. II. The Official allowances of the holder of a Civil Office quitting his Station without leave will entirely cease from the date of his quitting until his return, or in the event of his subsequently obtaining leave to the date of such leave being granted to him.

Fort St. George Gazette, 6th April 1841, page 299.—Sec. III. No leave of absence shall have any retrospective effect except in cases of severe illness, to be attested by Medical Certificate, conforming in every respect to the directions contained in Section V.

Fort St. George Gazette, 11th April, 1843, page 299.—The Most Honorable the Governor in Council is pleased to publish for general information, the following Order passed by the Honorable the President in Council, under date the 11th January 1843, which cancels the construction of Section III. of the Absentee Regulations, published in the Fort St. George Gazette of 1841, page 383.

Ordered, that the construction published in the Resolution of the 14th April 1841, respecting Section III. of the absentee Regulations dated 29th January 1840, be cancelled, and it be notified that the Honorable Court of Directors have directed that in all future cases the rule that no leave of absence shall have any retrospective effect except in cases of severe illness, be held to be applicable to all unauthorized absence, whether antecedent to the grant of leave or subsequent to its termination.

Sec. IV. Upon application duly made, the Government of each Presidency may grant leave of absence to any place or places in the Continent of India, whether within the Territories subject to the Government of the East India Company or not to any Civil or Military Servant holding a civil appointment subject to all the conditions prescribed in the rules that

NOTIFICATION.

* *Fort St. George Gazette, 13th Oct. 1840, page 707.*—Public Servants are requested in making application for leave of absence under the Regulations published from this Department bearing date 29th January 1840, to specify in their application the particular Section of the Absentee Rules under which the indulgence of leave is solicited.

Fort St. George Gazette, 13th Nov. 1840, page 839.—"Considerable inconvenience having been experienced from the present mode of submitting to Government applications from Public Servants for leave of absence under the Regulations published at page 142 of the Official Gazette for the present year, the Right Honorable the Governor in Council resolves to direct that—henceforward all such applications shall be sent to the Office of Audit previous to their final submission to Government, and that they shall contain a specification of the particular Section of the Absentee Rules under which the indulgence of leave is solicited.

The collective or individual Authorities, through whom these applications must pass, are requested to adopt this course in all cases which they may be disposed to recommend; and it will be for the Office of Audit, in forwarding them to Government, to state in each instance whether the provisions of the Rules have been conformed to, and what, if any, objection exists to a compliance with the applications."

may be applicable to his case. Upon similar application the Government of each Presidency may also grant leave to such persons subject to the like conditions, to proceed to the Island of St. Helena, the colony of the Cape of Good Hope, or to any place situate between the 36th Degree of North Latitude and the 50th degree of South Latitude such place being likewise between the 30th and the 180th Degrees of Longitude East of Greenwich excepting however any Island in the Mediterranean or Levant, and excepting all places within the said Geographical limits which may form part of Europe. Provided also, that if at any time the Government of India shall deem it expedient to exclude any place or places within the limits above described from the operation of these rules, such exclusion shall be officially communicated to the subordinate governments, and all leaves subsequently granted shall be regulated accordingly. A servant passing the limits herein prescribed will incur the immediate forfeiture of his office or employment and of all official allowances whatever from the date of his quitting India.

Chapter II.

Rules for Sick Leave.

Sec. V. When an application for leave of absence is made on the ground of ill-health it must be accompanied by a Certificate from the Medical Officer by whom the applicant has been attended distinctly stating from the personal observation, the nature of the disease, the symptoms by which it is manifested, the period during which it has existed as far as the knowledge of the Medical Officer extends and the necessity for temporary removal to some other place either within the Territories subject to the Government of the East India Company, or beyond them but within the limits laid down in Section IV. as the case may be, and such Certificate must be submitted to the consideration of the Medical Board, and if satisfactory shall be countersigned by one of its members. An application for an extension of the leave must, if the applicant be in India, be accompanied by a Certificate from the Medical Officer by whom the applicant is attended showing sufficient reason for the extension solicited, and such Certificate like the former must be examined and countersigned by a member of the Medical Board. If the applicant shall have proceeded beyond the Territories under the Government of the East India Company, he must furnish a certificate to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended, such attendance and the period of it to be stated, and the certificate to be countersigned by the principal medical authority of the colony or country. When any of the required particulars are neglected, leave will be refused.

Fort St. George Gazette 17th July 1840, page 493.—In explanation of Section V. of the Rules respecting absence from Civil appointments on account of ill-health, published under date the 29th of January last, and in modification of said Section. The Governor General in Council is pleased to resolve that in case of extreme urgency, which owing to the distance of the residence of the Medical Board, preclude the previous reference to that authority, the Certificate of the Medical attendant required from applicants for leave of absence on account of ill-health shall be submitted by them for the consideration and countersignature of the Superintending Surgeon of the Division, or of the nearest Division, which Officer in these cases will be responsible for the prescribed regularity of the Certificate, instead of the Medical Board.

Fort St. George Gazette, 6th April 1841, page 299.—Para. 1. The Right Honorable the Governor in Council having noticed with dissatisfaction the very lax and imperfect manner in which Certificates, in support of applications for sick leave have on several occasions been prepared by Medical Officers, in the Provinces which has in consequence led in some instances to the refusal of the leave applied for; His Lordship in Council resolve to call the attention of those Officers to Section V. of the Absentee Rules, published on the 21st of February 1840, at page 142 of the Official Gazette; and to require them to conform strictly to the orders therein conveyed; and it is directed that Certificates of the accompanying Form, in duplicate, be in future furnished in every instance where leave is recommended, whether it be to Europe or within the limits laid down in Section IV. of the aforesaid regulations.

Fort St. George Gazette 28th March 1851, page 273.—The Right Honorable the Governor in Council is pleased to resolve that Civil Servants or Military Officers in Civil employ, absent on medical certificate or on private affairs for any protracted period, shall in future apply to Government and obtain permission to resume charge of their Office, when they may desire to do so at any time earlier than one month prior to the termination of their leave, forwarding with their application to Government, in cases of sick leave, a certificate from a Medical Officer stating that the party has sufficiently recovered to be able to return to duty.

2. In order to obviate the delay and inconvenience, which in particular cases may attend the return to the Provinces of a Medical Certificate, forwarded to the Presidency for the countersignature of a member of the Medical Board, the Right Honorable the Governor in Council is pleased to notify, that persons soliciting leave of absence, under Section V. of the regulation already quoted in Para. 1 (or in emergent cases, the Medical Officer in attendance,) may forward the Certificates to the Medical Board direct for the purpose of being transmitted with the countersignature of one of its Members, or their opinion, to the Sudr Udalut, when

the applicant may be in the Judicial Department; to the Board of Revenue when in the Revenue Department; to the Civil Auditor in all other cases, for submission to Government, with the application, to be made in conformity with the notice published in the *Fort Saint George Gazette* of the 4th December last, page 849. In ordinary cases however, Certificates are to be sent through Superintending Surgeons to the Medical Board, by whom they will be returned, for the purpose of being transmitted through the regular channel, in the Department to which the applicant for leave may belong.

3. Judicial and Revenue Officers forwarding applications for leave of absence on sick certificate to the Sudr Udalt, or Board of Revenue, will notify to those authorities the transmission of their medical Certificates to the Medical Board for the purpose of being forwarded as above directed. Sec. VI. Civil Servants absent from their Stations under Medical Certificate will be entitled to the Salaries of their respective Offices subject to the following deductions. If the salary exceeds Rs. 2,000 per mensem, one-sixth for the first year, and for the second year, one-fourth. If the Salary do not exceed Rupees 2,000 per mensem, one-eighth for the first year, and one-sixth for the second. But if the Salary of office be not more than Rupees 500 per mensem, no deduction shall be made for the first year and if it be only so much more than the prescribed deduction of one-eighth would reduce the allowance below Rs. 500 per mensem, only the excess beyond Rs. 500 shall be deducted. For the second year, the absentee shall become liable to the deduction of one-eighth. An absent Servant shall in no case retain any office or employment, nor be permitted to draw any portion of official Salary for a longer period than two years, but a Civil Servant who may on account of sickness, duly certified, obtain an extension of leave beyond two years will if below the rank of a Senior

Fort St. George Gazette, May 7, 1841, page 383.—A Servant is not allowed to be absent, retaining "Office or Employment" or "portion of Official Salary" for a period exceeding two years; but extension of leave may be obtained on account of sickness duly certified, and during such extension the Absentee is authorized to draw the Subsistence Allowance of his rank. If the absence be beyond the Territories of the Presidency to which the Servant belongs, it is to be computed from the date of his quitting the limits of his Presidency to the date of his return within those limits; if beyond Sea, from the date of his embarkation from the port of his Presidency or from any port not more distant than the port of his Presidency to the date of his return within the limits of his Presidency. If the place to which he shall proceed be within the Territories subject to his Presidency, his period of absence shall be computed from the date of his quitting his station to the date of his return thereto.

Fort St. George Gazette, May 31, 1843, page 442.—Sec. VI. (Amended.) Civil Servants absent from their Stations under Medical Certificate within the limits of their respective Presidencies, shall be entitled to the Salaries of their Offices for the period of two years, subject to a deduction of one-third for the whole term of such absence, save and excepted that for the first year, if the salary be not more than 500 Rs. per mensem, no deduction shall be made, and if it be only so much more than 500 Rs. that the prescribed deduction of one-third would reduce the allowance below that sum, only the excess beyond Rs. 500 shall be deducted, but for the second year, the full deduction shall be in force. An absent Servant, whether Civil or Military, shall in no case retain any Civil Office or employment, nor be permitted to draw any portion of official Salary for a longer period than two years, but a Civil Servant who may, on account of sickness duly certified, obtain an extension of leave beyond two years

Merchant, be allowed to draw the subsistence allowance of a Junior Merchant, and if a Senior Merchant, the subsistence allowance of his rank; but if he continue absent in disobedience of an order to return or without sufficient cause shown, that allowance also will be forfeited. The period of absence shall be computed from the date at which the absentee shall quit the limits of the Territories subject to the Presidency to which he may belong, to the date of his return within such limits, or if he shall proceed beyond sea from the date of his embarking at any place or port in India, which is not more distant from his Station than the Ports of his own Presidency; but if the place to which he shall proceed shall be within the Territories subject to such Presidency, his period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

Sec. VII. Civil Servants absent on leave on account of sickness, duly certified if they proceed to England, without returning to their Presidency, may as heretofore, apply to be admitted to furlough by the Hon'ble the Court of Directors, and the furlough will in such cases take effect from the date of leaving their Presidency, consequently the allowances of office that may have been drawn by themselves or by their Agents after their departure, must in that case be re-adjusted, and the difference refunded.

NOTE.—This rule applies to all descriptions of leave on account of health, excepting those granted under Sec. XII.

Thus a second leave within the Presidency no less than a second leave to Sea will be computed as forming part of the period of two years if taken before three years have elapsed since returned from the first leave, and the deductions will be made upon computation of the accumulated period of absence under all such leaves taken without the intervention of three years of consecutive service.

*Sec. VIII. No second leave will be granted to any Civil or Military Servant holding a Civil Appointment who has been absent under the above rules for two years, until three years at the least shall have passed after the date of such Servant's return, but if such Servant is compelled by sickness again to absent himself from his Station within three years after having been absent under the above rule for less than two years, he will be allowed to complete that period, subject to the limitations and conditions heretofore prescribed, drawing the proportion of Salary allowed for the remaining time as if the leave had been continuous.

Fort St. George Gazette, 7th May 1841, page 383.—A second leave of this kind cannot be granted until three years at the least shall have passed after the date of such Servant's return; but any time short of two years in a previous absence may be subsequently allowed in completion of two years. The note attached to Section VIII. specifies that this Rule applies to all descriptions of leave on account of health excepting those granted under Section XII.

After two years of absence, continuous or accumulated, under these Rules, if a Servant obtain leave of absence on sick certificate before an interval has passed of three years, he cannot retain office or employment.

of official salary, but he is entitled to the Subsistence allowance of his rank. The Rule in Section VI. if literally interpreted, would require the servant returning from beyond Sea whose full period of two years had expired between the date of his embarkation and the date of his return within the limits of his Presidency, to be re-appointed to his Office. For the time spent in joining his station in excess of two years, he is entitled to draw only the subsistence allowance of his rank.

It is not provided that in cases in which the full period of two years' absence is composed of accumulated leaves, the intervals of time passed in the performance of duty shall be reckoned in part of three years which must expire before a Servant is eligible to a new series of leave.

But if this were not allowed, the operation of the Rule might be unintentionally severe on a Servant whose health should compel him to obtain leave of absence for a portion of the two years, say for only a month, at the extremity of the three years after the date of his re-

Fort St. George Gazette, 11th April 1843, No. 1306, page 307.—

*The Most Honorable the Governor in Council is pleased to notify the following elucidation of the Rule determining the commencement and expiration of the period for which a Civil Servant can be absent from his duty without forfeiting his Office as contained in a despatch from the Honorable the Court of Directors, dated the 12th of October, 1842.

1. When an Officer takes leave under Sections V. and VI. or VIII. of the Absentee Rules of the 29th of January 1840 to any place within the limits of his own Presidency, his absence will count from the day of his quitting his Station to the day of his return thereto.

2. Should he again, or in the first instance, take leave under the same Sections of the Rules to any place in another Presidency, or beyond Sea, his absence will be reckoned not from the date of his quitting his Station as in the former case, but from the day of leaving his own Presidency, provided he reaches the limits thereof in the time prescribed in the Rules, to the day of return within those limits.

turn, the same Servant having been already absent for 28 months either all at once, or his absences at different times having accumulated to 23 months: it would not have been intended by the rule that after 35 months of duty, being entitled to one month on account of the old score, a new series of leave or a single instance of leave on sick certificate should not be obtainable for three years from the expiration of that one or 36th month.

The rules do not prescribe any different rate of deduction from allowances during absence on sick certificate within the Territories of the East India Company, and during similar absence at the Cape of Good Hope, or within the limits out of the Territories of the East India Company declared in Section IV. But they fix the computation of the Servant's absence beyond the Presidencies to be from the date of leaving to the date of his returning to the Port of his Presidency.

The Rules provide sufficiently for the Audit of his Allowances after two years' absence beyond Sea, until the Servant rejoins his Station, but they do not specify what rate of deduction is to be made from the Absentee's Allowance for the elapsing after departure from Station and before embarkation. This therefore has required to be provided for by a new Regulation, or by some exposition of the existing Rules.

4. The Most Honorable the Governor in Council is further pleased to notify, that when a Servant has been absent under sick certificate for the full period of two years contemplated by Sections V., VI. and VIII. of the Absentee Regulations, either continuously or at intervals, no further leave can be granted under those Sections, until the expiration of three years from the date of the last preceding leave, whether that leave were for a month only or for the period of two years. It is therefore indispensable to the establishment of a new claim to the privilege of sick leave which has been enjoyed to the full extent, that three years of uninterrupted service should be passed, that is, uninterrupted except by the leave with exemption from stoppages under Section XI., or on special private affairs under Section XII.

Fort St. George Gazette, 19th December 1843, page 1059.

NOTE.—Not applicable to Medical Officers in Civil Medical employ.

Sec. IX. Military Officers employed in the Civil department and drawing a Civil Allowance may obtain leave under Medical Certificate on precisely the same conditions as Civil Servants except as to allowances. Such Officers, in common with those holding Staff situations in the Military Department, will draw the Military Pay and Allowances of their rank while absent on leave under Medical Certificate, in the form and manner prescribed in General Orders in the Military Department, and likewise one-half of the difference between such Allowances and the Civil pay of the offices to which they stand appointed.

Sec. X. Civil or Military Servants holding Civil appointments who may desire to avail themselves of the benefit of the Act I. Vic. Cap. 47., and to draw their allowances while absent on account of sickness under the above rules, will be required to give security in such amount and form as may be fixed by the Government for the refund of any excess that may be drawn, either by the Agent at the Presidency or by themselves in case of their proceeding to Europe on furlough or otherwise coming under retrenchment.

Sec. XI. (Amended.) The Government of each Presidency may grant to Civil or Military servants holding Civil appointments leave of absence for one month in each year without deduction from the Salaries and Emoluments drawn by such servants. Such leave however will only be granted when the Government is satisfied that no inconvenience or expense will arise from the departure of the Officer seeking it. No second leave can be granted under this rule until the com-

ing themselves of the indulgence in any one year may obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of 22 months from the termination of their former leave, and if two years elapse without enjoyment of the privilege, leave for three months may in like manner be granted at the expiration of 33 months from the termination of the last preceding leave. But no leave shall be granted under this rule for any period exceeding three months. If an Officer shall not return at the expiration of the period of leave granted him under this rule, he shall, if absent on private affairs, be subjected to the deduction of one-third of his salary and allowances for the entire term of absence, and if he shall continue absent for more than one month beyond the term granted, his Office shall become vacant. If his protracted absence be occasioned by sickness, the case must be determined under the provisions of Chapter II.

Fort St. George Gazette, 21st Dec. 1841, page 1041.—Under instructions from the Government of India, the Right Honorable the Governor in Council explains that if an Officer exceeds the leave of absence to which he is entitled under Section XI. of the Absentee Rules of the 29th January 1840, in consequence of sickness, he must be considered absent under the provisions of Chapter II. for the whole time of his absence and the orders that would be passed on his Medical Certificate application must be in conformity to those provisions and take effect for the whole period of absence.

Fort St. George Gazette, 8th Dec. 1840, page 877.—Doubts having been entertained whether Public Officers could be permitted to avail themselves at two or more periods of the indulgence authorized by Section XI. of the Absentee Rules, of 29th January 1840, (published at page 142 of the official Gazette of the current year) of leave of absence from their Stations without deduction from their allowances; His Lordship in Council has been pleased to decide that it be considered the rule that the full term due be it one, two, or three months, be applied for at once: but that it be open to Government to make exceptions to this rule in special cases, whenever on good cause shown, it may appear better for the Public Service that the prescribed leave of absence should be granted by instalments instead of all at once, or where, without inconvenience to the Public Service, such an indulgence may, under special circumstances be allowed.

Fort St. George Gazette, 26th October 1841, page 869.—Doubts having been entertained whether Military Servants in Civil employ could be allowed the privilege of Section XI. of the Absentee Rules of the 29th January 1840, (promulgated at this Presidency on the 21st of the following month) in the extended sense in which the privilege is construed as appertaining to the members of the Civil Service. The Right Honorable the Governor in Council resolves, under instructions from the Government of India to declare, that leave of absence for one month without loss of allowances will be granted to a Military servant in Civil employ only in a case in which the Government is not put to any inconvenience or to any expense by the arrangement made for the efficient discharge of his duties.

Military Officers holding Civil appointments are now placed, in cases of absence, in precisely the same situation as their brethren holding Military Staff appointments, agreeably to the system which has heretofore prevailed.

Fort St. George Gazette, 27th September 1844, page 775.—It is hereby notified, that, under instructions from the Honorable the Court of Directors, the Most Noble the Governor in Council will grant leave of absence, in cases in which it will be attended with no inconvenience to the Public Service, for the periods of 2 or 3 months, to such servants as at the date of the promulgation of the Amended Rules of May 1843, were entitled to the indulgence under the provisions of Section XI. of the Rules of January 1840.

sence as respects appointment the course of the Audit will be easy: For two years, reckoning from departure from Station to return to Station, the deduction will be as laid down at the commencement of the Section, and for any excess, whether occasioned by the time elapsing before embarkation or after return to Port Servant will be entitled to subsistence Allowance without losing his Appointment.

3d. The design of this Rule is to grant one leave of absence without loss of Salary to the Servant who is present at his duty for the period specified.

XI. of the Civil Absentee Regulations of the 17th May 1843.

"Civil Servants or Military Servants holding Civil Appointments, absent from their Stations under Medical Certificate, cannot be admitted to leave under this Rule, in continuation of their Sick leave, and if, while absent under this Rule they be granted extended leave under Medical Certificate, they shall be considered liable to the Rules applicable to leave of absence on Medical Certificate for the whole period of their absence."

Chapter IV.

Rules for Leave preparatory to embarkation and for joining Stations.

* Sec. XIII. For embarkation to Europe on furlough or with leave under Medical Certificate, or preparatory to retirement from the Service a Civil or Military Servant holding a Civil appointment may take leave under such of the preceding rules as may apply to his case. If an Officer desirous of retiring or about to proceed to Europe on furlough, shall not under the previous rule be entitled to any leave of absence, special leave may be granted him for one month if the distance of his Station from the Presidency or the Port at which he shall intend to embark shall not exceed 300 miles—for two months if the distance be more than 300 and less than 600 miles, or for three months if it shall exceed 600 miles, but such leave can only be granted under Medical Certificate—and the absentee, if a Civil Servant shall be subjected to the deduction of one-third of his Salary and allowances if not more than 2,000 Rupees per month, and of one-half, if they exceed that sum. At the expiration of such special leave it may be renewed for one month, subject to the same deductions on satisfactory evidence being produced that the Servant has been prevented leaving India either by severity of illness or by the difficulty of procuring a passage, but no further leave can under any circumstances be granted. A Military Officer holding Civil employment who may obtain special leave under this rule shall draw only so much of the Salary of his Civil Office as added to his Military Pay and Allowances will equal one-half of his Civil emoluments. If a Civil or Military Servant holding Civil Office who may have obtained leave with the intention of embarking for Europe on Furlough, or retiring from the Service shall subsequently abandon the intention and return to his Station, his absence will be regulated under such of the rules in Chapters 2 and 3 as may be applicable.

* Sec. XIII. Rescinded—*Fort St. George Gazette, 31st May 1843, page 442.*

NOTE.—This rule is only applicable to Civil Servants. Military Officers appointed to Civil Office will draw Salary only from the date of joining as heretofore, the rule in force in respect to staff situations being applicable to them.

Sec. XIV. There shall be allowed to Officers appointed to any new Office the periods of one month, two months, or three months, for joining accordingly as the distance may not exceed 300 or 600 miles, or be in excess of the last mentioned distance. Officers not joining their Station within the said periods respectively shall forfeit their Salary for the time delayed in excess of the above periods, and if such excess shall exceed one month, the Office shall be vacated unless otherwise specially ordered by Government.

Fort St. George Gazette, Notification, 19th May 1835, page 318.—The Right Honorable the Governor in Council resolves that in future, when Official Notifications of Appointments by Government in the Civil Department are inserted in the *Fort St. George Gazette*, no separate communication of the same shall be made in writing to the parties concerned, except when special instructions are required. All Officers are to act on such Notifications in the same manner as if they had been communicated by letter from the Secretary's Office, and to join their Stations within the period prescribed by the rules published at page 142 of the *Gazette* for 1840 unless otherwise directed: taking when necessary, the oaths of office in the manner prescribed in the Notification of the 19th May 1835, or making the prescribed declaration before any Court of Record, or any Justice of the Peace, previously to entering upon the duties of the office to which they may be appointed. The Judges of the Courts, or Justices of the Peace, before whom such oaths or declarations may, under this authority, be subscribed and recorded, will notify the same by letter to the Secretary to Government on the same day.

Revenue Officers on their first appointment are required, before entering on their duties to take and subscribe the restrictive oath of Revenue prescribed by Act of Parliament referred to in Regulations I. and II. of 1830, and magisterial, judicial and other Officers will, on every change of appointment, make and subscribe the declaration prescribed by Act No. XXI. of 1837, which dispenses with the oaths required to be taken, by the general regulations of this Presidency.

Fort St. George Gazette, 26th February, 1841, page 168.—Public Officers in reporting to the Civil Auditor their assumption of office are to certify that they have conformed to all the requisitions of the Law and Orders of Government in respect to oaths or declarations of office, and the Civil Auditor is hereby required to bring to the notice of Government any omission in this respect.

Sec. XV. Upon the first appointment of any Civil Servant who shall be reported qualified for the Public Service by the Examiners appointed by the Government, to any Civil situation, there shall be allowed for travelling expenses to the Station an allowance at the rate of 8 Annas per mile, by the direct post road according to the Polymetrical Tables of the Post Office, the bill for which allowance will be passed by the Civil Auditor after the Officer shall have joined the Station; if required in advance an order to the Government shall be necessary.

Fort St. George Gazette, 6th August 1841, page 635.—1. The Governor General in Council remarks that the Rule referred to No. XVI. of the Regulations of the 29th January 1840, requires in cases of a change of office, when an Officer is appointed to a higher situation, that he shall not draw the higher salary payable from the date only of the Officer Rule as one of general practice, and that no exception ought to be allowed joining, but in other circumstances and exigencies of the public service, the case of 3. His Lordship in Council is further of opinion that as a general rule, Officers ought not to be appointed to situations for the duties of which they are not immediately available.

4. When an Officer for the convenience of the public service has been detained by an order of the Government in a situation of inferior emolument after the date of his being promoted, in such case the practice under the Bengal Presidency of his being so detained. This exception to the Rule XVI. corresponds with the exception provided for in Rule XX. under the Chapter for Deputation Allowances, in which it is declared that no Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the Office in which he is officiating, but that the prohibition does not apply to the case of an Officer who may be deputed for special reasons to act in an office of inferior emolument to his own.

5. In order to ensure uniformity of practice at all the Presidencies in the application of Rules XIV., XVI. and XVII., it is hereby explained that Rule XIV. refers to the appointment of Civil Servants previously not holding any permanent situation, such as Servants for the first time appointed to a fixed situation after their return from furlough.

6. These Servants are entitled under Rule XIV. to the allowances of their new office from the day of appointment, provided they do not come under forfeiture by exceeding the time prescribed for joining their Station.

7. And Rules XVI. and XVII. are to be construed as applying to cases where there is a change of office with increase of salary; a special course being prescribed with regard to Junior Civil Servants; they under Rule XVI. are authorised to draw the salary of Assistant from the date of their being reported qualified for the public service, unless forfeited through delay in joining the Station to which they have been appointed.

NOTE.—This rule also is applicable to Civil Servants, Military Servants drawing as in the case of Staff situations no Civil Salary from the time of leaving one Office till the date of joining the other.

Sec. XVII. In case of a change of office when an Officer is appointed to an higher situation, he shall not draw the higher salary until he joins. For the period occupied in travelling, the rule No. XIV. regulating the time and distance for joining Stations shall be applicable, and the Officer will, for the periods allowed in that rule respectively draw out of the Salary of the Office he is about to join a sum equal to that of his previous situation.

NOTE.--Military persons acting for other Military persons holding Civil Office, will, as in the case of Staff, draw half the difference between the incumbents Military Allowances and the consolidated Civil Salary as at present, that is, will draw the amount retrenched from the absentee, but when acting for a Civil Servant they will draw at the rates and under the same rules as Civil Servants.

Fort St. George Gazette, 31st May 1843, page 442.—Sec. XIX. (Amended.) Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an office according to the following rates, and subject to the limitations and conditions hereinafter laid down.

To Civil Servants not holding an Office of inferior Emolument when officiating for a superior.

At the rate of 10 per Cent. upon the monthly Salary of the appointment officiated in, in all cases in which the Salary of such appointment shall not exceed Company's Rupees 2,000 per mensem, and in respect to all appointments of which the Salary shall be more than Company's Rupees 2,000 per mensem, at the rate of 10 per Cent. upon Co.'s Rs. 2,000 and of 5 per Cent. on the amount in which the monthly Salary may exceed Co.'s Rs. 2,000: provided however that no lower rate of Deputation Allowance shall be given than 100 Rs. per mensem.

The Deputation Allowance shall in all cases be in addition to the Salary of the substantive appointment, held by the Officer on Deputation.

A Civil Servant acting for another shall have no claim to Commission or Fees, where any such sources of emolument exist. These shall be regarded as forming part of the income of the Officer to be relieved, subject to the prescribed deductions.

subject to the prescribed deductions. The grant of special Allowances—of allowances to Commissioners and other officers for travelling expenses, and to officers of Districts or Assistants, when employed on Settlement or special Police Duties, will be regulated by a supplemental set of Rules.

Sec. XX. No Civil Servant temporarily Officiating for another shall draw an amount larger than the entire emoluments of the Office in which he is Officiating, and if the amount of the deputation Allowance according to the prescribed scale added to the permanent emoluments of the officiating Servant, would exceed the emoluments of the office in which he is temporarily acting, the excess shall not be drawn. But this provision shall not apply to the case of any officer deputed for special reasons to act in an office of inferior emolument to his own. In cases where an officer holding two appointments on being deputed to Officiate for another shall be relieved only from one, he shall receive no Deputation Allowance unless the emoluments of the office in which he is deputed to act, exceed the united emoluments of his permanent appointments, and in that case the Deputation Allowance shall be limited to the difference.

Sec. XXI. No Subordinate Officer acting, for his Principal or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of three months, and then the Allowance is not to be drawn in arrear. But a servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Sec. XXII. A Civil Servant out of employment, if deputed to act at a distance and Civil Servants having permanent employment who may be so deputed and who may be restricted by any provision in these rules to the allowance of their own office, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment. When the entire sum received as Deputation Allowance may fall short of that which according to the distance would be allowed for travelling expenses, the difference may be drawn. In all cases of absence under Medical Certificate, and in cases of absence on private affairs when the absent Officer shall not be subject to deduction, such payments shall be made at the charge of the Government.

Fort St. George Gazette, 31st May 1843, p. 443.—Sec. XXI. (Amended). No Subordinate Officer acting for his Principal or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of one month, and then the Allowance is not to be drawn in arrear. But a servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Civil Servants, if deputed to act at a distance from the Stations where they are employed, or Military Officers holding Civil Office who may be so deputed, or who may be ordered by Government on special duty, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment.

The Most Noble the Governor in Council has been pleased to direct that no Collector, or other Officer in charge of a Public Treasury shall discharge the Pay and Allowances of a deceased Officer, Civil or Ecclesiastical, which may be due to the deceased on his demise, until the Bill for such Pay and Allowances shall have been previously passed by the Civil Auditor, provisions having been made to meet similar cases in the Military Department, as explained in Section 20, page 503, para. 21 of the "Pay and Audit Regulations." The Officers of Audit, both Civil and Military, will ascertain from the Office of Account, before passing any Bill for the salary or Allowances of a deceased Officer, whether any and what demand exists against the deceased on its Books, and enter such demand on the back of the Bill for the information of the Paying Officer, whose duty it will be invariably to deduct the amount of such demand from the Bill—and credit the same to Government under instructions from the Office of Account.

Fort St. George, January 27, 1835, No. 339—Page 60.

The Governor in Council is pleased to issue the following instructions, in modification of the order passed on the 4th December 1832, and published in the *Fort St. George Gazette*, of that year, page 889.

All Public Officers at the head of establishments whether at the Presidency or in the Provinces, are strictly prohibited from including in their monthly indents any situations under them whilst vacant.—Charge is to be made for each situation, so long only as it may be filled by an incumbent and the indent must specify the name of each incumbent, the office held by him, and the precise amount payable to him.

When fines, stoppages, &c. are made from the pay of any one, they are to be deducted from the pay of the individual only, and not in the gross, from the total amount of the whole indent. In such cases, the indent, after specifying by inner columns in red ink, the sanctioned pay, and the deduction or stoppage made therefrom, is to exhibit, in its black ink column, opposite to each individual name the residue only, or the sum actually drawn for, and payable to each person; the aggregate of which will constitute the total sum drawn from the Treasury; from the gross amount of which no deduction is to be made for fines or stoppages, as formerly directed; for under the order now issued, all the necessary deductions on these accounts, will previously be exhibited in its details.

Fort St. George, July 28, 1835, No. 395—Page 479.

The Right Honorable the Governor in Council is pleased to notify that hereafter on all occasions when the period allowed for the employment of temporary Establishments is not specially stated at the time of sanction, such sanction shall be considered to extend to six months only, at the expiration of which period, if the Establishment be still required, the case must be again submitted for the orders of Government, and if sanction be not renewed the Establishment will be disallowed by the Audit Office.

Fort St. George, July 11, 1836, No. 499—Page 457.

Under instructions from the Supreme Government, the Governor in Council is pleased to direct with reference to the 59th Section of Act 3d and 4th, William IV. Cap. 85, that no alteration whatever shall hereafter be made in existing Civil or Military Establishments without the previous sanction of Government.

No. 395, Fort William, Financial Department, the 17th May.

The following Resolution, passed by the Right Honorable the Governor General of India in Council, is published for general information.

RESOLUTION.—The Right Hon'ble the Governor General of India in Council remarks that the principle of the Rule recently established for Bengal, under which the salary of Officers

deputed to other Stations of the same Presidency will be Audited payable at the place where they may be employed, applies equally to the case of Officers of one Presidency, employed temporarily, either under the Supreme Government, or in another Presidency, without vacating the substantive Office to which they are attached under their own Presidency,—but the rule cannot be established in the same form, because the Auditor of one Presidency cannot Audit Salary Bills and Adjust the Fund deductions, &c. of another. In order to give to Servants in this predicament the same advantage of drawing all their Allowances at the place where they may be employed, the Right Honorable the Governor General of India in Council determines that the following Rule shall be established. Whenever a Servant attached to one Presidency shall obtain temporary employment under another Presidency, and shall desire to draw the allowances of his substantive Office at the place or the Presidency to which he has been deputed, he shall apply to the Government of his Presidency for an order to the Civil Auditor to grant him a Certificate of the amount of salary less deductions to which he is entitled, and the Civil Auditor of the Presidency in which he is doing duty, shall, on the strength of that certificate pass to him a monthly sum on account, as the Civil pay of the other Presidency, the amount so passed to be made payable at the Treasury of the place where the Officer is employed, upon duplicate or triplicate receipts, and to be adjusted in account by the Accountant or Accountant General of the Presidency as a remittance to the debit of the Presidency on account of which it is paid. With respect to Divisions of the same Presidency as the Collectors of one Division are in the habit of granting Bills on those of the other which are adjusted through the two Offices of Account, the Governor General of India in Council adopting the suggestion of the Accountant General, determines that when an Officer of the North Western Provinces may be deputed to officiate within those under the Governor of Bengal or vice versa the Salary Bill of his substantive Office being transmitted for Audit to the Auditor of the proper Division, shall by him be forwarded to the Collector of the District where it is ordinarily payable, and that Officer shall, if it be duly receipted, issue and transmit to the Officer a Bill for the amount as per Audit payable to the individual at the Treasury of the place where he may be employed on duty, such Bills to be granted at par without any charge of Hoondcean.

Fort William, Financial Department, the 29th September, 1841.

Conformably with a Rule prescribed by the Hon'ble the Court of Directors, the Right Honorable the Governor General in Council is pleased to determine, and to notify for general information, that no Civil Servant or Military Servant holding a Civil appointment, required by the exigencies of the Service to discharge the duties of a second office, will be entitled to draw the Salary of the two offices.

His Lordship in Council is pleased to exempt from the immediate operation of this Rule, the Officers holding the appointment of Agent to the Lieutenant Governor in the North Western Provinces, and drawing a Salary of 500 Rupees a month in that situation in addition to the Salary of their other Civil appointment, and to except also the situation at certain Stations of Post Master, held by the Civil Surgeon, who is separately remunerated for the former office.

RESOLUTION.—Any Medical Officer in Civil Medical employ who shall proceed on leave of absence from his Station to which he is attached, whether on Private Affairs or on Medical Certificate, shall forfeit during the period of such absence the whole of his Civil Salary, and shall be entitled to draw his Military Pay and Allowances only, subject to the Rules in the Military Department. Any Medical Officer in Civil Medical employ who shall be absent from his duty, whether on Medical certificate or on account of his Private Affairs, for a period exceeding six months at one time, shall not be permitted to return to his Civil appointment without a fresh nomination thereto, and shall be considered from the date of the expiration of the six months to be at the disposal of the Commander-in-Chief.

An Act to repeal the prohibition of the payment of the Salaries and Allowances of the East India Company's Officers during their absence from their respective Stations in India, 12th July 1827.

Whereas, under and by virtue of an act passed in the Thirty-third year of the reign of His Majesty King George the Third, intituled an Act for continuing in the East India Company for a further term the possession of the British Territories in India, together with their exclusive Trade under certain limitations; for establishing further Regulations for the government of the said Territories, and the better administration of Justice within the same; for appropriating to certain uses the Revenues and profits of the said Company; and for making provisions for the good order and government of the Towns of Calcutta, Madras and Bombay, and of another Act passed in the Third and Fourth years of the Reign of His late Majesty King William the Fourth, intituled an Act for effecting an arrangement with the East India Company, and for the better government of His Majesty's India Territories till the Thirtieth-day of April, One thousand Eight hundred and Fifty-four, it is enacted that "if any Governor or other Officer whatever in the Service of the said Company shall leave the Presidency to which he shall belong other than in the known actual Service of the said Company, the salary and allowances appertaining to his Office shall not be paid or payable during his absence, to any agent or other person for his use, and in the event of his not returning, or of his coming to Europe, his salary and allowances shall be deemed to have ceased on the day of his leaving the said Territories or the Presidency to which he may have belonged." And whereas, it is further provided in the said last mentioned Act, that it shall be lawful for the said Company to make such payment as is now by law permitted to be made to the representatives of their Officers, or servants, who having left their Stations intending to return thereto, shall die during their absence, and it is expedient that such provision of the law should be altered in manner hereinafter mentioned. Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice, and consent of the Lords Spiritual and Temporal and Commons, in the present Parliament assembled and by the authority of the same that so much and such part or parts of the said two Acts passed respectively in the thirty-third year of the Reign of His Majesty King George the Third, and in the third and fourth years of the Reign of His late Majesty King William the Fourth, and of any other Act or Provision of the law, as enacts, that if any Governor or other Officer whatever in the Service of the said Company shall leave the Presidency to which he shall belong other than in the known actual Service of the said Company the salary and allowances appertaining to his Office shall not be paid or payable during his absence to any agent or other person for his use, shall not extend to the case of any Officer or servant of the Company under the rank of Governor or Member of Council who shall quit the Presidency to which he shall belong in consequence of sickness under such Rules as may from time to time be established by the Governor General in India in Council, or by the Governor in Council of such Presidency as the case may be, and who shall proceed to any place, within the limits of the East India Company's Charter, or to the Cape of Good Hope, or to the Mauritius, nor to the Island of St. Helena, nor to the case of any Officer or Servant of the said Company under such rank as aforesaid, who with the permission of the Government of the Presidency to which he shall belong, shall quit such Presidency in order to proceed to another Presidency for the purpose of embarking thence for Europe until the departure of such Officer or Servant from such last mentioned Presidency with a view to return to Europe, so as that the Port of such departure for Europe shall not be more distant from the place which he shall have quitted in his own Presidency than any port of embarkation within such Presidency.

II. Provided always and be it enacted, that no such Rules so to be established as aforesaid shall have any force or validity until the same shall have been approved by the Court of Directors of the said Company, subject to the control of the Commissioners for the affairs of India in like manner as provided by the said Act of the third and fourth years of the reign of his late Majesty King William the Fourth.

III. And be it further enacted, that it shall be lawful for the said Court of Directors subject to such control as aforesaid, to direct the refunding by any Officer or Servant of the said Company or by the representatives of any such Officer or Servant, of the whole or any part of the salary or allowance which he or they may have received under or by virtue of any such Rule so to be established as aforesaid, if it shall appear to the said Court, subject to such con-

trol as aforesaid that the permission to such Officer or Servant to quit the Presidency to which he shall belong hath been improperly granted or obtained ; and such sum as the said Court subject to such control as aforesaid shall direct such Officer or Servant to refund, shall be a debt due to the said Company, and shall be recoverable by them in any Court in like manner as any debt may now or hereafter shall be recovered by them.

57. And be it further enacted, that all vacancies happening in any of the Offices, Places, or Employments in the Civil line of the Company's Service in India (being under the degree of Counsellor) shall be from time to time filled up and supplied from amongst the Civil Servants of the said Company belonging to the Presidency wherein such vacancies shall respectively happen, subject only to the restrictions in this Act contained, and not otherwise (that is to say), that in the filling up and supplying such vacancies, no Office, Place, or Employment, the Salary, Perquisites and Emoluments whereof shall exceed Five hundred Pounds per annum, shall be conferred upon or granted to any of the said Servants who shall not have been actually resident in India as a Covenanted Servant of the said Company for the space of three years at the least in the whole, antecedent to such vacancy : and if the Salary, Perquisites, and Emoluments, of any Office, Place, or Employment, shall exceed One thousand Five hundred Pounds per annum, the same shall not be granted to or conferred upon any of the said servants who shall not have been actually resident in India in the said service for the space of six years at the least in the whole, antecedent to such vacancy : and if the Salary, Perquisites, and Emoluments, of any Office, Place, or Employment, shall exceed Three thousand pounds per annum, the same shall not be granted to or conferred upon any of the said servants who shall not have been actually resident in India in the said Company's service for the space of nine years at the least in the whole : and if the Salary, Perquisites, and Emoluments, of any Office, Place, or Employment, shall exceed Four thousand Pounds per annum, the same shall not be granted to or conferred upon any of the said Servants who shall not have been actually resident in India in the Company's service for the space of twelve years at the least in the whole, antecedent to such vacancy ; and that all appointments, advancements, and promotions, which shall be made for supplying any such vacancies, other than as aforesaid, shall be null and void.

58. And be it further enacted that no person shall for the future be capable of taking, in the Civil line of the Company's service, two or more Offices, Places, or Emoluments, the joint amount of the Salaries, Perquisites, and Emoluments, of which shall exceed in the whole, the annual Salary, Perquisites, and Employments respectively hereinbefore in that behalf prescribed, any Law or usage to the contrary notwithstanding.

Abstract of an Act passed in the Forty-seventh Year of George the III.

Cap. 68, Sec. 7.

Whereas, the India Company have lately established a College in England for the appropriate Education of young men designed for their Civil Service in India, and it will therefore be expedient that, under certain circumstances, the time spent by such young men in the said College, after they shall have attained the age of seventeen years, should entitle them to the same privileges as they would have been entitled to, if they had been resident such time in India ; be it therefore enacted, that from and immediately after the passing of this Act all such time not exceeding two years as shall be *bonâ fide* spent in the said College, in the regular course of such education as aforesaid by any person after they shall respectively have attained the age of seventeen years, provided they shall *bonâ fide* spend either before or after seventeen years of age, two years at least in the said College, in the regular course of such education and shall afterwards go to India in the Civil Service of the said Company,

shall be accounted, as to the Offices, Places, and Appointments, which such persons are entitled to be appointed to, and to hold, as so much time actually spent in India.

Extract from a Public General Letter from the Hon'ble the Court of Directors, dated the 12th June 1816.

Para. 20. We perceive by the Abstract of the Act of the 53d of His present Majesty, Chap. 155, annexed to your List of Civil Servants, dated 31st May 1814, that according to your construction of that Act, a Civil Servant may, now, upon his arrival in India, receive £1,500 a year; but this is most assuredly a mistake. The Act above-mentioned has shortened the period two years which it was required previously to the passing of that Act, for a Servant to have resided in India, to enable him to receive more than 1,500, 3,000, or 4,000 pounds a year, but it has not shortened the period which it was required, previously thereto for a Servant to have resided above-mentioned to enable him to receive more than £500 a year, consequently that remains the same it was as before the Act of the 53d was passed, namely three years, allowing with respect to the Servants educated at Hertford College, the time not exceeding two years passed in that Institution, after they were seventeen, to be considered as time passed in India and this will be your future guidance.

Abstract of an Act passed in the Tenth Year of George the IV. Cap. 16.

An Act to continue the operation of an Act of the Seventeenth year of His present Majesty for suspending the provisions of an Act of His late Majesty respecting the appointment of Writers in the service of the East India Company, and to amend the provisions of an Act of the forty-seventh year of His late Majesty, so far as they relate to the period of residence at Hertford College as qualification for certain Offices.

14th May, 1842.

Whereas, an Act passed in the seventh year of the reign of His present Majesty intitled an Act to suspend the Provisions of an Act of His late Majesty respecting the Appointment of Writers in the service of the East India Company, and to authorize the payment of the Allowances of the Civil and Military Officers of the said Company dying while absent from India. And whereas, it is expedient to continue for a time to be limited, the provisions of the said Act of the seventh year of His present Majesty, so far as the same relate to the Appointment of Writers in the service of the East India Company, and to the establishment of Rules and Regulations respecting their qualifications. May it therefore please your Majesty, that it may be enacted and be it enacted by the King's Most Excellent Majesty and by and with the advice and consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled, and by the authority of the same. That the provisions of the above-mentioned Act of the seventh year of His present Majesty, so far as the same relates to the appointment of Writers in the service of the East India Company, and to the Establishment of proper Rules and Regulations respecting the qualifications of such Writers, shall continue and be in force until the Tenth day of April, One Thousand Eight Hundred and Thirty-four.

And whereas, by virtue of an Act passed in the Forty-seventh year of the Reign of his said late Majesty, all such time as shall be *bona fide* spent in the College established in England by the East India Company for the education of their Civil Servants, by any persons after they shall respectively have attained the age of seventeen years is accounted, as to certain Offices, Places, and Employments which such persons are entitled to hold in India as so much time actually spent in India, provided that such persons shall either before or after seventeen years of age spend two years at the least in the said College. And whereas, it is expedient that the privileges so granted should, under certain circumstances be extended to young men who may have spent less time than two years in the regular course of education at the said College: be it therefore enacted, that all such time, not exceeding two years as shall have been or shall be *bona fide* spent in the said College in the regular course of such education as aforesaid by any persons after they shall respectively have attained the age of seventeen years, who shall have proceeded or shall hereafter proceed to India in the Civil Service of the said Company, shall be accounted, as to all Offices, Places, and Employments to which such persons are entitled to be appointed and to hold the Salary, Perquisites, and Emoluments whereof, shall not exceed the sum of One Thousand Five Hundred Pounds per annum, as so much time actually spent in India, any or Law usage to the contrary thereof in any wise, notwithstanding.

The relative rank of the Members of the Civil Service is adjusted by Lists received from the Honorable the Court of Directors, which Lists since the 15th of August 1850, are prepared on the principles laid down in the subjoined Extracts from Despatches from the Honorable Court, dated the 12th November 1823 and 15th July 1825, and from Auber's Analysis.

Extract from a General Letter from the Honorable the Court of Directors, dated 12th November 1823.

Para. 6. "The rank of all the Students shall be determined by the certificate of the College Council which shall be granted with reference to the industry, proficiency, and general good behaviour of the Students."

"Such rank to take effect only in the event of the Students proceeding to India, as follows, viz:

Those ranked after the December Examination within six months after they are so ranked—and those ranked after the Pay Examination within six months after they are so ranked, or by the first regular Ships that may be despatched to the Presidency to which the Student is appointed, after the expiration of the said six months should any Student delay so to proceed he shall only take rank among the Students classed at the examination previous to his departure, and shall be placed at the end of that class in which rank was originally assigned to him.

Modified by Court's Despatch of the 15th July 1825, as follows:

"That those ranked, after the December Examination shall proceed within six months after they are so ranked or by any one of the regular Ships that may be despatched for the Presidency, to which the Student is appointed between the expiration of the said six months and the first day of August then next following. These ranked after the May Examination within six months after they are so ranked, or by any one of the regular Ships that may be appointed to sail for the Presidency to which the Student is appointed between the expiration of the said six months, and the first day of March then following."

25. "That any Servant being in the receipt of Absentee Allowances from a Civil Fund shall not be entitled to receive during the same period of absence the Allowance prescribed by these Regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited."

Orders of Government, dated 12th July 1825 and 26th August 1828.

In pursuance of the Honorable Court's instructions, the Governor in Council is prepared to grant the benefit of these Regulations to such Civil Servants as may produce the prescribed Medical Certificate as the cases may arise: every Civil Servant so applying, must obtain a Certificate in duplicate from the Trustees of the Civil Fund, notifying either that he will receive no allowance from that Fund during his absence from Europe; or if he is to receive any, the nature and extent of such relief; one copy of which Certificate must be submitted with his application to Government; the other, upon his arrival in London, must be produced before the Auditor of India Accounts.

Civil Servants desirous to avail themselves of these Regulations, and not producing the prescribed Medical Certificate, are hereby required to make known their desire to Government on or before the 1st December of each year, when the indulgence will be granted in order of rank to such extent as the foregoing Regulations and circumstances shall permit.

Every Civil Servant proceeding to Europe under these Regulations, whether on sick certificate or otherwise, before receiving his Passage order must have applied for and received from the Secretary to Government in the Public Department a Certificate specifying the grant of the permission and whether granted upon sick certificate or on account of private affairs; also specifying as nearly as possible the date of embarkation for Europe: which Certificate, upon his arrival in London, must be produced before the Auditor of India Accounts.

Extract from a Letter from the Honorable Court of Directors in the Public Department, dated 26th April, 1826.

3. In your Despatch in this Department, dated the 6th of September 1825, Paras 6 and 7, you have brought to our notice two questions raised in respect of the Regulations framed by us for granting Absentee Allowance to Civil Servants when in Europe.

4. The first of these questions is

"Whether it is competent to a Civil Servant who may have completed a residence of ten years to proceed to England and there await his turn to the indulgence of the Honorable Court, having previously notified to Government his desire to avail himself of the liberality of the Honorable Court upon the first occasion on which it should be open to him."

5. This question we answer in the negative. In framing the regulations, it was our object that whilst each Civil Servant might be enabled once in the course of his service to have the benefit of the Absentee Allowance, the number annually returning to England with that view should be limited, an object which would be defeated if Civil Servants were allowed to come home and wait their turn in England.

6. The other question is "Whether the ten years actual residence in India is to be considered to embrace the period at Hertford College?" to which we reply that such is not the intention. We mean the regulation to be construed in the sense which it expresses "actual residence in India."

Extract from a general Letter from the Honorable the Court of Directors in the Public Department, dated the 25th July, 1827.

Para. 3. "Previously to the enactment 73d George III. Cap. 156, it was our practice to forward to you Lists of the relative rank of Writers appointed from time to time to your establishment. Under the authority of that enactment, Regulations were framed for the Government of our College of Haileybury, one of which provided that the relative rank of Writers should be fixed by the College Council and specified in the College Certificate, subject however to loss of such rank in the event of Writers failing to proceed to India within a specified time. Lists of the rank of Writers under this Regulation are now periodically forwarded to you.

4. The offers of the Absentee Allowance are to be made in the order in which Civil Servants have been, or may be classed under the Rules to which we have adverted, to such of the Servants as shall have actually resided in India in the Civil Service of your Establishment during a period of not less than ten years, commencing from the date of arrival at Madras.

6. On reference to our Letter, dated the 26th of April 1826, para. 5, you will perceive that it is not competent for a Civil Servant, having completed a residence of ten years, to come to England and there wait his turn for the Absentee Allowance. That Allowance is to be granted in each case by the local Government under the Regulations which we have prescribed, and no Civil Servant will be permitted to draw Absentee Allowance in England who shall not, previously to his quitting India, have been admitted to that benefit by the Government of the Presidency to which he may belong.

7. So soon as the aggregate number of Civil Servants absent, and who shall have come Home upon the Absentee Allowance of £500 per annum, shall amount to twenty-seven, the same indulgence is only to be granted as Servants, included in that number may either return or quit the Service; so that the total number of Absentees having left Madras upon the Allowance of £500 per annum is never to exceed the limit of twenty-seven, fixed by our Orders, dated the 30th December 1824.

Extract from a Letter from the Honorable Court of Directors in the Public Department, dated 5th December 1827.

Letter from—dated 16th October 1826, paras 2 and 6, submit question, whether the Regulations which precludes a Civil Servant from simultaneously receiving Absentee Allowance from the Company and from the Civil Fund is to be constituted as barring the receipt of any sum from the Civil Fund in aid of the expense of Passage to Europe. Letter from—dated 30th March 1827, paras 71 and 72, Court requested to reconsider their decision upon the question of permitting a Civil Servant to come to Europe in anticipation of being admitted to the Absentee Regulations.

2. The receipt of Absentee Allowance from the Company must bar the receipt of any allowance in any shape from the Civil Fund.

4. We shall not object to the advance to a Servant coming Home under the Absentee Regulations and not entitled to Passage Money, or six months' allowance in cases in which you may be satisfied that indulgence is required to enable the party to provide a passage.

7. We adhere to the determination communicated to you in our Despatch, dated the 26th April 1826, para 5, no Servant will hereafter receive the Absentee Allowance who

shall not have been admitted by the local government to the benefit of the Regulations previously to leaving India excepting only such Servants as may have been compelled by ill-health to quit India on a voyage to some place within the limits of the Company's Charter, or to the Cape of Good Hope, and as may have been subsequently compelled by the same cause to come to Europe. In such case where the Servant has resided more than ten years in India, the benefit will of course be withheld whenever the number of Absentees limited by the Regulations is complete.

Order of Government, dated 18th November, 1828.

The Right Honorable the Governor in Council has been pleased to resolve that all persons who may be permitted to proceed to Europe with the benefit of the Absentee Allowance, shall vacate their situations and avail themselves of the indulgence within three months from the date on which it may be granted.

Fort St. George, August 29, 1837, No. 626—Page 617.

The Governor in Council has resolved, with a view of assimilating the Rules of this Presidency with those of Bengal, and of enabling Civil Servants who may be desirous to return to England by the way of Suez to make the passage of the Red Sea at the most favourable season of the year, to alter the period fixed for the grant of the Furlough Allowance to Civil Servants of ten years' standing, not claiming the indulgence on the ground of ill-health, from the 1st December to the 1st November of every year.

Fort St. George, December 27, 1836, No. 517—Page 889.

Civil Servants, admitted to the benefit of the Furlough Regulations, are reminded that, in order to obtain the prescribed Furlough Certificate from the Secretary to Government, in the Public Department they must previously submit to that authority a Certificate from the Trustees of the Civil Fund, that they will receive no allowance from that Fund during their absence; and also a Certificate from the Accountant General, (who will require a Certificate from the Civil Auditor) of there being no public demands against them.

Extract from a Letter from the Honorable the Court of Directors.

Para. 1. We have to acquaint you that we have adopted the following Regulations with respect to the grant of extension of leave to Members of the Indian Civil Establishments repairing to this country under the Absentee Regulations or on special leave of absence, viz.

That Civil Servants coming to England under the Absentee Regulations or on special leave shall immediately on their arrival, report themselves with their address, by letter to our Secretary, forwarding at the same time the certificates which they received in India.

That in all cases of leave, Civil Servants be required to join the Establishment to which they belong at the expiration of the term for which leave may have been granted, unless they shall have obtained an extension of it from us six months before the expiration of the said leave.

That extensions of leave will not in future be granted by us except in cases of sickness certified to our satisfaction, or in cases in which it shall be proved that a further residence in Europe is indispensably necessary.

That when under any such circumstances a Civil Servant shall have obtained an extension of leave to a given period, he must at the expiration thereof apply for and obtain our permission either to return to his duty or to reside a further time in Europe, failing in which he shall be liable to be struck off the List of Civil Servants.

That the Act of the 39d Geo. III. Chap. 62, Sec. 70, as it respects Civil Servants applies only to cases of sickness, infirmity or inevitable accident, and that no Civil Servants be hereafter considered eligible to return to the Service after 5 years' absence under that enactment who has failed to obtain from us agreeably to the foregoing Regulations, an extension of leave under the circumstances referred to in the Act.

2. We desire that the foregoing Regulations be published for general information, and that each Civil Servant returning to this Country under the Absentee Regulations or on special leave to be furnished with a copy for his guidance.

Authority to pass all ordinary and usual Contingent charges under 400 Rupees.

Fort St. George, June 1, 1841, No. 1370—Page 456.

The Right Honorable the Governor in Council is pleased to publish the following order in modification of that published under date the 21st August 1840.

1. Rules for promoting Regularity and despatch of Business.

Fort St George, November 22, 1833, No. 206—Page 843.

The Right Honorable the Governor in Council is pleased to direct that the following Rules for promoting regularity and despatch of business, be published for the information and guidance of all Public Offices.

1. Letters upon which it is desirable that a Public Functionary should submit his opinion before final orders are passed by Government, will, on receipt, be referred for his consideration and report by endorsement, under the signature of the Secretary of the Department, on the back of the *original* letter, and will not be accompanied by a separate letter of reference. The Functionary referred to shall submit his opinion, in all practicable cases, under the order of reference—not on a separate paper or in the usual form of a letter, but in the third person—and shall date and attest it by his signature.

2. In all cases where the object of a communication to Government from an office at the Presidency is merely to make known an occurrence of momentary or inconsiderable interest reported by an Officer in the Provinces; deaths, assumption or relinquishment of Office or other matters which are usually inserted in the Official Gazette, the *original* report received of the subordinate Office shall be sent, duly docketed and abstracted, to the Secretary of Government in a box, unaccompanied by a separate letter and without an envelope, and will be returned in the same manner after having been disposed of by Government.

3. When an order may be passed by Government which may require to be communicated to different Public Offices at the Presidency, one copy of it will alone be made, which will be sent in a box to every such Office in succession; and the Head of the Office having caused such entry to be made on his records as may be necessary, will certify the same on the back of the order, and having affixed his initials thereto, will return the box and order without delay. When the Order is for the issue of money from the General Treasury, the copy will be sent to the Sub-Treasurer *last*, and will be retained by him as a voucher for the Payment.—NOTES. Where despatch is required, separate copies of the order will be prepared for communication to Offices at a distance from the Government Office or from each other.

4. Instead of addressing a separate letter to Courts, Boards or Public Functionaries, Civil or Military, on every occasion of transmitting an Extract or copy of a Resolution of Government or of other Papers for their information or guidance, such copy or Extract authenticated by the Secretary of Government and addressed at the foot of the paper to the Public Officer for whom it is intended, will alone be forwarded. When the Court of Sudr and Foujadree Udalt or the Board of Revenue, or any other Board or Committee, or other Public Functionaries, Civil or Military, have occasion to submit their proceedings to Government, it will be sufficient to forward them duly authenticated by their Register or Secretary, without a separate letter, unless some explanation is necessary which is not contained in the proceedings. In like manner when they have occasion to communicate their proceedings, or orders passed by Government, to the Officers subordinate to them, it will be sufficient to transmit an extract or a copy duly authenticated, addressed at the foot of the paper to the Officer for whom it is intended, without a separate letter.

5. Usual and ordinary communications between authorities at the same station and between Principals and Subordinates in the same district, may be conducted by Official Memoranda, instead of the more formal mode of communication by letter—such Memoranda to form part of the records of office.

6. Communications upon which orders are required from superior authority may be forwarded with a duplicate copy in half margin—which duplicate copy will be returned to the office from which it was received, with the orders written opposite to each paragraph.

7. Periodical returns and accounts forwarded by the authorities in the provinces to Offices at the Presidency, or from one authority in the Provinces to another, shall be sent unaccompanied by a separate letter, except where it may be necessary to enter into a fuller explanation of their contents than can be given in the statements themselves.

8. When orders may be passed by Government on unimportant letters which do not require to be made matter of record, the order will be written upon the original letter, which will either be returned to the party from whom it was received, or forwarded to the Functionary with whom the execution of the order rests; and the same, either when sent to him direct from Government, or presented by the writer of the letter, shall be his authority for carrying it into effect.

9. *Applications for leave of absence, &c. which are required to pass through one or more superior authorities, shall not be accompanied by a separate letter from each such superior au-

thority; but the *original* letter of application shall alone be forwarded to Government, with the opinion of recommendation of each authority through whom it passes superscribed, in the order of progress thereon. The original letter will remain in the Government Office and the order upon it be notified in the Gazette, if the application is complied with; otherwise, it will be returned with the order of Government endorsed upon it.

10. Bills forwarded to Government for sanction need not be accompanied by a separate letter, except when explanation of the charges is required. When no such explanation is necessary, the recommendation of the Public officer forwarding the bill is to be written on the face of it. In like manner the sanction of Government will be written on the face of the bill, which will be returned, without a letter, to the party from whom it was received.

11. Bills shall always specify the different articles purchased and shall not contain any undefined entry of "Sundry" or "Extra charges."

12. Vouchers for the charges shall be invariably sent with the bills, except where the sums charged are very small in amount and of such a nature as not to admit of their being supported by vouchers. When bills are not supported by vouchers, or other required documents or declarations upon honor, they shall be returned by the Auditor, Civil or Military *though passed by Government*, to the parties required so to support them.

13. The sum total shall invariably be entered in words at length, as well as in figures, before a bill is signed, and the amount recommended for sanction and sanctioned by Government, shall be written in the same way.

14. No bill with any erasure or interlineation in it shall be submitted for the sanction of Government.

15. The signatures to bills shall always be carefully examined in the office of payment.

16. Every document sent to the General Treasury, as an order for the payment of money, shall be, on the face of it, addressed "to the Sub-Treasurer for the time being of the Government of Fort St. George," and shall specify the sum to be paid, and resemble as much as possible in all its features, a bill of exchange.

17. Every document, other than a draft or order, for the payment of money, presented at the Treasury, shall specify as accurately as possible, the nature of the demand and show that it is made on the "Honorable Company" for salary, allowances, contingent charges, travelling expenses, house rent, &c. as the case may be, and the period for which it is due; and at the foot of every document of this description, there shall be a receipt, signed by the party authorized to receive the money, in the following form:

Received the	
day of	183 from the Honorable Company through the Sub-
	Treasurer of the Government of Fort St. George, the above-mentioned sum of Madras Rupees
M. Ra.	A B.

18. The Trustees or Directors of the Civil, Military, and Medical Funds, or other Public Institutions, shall prepare their orders on the Treasury as nearly as possible in the forms of bills of Exchange or common mercantile orders, directing the Sub-Treasurer to pay the particular sum of money, to the party mentioned as the payee, out of the monies in the hands of Government belonging to the particular Fund, and the Sub-Treasurer shall comply with such orders.

19. The Directors or Trustees of Funds or other Public Institutions shall cause their orders on the Treasury to be directed to "the Sub-Treasurer for the time being of the Government of Fort St. George" instead of being addressed as they now in some instances are, to "the Sub-Treasurer to Government;" and as such Directors or Trustees are occasionally changed they shall give notice of such change to the Sub-Treasurer, that he may know and that, if necessary, it may be proved in Court that the persons signing or whose signatures may be forged, are *authorized* to sign orders for the payment of money.

20. All receipts for money paid at the Treasury shall be drawn out in the form prescribed in Rule 17.

21. In no case whatever shall the Sub-Treasurer pay any money, without an express order from Government to pay, or without an order addressed to him by the party entitled to draw or receive in pursuance of such order or irregular receipt for the money, if the document is in the form of a bill.

22. The Sub-Treasurer may discharge all bills for salaries or allowances of public servants on the receipt of the parties entitled thereto, and for the salaries and allowances of department or establishments when drawn in one sum, on the receipt of the Secretary, Register or other Officer by whom according to the usual practice of the service, such bills have hitherto been drawn; but nothing in these Rules shall be construed to supersede to interfere with the existing practice of passing bills or orders on the Treasury in the Office of Audit before payment.

23. No order for money payable at the Treasury shall be termed an "*Indent*."

24. The foregoing Rules shall be applicable, as far as practicable, to all Provincial Treasuries and other offices of Receipt and Disbursement, whether Civil or Military, as well as to the General Treasury in Fort St. George.

25. Every Office shall number its letters to Government. The number shall be written at the top of the first page of the letter and the series shall close with each year.

26. Abstract of the contents of letters shall be made on the letters themselves, not on separate papers as heretofore. A specimen of the manner in which every letter addressed to Government is to be docketed and have the abstract written upon path of business, as entered in the margin. The abstract is always to commence immediately below the 1833, page 843, half of the paper and that all the other relative distances in the writing, addressed to Government by Public Officers or by Department to another, may be observed. The outside of letters docketed according to Government are to be left blank.

The Most Honorable the Governor in Council now directs that all official letters shall have at their commencement the name of the place from which, and the date at which they are written, and likewise the names and official designations of the persons by whom they are written and to whom they are addressed, the same information being given at the end of each letter.

His Lordship in Council further directs, that dates to which references are made in Official communications, be indicated marginally, and that whenever a native era is mentioned, the corresponding Christian era may be given thus.

When the packet amounts to 21 rupees weight, a separate parcel must be made up, and each superscribed "by Tappal,"—otherwise it will be forwarded by Banghy.

NOTIFICATION.

No. 150—Fort William, Foreign Department, the 30th August, 1843.

Some misconception appearing to exist with respect to the Power which Officers of both Services have over the Documents and Papers which come into their possession officially, the Governor General in Council deems it expedient to notify, that such Documents and Papers are in no case to be made public or communicated to individuals without the previous consent of the Government to which alone they belong.

The Officer in possession of such Documents and Papers can only legitimately use them for the furtherance of the Public Service in the discharge of his official duty; and it is to be understood that the same rule which applies to Documents and Papers applies to information of which Officers may become possessed officially.

Fort St. George Gazette, 20th May 1851, No. 2315—Page 441.

Fourth. The character, conduct and past services of the Public Servant must be favorably certified by the Officer or Officers under whom he may have been employed, and must appear to be such as to entitle him to the favorable consideration of Government.

Fifth. Whenever it may be judged expedient to grant a Pension to a Public Officer whose case may come within the foregoing provisions, the amount of the Pension shall be limited as follows:—

1st. If the period during which the individual may have been actually employed in the Public Service shall be more than twenty years, but less than thirty years, the amount of the Pension shall not exceed one third of the monthly salary or authorized official allowances of such individual, calculated on an average of five years previously to the date of the application for such pension.

Eighth. Whenever an application may be made to Government with a view of obtaining the grant of a Pension in favour of any Officer employed in the Public Service, the application shall contain full and specific information on the following points.

1st. The name, class or caste, age and proposed place of residence of the individual for whom the pension may be solicited, the situation in which he may be employed at the time when the application may be made, the total period during which the individual may have been employed in the Public Service, and various official situations in which he may, from time to time, have been so employed.

4th. His general character, conduct, and past services in the official situations which he may have held.

Ninth. If the Officer making the application shall be unable, from his personal or official knowledge, to supply the whole of the specific information above required, he shall endeavour to obtain it from the records of the Office in which the applicant may have been previously employed, or he shall call upon the individual in whose favour the application may be made, to furnish a written statement, (to be verified by his oath or solemn declaration if required)

on such of the points above noticed as may be necessary.

Tenth. If the individual shall be rendered incapable of further service by protracted illness, loss of sight, or other bodily or mental infirmity, a medical certificate by a European Medical Officer in the service of Government to *Appendix No. II,* that effect, shall be also transmitted with the application. Eleventh. Each application for a Pension under the foregoing rules, shall be made by the Head of the Office under whom the individual recommended to be pensioned may be employed, in a letter addressed to Government, and accompanied by a Register on a separate sheet of paper, in the Form No. 2 hereto annexed.

Twelfth. Lapses of Pensions shall be communicated to the Civil Auditor as soon as possible after their occurrence, and it shall be the duty of the several Officers in charge of Treasuries from which Pensions are paid, to appoint a proper person of their establishment to report all lapses to them and, along with themselves, to be responsible to Government for the fulfilment of this rule. *Appendix No. II,* *Clauses 10 and 11.*

Thirteenth. No Pension shall be payable in arrear for a period exceeding six months, without the express sanction of Government obtained through the Civil Auditor, unless the cause of the suspension of payment shall have been the neglect, order or act of some Public Officer, and beyond the control of the Pensioner; when the Civil Auditor on a reference being made to him, shall exercise his discretion in passing arrears for payment, or submit a representation of the case for the information and orders of Government, as he shall consider proper.

Fourteenth. It shall be the duty of the Civil Auditor to exercise a vigilant control over this class as over all other Civil Pensions, and with that view to bring to the notice of Government all instances in which, in the granting of Superannuation Pensions, any of these rules may be departed from, unless he shall be distinctly informed that a special exception has been made in the individual instance.

Fifteenth. It shall further be the duty of the Civil Auditor to lay before Government at the end of each official year, a statement exhibiting a comparison between the amount of Pensions that have lapsed, and the amount of Pensions granted during the year; and as a check against the fraudulent continuance of Pensions beyond the actual term of the Pensioners lives, that Officer shall, from time to time, compare the periodical decrement of life; and where lapses do not occur in the proportion that might be anticipated, it shall be his business to institute such enquiry as may appear necessary to ascertain whether, and in what particular instances, fraud has actually been committed, and to submit to Government the result of his investigation.

GENERAL RULES AS TO CIVIL PENSIONS OF EVERY DESCRIPTION.

1. The 12th, 13th, 14th and 15th rules respecting Superannuation Pensions, are hereby extended to all other Civil Pensions.

2. In conformity with Act VI. of 1849, Pensions are not liable to attachment or sequestration in satisfaction of any decree or order of Court.

3. The custom of mortgaging Pension Certificates, by which great distress has been occasioned to Pensioners is prohibited. Superannuation, Family and other Civil Pension Certificates are not transferrable, and the Pensions are payable only to the individuals in whose names they have been granted, or to their authorized Vakeels, in the particular instances specified below in rule 5.

4. Payment of all Civil Pensions is forbidden, except upon production of the Pension Certificate, and as a description of the Pensioner will be entered in all

Appendix No. II. Certificates, it will be the duty of the Officer paying the Pension, with
Clauses 12, 13 & 14. the exceptions specified in the following rule, to see that the party

attending to receive it, corresponds in personal appearance with the description given in the Certificate. On payment being made, the receipt of the Pensioner is to be written on the back of the Certificate, signed or marked in presence of the paying Officer, and attested by the initials of the payer.

5. From the personal attendance required by the foregoing rule, none are excepted, but females whose caste or condition in society would render their appearance in public improper, or such Pensioners unable to attend, producing evidence of this fact satisfactory to the paying Officer, who alone are permitted to nominate Vakeels whose evidence and profession must be described, and who in all practicable cases, should be individuals in the receipt of Pay or Pensions from Government. But to guard against the abuses to which this indulgence is liable, the Officer by whom such Pensions are paid, will in his monthly returns, note the individuals who have been allowed to appoint Vakeels, and must ascertain by the best means in his power, that their principals are alive, by making enquiries among the most respectable Natives of the same caste, and by watching whether the usual proportion of casualties occur.

6. The indulgence of receiving their stipends quarterly, instead of monthly, may be extended to such persons as desire it.

7. Officers paying Civil Pensions will be held responsible for the amount of all irregular payments on this account which may be made under their authority; and also for all refunds thereof, the non-recovery of which may arise from neglect or inattention on their part.

8. The payment of all Civil Pensioners will be confined to the station or District which they may select on first being entered on the Pension list. If, in any special case a change of payment should afterwards be solicited or become expedient, an application is to be

made through the Officer paying the Pensioner, to the Secretary to Government in the Public Department, who will issue the necessary orders and transfer certificate; but without his previous authority no removal is to take place.

9. Any casualty occurring by death or removal from one District to another is to be carefully notified to the Civil Auditor, and in the former case the Pension Certificate of the deceased is to be forwarded to the Secretary to Government in the Public Department, to be cancelled.

10. To prevent pensions being overdrawn or continued beyond the period for which they are granted, through ignorance on the part of the holder or inadvertence on that of a Native Officer, in all future Pension Certificates, the columns shall be filled up by the paying Officer, in the language of the Pensioner, and in that of the District where the pension is payable, as well as in English.

11. Depositions taken to establish the rights of claimants to pensions must always be recorded and signed; and all persons in the receipt of Pay or Pensions from Government are informed that, in event of their giving false evidence, or being in any way concerned in an attempt to defraud the Public to their own personal advantage, or that of others, or who being cognizant of such frauds, shall fail to divulge them, will be totally deprived of the bounty of Government and subject to such further punishment as the Law may authorise.

RULES respecting GRATUITIES to discharged Servants.

1. When any Public Servant is discharged, under circumstances which, in the opinion of Government, give him a claim to Gratuity, though not to Pension, it shall, in ordinary cases, be confined to a sum not exceeding six months' pay, at the rate of one month's pay for each year of service. But in the event of his re-employment within 12 months, he is to refund such portion of the Gratuity, as may exceed half a month's pay for each month he remained unemployed.

2. In case of incapacity for further service, the Gratuity may be raised to a sum not exceeding one month's pay, for every 2 years of service, commencing with the 7th and terminating with the 20th year.

APPENDIX. No. II.

1. "Employment on extra or temporary Establishment does not confer any claim to Pension or Gratuity, the Superannuation Pension Regulations being applicable only to persons who have been employed, for the prescribed term of years, on a fixed Establishment."—Vide Fort St. George Gazette, 22d December 1837—Page 919.

2. "Service performed by a candidate for Pension in a grade in which he is not eligible to that provision, will not be admitted as a part of the term of service qualifying for Pension. Meritorious cases will, however, be specially considered, where the service of the candidate has been such as to entitle him to favor, though he may not have served for the prescribed period in grades entitling him to Pension."—Vide Fort St. George Gazette, 8th May 1849—Page 499.

3. "The practice which has heretofore prevailed, of granting Pensions invariably to the maximum amount authorized, will be discontinued, as being at variance with the intention of the rules above cited.—All Heads of Offices submitting applications for Superannuation Pensions in behalf of their subordinates are required in future, to state the amount of Pension (within the prescribed limitations) which they will recommend in each case, with reference to the responsibility and arduousness of the employment, the age and degree of merit of the individual, and the nature and length of his service."—Vide Fort St. George Gazette, dated 21st July 1844—Page 594.

4. "In calculating the amount of Superannuation Pension to which a Public Servant may be entitled under the Rules of the 22d December 1835, the salary or official allowances properly appertaining to the office or offices held by the individual during the previous five years only are to be reckoned, and under no circumstances are *personal* allowances to be taken into calculation."—Vide Fort St. George Gazette, 15th October 1844—Page 824.

5. "Officers submitting applications for Pensions shall state particularly in their letter to the Government, whether the alleged services of the applicant are supported by the records either of their own or the offices in which the applicant may have been previously employed, and if not so supported, they will obtain and forward with their letter, the usual written statement, verified by the solemn affirmation of the applicant before a Magistrate."—Vide Fort St. George Gazette, 11th June 1850—Page 623.

Requiring Heads of Office to register the age of any person they may entertain of a rank entitled to pension—who has not previously been employed in the public service.

6. "Until the Notification published in the Fort St. George Gazette of the 12th September 1848, (page 859) comes into operation, the correctness of the alleged age of applicants for Civil Pensions shall be certified by the Sheristadar or other Native Head of Office or Department in which the party may be employed, and an entry to that effect, shall be made in the register of application."—Vide Fort St. George Gazette, 10th December 1850—Page 1115.

7. "The medical certificate required by clause 10 of the revised rules for Pensions to Superannuated Servants (published at page 73 of the Gazette for 1836) shall contain a clause certifying that, the state of health by which the applicant is rendered unfit for further service, has not been occasioned by intemperance or other irregular habits."—Vide Fort St. George Gazette, 4th June 1836—Page 343.

8. "In reference to the 10th clause of the Pension Regulations dated 22d December 1835, and published in the Gazette of the 3d February 1836, when an applicant is not recommended for Pension on account of old age, the medical certificate to be produced shall specify whether he is permanently disqualified by ill health or bodily or mental infirmity, for further effective service, or whether it is considered that his health may be restored by a temporary relaxation from his duties and medical treatment."—Vide Fort St. George Gazette, 23d August 1839—Page 569.

9. "No application will in future be noticed, unless accompanied by certificate in the prescribed form, and affording the information declared requisite by the Order of Government under date the 3d June 1836, published at page 343 of the Official Gazette of 4th June 1836."—Vide Fort St. George Gazette, 3d May 1850—Page 475.

10. "A reward of not less than 5 and not exceeding 50 Rupees, according to circumstances, will be given for the earliest communication to the Officer of Government through whom the Pension was paid, of any real casualty that has occurred among Civil Pensioners, and which may not have been reported within three months from the date of its occurrence ;

as well as of the marriage, entertainment in the Public Service or the provision in life in any other manner* of parties whose stipend would be affected by the occurrence of such events."—Vide Fort St. George Gazette, 31st August 1841—Page 723, and 28th May 1847—Page 474.

* *Except the attainment of a stated age which can be discovered from the Certificate itself. Ex. Mins. Cons. 14th Novr. 1846, para 3.*

11. The course prescribed in the 4th clause of the General Rules for Civil Pensions in regard to Pension Certificates and the identification of Pensioners, not being generally attended to, its strict observance is enjoined on all Officers paying Civil Pensions who are responsible for all over-payments and irregularities.—Vide Fort St. George Gazette, 10th June 1841—Page 465.

12. Officers paying Pensions shall affix their signatures at the foot of all Pension Certificates before delivering them to the Pensioners. They are also required to attend strictly to the directions contained in clause 10 of the General Rules for Civil Pensions, and for this purpose sufficient space will be left in all future Pension Certificates to admit of the columns being filled up in the vernacular languages.—Vide Fort St. George Gazette, 9th August 1847—Page 701.

13. The practice of allowing parties to sign receipts for Pensions on papers attached to Certificates, being open to abuse, will be discontinued in every office in which it prevails. When the Certificate is filled up, it is to be returned to the Government Office for renewal.—Vide Fort St. George Gazette, 2d July 1847—Page 585.

14. The above rule is also applicable to cases of all Civil Pensioners of other Presidencies *drawing pensions under this Presidency. When the back of the Pension Certificate is filled up, the old Certificate should be cancelled, and a copy thereof issued attested by the paying Officer. This arrangement is not to prevent the disbursing Officers from obtaining as usual, separate Abstracts or Bills, with Muster Rolls attached, for pensions paid, duly passed by the office of Audit, to be transmitted to the other Presidencies.—Vide Fort St. George Gazette, 4th April 1848—Page 295.

Heads of Offices should register the age of any person they may entertain—of a rank entitled to Pension—who has not previously been employed in the Public Service ; and should enter the same in the annual detailed list of Establishment furnished to the Civil Auditor and Military Auditor General, in view to those Officers reporting to Government, with other particulars, the age of such parties as may hereafter apply for Pension.—Vide Fort St. George Gazette, 12th September 1848—Page 859.

16. Inaccurate descriptive rolls having in several instances been forwarded with applications for Pensions, strict attention should be paid to the preparation of these documents, and in every instance, applicants for Pension should be mustered, and the indelible signs and marks necessary for their identification carefully scrutinized and noted. Such certificates as contain inaccurate description of their holders, are to be immediately returned to the Government Office, accompanied by corrected rolls, in order that revised certificates may be issued.—Vide Fort St. George Gazette, 4th November 1845—Page 952.

Miscellaneous Rules and Regulations.

Fort St. George, November 29, 1844, No. 1510—Page 1018.

The following Extract from a Resolution of the Government of India, dated 26th October 1844, respecting the instruction of the Junior Members of the Civil Service preparatory to their employment in the Public Service, is published.

2. His Honor in Council is further pleased to determine, that a system of control over the young men, approximating as much as possible, with due regard to local circumstances, to the plan of Superintendence exercised in Bengal and Fort St. George, shall be introduced at Bombay; that an initiatory examination shall in future take place at that Presidency as soon after the arrival of a young Civilian as may be practicable, to ascertain the degree of proficiency which he may have brought with him to India, that the results of such initiatory examinations shall invariably be reported for the information of the Honorable the Court of Directors and that provision shall be made both at the Presidencies of Fort St. George and Bombay for an occasional and intermediate examination upon the Students applying for it; also that the Bengal plan of examination by a special Committee, shall be adopted at Madras and Bombay in all cases in which the Governments of those Presidencies, may permit a young Civilian to reside and prosecute his studies in the interior; and that the necessity for the Students visiting the Presidency for the purpose of undergoing an examination, shall cease.

Part of Para. 3. The graduated scale of allowance to young Civilians on arrival, and during the period they are qualifying for the Public Service, which obtains at Fort St. George, is to continue in force.

4. It being very desirable that the Students should devote their entire time to the acquirement of the languages, and that their attention should not be distracted by official duties, the Governor General in Council resolves that the extra allowances hitherto assigned to Students on the Bombay Establishment when officiating as supernumerary Assistant in the interior, shall cease, and that the practice of so employing them, shall be discontinued.

5. It appearing from Section 10, Title 2d of the Rules for the College of Fort St. George, passed by the Governor in Council under date the 13th July 1827, that Junior Civil Servants at Madras when qualified in one language, may be employed in subordinate situations, the Governor General in Council resolves that the above Rule, discontinuing the practice of so employing them at Bombay shall be equally applicable to the Presidency of Fort St. George.

8. At Fort St. George the scale of reward will continue unaltered in consideration of a practice which has there been established for more than thirty years, and which is founded on the greater number and greater difficulty of the languages in which the Civil Service of that Presidency are required to be proficient.

9. Conformably with the decision of the Honorable the Court of Directors the Governor General in Council is further pleased to determine, that the period for the acquirement of the requisite qualification for the public service by proficiency in two of the Native languages, shall in future be limited at the Presidencies of Fort William and Bombay to fifteen months, and at Fort St. George to eighteen months—on the expiration of which in cases of failure, the rank of the young servant shall cease until he passes the requisite examination but the several local Governments with reference to the circumstances of each case, shall have the discretionary power to grant such further extensions as shall not exceed on the whole, six months in addition to the fixed period allowed:—after which, should the Student fail to qualify himself, he shall be finally removed from the service and a passage for England shall be found for him on application at the public expense.

To the several Civil Authorities in the Madras Presidency.

MILITARY SERVICE REGULATIONS.

Effects and Credits of Deceased Officers and Soldiers.

See for orders relating to the Effects and Credits of Deceased Officers and Soldiers, Pharoah and Co.'s Almanac for 1852, from page 602 to 610.

RETIRING REGULATIONS.

1. The rules under which the period of service required to entitle Officers to the Retiring Regulations is calculated are as follows :

2. Officers appointed *direct*, count service from the date of arrival within the limits of the Madras Presidency—unless specially authorised by the Court of Directors to embark in a Ship bound for another Presidency.

3. Officers appointed from Addiscombe subsequently to the 22d November 1837 to the Cavalry, Artillery, or Infantry, count service as above, with the addition of the period passed at Addiscombe after attaining the age of sixteen.

4. Officers of Engineers count service from the date of arrival of the first Artillery Cadet of the same examination, with the addition of the Addiscombe period as above.

5. Officers appointed in India, if within the limits of the Madras Presidency count service from the date of the Government Order notifying their appointment—otherwise from the date of Arrival within the limits.

6. Medical Officers and Veterinary Surgeons count service from the date of arrival within the limits of the Madras Presidency.

7. Absence on sick certificate within the limits of India for periods not exceeding two years successively, as also leave on private affairs beyond the limits of this Presidency, if for periods not exceeding three successive months, are counted in the time of service requisite to entitle to retiring Pay.

8. But all Officers quitting India on leave of absence on account of sickness or of private affairs, who shall proceed to Europe without having returned to India shall be considered as on furlough to Europe from the dates on which they shall have respectively left India.

9. Every Officer who has completed twenty-two years service in India is allowed to retire with the pay of the rank to which he has attained.

10. All Effective Officers, without reference to their actual rank, are allowed to retire.

And after thirty-two years service in India, on the pay of Colonels.

Officers who may be compelled to quit the service by wounds received in action or by ill health contracted on duty, after three years service in India, will be permitted to retire on the half pay of their rank, on the production of the usual certificates that their health will not permit them to service in India. This indulgence, however can be granted only in England, by the Court of Directors.

12. Officers who may be compelled to quit India on sick certificate and who may not be entitled to retire on full pay are to try the effects of a temperate climate for the usual term of furlough before they can be allowed to establish their claim to retire from the service upon half pay. If Officers so circumstanced, proceed to New South Wales, or some other Colony, and apply thence, at a proper time, for permission to retire, satisfactory evidence from the Medical Staff Officers, or other undoubted Medical testimony on the spot, to prove that the applicant is incapable from ill health to return to the performance of Military duty in India is necessary.

13. Members of the Medical Board *actually in the service, on the 16th July 1842, and appointed to the Board at any time within ten years from that date*, have, provided they have completed twenty years service in India (including three years

furlough) the option of retiring upon pensions either according to the General scale (para. 14) for length of service in India established on the above date or upon the following scale.

If health do not permit them to continue their Service in India, they are permitted to retire after 10 years in India, or 13 years including a furlough of three years on 5s. and 6d. per diem, or after 6 years actual service in India on 4s. and 6d. per diem.

19. Officers who have completed the prescribed period of service, are allowed to retire either in England or in India.

20. Officers retiring in England are allowed the benefit of the rank they may hold at the expiration of twelve months from their arrival in Europe.

22. Applications from Officers to retire from the service in India, are to be addressed to the Right Honorable the Governor in Council under the signature of the parties and to specify the date, *which must be a prospective one*, from which the applicant wishes his retirement to have effect; and from the date so specified they in the event of the decision of Government on their case not having been previously received, will, pending such decision, be exempted from the performance of all

Military duty. Each application to be transmitted through the ordered channel of correspondence accompanied by a certificate of service from the Adjutant General, and Certificate of "No demands" from the Accountant General.

23. The pay accounts of Officers serving in the Tenasserim provinces, Straits settlements, &c. applying for permission to retire are to be kept separate; and Officers so situated are not to sign the abstract of their Troop or Company, but will not on that account be deprived of Command allowance.

24. In the cases contemplated in the preceding para. Officers Commanding Stations will send all Abstracts of previous charges to Madras for audit at the same time the individual's application to retire is forwarded.

NOTIFICATION, *G. O. G. March 7, 1846.*—The Most Noble the Governor in Council having maturely considered the rules published from time to time, prohibiting Company's Servants from holding lands for farming purposes, is of opinion, that they are absolute under any circumstances whatever. Whether or not the parties are personally engaged in their management, or, whether the lands are situated in the District in which the Proprietors have Civil Authority or otherwise; and irrespective of the consideration that such possessions are not detrimental to the public interests.

This prohibition relates to lands, both in the Company's Territories and in the Territories of Native States, but not to lands in Her Majesty's Colonies.

To Govt. of India, 4th
June 1845, No. 670.
From do. 16th Aug.
1845, No. 547.

In respect of Officers on the Invalid Establishment or Non-effective list, the Government understand from the correspondence noted in the margin, that the prohibitory Rules do not apply with equal force.

In conformity with the above principle, and subject to exceptions as a special indulgence in cases where individuals may have become previously to July 1844 under sanction of the local Government, *bonâ fide* holders of lands not within the Districts of their Official Employment, all Officers, Civil or Military, who hold, or who may be in any way concerned in the management of lands, are hereby required wholly to relinquish their interests in those lands, on or before the 1st January 1847. The only condition on which they can continue to hold or to be concerned in the management of such lands beyond that period, being the resignation of the Company's Service.

Grants of Land to Officers of the E. I. C. Forces in Van Dieman's Land.

Fort St. George Gazette, 19th September, 1851, No. 2358—Page 827.

Fort St. George, 19th September 1851, No. 180 of 1851.—The Right Honorable the Governor in Council directs the publication of the following Despatch from the Honorable the Court of Directors and its enclosures.

Letter dated 6th August 1851, No. 41.

We forward to you, the copy of a letter from H. Merivale, Esq., dated Downing Street, 22d July 1851, announcing that Her Majesty's Government has authorised the Lieutenant Governor of Van Dieman's Land to hold out to any Officers of the East India Company's Forces, the same privileges in respect to Land which are accorded to the Queen's Officers of similar rank. You will be pleased to communicate this announcement in General Orders for the information of Officers retiring from the Service.

DOWNING STREET, 22d July, 1851.

SIR.—With reference to the correspondence which has passed on the question of granting to Officers of the East India Company's Service the same privileges which are allowed to Officers of her Majesty's Army and Navy in the acquirement of Land in the Colonies, I am directed by Earl Grey to acquaint you for the information of the Commissioners for the affairs of India, that circumstances have occurred which have led Her Majesty's Government to hold out encouragement to all persons of good character and possessed of independent means who may resolve to settle in Van Dieman's Land.

The objection felt to conferring the abovementioned privileges on the Company's Officers in the Colonies generally, rested chiefly on the ground that it did not fall within the duty of those Officers to serve in the Colonies, and consequently that undoubted as were their merits, there would have been no more reason to grant any particular boon to them than to any other settlers of equal respectability. But Van Dieman's Land is now placed in a position somewhat different from that of most other Colonies. It presents the rare example of a Settlement in which the amount of available labor is very large in proportion to the number of Employers. The result is that it is for the public interest to encourage some additional influx of persons possessed of means of their own, whilst on the other hand the unusual abundance and the consequent cheapness of labor, affords to such persons an advantage which they would not be able to meet in any other new Countries. On these grounds, I am to state that Her Majesty's Government has been very happy to authorize the Lieutenant Governor of Van Dieman's Land to hold out to any Officers of the East India Company's Forces the same privileges in respect to Land which are accorded to the Queen's Officers of similar rank, and I am to request that this information may be conveyed to the Court of Directors to whom Lord Grey hopes that it may be acceptable, and that the Court of Directors may be moved to take such steps as it may deem proper to make the measure known amongst Officers in their Service.

Enclosed are some copies of the existing Regulations in respect to Military Settlers.

I am, &c.

The Hon'ble J. E. ELLIOT, M. P.

(Signed) HERMAN MERIVALE

Information for the use of Military and Naval Officers proposing to settle in certain of the British Colonies.

1. The Colonies in which Military and Naval Officers are allowed privileges in the acquisition of public Lands, are the following—*First*, The Australian Settlements consisting of New South Wales, Van Dieman's Land, South Australia, Western Australia and the Northern Province of New Zealand; *Secondly*, Ceylon; and *Thirdly*, the Cape of Good Hope.

2. In the different Australian Settlements in Ceylon, and at the Cape of Good Hope, land is disposed of by sale only; but Officers purchasing land, are allowed a remission of the purchase money, according to the undermentioned scale:

Field Officers, of 25 years' service and upwards, in the whole.....	£ 600
Field Officers, of 20 years' service and upwards, in the whole.....	500
Field Officers, of 15 or less years' service, in the whole.....	400
Captains, of 20 years' service and upwards, in the whole.....	400
Captains, of 15 years' service or less, in the whole.....	300
Subalterns, of 20 years' service and upwards, in the whole.....	300
Subalterns, of 7 years' service and upwards, in the whole.....	200

Subalterns, under 7 years' standing, are not entitled to any remission in the purchase of Land.

Regimental Staff Officers, and Medical Officers of the Army and Navy, are allowed the benefit of this Rule.

3. Officers of the Army or Navy, proposing to proceed to the Colonies, in order to take advantage of this indulgence, should provide themselves with certificates from the Office of the Commander-in-Chief, or of the Lords Commissioners of the Admiralty, or of the Master General of the Ordnance, showing that their emigration has been sanctioned, and stating exactly their rank and length of service. No document from the Office of the Secretary of State is necessary.

4. Military Chaplains, Commissariat Officers and Officers of any of the Civil Departments of the Army; Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments of the Navy, are not allowed any privileges in respect of land. Although members of these classes may have been admitted formerly, and under different circumstances, they are now excluded. Mates in the Royal Navy rank with Ensigns in the Army, and Mates of three years' standing, with Lieutenants in the Army, and are entitled respectively to corresponding privileges in the acquisition of lands.

5. Gentlemen who have ceased to belong to Her Majesty's Service are not allowed the advantages to which they were entitled while in the Army or Navy. This rule however, is not to affect Officers who desire to quit the Service, for the express purpose of settling in the Colonies; it is only required, that when they resign their Commissions, they should apply for a certificate from the Commander-in-Chief, or from the Lords Commissioners of the Admiralty, or from the Master General of the Ordnance, that they do so with the view of emigrating, and such certificate, if produced to the Governor of any of the Colonies before mentioned within one year from its date, *but not otherwise*, will be a sufficient warrant for allowing the bearer the same advantages as Officers who are still in Her Majesty's Service.

6. An actual residence of two years in the Colony must be proved before the Titles can be granted, except in cases in which death may have occurred before the expiration of that period.

7. For the convenience of Officers, the following heads are subjoined of the Rules for the sale of Land in the Australian Settlements:—

All Lands are disposed of by sale alone, and must have been once at least exposed to public auction.

The lowest upset price is not less than £1 per acre; but the Government has power to raise the same by Proclamation, though not again to reduce it.

The lands are distinguished into three different classes; viz., Town Lots, Suburban Lots, and Country Lots.

Upon Town and Suburban Lots, as well as upon a proportion not exceeding one-tenth of the whole of the Country Lots offered for sale at any auction, the Governor has the power of naming a higher than the general or lowest upset price; these last to be designated "Special Country Lots."

Town and Suburban Lots are in no case disposed of except by public auction; but Country Lots, which have already been put up to public auction, and not sold, may be disposed of afterwards by private contract at the upset price.

No Lands are sold by private contract, except for ready money. When sold by public auction, one-tenth at least of the whole purchase-money must be put down, and the remainder within one calendar month, or the deposit is forfeited.

Lands are put up for sale in Lots not exceeding one square mile in extent.

8. In Ceylon, Land is sold by auction at an upset price, which is to be fixed by

the Governor, but which is not to be less than £1 per acre. Before the Lands are exposed for sale, they will be surveyed by the Government, and duly advertised.

9. At the Cape of Good Hope the upset price is 2s. per acre in the old Colony, and 4s. per acre in the District of Natal.

10. The several prices abovementioned are of course subject to a revision at any time by the proper authorities, and the pecuniary amount of the Remission made to Officers cannot be increased on account of an increased value set upon the Lands.

May 1851.

CLIVE'S FUND.

ORIGIN AND CONSTITUTION OF THE FUND.—By an agreement entered into between the Right Honorable Lord Clive and the East India Company, a sum of Five Lacks of Rupees, bequeathed to the former by Nuwab Meer Mahomed Jaffer Khan of Bengal, and in 1766 deposited in the Company's Treasury, bearing interest at 8 per cent. per annum,—was appropriated to the constitution of a Fund, for the benefit, relief and maintenance of European Officers and Soldiers, of the Company's Service, who from wounds, length of service, age or disease, contracted during their service, should be incapable of serving any longer or who shall become Invalids or Superannuated in the service,—and of their Widows; as also to provide for the Widows of such of them as should die in the service. To this Fund a sum of Three Lacks of Rupees, was added in the following year, by gift of Nuwab Syuf Ood Dowlah and the accumulated interest of both sums for a period of three years, was in 1770 added to the capital, making in the aggregate £1,24,661 : 6 : 3—of which amount, and for the due appropriation of the sum allowed in lieu of interest thereof (£8,042 : 13 : 4) to the purposes provided, the Court of Directors were with consent constituted perpetual Trustees:—With the Provision that if any future period the Company shall cease to have a Military Force in their actual Pay or Service in the East Indies, the interest or produce of the capital shall be applied to the relief and support of the Marine Officers and Seamen, who become Invalids or Superannuated in their service, and the Widows of such of them as die therein. And further, that the Company failing to employ either a Military Force, or Ships to carry on their Trade or Commerce, the East India Company shall pay unto the Executors, Administrators and Assigns of the said Robert Lord Clive, the sum of Five Lacks of Rupees, together with interest of the other Three Lacks, (subject, however, to the payment of such Pensions for the life time of the Holders) as may at the time be payable from the Fund. By subsequent enactment made in the reign of His Majesty George IV. A. D. 1821, all unclaimed shares of Prize money belonging to Officers or Soldiers of the Company's Army, are applied to the purposes of this Fund, subject nevertheless to be refunded *without interest* to any person or persons satisfactorily establishing his or their claim to the same.

16. The Widows of Commissioned Officers who have retired from the service, on Full or Half Pay, are not entitled to the benefit of Lord Clive's Fund.

17. The Widows of Warrant Officers who have retired from the service on the regulated Retiring Pension of their Rank are not entitled to the benefits of Lord Clive's Fund.

18. Pensioners neglecting to claim the Pension for three half years will be considered as dead and their names omitted in the Half yearly Warrant, but if such Pensioners subsequently appear in person, or furnish other satisfactory proof of their being alive they will be readmitted ; but are not in such case entitled to arrears for a longer period than two years back from the date of re-admission. A similar rule applies to the arrears of claimants in the first instance who apply for admission.

19. The Widows of Serjeants pensioned on 30 Rupees per mensem, if married to their husbands prior to the transfer of the latter to the Pension Establishment, are admissible to the benefits of Lord Clive's Fund on the same rates of Pension as they would have been entitled to, at the time of transfer, had their husbands died on the Effective List.

21. Widows of Officers, Warrant Officers, and Soldiers as well as the Widows of European Pensioners who may have been admitted to the benefits of Clive's Fund with permission to draw their stipends in Europe, being subsequently desirous of receiving the same in India, the special sanction of Government is not required to authorize its disbursement, and payment will be made by the pay department in due course on the Certificate granted to the individual.

22. In like manner the Pensions of Widows of the above classes who may have obtained permission to receive their stipends in India but who may proceed to Europe; and of those who, having drawn their stipends in Europe, return to India, will be paid upon the presentation of Certificates of last payment from the disbursing Officers in India, or from the India House respectively—the intervention of Government in such cases not being necessary.

23. Widows upon Clive's Fund who may proceed to Europe, without having drawn in India any stipend, require a Certificate to that effect from the Presidency Paymaster for presentation at the India House—those who have drawn stipend in India require only a Certificate of last payment from the disbursing Officer, whether at the Presidency or at an Out-Station.

24. The Pensions of Widows of Officers and Soldiers, who may have been admitted to the benefit of "Clive's Fund," with permission to draw their stipends at the Cape of Good Hope, will be disbursed to them by Her Majesty's Deputy Commissary General at that Colony, upon the production of the usual Certificate of admission as a Pensioner on the Fund, and a Certificate from the Presidency Paymaster that no stipend has been disbursed in India, or, if stipend has been disbursed in India, or elsewhere, a Certificate of last payment from the disbursing Officer—nothing beyond these documents being required.

Introductory Remarks.

Extract from the Proceedings of the Honorable the Governor in Council, in the Military Department, dated the 20th November, 1807.

“Resolved,—That the Committee appointed for the purpose of preparing a plan for establishing a Military Fund at this Presidency be informed through the channel of the Commander-in-Chief, that their proceedings have received the entire approbation of the Board, and that they be authorised to circulate the plan which they have prepared, to the different Corps of the Army, in such manner as the Commander-in-Chief may deem proper.”

The Madras Military Fund was formed at Madras, in conformity with the resolutions of a meeting of Officers of the Madras Army held at Madras, by permission of the authorities on the 10th of October, 1807. The proposed establishment was approved by the Government of Fort St. George, (the Governor in Council being declared its Patron), on the 20th of November following; and confirmed by the Honorable the Court of Directors, who endowed it with an annual donation of 17,500 Rupees, on the 9th May 1810. The Fund was finally established, and subscriptions to it commenced on the 1st April, 1808.

The declared objects of the Institution were, in the first place, “to provide for the families of Officers, left by their death desti-

"Resolved also,—That the Committee be authorised to announce to the Army the intention of the Governor in Council to become the Patron of the Fund, under the superior Authority of the Honorable Court of Directors."

Para. 5.—In testimony of our approbation of these Institutions, and in view to promote the benefits thence derivable to our Military and Medical Servants we hereby authorise you to subscribe on the part of the Company, the sum of Pagodas five thousand per annum to the Military, and of Pagodas one thousand per annum to the Medical Fund.

It was, moreover, provided in the original resolutions, that "the donations be in the first instance, for forming a capital;" that "Subscriptions be ruled on the proportion of Garrison Allowances in India, and Pay at Home;" that "should the Fund, at any period, fall short of the demand upon it, the Directors be empowered to make deductions from Annuitants and other Claimants," and that "such deduction be afterwards made good out of any surplus income there may eventually be, but not otherwise;" that "the Society be managed by thirteen Directors, Members of the Society, elected by general suffrage, the senior President, and of whom five be a quorum;" that "litigation be guarded against;" that "the Directors appoint, and fix the salary of a Secretary;" that "income derived from the Fund be unalienable;" that "dismissal disqualify;" that "the funds be vested in Company's Securities;" and that "the Secretary in India and Agent at Home be Members of the Society."

RULES.

ADMISSION.

ART. 1. No person is admissible as a Subscriber to the Military Fund, unless he entered or shall enter the service of the Honorable East India Company on the Madras Establishment as a Cadet or Assistant Chaplain. Cadets and Assistant Chaplains become Members of the Military Fund, as a condition* of their appointment, and are eligible to its benefits from the date of their admission on the establishment. Assistant Chaplains subscribe as Captains until they have served 15 years; subsequently as Majors.—G. O. G. 12th June, 1838.

* *Fort St. George, 9th September, 1823, G. O. by Government.*

The following extract from a letter from the Honorable the Court of Directors in the Military Department, under date the 30th of April, 1823, is published in General Orders.

Para. 2. "Having had under our consideration the reports from time to time made to us of the state and proceedings of the Funds established at your Presidency by our servants in the Military, Medical, and Ecclesiastical Departments, we have adopted the following Resolutions:—

That all persons nominated in future as Cadets and Chaplains for the establishment of Fort St. George be required, as a condition to their appointment, to subscribe to the Military Fund of that establishment.

That all persons nominated in future as Assistant Surgeons for the establishment of Fort St. George be required, as a condition to their appointment, to subscribe to the Medical Fund of that Presidency.

3. With regard to persons already in the Service, we desire that you will signify to Non-Subscribers to the Funds established for their respective classes, our wish that they may subscribe, and our determination to refuse compliance with any application for relief on behalf of the Widows or families of such servants, Military, Medical, and Eccle-

NOTE.—Officers on the Non-effective Establishment who did not enter the Army as Cadets are allowed to participate in the benefits of the Military Fund to the extent described in Appendix No. 2.

ART. 2. Medical Officers (formerly received as Members,) may continue in the Society on the old rules; according to which a Surgeon pays, and is entitled to benefits, as a Captain; a Superintending Surgeon as Major; and a Member of the Medical Board as Lieutenant Colonel; but Medical Officers are no longer admissible.

ART. 3. Assistant Chaplains or Cadets, being married, or having legitimate offspring, are required to pay marriage donation and also subscription, at the Indian rates, of their grade as married, with arrears to be calculated from the date of their admission on the establishment, or from the date of birth of the eldest surviving child, if the latter date

siastical, as shall refuse to contribute to the Fund."

Secretary to Government.

Adjutant General of the Army.

be anterior, with compound interest at 8 per cent, per annum, on the whole amount of donation and subscription, either at once, or by 25 equal monthly instalments, within 25 months of the date of admission.

DONATIONS AND SUBSCRIPTIONS.

ART. 4. All subscriptions to the Fund are payable in India, monthly, in advance. All donations, although for the convenience of Subscribers payable by prescribed instalments, become debts to the Fund from the date on which they fall due, and must, under any circumstances, be paid by the Subscriber,—if he lives until the expiration of the prescribed period for the payment. Should a Subscriber die while his donation is in course of regular payment by instalments, no demand is to be made against his estate for the instalments unpaid.

ART. 5. Subscribers shall pay donations and subscriptions in the time and manner hereafter defined agreeably to Tables A. and B. Widowers with legitimate offspring to be considered and pay the same as married. Subscriptions are to commence from the date of admission on the Establishment of Fort St. George; entrance donations become due from the same date; and donations and subscriptions on promotion from the date of promotion as signified in G. O. G. Arrears of instalments of donation and subscription to be recovered from first pay drawn.

ART. 6. The donations of Cadets, Cornets, 2d Lieutenants and Ensigns and Assistant Chaplains may be paid, in anticipation, in England; those married or having legitimate offspring will be further required on arrival in India to pay the subscriptions and interest laid down in Article 3.

ART. 7. Donations on Entrance or Promotion must be paid immediately on becoming due, or by equal and regular monthly instalments, agreeably to Table A., as married or single, commencing with the first pay drawn by the Subscriber after the event. If the Subscriber however be promoted during the payment of such instalments, he must pay the new donation, as well as the balance of the old at the higher rate of the class into which he has been promoted.

MARRIAGES.

ART. 8. All marriages must be reported. When a Subscriber, Widower or Bachelor marries, his family will become eligible to the benefits of the Institution if he duly report his marriage, and make, commence, or arrange to commence,* as below prescribed, the payments consequent thereon; viz. increased subscription according to his class, and the regulated donation, subject to increase agreeably to Table G. for disparity, if his age exceed that of his wife more than 8 years. If the Subscriber pay the whole donation within 30 days after the date of marriage, he will be allowed a discount or deduction of 10 per cent; if not, he must pay it by 25 equal monthly instalments, commencing with the first month after marriage. This rule applies to Subscribers marrying Annuitants on the Fund.

ART. 9. If the report of marriage be not made, and the prescribed payment begun, within one month after the event, the donation will be increased by (1) one per cent. per month up to the date of announcement, and the pensions of the widow and children will be contingent upon the husband's surviving 25 months from the date of his report, and completing the payment together with all arrears of subscription (calculated from the date of marriage) and penalties. If however the report be made within the month and all the regular payments begun, or measures taken to begin them, and the husband should die before any or all of the instalments are paid, the widow and family will be entitled to their pensions subject to the regulated deduction on account of Minimum.

Provided always that that part of the provisions of this article which requires that the husband should survive 25 months to entitle his widow and children to their pensions, shall not be held applicable to cases where the Subscriber shall produce a Health Certificate as per Form given in Appendix I.

ART. 10. The Report of marriage must contain the dates of birth of the Wife and of the Subscriber, also the Christian name of the Wife. This information is necessary for the calculation of the amount of donation, and Subscribers should be careful in affording it, lest the omission, by leading to a reference should involve a penalty as to time. In every case the best course to be followed is, on making the report of marriage, immediately to commence the regulated subscriptions and instalment of donations, as laid down in Tables A. and B.

CHILDREN.

ART. 11. To secure for his daughters the continuance, until marriage or death, of the Annuities to which they may become entitled from the Fund, in consequence of his decease, before they respectively attain the age of 21 years; or should they have attained that age at their Father's death, to obtain for them similar Annuities, a Subscriber is required within 10 days from date of birth of each daughter, to notify the same to the Secretary, and state

* Means giving the necessary instructions to the Pay Department to make the required deduction.

that it is his intention to pay an additional donation of Rupees 282, which amount will become due to the Fund from the lapse of the tenth day after birth, whether the child subsequently live or die. If the child die within ten days from date of birth, the report of intention to pay donation on her behalf will be considered cancelled. If the Subscriber pay the whole donation within 30 days after the child's birth, he will be allowed a discount or deduction of 10 per cent. if not, he must pay within 12 months from date of birth of the daughter by 12 equal monthly payments, commencing with the first month after the birth of the child. Vide Table A.

To obviate the inconvenience which might be occasioned by the neglect of the above Article, Subscribers may, if they prefer it, notify to the Secretary their wish to avail themselves of the Rule for all daughters who may be born to them; the Donation for each becoming due and payable as above explained, whether the child live or die.

In addition to the above a monthly subscription of one Rupee, or 2s. 3d. is to be paid for each son under 21 years of age and for each daughter until marriage or death, during the life of the Father. The subscription for Daughters for whom the donation of Rupees 282 may not have been duly paid to cease after the age of 21 years.

Subscribers are consequently required to report to the Secretary, dates of births and decease of all Children.

ART. 12. A posthumous daughter, or a daughter whose father may die before the expiration of 10 days from her birth, without having made the prescribed report, will be entitled to the advantage of Regulation 11; but the prescribed donation for her will be deducted from her Annuity at the rates specified in Table D. In the case of a daughter born during the temporary absence of the father, the report must be made as soon as the event comes to his knowledge, the cause of the delay being explained at the time.

ART. 13. Subscribers having failed to make the requisite report within the period of 10 days, and wishing, at any future time, to secure to their daughters the Annuity in question, are required to notify their intention to the Secretary, and to pay for the same agreeably to Table H. These donations must be paid at once or by 12 equal monthly instalments, from date of notification, and can only be received during the life time of the father. The money becomes due from the date of report, whether the child subsequently live or die. Monthly subscription of 2s. 3d. or one Rupee calculated from date of birth must be paid at once and in addition to the donation.

ART. 13½. When daughter's donation (whether under Article 11 or under Table H.) shall have gone unpaid beyond the period allowed, and it shall happen that circumstances prevent the possibility of its being recovered, together with the penalty or penalties due upon it, from the pay or pension of the subscriber, and the subscriber shall, in the meantime, die without having paid such donation, with penalty or penalties (as the case may be); in such cases notwithstanding that the subscriber shall have duly reported, within the prescribed period from his daughter's birth, his intention to pay such donation, such report of intention shall be held to have been cancelled, and the daughter shall not be entitled to the prolonged annuity, unless the whole circumstances of the case shall be considered, by at least three Directors, to warrant a reference being made to the subscribers at large, for their decision regarding her continuance or otherwise on the list of permanent annuitants.

No. 68 of 1846.—With reference to G. O. G. bearing dates respectively 8th March, 1808, and No. 160, 27th July, 1827, the Most Noble the Governor in

ART. 14. Any arrear not sanctioned by Articles 8 and 9, or any arrear equal in amount to six months' subscription, as specified in the margin, shall subject the Subscriber owing it to a penalty of one-fourth of the arrear, unless it shall be shown to the satisfaction of the Directors that such arrear arose from unavoidable accident. If such penalty, together with the arrear, be not liquidated within one month from date of receipt of the demand, the Subscriber shall pay double the amount of arrear, besides the penalty in question; and in failure of payment thereof within 12 months of the date of the original demand, he and his family will be excluded from the benefits of the Fund, if he were admitted prior to 30th April 1823; if subsequently, the Military Paymaster will be called upon to deduct the amount both of the arrear and penalties from the Subscriber's abstract agreeably to G. O. G. 17th March 1846. All exclusions are to be notified in the proceedings published to the Army.

Council is pleased to direct that Military Paymasters shall recover from Officers, Subscribers to the Military Fund, such sums as may be due by them to the Fund, the amount being notified and instalments by which it is to be recovered to Paymasters, by the Secretary of the Fund.

Paymasters are also required to see that when monthly subscriptions are deducted from Officers' abstracts, they are calculated according to the established rates, which are also to be notified to them by the Secretary.

ART. 15. Pleas of ignorance of the rules of the Society are not to be received in excuse for disregard of, or deviation from the Regulations; nor does the employment of an Agent disinvest a Member or Annuitant of responsibility.

PAYMENTS.

ART. 16. All payments in India to the Fund must be made to Military Paymasters, or other functionaries from whose offices Subscribers receive their monthly pay and allowances, or into the Government Treasury at Madras.

ART. 17. Payments of subscriptions to the Fund are made in England by deductions at the India House from the Pay bills or abstracts of Subscribers.

ART. 18. All other payments to the Fund by Subscribers resident in Europe are to be made to the Agents in London, whose particular duty it is to intimate to Subscribers the existence and amount of all demands against them, and to obtain payment accordingly.

ART. 19. The Secretary's Office in India is solely one of check and audit of accounts, and he is prohibited from receiving cash or bills in liquidation of sums due to the Fund.

ART. 20. Subscribers are exempted from the regular payments on account of donation on promotion while absent in Europe on Furlough, or sick Certificate, whether such promotion occur prior to leaving India or during their absence, but a discount of 10 per cent. will be allowed if the donation be paid within 30 days from the date of first receipt of pay in the advanced rank. On return to India and coming into the receipt of Indian Allowances the regulated instalments must be commenced or resumed, with the addition of 8 per cent. on all payments suspended during such absence. This is not applicable to retired officers.

A discount of 10 per cent. is allowed on all donations if paid within 30 days from the date they become due, viz., on entrance from date of admission on the Establishment in India, on marriage, or the birth of a daughter from the date of either event. On promotion from the date of drawing pay in the advanced rank. Donations are payable by regular and equal monthly instalments at the rate and within the periods laid down in Table A. of the Regulations.

ART. 21. Subscribers who may be prevented drawing pay by a temporary cause, such as captivity, suspension from pay, or the like, shall, during such period, be exempted from penalties for non-payment of subscriptions or donations on entrance or promotion; but on the removal of the cause, and upon the receipt of pay, they shall be required to pay up all arrears within a period equal to that of their temporary incapacity, and immediately succeeding it, by regular and equal monthly instalments.

Subscribers omitting to draw pay, or whose Agents neglect or cease to draw pay on their account when due, are not under the above clause exempted from penalty on arrears. Officers proceeding to Europe on private affairs, or remaining on extended furlough and ceasing to draw pay from Government during such absence, are required to make arrangements at Home for the regular payments of subscription as it becomes due at the Europe rate, Subscribers retiring from the service while on Sick Certificate or Furlough in Europe and owing Donations or balance of Donation to the Fund are required to pay the same by the regulated instalments, commencing from the date of Retirement.

ART. 22. Subscribers while in the receipt of income allowance from the Fund, are not exempted from the payment of monthly subscriptions, or of the instalments of marriage donation.

ART. 23. The payment of the Minimum by no means exempts the Subscriber from the continuance of subscriptions and donations, so long as he shall remain a member of the Fund.

ART. 24. Expulsion or withdrawal from the Fund, dismissal from or resignation of the service, involve the forfeiture of all claims to the benefits of the Fund, as also of the amount of the Subscribers' donations and subscriptions, and all other sums paid up to the period of separation; but the restoration of a dismissed Officer to the service entitles him to re-admission, on payment of arrears with compound interest at 8 per cent. per annum, within a period equal to and immediately succeeding that of his disqualification.

ART. 25. Subscribers who retire from the service on the prescribed Pension of their ranks, or on Half Pay, or on Lord Clive's Fund, shall not forfeit their rights as Subscribers to the benefits of the Fund, provided they continue the payments prescribed in Table B. The two last classes may, if they prefer it, pay donations and only half subscriptions, in which case their families at their death will be entitled only to half the benefits derivable from the institution.

ART. 26. Subscribers who leave the service before they are entitled to any pension, cease to be members of the Fund, and shall not receive back any part of the sums they may have paid to it.

ART. 27. Current Payments due by deceased Subscribers to the Military Fund, are recoverable from their Estates under the head of regimental debts.

PERSONAL BENEFITS.

ART. 28. The benefits derivable from the Fund are *First*, such as are granted to Sub-

scribers while living—*Second*, such as are granted to the widows and legitimate children of deceased Subscribers.

ART. 29. All applications for benefits will be decided agreeably to the Regulations, by the Directors, whose duty it will be in case of doubt to call for further information from the claimants: and if this information should not be satisfactory, they are authorised to disallow the claim till the decision of the Subscribers at large be known, to whom the case will be immediately referred.

ART. 30. A Subscriber of whatever rank proceeding to Europe on sick certificate, is entitled for his equipment to Company's Rupees 200, and if married, in addition thereto, to Rupees 200 for his wife, and Rupees 100 for each legitimate child who may accompany him. No allowance for equipment will, in any case, be made to a Subscriber or his family returning to India.

ART. 31. A Subscriber, of the rank of Captain, about to proceed to Europe on sick certificate, in conformity with the regulations of the Army, and who does not receive passage money from, nor has a passage found him by Government, shall receive 1,400 Rupees from the Military Fund, on application. Passage money is not allowed to Field Officers except on loan. When passage money as a Subaltern is claimable from the Fund the amount is 1,200 Rupees.

ART. 32. Subscribers proceeding to England on sick certificate, being allowed passage money by the Government, are not entitled to receive the same from the Fund. A Captain or Subaltern, who may have proceeded to Europe on sick certificate, is entitled, on return to India, if not provided with a passage at the expense of Government, to receive from the Agents in England, the former £110, the latter £95.

ART. 33. Subscribers, being Subalterns, proceeding to England on sick certificate, shall be allowed the sum of £21-7-6 per annum for a Lieutenant, and £44-3-9 for a Cornet, 2d Lieutenant or Ensign; commencing from the date of arrival in England, and continuing so long as they shall be in receipt of pay there, viz. 2½ years.

ART. 34. Captains of Artillery, Engineers of Infantry and all Subalterns, who have proceeded to England on sick certificate, are entitled to income allowance for their families, if they are married or widowers with offspring, as follows: £20 for the wife, and £10 per annum for each legitimate child with them; the latter allowance, however, is to be reduced in the case of a plurality of children with them, AT THE FOLLOWING RATES:—

It is not necessary that the report should be made in person—it may be done by letter, for which there is no particular form.—The arrival should be announced as soon as an Officer lands at any Seaport; and it is advisable that he should, if possible, give his address, or intended address. The departure of an Officer from England should be announced in the same manner to the Secretary of the East India House.

All applications of extension of furlough must be addressed to the Secretary, whether they proceed from Civil or Military Officers, as that gentleman is the organ for all the different branches of the Home Government.

In regard to Furlough, Pay, applications supported by the last Pay Certificate from an Indian Pay Office, should be made to the Secretary; but it will save much trouble if a power of Attorney is handed over to some respectable agent, who will draw and remit the amount for the consideration of a very trifling commission.

2. Members now in the Service entitled by *length of service* to subscribe in a higher than their *next* superior Regimental rank will be required to pay the Donations of the *intermediate grade* or *grades* in addition to that established for the rank in which such length of service may entitle them to subscribe.

3. The Donations and Subscriptions required of Members availing themselves of the privilege of subscribing according to length of service are fixed according to Tables A and B, with the exception that all Donations under these Rules are payable by 25 monthly instalments.

4. The period of service to entitle parties to subscribe in a higher grade is invariably to be calculated from date of first admission upon the Indian establishment.

5. Members already retired are also permitted to subscribe according to the rank to which their respective ages may entitle them agreeably to para. 1, on payment of the Europe rate of Subscription required from that rank, and the several Donations required for entering into all the intermediate grades between the rank in which the Member retired and that in which he may be so entitled to subscribe, as also the fixed Donation for that rank.

6. Officers hereafter retiring from the Service before they are entitled to the full pension of their *subscribing* rank* will be required to continue to pay the Indian rates of Subscription of their respective ranks.†

7. Proof of health will be required of every Member wishing to subscribe according to period of service; whether such Member be at present on the returns of the Army or retired—as also from those who may hereafter enter the Service.‡

8. Admission to subscribe in the next higher rank to which his service may render an Officer eligible, shall depend on the payment of the increased Donation within the period prescribed by the General Regulations. Further, the claim must be made to the Managers in India within 3 months, if he be in India, or, if at home, within 6 months, from the completion of the qualifying service.

9. If the privilege to subscribe in the next higher rank be not embraced within the above periods, the application, whenever subsequently made, must be accompanied by the prescribed Health Certificate,§ and compound interest at 8 per cent. per annum shall be charged upon the additional Donation and arrears of Subscription accumulated half-yearly from the date of these Rules taking effect, or from the completion of the qualifying service.

10. Officers whether retired or otherwise embracing the privilege granted by the Rule, must comply with all its provisions calculated through each grade of service: and all applications must be made in the annexed Form No. 2.

11. When a Subscriber may under paras. 2 and 5 have to pay more than one Donation, the whole must be paid within the prescribed period of 25 months, and by the regulated Monthly Instalments. The usual deduction of 10 per cent. will however be allowed for prompt payment of all such Donations within 30 days from the Rule taking effect; or from date of completion of qualifying service.

12. In all cases the Fund must realise the *Minimum* of the advanced rank in which Members subscribe to entitle their families to the benefit to full Pension of that rank.

13. Widowers having legitimate offspring eligible for the benefit of the Fund will continue to subscribe in the higher grade as married.

14. All unauthorised arrears under this rule to be dealt with according to the rule in existence for other unauthorised arrears in general, and to be subject to the penalties established by the General Regulations of the Fund.

APPENDIX II.

1ST MAY 1848.

Rules for the admission of Officers of the non-effective establishment who did not enter the Army as Cadets.

Officers on the Non-effective Establishment who did not enter the Army as Cadets are allowed to participate in the benefits of the Military Fund, to the extent and in the manner hereinafter described.

I. PENSIONS TO WIDOWS.

1. Officers of the above description will be allowed, on proof of health, to insure survivorship pensions for their wives, to the full extent of the regulated pensions to widows of Subscribers of corresponding rank on the regular establishment, or for one-quarter, a half or three-quarters of such regulated pension on payment of an equivalent *single* or *monthly* premium according to age, to be determined on the principle laid down in Article 162, Davies 1st Report (Formula A—A B taken from Tables 10 and 32) the amount of which premium can be ascertained on application to the Secretary.

2. In the event of the party preferring to insure by monthly instead of a single premium such monthly payment *will cease on the death of either the husband or wife*, and whichever mode of payment be adopted, the pension will be continued to the widow for life without being subject to suspension in case of her re-marriage.

II. PENSIONS TO CHILDREN.

1. Officers of the above description at present in the service will also be allowed to secure for each of their children the full amount, or such portion of the pensionary benefits held out to the children of members of the regular service as their means will allow, the proportions being restricted, as in the case of widows, to a quarter, a half, or three-quarters.

2. Thus to secure the same pensionary advantage as is allowed the children of regular Subscribers, payment of the equivalent, as regulated by the last two columns of Table 21* if for *sons*, and by the corresponding columns of Table 26* if for *daughters*, must be made by *single premium*, and for half the above benefits half the amount will be charged.

Application to insure for any of the above benefits, supported by certificate of health and of dates of birth of parents and children, must be referred within six months from the date on which the Rule is passed by the Army: or the application will not be admitted.

Those who insure to the full extent of the pension allowed to widows of Members of the regular establishment, will be allowed to effect a further Assurance on promotion to a higher

grade, or for any additional children that may be born to them, and those who insure for less than the fixed rates will be allowed to augment their original amount insured, on production of a fresh certificate of health and at the rates prescribed for their then ages: but to obviate complexity of accounts, such additional insurance by either party can only be allowed to be effected by a *single payment*; and if for an additional child the application must be made within six months of the date of birth.

The pensions assured to widows and children of the said Officers will be issuable without deduction on account of minimum; and it must be distinctly understood that Officers insuring as above are not eligible for personal benefits, either to themselves or families.

The case of Officers who may hereafter receive commissions on the regular establishment will be provided for on receipt of the revised Tables under preparation by the Actuary.

If an Officer of the Non-effective Establishment who shall have effected an assurance for his family shall be dismissed from the service, or leave his contributions unpaid for three months, such assurance will be null and void, and all advantages to his family will be forfeited.

All payments must be made in India in Rupees, and through Paymasters or other official channels, or into the General Treasury at Madras. Instalments must be paid monthly as above from the Assurer's abstracts.

On demise of wife or children the policy becomes void so far as the deceased may have been interested in it, but no part of the payments made on account of the deceased can be returned, and in the event of re-marriage a new assurance, on the foregoing terms and conditions, if desired, can be entered into.

2. The foregoing Tables being merely *provisional*, it is, in every case, to be understood that any sum, which the Actuary who may eventually pronounce upon the subject may declare to be wanting to complete the full value of the increase of pension guaranteed, is to be made good to the Fund by the Subscriber, or, in the event of his death in the interim, to be recovered from the annuity payable to the particular child to whom such increase may have been secured; while on the other hand, should the Actuary pronounce the payment made to be *in excess* of the actual value, the difference is to be refunded to the Subscriber, or, in the event of his having died, to be paid to the child in question, if still living.

3. Should the Subscriber, and the child for whom the increase may have been purchased both die before the receipt of the Actuary's decision (a case, it is hoped, very unlikely to arise) it is proposed to consider the payment made under the foregoing Tables, *final*.

4. The sums required to be paid, in order to secure the increase to daughters for whom "Donation" has been paid, are of course larger than those charged under Table No. 1, the increase purchased under Table No. 1, being claimable only up to 21 years of age, whereas that purchased under Table No. 2, is claimable until marriage of death.

5. The following case exhibits the extent of the benefit securable:—

A deceased Subscriber's child would, in virtue of its Father's having been a married Subscriber, and of his having reported its birth and paid monthly Subscription of one Rupee on its behalf, be entitled, during its Mother's life time, to receive Pension as follows:—

	£	s.	d.
Under 6 years of age.....	20	0	0
Between 6 and 12 years of age.....	30	0	0
From 12 years of age until the termination of its claim upon the Fund....	40	0	0

Supposing, however, that, during its Father's life time, the increase now in question had been purchased for it, the same child would, in virtue of such transaction, receive, even during its Mother's continuance in life, Pension as follows:—

	£	s.	d.
Under 6 years of age.....	30	0	0
Between 6 and 12 years of age.....	45	0	0
From 12 years of age until the termination of its claim upon the Fund....	60	0	0

—being the rates established for children who have lost both parents.

Obs.—In these calculations the Subscriber's Minimum has been assumed to have been paid in full. Supposing the reverse to be the fact, the usual deduction of *one-fourth* would be made (See Article 47) and the rates of annuity payable would thus stand as follows, until the sum wanting to complete the Minimum had been recovered:—

AGE OF CHILD.	During the mother's life — the increase not having been purchased.			During the mother's life — the increase having been purchased.		
	£	s.	d.	£	s.	d.
Under 6 years.....	15	0	0	22	10	0
Between 6 and 12 years.....	22	10	0	32	15	0
12 years and upwards.....	30	0	0	45	0	0

There would be several objections to exempting the extra £10, £15, £20, from the operation of Article 47. The contingent liability of the additional sums in question, to be taxed, in common with the rest of the Pension, towards completion of the Minimum, will doubtless, however, not escape the notice of the Actuary, when finally determining their value.

6. The increase may be purchased either for the whole of a Subscriber's children, or for one, or any given number, of them.

7. Subscribers wishing to purchase the increase for Children upwards of 90 days old are required to produce Health Certificates according to the following Form:—

We the undersigned Medical Officers of Her Majesty's or the Honorable the East India Company's Service (as the case may be) do hereby solemnly and sincerely declare that we have carefully and personally examined into the state of A. QUEEN'S MILITARY FUND.

Regulations of a General Military Fund, for the benefit of Widows and Children of deceased Officers in Her Majesty's Service in India, established in 1820 and revised in 1827; and Rules 21 and 22 added in 1845.

Under the protection and countenance of the Most Noble the Marquis of Hastings, Commander-in-Chief in India, the above named Fund was established in the year 1820, for the purpose of sending home in comfort and respectability, the Families of deceased Officers in Her Majesty's Regiments, serving in India, who may have been left destitute: and of preventing the painful and degrading practice of appealing to the Public for Subscriptions on such occasions: and also of providing relief in such cases as may require it, until they can be conveniently sent home. It having since been found advisable to make some alterations in the Rules and Regulations, then established, the following revised Regulations, passed with the general consent of the Officers of the Army, have been approved of by His Excellency the Right Honorable Viscount Combermere, Commander-in-Chief in India, who has been pleased to become Patron to the Institution.

His Excellency Sir Hugh Gough, Bart. G. C. B., Commander-in-Chief in India, with reference to several cases, arising out of the death of Officers on the voyage from India to England leaving their Widows and Children in circumstances of great distress, and with advenience also, to the manifest justice of allowing all Widows and Children of Officers, being Subscribers to the Fund, who may die at the Cape of Good Hope, the Mauritius, or New South Wales, the benefits of the Military Fund,—directed Rule 21 to be proposed for the consideration of the whole body of Subscribers, and it having been carried by the votes of 227 Members, with a Minority only of 35, the Rule is accordingly rendered permanent, together with Rule 22 proposed at the same time, which was voted for by 233 Members, and a Minority of 29.

1st. That the Committee of General Management formed at Calcutta, shall consist of the following persons for the time being, being Subscribers; viz. :—

The Major General Commanding the Presidency Division.

The Adjutant General of Her Majesty's Forces in India.

The Quarter Master General of Her Majesty's Forces in India.

The Inspector General of Hospitals.

The Commandant of Fort William.

The Assistant Adjutant General of Her Majesty's Forces in India.

The two Senior Officers of Her Majesty's Regiment quartered in Fort William.

Two senior Subalterns of ditto.

Commandant of Depôt.

The Military Secretary to the Commander-in-Chief.

The Major of Brigade of Her Majesty's Forces.

The Pay Master of Her Majesty's Troops.

AND

The Pay Master of Her Majesty's Regiment quartered in Fort William.

2d.—That a Sub-Committee for enquiring into all circumstances connected with this Fund and acting under the General Committee shall be formed at Madras and Bombay, composed as follows—such Officers being Subscribers :—

The Commander-in-Chief, the Patron.

The senior Officer of Her Majesty's Army at the Presidency.

All Officers of the General Staff.

The two senior Officers of Her Majesty's Regiments stationed at the Presidency.

The two senior Subalterns of ditto. And that the Major of Brigade of Queen's Troops may be good enough to act as Honorary Secretary.

5th.—All married Officers shall subscribe to the Fund within three months after joining their Regiments or Stations, and Bachelors within three months after their marriage; any Officer neglecting so to do, shall at no future time be admitted as a Subscriber, unless by the sanction of the General Committee, always paying up arrears from the date of his joining or marriage, (as the case may be) or if in India at the time, from the date of the revision of these regulations, 1st August 1827.

6th.—That in order to obviate the difficulties which would arise from the occasional remote situations of Her Majesty's Corps serving under the several Presidencies, the Most Noble the Governor General in Council was pleased to order and direct when the Fund was established, that Bills may be granted to the Pay Masters of Her Majesty's Regiments by the Governments of Madras and Bombay, on the Government of Bengal, at the exchange of 108 Calcutta Sicca Rupees for every 116 Madras Rupees, and 325 Calcutta Sicca Rupees for every 350 Bombay Rupees payable at sight to the Agent or Agents of the Queen's Military Fund, acting for the Committee of General Management, Fort William, thereby avoiding Commission, double Agency, and risks of exchange.

GENERAL COMMITTEE.

PRESIDENT.

- A Field Officer, (if practicable.)
 1 Captain, or Surgeon, or Pay Master.
 2 Lieutenants, or 1 Lieutenant and 1 Quarter Master, 1 Ensign or Assistant Surgeon.

9th.—That whenever there may be mixed Corps, of Her Majesty's Service, or more than one stationed together at the same time every application for relief from this Fund shall be heard and decided on by a General Committee, composed, as equally as possible of Officers from such Corps present, being Subscribers to the Fund.

10th.—As it may often happen that Officers die while the Corps they belong to is stationed by itself, or remotely detached, it shall be in the power of every Commanding Officer of a Regiment so situated, to assemble a Committee of any five Officers (being Subscribers) to hear and decide upon the case of any Widows and Children so become destitute, and seeking relief from this Fund. It shall also be competent for the Commander-in-Chief at either Presidency to assemble a Special Committee to report on the case of any Lady who may become a Widow, whilst the Regiment to which her husband belonged, shall be at another distant Station, or on Service, beyond Sea.

11th.—That such General, Special, or Regimental Committees as the case shall be, having duly examined into the circumstances of the party seeking relief, shall report their opinion on and recommend the amount to be granted whether for passage money or maintenance, strictly in conformity with the Regulations annexed. The opinion and recommendation of such Committees shall be forwarded to the Agent or Agents of the General Committee, if in Bengal, or to the Honorary Secretary of the Sub-Committee, or such person as may be appointed by the Commander-in-Chief, if at the Presidency of Madras or Bombay, by the Officer Commanding the Corps in which the casualty may have occurred.

12th.—The Sub-Committee at Madras and Bombay will, on satisfying themselves with the accuracy of the statements laid before them, draw upon the Agent or Agents of the Queen's Military Fund, acting for the Committee of General Management, Fort William, for the amount of the sum which may be awarded; but in the final adjustment of the accounts of such Sub-Committee, the General Committee will consider themselves bound to object to any sum, however trifling, which may be granted in excess of the Rules laid down.

13th.—The Sub-Committee will, on drawing for any sum on the Agent or Agents of the Queen's Military Fund, acting for the Committee of General Management, transmit the Report of the Station Committee, as well as their own opinion and explanations, of the Award as a voucher, and they will afterwards, as soon as possible, transmit the proper Receipts and Certificates, showing that the money has been appropriated in the manner and for the purposes for which it was awarded.

14th.—The object of this Fund being clearly confined to sending Home distressed Families of deceased Officers, with a view of preventing those painful appeals for assistance to the Public, at once so humiliating to respectable individuals and the Queen's Service in India, it is earnestly hoped that all ranks of Staff and Regimental Officers will support it.

15th.—But to prevent doubts and misconceptions which might possibly arise hereafter, it is distinctly declared, that no Widow who is not in distressed circumstances or no Lady continuing to reside in this country after the death of her husband, can expect any provision or pension for herself children from the Fund further than is stated in the 8th Clause of the Schedule of Awards. It is also declared, that no Widow is entitled to passage money or allowance for travelling, unless she shall actually proceed to Sea or on her journey in the manner for which any allowance may have been drawn, and should she have received such allowance, she will be required to refund; and further that no Widow, under any circumstances, shall be entitled to any assistance from this Fund, unless the application shall be made in the usual form within six months after the demise of her husband.

16th.—Orphan Children are eligible for the benefits of this Fund, but awards for them must be specially made by a General or Sub-Committee and sanctioned by the Commander-in-Chief of the Presidency, who is requested to appoint some eligible person to take care of them, and provide a passage, &c. &c.

17th.—That the Agent or Agents of the Queen's Military Fund, acting for the Committee of General Management, Fort William, shall furnish an annual Account of the Receipts and Disbursements of this Fund, agreeably to forms annexed, to the Adjutant General of Her Majesty's Forces; and that that Officer be applied to, to circulate the same amongst the Subscribers, and the several Officers of Government at the three Presidencies.

18th.—That Commanding Officers of Her Majesty's Regiments be requested to pay particular attention in causing the Regular quarterly remittances to be made to the Agent or Agents of the Queen's Military Fund, acting for the Committee of General Management Fort William, who are requested from time to time to apprise Commanding Officers whenever any Corps may fail in making such remittances.

19th.—That no general Rule or Regulation of this Fund shall be altered, except recommended by the General Committee, and approved by a majority of the Subscribers.

20th.—In taking the opinion of the Regiments and Staff Officers of Her Majesty's Forces in India, a very general wish has been expressed that *all* Widows should have their passage to England, &c. &c. defrayed. The Funds will not now admit of it, but should the positive standing balance of the Fund ever amount to forty-thousand Rupees (40,000) the Committee will again put the question for the sense of the Subscribers, with a provision that such charge should again cease on the balance falling to thirty-thousand Rupees (30,000) and as in that event all married Officers will have a claim on the Fund their Subscriptions should then be augmented. As an Officer ceases to be a Subscriber on leaving India, all claims on the Fund must in like manner cease from the same period; but an Officer going to Sea for the benefit of his health, being entitled to his Company's allowances will be considered as a Subscriber during his absence.

21st.—That all Widows of Officers, who were Subscribers to the Fund, shall be entitled to the amount granted to all Widows and Children, for passage Money to England, if their husbands die on their passage to England, or during their absence on Sick Certificate, at the Cape of Good Hope, the Mauritius, or New South Wales.

22nd.—That no special grants, in cases of great distress, (not provided for in the Regulations of the Fund) shall be passed by the General Committee in Calcutta, or the Sub Committee at Madras or Bombay, without the sanction of the majority of Subscribers; which sanction is to be declared in the General Abstract of Account, published annually for the information of Subscribers.

☞ The above Rules are now undergoing revision.

TAYLOR'S FUND,

Established for the Benefit of the Widows and Orphans of European Pensioners of Her Majesty's and the Honorable Company's Services in Southern India, not entitled to Lord Clive's Fund.

The Officer Commanding Poonamallee.	}	Official Trustees.
The Chaplain do.		
The Staff Surgeon do.		

Major W. Pitt Macdonald—Secretary and Treasurer.

I.—This Fund is designated "TAYLOR'S FUND" to perpetuate the name of its Reverend Founder, and its object is to afford relief to the Widows and legitimate Offspring of European Pensioners.

II.—The Capital by which this Fund is to be supported has been derived from the liberal contributions of the Public and is invested in Government Securities in the names of three of the Committee.

III.—The Interest of this Capital together with Subscriptions to be applied to the proposed object, and after discharging such claims, all surplus in the hands of the Treasurer will be half-yearly added to the Capital in even hundreds, together with the entrance donations of Subscribers and all contributions received from Private Individuals or other sources.

IV.—To entitle a Widow to the benefits of this Fund, her Husband must have paid his entrance Donation which has been in the first instance fixed at the small amount of Eight Rupees, but will be 12 from the 1st of January 1850.

V.—The Monthly Subscription is Eight Annas to be paid Quarterly in advance.

VI.—Subscribers who are 12 Months in arrears will be struck off the Books if their Subscriptions are not *immediately* paid up on demand, and any Subscriber dying with a half-year's subscription due to the Fund will deprive his Widow of all claim on the Fund; if the amount due is less than this period, the same will be deducted from the Widow's Pension.

VII.—The monthly Pension to a Widow will be 3½ Rupees and 1 Rupee for each child under or above the age at which they can be admitted into the Government Asylums; but if no vacancies exist when so eligible, the pension to continue until opportunity presents, when if refused, the Pension to cease; the Maximum payment for Children is, however, never to be in excess of the Widow's Pension and all such Pensions to cease at the age of 14.

VIII.—The Committee will at once remove from the Pension List any Widow known to be living a life of incontinence or guilty of other notorious misconduct.

IX.—The Children's allowance will be continued in the event of the mother again marrying, but on her death their cases to be specially considered.

X.—Marriages considered by the Committee as death-bed marriages will altogether exclude the Widow from Pension.

XI.—To prevent abuse of this Charity no claims to Pension will be admitted where the Husband may have been more than 30 years older than the claimant, and any attempt to deceive the Committee in regard to children will involve the immediate expulsion of a Subscriber or of a Widow on the Fund.

XII.—Pensioners married who do not join this Fund within a period of 12 months from date of transfer to the Pension Establishment, and Pensioners unmarried who do not join within 6 months from date of marriage, will not be admitted Subscribers on this Fund.

XIII.—The Secretary shall keep a Register of Subscribers, their Wives and Children; it is therefore incumbent on Subscribers to report their marriages, and the births and deaths of Children, in default of which their families will be liable to a forfeiture of benefits, for this Register must be the Committee's guide in regulating claims to Pension.

XIV.—Should the Subscriptions and interest of Capital fall short of the demand for payment of Pensions, it will be in the power of the Committee to direct a proportionate deduction from Pensions; in like manner should the prosperous state of the Funds justify an increase in Pensions, it shall be competent to the Committee to direct the same to the extent of Rupees 5 in lieu of 3½ with the same limit for Children.

XV.—The affairs of this Fund shall be conducted by a Committee to meet Quarterly, three of whom shall be sufficient to act in the name and behalf of the whole, save that no Rule shall be altered until submitted individually for consideration, and be confirmed at the next Quarterly Meeting.

Whereas by an Act passed in the Session of Parliament holden in the Fourteenth and Fifteenth years of the reign of Her present Majesty entitled, "An Act for Marriages in India," it was enacted (among other things) that it should be lawful for the Governor General of India in Council from time to time, by laws and Regulations, (not in consistent with the provisions of the said Act of Parliament,) to be made in the manner, and subject to the Provisions by law required in respect of laws and Regulations made by the said Governor General of India in Council, to provide for the inspection and publication of Notices of Marriage given under the said Act of Parliament, for the custody and Protection from Injury of Marriage Register Books, for appeals from and references in case of doubt by the Marriage Registrars in relation to Marriages forbidden or Protests entered under the said Act of Parliament, for fixing the hours between which Marriages might be solemnized under the said Act of Parliament, for appointing the Officers to whom Certificates were to be transmitted by the Marriage Registrars, and generally for giving effect to the provisions of the said Act of Parliament. It is hereby enacted as follows :

I. In every case of Marriage intended to be solemnized in India, after the first day of February next, under the Provisions of the said Act of Parliament, one of the parties shall give Notice in writing, in the form of Schedule (A.) to this Act annexed, or to the like effect, to any Marriage Registrar of the District within which the parties shall have dwelt for not less than five days, then next preceding, or, if the parties dwell in different Districts, shall give the like notice to a Marriage Registrar of each District, and shall state therein the name, and surname, and the profession, or condition of each of the parties intending marriage, the dwelling-place of each of them, and the time, not being less than five days, during which each has dwelt therein, and the Church, Chapel, or other building in which the Marriage is to be solemnized ; provided that if either party shall have dwelt in the place stated in the notice during more than one Calendar month, it may be stated therein that he or she hath dwelt there one month and upwards.

II. The Marriage Registrar shall file all such Notices and keep them with the Records of his Office, and shall also forthwith enter a true copy of all such notices fairly into a book, to be for that purpose furnished to him by the Government, to be called the "Marriage Notice Book," and the Marriage Notice Book shall be open, at all reasonable times, without Fee, to all persons desirous of inspecting the same.

III. The Marriage Registrars, or Registrar of all districts in the British Territories in India shall respectively publish all such Notices of Marriage given in their respective districts by causing a copy of such Notices to be affixed in some conspicuous place in their respective offices, or, where such Registrars are Ministers of the Christian Religion, ordained or otherwise set apart to the Ministry of the Christian Religion, such Notices shall be affixed in some conspicuous place in the Church or Chapel or place of worship in which such Ministers respectively officiate. Where by the oath or declaration required by the sixth Section of the said Act of Parliament, it appears that one of the parties intending Marriage (not being a widow or widower,) is under twenty-one years of age, the Marriage Registrar shall not issue his Certificate under the provisions of the second Section of the said Act of Parliament until the expiration of fourteen days after the entry of such notice of Marriage.

V. When one of the parties intending Marriage (not being a widow or widower) is under twenty-one years of age, and both parties intending Marriage are at the time resident in any of the Towns of Calcutta, Madras, or Bombay, and are desirous of being married in less than fourteen days after the entry of such notice as aforesaid, it shall be competent for both parties intending Marriage to apply by petition to the Supreme Court of such Town, or any Judge thereof, for an order upon the Marriage Registrar to whom the notice of Marriage has been given, directing him to issue his Certificate at some time before the expiration of the said fourteen days required by Section IV. of this Act. And it shall be competent to the said Supreme Court, or any Judge thereof, on sufficient cause being shown, in their or his discretion, to make an order upon such Marriage Registrar, directing him to issue his Certificate, at any time to be mentioned in the said order, before the expiration of the said fourteen days required by Section IV. ; and the said Marriage Registrar, on receipt of the said order, shall proceed to issue his Certificate in accordance therewith.

VI. FORT WILLIAM, *Home Department, Legislative, the 30th January, 1852.*

The following Act, passed by the Governor General of India in Council on the 30th January 1852, is hereby promulgated for general information.

ACT No. VI. OF 1852.—Page 404 of 1852.

An Act for defraying the Cost of a Light-House on Pedra Branca.

Whereas it has been deemed expedient, for the safety and guidance of Ships navigating the China Seas, to build a Light-House on the Island Rock called Pedra Branca, situated at the Eastern entrance of the Straits of Singapore; And whereas certain sums of money were subscribed by private individuals for that purpose, but the same were insufficient to defray the expense of building such Light-House; And whereas the East India Company agreed to build such Light-House, and to advance certain sums of money to complete the same, on condition that the said sums of money were repaid to them by the levy of a toll on Ships and other square-rigged Vessels entering the Harbour of Singapore; And whereas the said Light-House has been built by the East India Company, and it is desirable that the expense of building the same, and of maintaining a Light thereon, should be defrayed out of the monies arising from such toll: And whereas it may hereafter be deemed expedient to establish other Lights, or beacons in the Straits of Malacca or elsewhere near thereto. It is enacted as follows:

I. The Light-House on Pedra Branca aforesaid shall be called "The Horsburgh Light-House," and the said Light-House, and the appurtenances thereunto belonging or occupied for the purposes thereof, and all the fixtures, apparatus, and furniture belonging thereto, shall become the property of, and absolutely vest in the East India Company and their successors.

II. From the first day of March, 1852, every Ship being of the burden of fifty tons and upwards, which shall arrive at, or enter the harbour or roadstead of Singapore, from any part of the world, shall pay a toll of three cents. of a dollar per ton for every ton of her registered burden or tonnage; Provided always that no Ship shall pay such toll more than once in every six calendar months.

III. All Ships of War belonging to Her Britannic Majesty, or any Foreign Government or State, and all armed Ships belonging to the East India Company, shall be exempt from the payment of such toll.

IV. The management and control of the said "Horsburgh Light-House," and of the keeper thereof, and of everything relating thereto, is hereby vested in the Governor of the Straits Settlements.

V. The said Governor may appoint any person he may think fit, to be a Collector of the tolls payable under this Act.

VI. Out of the funds raised by such tolls, an efficient Light shall be constantly kept up and exhibited during the night-time in and from the said Light-House, and the surplus monies arising from such tolls, after deducting the expense of maintaining such Light as aforesaid, shall, from time to time, be paid over to the said East India Company, in liquidation of the monies they have advanced towards the erection and completion of the said Light-House, and the apparatus and furniture thereof.

VII. The toll to be levied under this Act shall become due and payable immediately on the arrival of every Ship liable thereto within the harbour or roadstead of Singapore: and immediately on the arrival of any such Ship within the said harbour or roadstead, the Collector appointed under this Act shall demand, or cause to be demanded, from the master or other person in command of such Ship, payment of the toll of three cents. of a Dollar per ton for every ton of the registered burden or tonnage of such Ship, and if the same be not paid within two days after such demand made as aforesaid, or if at any time after the arrival of such Ship as aforesaid, the said Collector shall have cause to suspect, or believe, that such Ship will immediately leave the said harbour or roadstead, without paying such toll, it shall be lawful for any Justice of the Peace, upon an affidavit to that effect being made before him on oath by such Collector (which oath the said Justice is hereby authorized to administer), to issue his Warrant under his hand, directed to any Peace Officer of Singapore aforesaid, to enter on board such Ship, and to seize and carry away any of the goods, merchandise, guns, tackle, apparel or furniture of or belonging to or on board such Ship, and to keep the same for the space of three days then next, unless the said toll shall be in the mean time paid and in case the amount of the toll due by such Ship shall not before the expiration of such three days have been paid, then the said Collector may cause the said goods, merchandize, guns, tackle, apparel or furniture so seized to be sold, and out of the proceeds of such sale shall pay the amount of the said toll to which such Ship shall be liable, together with the reasonable charges of the seizure, detention, and sale, rendering to the master or owner, or other person having the command of such Ship, the overplus (if any) on demand.

VIII. The Officer of Government whose duty it shall be to grant a Port-clearance for any ship clearing out or leaving the Port of Singapore aforesaid, shall refuse to grant such Port-clearance to any Ship until the owner, agent, master or other person in command of such Ship shall produce a certificate from the Collector appointed under this Act that such Ship has paid the amount of toll to which she is liable under this Act:

IX. Notwithstanding anything in this Act contained, the said Collector appointed under the Act, may sue for and recover the amount of any tolls payable to him under this Act, by action of debt or suit in equity in any of Her Majesty's Courts in India, against the owner, or master, or other person who, at the time of default made in the payment of such toll, owned or had the command of any Ship liable thereto.

X. In order to ascertain the exact burden or tonnage of any Ship liable to pay the toll leviable under this Act the Collector appointed under this Act may apply to any Justice of the Peace to require, and such Justice, of the Peace shall thereupon summon and require, the owner, master, or other person in command of such Ship, or any person having possession of the same, to produce the register of such Ship, for the inspection of such Justice, and upon the refusal or neglect of any such owner, master, or person to produce such register, it shall be lawful for such Justice to adjudge such owner, master, or person to pay a fine not exceeding one hundred dollars, and in default of payment, to be imprisoned in Her Majesty's Gaol for any period not exceeding two calendar months.

XI. When and so soon as the monies to be advanced by the said East India Company towards the erection and completion of the said Light-House shall have been fully re-paid and liquidated in manner herein provided for, it shall be competent for the Governor of the Straits Settlements, to build, or cause to be built, one or more other lights or beacons for the safety and guidance of Ships in such part or parts of the Straits of Malacca, or near thereto, as shall be deemed expedient, and the cost thereof, and of maintaining the same, and of keeping up and exhibiting a light or lights therefrom, shall be defrayed out of the surplus monies arising from the toll payable under this Act, after defraying the current expenses of maintaining the "Horsburgh Light-House" aforesaid.

XII. Nothing in this Act contained shall be construed to authorize the levy of a toll upon any Ship passing through the Straits of Singapore and not entering the said harbour or roadstead of Singapore aforesaid.

XIII. The word "Ship" throughout this Act mentioned, shall be held to mean and include a Schooner, Cutter, Brig, Brigantine, Barque, Junk, Steam-Boat, and every other Vessel, as well as a Ship; and words importing the singular number only shall include plural number, and words importing the plural number only shall include also the singular number, and words importing the masculine gender shall extend to females, unless there be something in the subject or context repugnant to such construction.

Fort William, Home Department, Legislative, the 12th March, 1852.

The following Act, passed by the Governor General of India in Council, on the 12th March 1852, is hereby promulgated for general information :

Act No. XVI. OF 1852.—Page 495 of 1852, No. 18.

An Act for further improving the Administration of Criminal Justice in Her Majesty's Courts of Justice in the Territories of the East India Company.

Whereas offenders frequently escape conviction on their trials, by reason of the technical strictness of criminal proceedings in matters not material to the merits of the case; and whereas such technical strictness may safely be relaxed in many instances, so as to insure the punishment of the guilty, without depriving the accused of any just means of defence; and whereas a failure of justice often takes place on the trial of persons charged with felony and misdemeanor by reason of variances between the statement in the indictment on which the trial is had, and the proof of names, dates, matters, and circumstances therein mentioned, not material to the merits of the case, and by the mis-statement whereof the person on trial cannot have been prejudiced in his defence, It is hereby enacted as follows :

I. From and after the coming of this Act into operation, whenever, on the trial of any in-

The Court may amend
certain variances not ma-
terial to the merits of the
case, and by which the de-
fendant cannot be preju-
diced in his defence, and
may either proceed with

dictment for any felony or misdemeanor, there shall appear to be any variance between the statement in such indictment and the evidence offered in proof thereof, it shall and may be lawful for the Court before which the trial shall be had, if it shall consider such variance not material to the merits of the case, and that the defendant cannot be prejudiced thereby in his defence on such merits, to order such indictment to be amended, according to the proof, by some officer of the Court or other person,

or postpone the trial to be had before the same or another jury.

both in that part of the indictment where such variance occurs, and in every other part of the indictment which it may become necessary to amend, on such terms as to postponing the trial to be had before the same or another jury, as such Court shall think reasonable; and after any such amendment the trial shall proceed, whenever the same shall be proceeded with, in the same manner in all respects, and with the same consequences, both with respect to the liability of witnesses to be indicted for perjury and otherwise, as if no such variance had occurred: provided that, in all such cases where the trial shall be so postponed as aforesaid, it shall be lawfully for such Court to respite the recognizances of the prosecutor and witnesses, and of the defendant, and his surety or sureties, if any, accordingly, in which case the prosecutor and witnesses shall be bound to attend to prosecute and give evidence respectively, and the defendant shall be bound to attend to be tried, at the time and place to which such trial shall be postponed, without entering into any fresh recognizances for that purpose, in such and the same manner as if they were originally bound by their recognizance to appear and prosecute, or give evidence, at the time and place to which such trial shall have been so postponed: provided also, that where any such trial shall be to be had before another jury, the crown and the defendant shall respectively be entitled to the same challenges as they were respectively entitled to before the first jury was sworn.

II. Every verdict and judgment which shall be given after the making of any amendment under the provisions of this Act, shall be of the same force and effect in all respects as if the indictment had originally been in the same form in which it was after such amendment was made.

III. If it shall become necessary at any time, for any purpose whatsoever, to draw up a formal record in any case where any amendment shall have been made under the provisions of this Act, such record shall be drawn up in the form in which the indictment was after such amendment was made, without taking any notice of the fact of such amendment having been made.

IV. In any indictment for murder or manslaughter preferred after the coming of this Act into operation, it shall not be necessary to set forth the manner in which, or the means by which, the death of the deceased was caused, but it shall be sufficient, in every indictment for murder, to charge that the defendant did feloniously, wilfully, and of his malice aforethought kill and murder the deceased, and it shall be sufficient in every indictment for manslaughter to charge that the defendant did feloniously kill and slay the deceased.

V. In any indictment for forging, uttering, stealing, embezzling, or obtaining by false pretences, or for obtaining by false pretences, any instrument, it shall be sufficient to describe such instrument by any name or designation by which the same may be usually known, or by the purport thereof, without setting out any copy or fac-simile thereof, or otherwise describing the same, or the value thereof.

VI. In any indictment for engraving, or making the whole or any part of any instrument, matter or thing whatsoever, or for using or having the unlawful possession of any plate, or other material upon which the whole or any part of any instrument, matter, or thing whatsoever shall have been engraved or made, or for having the unlawful possession of any paper upon which the whole or any part of any instrument, matter, or thing whatsoever shall have been made or printed, it shall be sufficient to describe such instrument, matter, or thing by any name or designation by which the same may be usually known, without setting out any copy or fac-simile of the whole or any part of such instrument, matter, or thing.

In all other cases, wherever it shall be necessary to make any averment in any indictment as to any instrument, whether the same consists wholly or in part of writing, print, or figures, it shall be sufficient to describe such instrument by any name or designation by which the same may be usually known, or by the purport thereof, without setting out any copy or fac-simile of the whole or any part thereof.

VIII. From and after the coming of this Act into operation, it shall be sufficient in any indictment for forging, uttering, offering, disposing of, or putting off any instrument whatsoever, or for obtaining or attempting to obtain any property by false pretences, to allege that the defendant did the act with intent to defraud, without alleging the intent of the defendant to be to defraud any particular person; and on the trial of any of the offences in this section mentioned, it shall not be necessary to prove an intent on the part of the defendant to defraud any particular person, but it shall be sufficient to prove that the defendant did the act charged with an intent to defraud.

IX. And whereas offenders often escape conviction by reason that such persons ought to have been charged with attempting to commit offences, and not with the actual commission thereof; it is enacted, that if on the trial of any person charged with any felony or misdemeanor, a party indicted for felony or misdemeanor may be

found guilty of an attempt to commit the same, and shall be liable to the same consequences as if charged with and convicted of the attempt only. No person so tried to be afterwards prosecuted for the same.

it shall appear to the jury upon the evidence that the defendant did not complete the offence charged, but that he was guilty only of an attempt to commit the same, such person shall not by reason thereof be entitled to be acquitted, but the jury shall be at liberty to return as their verdict that the defendant is not guilty of the felony or misdemeanor charged, but is guilty of an attempt to commit the same, and thereupon such person shall be liable to be punished in the same manner as if he had been convicted upon an indictment for attempting to commit the particular felony or misdemeanor charged in the said indictment; and no person so tried as herein lastly mentioned shall be liable to be afterwards prosecuted for an attempt to commit the felony or misdemeanor for which he was so tried.

X. XI. If upon the trial of any person upon any indictment for robbery, it shall appear to the jury upon the evidence that the defendant did not commit the crime of robbery, but that he did commit an assault with intent to rob, the defendant shall not by reason thereof be entitled to be acquitted, but the jury shall be at liberty to return as their verdict that the defendant is guilty of an assault with intent to rob, and thereupon such defendant shall be liable to be punished in the same manner as if he had been convicted upon an indictment for feloniously assaulting with intent to rob; and no person so tried as is herein lastly mentioned shall be liable to be afterwards prosecuted for an assault with intent to commit the robbery for which he was so tried.

XII. If upon the trial of any person for any misdemeanor, it shall appear that the facts given in evidence amount in law to a felony, such person shall not by reason thereof be entitled to be acquitted of such misdemeanor; and no person tried for such misdemeanor shall be liable to be afterwards prosecuted for felony on the same facts, unless the Court before which such trial may be had shall think fit in its discretion to discharge the jury from giving any verdict upon such trial, and to direct such person to be indicted for felony, in which case such person may be dealt with in all respects as if he had not been put upon his trial for such misdemeanor.

XIII. If upon the trial any person indicted for embezzlement as a clerk, servant, or person employed for the purpose, or in the capacity of a clerk or servant, it shall be proved that he took the property in question in any such manner as to amount in law to larceny, he shall not by reason thereof be entitled to be acquitted, but the jury shall be at liberty to return as their verdict that such person is not guilty of embezzlement, but is guilty of simple larceny, or of larceny, as a clerk, servant, or person employed for the purpose, or in the capacity of a clerk or servant, as the case may be, and thereupon such person shall be liable to be punished in the same manner as if he had been convicted upon an indictment for such larceny; and if upon the trial of any person indicted for larceny it shall be proved that he took the property in question in any such manner as to amount in law to embezzlement, he shall not by reason thereof be entitled to be acquitted, but the jury shall be at liberty to return as their verdict that such person is not guilty of larceny, but is guilty of embezzlement, and thereupon such person shall be liable to be punished in the same manner as if he had been convicted upon an indictment for such embezzlement; and no person so tried for embezzlement or larceny as aforesaid shall be liable to be afterwards prosecuted for larceny or embezzlement upon the same facts.

XIV. If upon the trial of two or more persons indicted for jointly receiving any property it shall be proved that one or more of such persons separately received any part of such property, it shall be lawful for the jury to convict upon such indictment such of the said persons as shall be proved to have received any part of such property.

XV. And whereas it frequently happens that the principal in a felony is not in custody or amenable to justice, although several accessories to such felony or receivers at different times of stolen property the subject of such felony may be in custody or amenable to justice: for the prevention of several trials, it is enacted that any number of

XXV. In case no debt or liability, or no debt or liability other than a contingent liability, shall have been allowed as aforesaid, or in case any debt or liability other than as aforesaid shall have been allowed as aforesaid, then after the same shall have been paid or provided for by appropriation as aforesaid, all payments made by the executors, administrators, or representatives in estate, or any of them, on

XXVIII. It shall be lawful for the said Courts respectively, from time to time, to make, rescind, and alter General Rules and Orders for better enabling the opinion of the said Courts respectively to be obtained on special cases, and for effectuating the purposes of this Act as to the debts and liabilities of deceased persons, and for making any provisions which may be or be deemed necessary or proper as to amendment, revivor and supplemental matter or relief, and as to costs of any proceedings under or in pursuance of this Act, and for regulating the times and form and mode of procedure and practice of the said Courts in respect of the matters to which this Act relates, and every of them, and so far as may be found expedient for altering the course of proceeding hereinbefore prescribed in respect to such matters or any of them, and generally for assimilating the practice of the said Courts respectively to that of the High Court of Chancery in England.

FORT WILLIAM, Home Department, Legislative, the 27th March, 1852.

The following Act, passed by the Governor General of India in Council on the 27th March 1852, is hereby promulgated for general information.

ACT No. XX. of 1852.—Supplement of 1852—No. 2456.

An Act to facilitate the Acquisition of Land needed for public purposes in the Presidency of Fort St. George.

I. Whenever it shall appear to the Governor of Fort St. George in Council that any land is needed for a public purpose, he shall make a declaration to that effect in a Minute of Council, and such declaration shall be conclusive evidence that the purpose for which the land is needed is a public purpose.

II. When a declaration has been made by the Governor in Council that any land is needed for a public purpose, if there shall be any hindrance to the immediate acquisition of such land by purchase from the parties interested therein, it shall be competent to the Governor in Council to order the land to be taken possession of on the part of Government, and applied to the purpose for which it is needed, leaving claims for compensation for the land to be determined as hereinafter provided.

III. When such order is passed by the Governor in Council it shall be sent to the Collector of the District in which the land lies, or to such other Officer as the Governor in Council shall think fit to appoint to carry it into execution; and the Collector, or other Officer so appointed, shall cause the land ordered to be taken to be marked out and measured, and possession to be taken thereof on behalf of Government, and the land shall thenceforward be vested absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts and interests, and also of all mortgages, liens, or incumbrances whatsoever, of and in the land so taken as aforesaid; and any suit, which may be instituted to recover the land so taken by Government, in any Court of Judicature, shall be dismissed with the costs. Provided always, that nothing herein contained shall effect the liability of the party who may receive the value of any land so taken by Government, without having a good title to the same.

IV. As soon as the land has been marked out, the Collector or other Officer appointed as aforesaid, shall cause the order in Council to be affixed in some conspicuous place upon the land, and published by proclamation in the neighbouring bazars and villages, with a citation, calling on all parties interested in the land to appear before him in person, or by authorized agents, on a certain day, not less than fifteen days after the date of citation, and to state the nature of their interests in the land required, and the amount and particulars of their claims to compensation for the same.

V. It shall be competent to the said Collector, or other Officer appointed as aforesaid, to admit any such claims that appear to him to be valid, and if he and all the parties interested in the land agree as to the compensation to be allowed to them respectively, to pass an award for the same.

VI. If the said Collector or Officer shall judge any of the claims preferred to be inadmissible, and the parties interested in the land or any of them shall nevertheless persist in such claims, or if the said Collector or Officer, admitting the interests claimed, shall object to the compensation demanded for the same as excessive, the points in dispute shall be referred to the determination of arbitrators, to be appointed in the manner hereinafter provided.

VII. Two persons shall be chosen to act as arbitrators on the part of the Government, by the Collector or other Officer duly appointed as aforesaid, and the party or parties claiming to be interested in the land taken shall be called upon by the said Collector or Officer to elect, within fifteen days, two persons to act as arbitrators on his or their part. If there be several parties interested as aforesaid, and they cannot agree within the required period in the election of persons to act as arbitrators on their behalf, then and in that case, each of them shall nominate one person whom he may desire to act on his behalf, and the said Collector or Officer shall choose by lot, out of the persons so nominated by the parties aforesaid, or by any of them, two persons to act as arbitrators on behalf of the parties interested in the land. If only two persons shall be so nominated by the parties interested in the land, they shall be the arbitrators on behalf of such parties, whether the whole of the parties interested as aforesaid may or may not have been concerned in their nomination. If only one person shall be so nominated, then only one of the persons selected to act as arbitrators on the part of Government, shall be employed on the duty. If the parties interested in the land shall refuse or neglect, or if, by reason of minority, lunacy or absence from the Presidency, they shall be unable to make any nomination within the required period, then the said Collector or Officer shall and may select two impartial persons to arbitrate the matter between Government and the parties interested in the land.

VIII. Before the arbitrators proceed to arbitrate, they shall be required by the said Collector or Officer, to appoint an umpire for the decision of any points whereon they may differ in opinion, when the voices on each side shall be equal. If the arbitrators cannot agree in the selection of an umpire the said Collector or Officer shall be authorized to choose some person to act as such.

IX. In cases wherein the arbitrators may differ in opinion, if the voices on each side shall be equal, the decision of the umpire on the point of difference shall be conclusive: in all other cases, the opinion of the majority of arbitrators shall determine the award.

X. The arbitrators shall hold their inquiry under the general superintendence of the Collector or other Officer appointed as aforesaid, who shall be competent to exercise towards them such powers and authority, for the purpose of securing their attendance, and the due completion of their award, as the Courts of Judicature may legally exercise towards persons summoned as witnesses before them, for the purpose of compelling such witnesses to attend and give evidence. It shall further be competent to the Officer presiding, in the event of any unnecessary delay on the part of arbitrators in determining any question referred to them, to call upon them to make their award within a specified time, and in default thereof, to refer such question to the umpire for his decision.

XI. The said Collector, or other Officer appointed as aforesaid, shall, on the application of the arbitrators, summon any witnesses whom the arbitrators may call for, and whom the parties may not be able to produce before them without such process. He shall also cause the proper forms of affirmation to be executed by any witnesses whom the arbitrators may desire to examine upon affirmation, or he may empower the arbitrators to administer or cause the execution of such affirmation, if the witnesses cannot with convenience attend before him. Any witness who shall refuse or omit to appear when duly summoned by such Collector or Officer, or whose shall appear but shall refuse to execute the affirmation to be administered as aforesaid, or who shall refuse to give evidence, shall be liable to the same punishment which would be incurred under the Law by a witness refusing to appear or give evidence before a Court of Justice. Any person giving intentionally and deliberately a false deposition, under a solemn affirmation in any case referred to arbitration as above, and upon a point material to the issue thereof, shall be held to be guilty of perjury, and shall be liable to the penalties prescribed for that offence by law; and any person causing or procuring another person to commit the offence of perjury, as above described, shall be guilty of subornation of perjury, and punishable according to Law.

XII. It shall also be competent to the Collector, or other Officer appointed as aforesaid to demand from the parties interested in the land so taken as aforesaid, the production of any accounts, title-deeds, or other documents which may be required by the arbitrators for the purpose of their inquiry, and in the event of such accounts, title-deeds, or documents being withheld, and the fact of their existence proved by information given upon solemn affirmation, to order the seizure of such accounts, title-deeds, and documents wherever they may have been deposited, in the manner prescribed by section IX. Regulation IX. of 1823 of the Madras Code, and to exercise for that purpose the powers thereby vested in Collectors

XIII. The arbitrators shall take into consideration the statements of the parties interested in the said land, and the objections of the Collector or other Officer aforesaid on behalf of Government, and after examining the evidence offered on both sides, and making any further inquiry that may appear to them necessary, shall pass their award allowing or disallowing the interests claimed, and determining the total amount of compensation to be given for the interests allowed, the mode in which it is to be given, and, if to be given to more than one party, the shares of the total compensation which each party shall be entitled to receive.

XIV. The award of the arbitrators, or of the umpire, if he shall be called upon to make an award, shall be binding and conclusive both upon the Government and the parties interested in the land, as respects the gross amount of the compensation to be paid by Government, unless the award shall be set aside by the Civil Court of the zillah upon a charge of corruption against the arbitrators or the umpire, as the case may be, brought by either party, and proved after due investigation, to the satisfaction of such Court; in which case the matter shall be referred for the determination of a second set of arbitrators, to be chosen in the same manner as the first, and their decision, whatever it may be, shall be final. In consequence of the Homeward and Inward bound Mail Steamers of the Peninsular Oriental Steam Navigation Company, via Suez and those of the General Screw Steam Shipping Company, via the Cape, being occasionally expected to arrive in the Roads about the same periods of the month, it has become necessary more particularly to define the arrival of each Vessel for general information, than is at present indicated by the signal guns fired on the arrival of these Vessels.

The following signal guns will therefore in future be fired from the Ramparts, to announce the arrival of these several Steamers.

Conditions, Regulations, and General Information.

PASSENGERS.

The Rates of Passage Money will be proportionately increased according to the class of accommodation required.

The rates of passage Money include Stewards' Fees, Table, Wines, &c., for First-class Passengers. Bedding, Linen, and all requisite Cabin Furniture are provided in the Steamers at the Company's expense, together with the attendance of experienced male and female servants.

The expense of Transit through Egypt is also included in the rates of Passage Money to India and China, with the exception of Hotel expenses, and also of Extra Baggage, Wines, Spirits, Beer, and Soda Water, all of which the Egyptian Transit Administration charge for separately.

Servants soliciting gratuities will be dismissed from the Company's service.

Passengers for places beyond Gibraltar desirous of visiting the ports of Spain and Portugal on their way, can do so without any additional expense for Passage Money, by leaving Southampton in the same Company's Steamers on the 7th, 17th, and 27th of every month, touching at Vigo, off Opporto at Lisbon, Cadiz, and Gibraltar; and joining, at the last-named port, the Steamer for Malta and Alexandria, touching at Gibraltar. Any or all of the Peninsular ports may therefore be visited, by staying ten days or more at each, and proceeding by successive Steamers, previous to joining the main line at Gibraltar. An opportunity is thus afforded to passengers of visiting these interesting localities, without any additional expense on account of Passage Money.

Half the amount of Passage Money, when the passage exceeds £20, is required to be paid on securing Passage, and the balance a fortnight before embarkation.

Passengers not embarking after engaging Passage, to forfeit the deposit of half the amount of Passage Money.

In case, however, of a passenger being unavoidably prevented from availing himself of a passage at the period for which it is taken, a transfer of the passage can be effected to a subsequent Steamer, on due notice being given, without forfeiture of any portion of the deposit paid, and accommodation will be allotted as similar as circumstances will permit.

In remitting a sum of money to the Company on account of Passage, if by Cheque, it is recommended, for the sake of security, to write across the Cheque the name of the Company's Bankers, "*Messrs. Williams Deacon and Co. ;*" if by order, Letter of Credit, or otherwise, it should be in favour of the "*Peninsular and Oriental Steam Navigation Company.*"

The Company's Steamers start from and return to Southampton.

Passengers should embark at Southampton not later than noon on the day of Sailing.

Passengers will be expected to comply with the regulations established on board the Steamers for the general comfort.

No. Berth or Cabin is to be occupied by a Passenger without application to the Agent on shore, or to the Purser on board. It is to be understood that a Passenger occupying a Cabin of two or more Berths, on the departure of the vessel (unless he shall have paid an additional sum for its exclusive occupation), is not to object to the vacant Berth or Berths being filled up at the intermediate Ports, if required.

Tariffs and Regulations of the Egyptian Transit Administration.

GENERAL RULES AND REGULATIONS FOR PASSENGERS.

Passengers are requested to make over their heavy Baggage to the Transit Officer, who will receive the same on board the Steamers on arrival. Those coming from Europe may retain personal charge of any Carpet Bag or other articles required for use in Transit until they arrive at Boulac (the Port of Cairo,) but Carpet Bags must, notwithstanding, be deposited at the Transit Office in Cairo, within proper time to forward to Suez by an Express Dromedary, as 5lb. weight only are allowed to each Passenger in the Vans. Passengers however can always have access to their Baggage, if they make an application to that effect on its arrival at either of the Transit Wharfs at Boulac, Suez, or Alexandria.

No. 1.—In order to facilitate the conveyance of Luggage through Egypt, Travellers are recommended to limit the size of their Trunks to the following dimensions—

Length 3 ft. 0 in.—Width 1 ft. 3 in.—Depth 1 ft. 2 in.

The weight of each package must not exceed 80lb.

NOTE.—Weight and size of Packages of Baggage.—*The Transit Administration will not be responsible for the timely arrival at Suez or Alexandria as the case may be of any Packages of Baggage which shall exceed the prescribed limits.*

No. 2.—It is indispensable that every article of Luggage should have the name and address in full of each proprietor, and his destination, legibly written or painted in black or white, according to the colour of the Package; as all Anonymous Baggage, (unless it can be readily identified as belonging to Booked-through Passengers), will otherwise be detained in Egypt, and sold at Public Auction after the expiration of one Twelvemonth, if not previously identified and claimed; the proceeds thereof, however, remaining another Twelvemonth at the disposal of the owner.

All small articles of Baggage should be put in a large package or canvas bag, as they are exposed to the risk of loss from the difficulty of securely fastening them on camels.

No. 3.—It is prohibited for Passengers to carry Merchandise, Specie or Combustible Articles with Luggage, and if discovered they will be liable to the consequences stated in Appendix No. 5. All Combustible Materials will be seized.

No. 4.—Passengers *intending to remain in Egypt* are requested to separate their Luggage on board the Steamer before arrival at Alexandria or Suez, and land it themselves at the Custom House to avoid its being mixed with that of the Passengers in Transit.

No. 5.—The Port Authorities at Alexandria having specially appointed a stated number of Boats similarly painted, bearing consecutive numbers for the debarkation of Passengers, it is requested those only will be used, so that Theft, Irregularity or Insolence on the part of the Boatmen may be traced and punished.

The charge at Alexandria and Suez for each first class Passenger on landing from any Steamer is 1s. and for Children and Servants 6d. each, and the same for embarkation. Parties are requested to embark only from the Transit Wharfs.

Omnibuses are provided at the expense of the Transit Administration to and from the landing places, and the Hotel, and Canal at Alexandria, and likewise between Boulac and the Hotels at Cairo, and *vice versa*. These conveyances will leave the Hotels half an hour before the appointed time of starting.

No large packages of Luggage can be put in the Omnibuses, as there are other conveyances for them.

No. 6.—All Passengers are requested to apply at the Transit Office at Alexandria and Suez on landing, and obtain a Transit Ticket which will carry them through Egypt with 2 cwt. of Luggage free of all charges including Provisions, except Hotel expenses at Alexandria, Cairo and Suez, and Wines, &c. on the journey.

No. 7.—Passengers intending to remain at Cairo, but proceeding by the same conveyances as Passengers to and from India need not conform to Rule No. 4, *but they must separate their Luggage themselves on its arrival at Boulac.* The same rule is also applicable at Alexandria and Suez for Passengers from Cairo who do not proceed direct with the Indian Passengers.

No. 8.—Passengers from India proceeding to Europe by the French or Austrian Steamers must separate their Luggage from that of the Booked-through Passengers on its arrival at Alexandria, as it will otherwise go on to Southampton.

No. 9.—Passengers will be dispatched by the Vans from Cairo for Suez, or *vice versa* according to the order in which they stand on the Purser's allotment as arranged on board the respective Steamers belonging to the Peninsular and Oriental Company, and subject to the Regulations contained in Appendix No. 2. The form of notice will be seen in Appendix No. 3.

No. 10.—Passengers crossing the Desert independently of the Transit Administration, will be subject to the Regulations contained in Appendix No. 4. They will likewise be charged freight on their Luggage according to Tariff, if they allow it to be landed from the Steamer at Suez, and to proceed with the Baggage of the other Passengers to Cairo.

No. 11.—The Providore arrangements, prices of Liquors, &c., will be shown in Appendix No. 6. Insolence of servants or other proper reasons of complaint, Passengers will be kind enough to make known, in writing, to the Director, and if Booked-through, they will do well by presenting also a copy to the local Agent of the Peninsular and Oriental Company.

The Contractor is, however, entitled to claim payment at reasonable prices for any articles which Passengers may break or destroy *en route*, and is even empowered to exact from the Administration the detention of their Baggage, to recover the amount if necessary.

Passengers are not obliged, or expected to give any gratuity to the servants employed by the Administration.

No. 12.—Local Passengers who pay their passage money, but are afterwards altogether prevented from pursuing their journey, will be entitled to a return of one half of their passage money, provided they give notice to that effect before the departure of the Steamer or that of the Vans, &c., &c.

No. 13.—Local Passengers who may be unable to proceed by the conveyances for which they were booked, will be allowed to transfer their Tickets to the first subsequent departure; but if they do not proceed by that opportunity, such Passengers will in that case forfeit all claim to the return of any portion of passage money.

No. 14.—Passengers in Transit who neglect or refuse (except in case of sickness) to proceed according to the Agent's request at the appointed hour, by the Vans or Steamer intended for their conveyance, will have to pay their fare over again, and incur the risk of losing their passage altogether, if there is no subsequent available conveyance; but it must be distinctly understood that if there is no vacant seat in any of the subsequent Vans, they will have to pay the entire cost, (£36) for an additional Van if such be disposable. The same punctuality is also required at the different Stations in the Desert, as the coachmen have orders to proceed after the specified time for rest allowed at each Station has expired.

No. 15.—All accounts for over weight of Luggage must be settled before leaving Egypt, otherwise the Baggage will be detained by the Administration. Payments for Transit Fares, &c., must be made in Egyptian Piastres or English Sovereigns, Spanish or German Dollars, Napoleons or Five Franc Pieces at the Government rate of Exchange, see Appendix No. 3. Neither India or Bank of England Notes will be received.

By order of the Director,

CHARLES BETTS,

Agent.

APPENDIX No. 2.

REGULATIONS

OF THE TRANSIT ADMINISTRATION REGARDING THE VANS IN THE DESERT.

The Director of the Transit Administration, with a view to obviate complaints and prevent misunderstandings respecting the rights of precedence in crossing the Desert by the Vans, publishes for the information of Travellers the following Rules, viz. :—

1. All Passengers by the Peninsular and Oriental Steam Navigation Company's Steamers, whether "booked-through" or not, will be dispatched in Vans according to the order in which their names shall appear on the list furnished by the Purser of said Steamers, said list being arranged on board, prior to arrival in Egypt, by first-class passengers forming themselves into parties of six persons for each Van, and these parties further arranging amongst themselves, by lot or otherwise, for the right of precedence of departure.

2. Should any Passengers, however, omit or decline to make up a party, they will then have to proceed to Cairo in the order in which their names figure in the passage list from the port of embarkation, and their departure can only take place subsequent to that of the parties made up as above described. All passengers by the H. E. I. Co.'s Steamers from Bombay without exception, obtain precedence of carriage, according to priority of personal application and payment at Suez.

3. The first set of Vans, usually from five to seven in number, according to the season, will be dispatched as soon as the passengers have landed, and the other departures, in similar trains, will take place in succession at intervals or from four to five hours. Such passengers or parties who do not present themselves at the hour of departure, forfeit their right of precedence, and will be obliged to take the place of the persons found to substitute them. In no case shall a Van of one of the first detachments be permitted to proceed incomplete, and if any vacancies occur they will be filled up according to the option of the Agent.

N. B.—Two children from two to five years of age are entitled to one seat in the Van, and three to four children, exceeding five and under ten years of age, to the place of two first-class passengers. Men servants will not be admitted to a Van, with first class passengers, if the consent of the other members composing the party has not been previously obtained, and that the Agent also sanctions the arrangement. No seats are reserved in the Vans for infants and children under two years of age, as they are conveyed free. Female servants must invariably accompany the parties who employ them.

4. The coachmen have strict orders to keep together in the Desert to render each other assistance in case of need. A limited period of rest, fixed by the Agent, will be allowed at each of the principal stations, and any deviation therefrom, or misbehaviour on the part of the drivers, will be taken notice of, on a written declaration to that effect being made to the Director of the Administration.

5. Passengers before proceeding to Cairo are expected to call at the Office at Suez, and fulfil the formalities required by the Agents in charge of the Egyptian Transit Customs.

6. Passengers en route are entitled to four meals at the stations, viz., Breakfast, Lunch or Supper, Dinner and Tea; but whenever Travellers, crossing the Desert, leisurely, for instance on donkeys or dromedaries should exceed the stated number of meals, they will have to pay at the Bungalows as follows:—first class passengers 4s. for a Breakfast, 3s. Tiffin, 6s. Dinner, 3s. Tea, 3s. Lodging for the night; second and third class passengers in proportion.

In order to insure celerity of transit, it is particularly requested that all possible expedition be used by passengers in landing at Suez; that no obstruction or delay take place in the delivery of the luggage to the officers sent on board to receive it, and that every article of baggage be legibly addressed and properly secured. All luggage, except 5lb. weight allowed in the Van for special purposes, will be conveyed direct to the transit wharf at Boulac (the Port of Cairo), where it will be accessible to the owner after it has been weighed; but parties who intend stopping at Cairo are requested to give notice of their intention to the Agents at Suez and Cairo, and deliver to both a list of their packages, that the necessary assistance may be given for the separation of their baggage.

APPENDIX No. 3.

NOTICE.

The Egyptian Transit Administration request that passengers will form themselves into parties of six persons for crossing the Desert in Vans, and send in a list of their names accordingly by _____ o'clock this day to Mr _____ the Purser, who, with a view of aiding the transit authorities, will then assist the parties in drawing lots at _____ o'clock to-morrow for precedence of departure from Suez (or Cairo).

N. B.—Two children from two to five years of age are only entitled to one seat in the Van and three to four children, exceeding five and under ten years of age, to the place of two first class passengers. European men servants are not admitted to a Van with first class passengers, if the consent of the other members composing the party has not been previously obtained; and no seats are to be reserved in the Vans for Native and Indian men-servants, or infants and children under two years of age.

Every vacancy in a Van will be filled up at the option of the Agent, and in no case shall a Van of one of the first detachments be permitted to proceed to Cairo incomplete.

No carpet bags allowed in the Vans.

APPENDIX No. 4.

REGULATIONS

FOR PASSENGERS TRAVELLING ACROSS THE DESERT, INDEPENDENT TO THE TRANSIT

ADMINISTRATION.

1.—Persons desirous of travelling from Cairo to Suez or vice versa, by the several modes of conveyance used in Egypt, will be obliged, if they wish to enter the Stations in the Desert to procure admission tickets at the Transit Office at Cairo, or at Suez, previous to their departure, for which they will pay one sovereign, or 97½ piastres Egyptian currency. Children, under ten years of age, and servants pay half price.

2.—If travellers, after obtaining their admission tickets, will pay the Transit Administration a further sum, in advance of nine shillings, or 43 piastres and 35 paras Egyptian currency, they will be enabled to obtain from the purveyor of provisions the following meals, at either of the principal Stations, Nos. 4, 8 and 12, viz. :—

BREAKFAST, CONSISTING OF	DINNER, CONSISTING OF	SUPPER, CONSISTING OF
Tea or Coffee, Bread and Butter, A plate of Eggs or a Chicken.	Rice. A Chicken or Pigeon, Potatoes, English Cheese, and Fruit.	Tea, Bread and Butter, A plate of Eggs or a Chicken.

N. B.—The use of a Bed, as Wines and all other extras, must be paid for separately according to Tariff.

3.—Persons travelling from Suez to Cairo must, previous to their departure, submit to have their luggage examined by the Custom house authorities.

4.—If, on the arrival of such travellers at Cairo, there should be one of the Transit Steamers ready to start for Alexandria, they will have a passage allowed them on the same conditions as others; but if the Steamer should have already left at the time appointed, such travellers will not have the right of demanding any extra Steamer.

5.—It is necessary that the passengers should exhibit their tickets at each Station; those going to Suez must leave them at No. 12 Station, and those coming to Cairo deposit theirs at No. 4 Station.

6.—As the Transit Administration will not undertake to provide provender and water in the Desert for the horses or other cattle which do not belong to the said Establishment, travellers, previous to their departure, must take care to provide the same for the animals they may have hired for the performance of their journey.

7.—As the Stations in the Desert were never intended to be made use of as hotels, but were constructed simply for the accommodation of passengers in transit to and from India, travellers, except in a case of sickness or accident, will not be permitted to remain longer at the Stations than the time absolutely necessary to accomplish their journey.

N. B.—No person will be allowed to enter the Stations without an admission ticket.

WITH reference to the following Notice Messrs. PHAROAH and CO. beg to intimate that the cost of **Newspapers and Periodicals** commissioned through them, is payable **in advance** half yearly from the period the Subscription commences.

BOOKS, PERIODICALS AND NEWSPAPERS.

MESSRS. PHAROAH AND CO.

BEG to announce that with a view to meet the requirements of the Indian Public, they have resolved to adopt a scale of charges in their Bookselling business, even lower than English selling prices, when the absolute cost of transit is added. On and after the 1st Proximo, they will be prepared to supply **BOOKS** per *Screw Steamers* and **PERIODICALS** by the *Overland Route*, at an advance of only **TEN PER CENT.** on the English published prices: the expense of carriage from the Presidency to the Mofussil being of course charged to the purchaser.

PERIODICALS.

Messrs. PHAROAH AND CO. engage to supply *Periodicals* with scrupulous regularity, on receiving orders for not less than six months' Subscription, that period being fixed as the shortest compatible with the transmission of correct advices to their resident partner in England. Parties desirous of discontinuing their subscription to the *Periodicals* are requested to give *two months* notice of such intention.

NEWSPAPERS.

Messrs. PHAROAH AND CO. will supply Newspapers by *both routes* at the exact English rates, the cost of Inland Postage from Bombay and Madras being paid by the constituent. To prevent disappointment the rule of a Subscription for six months certain must be adhered to in all cases.

Messrs. PHAROAH AND CO. make no charge on account of the transit of Newspapers, the expense of which is defrayed by the Postage Stamp, and to parties residing in the Presidency, the cost of the home journal by the Steamer, will be exactly the same in Coromandel and Cheapside. But the Subscriber in Masulipatam will have to pay equally when he gets his *Times* by the Steamers, and *via* Bombay.

To parties who may order their papers *via Marseilles* a subsequent charge will be made by Messrs P. and Co. for the amount paid in England on account of the French Post Office to defray the *Expences of the Marseilles Route*.

Messrs. PHAROAH AND CO. do not propose to make any alteration in their mode of transacting business, so far as the giving of credit is concerned; but they respectfully urge upon the public, whose interest it is to support a system of low prices, the almost absolute necessity for making payments in advance. Ready money is exacted invariably by the home publishers with whom Messrs. PHAROAH AND CO. have to deal, and they will therefore be obliged in *all cases*, to charge interest upon unsettled accounts at the end of one month. Payments within that period, will be considered as having been made at sight.

Messrs. PHAROAH AND CO. having a Partner resident in England, are enabled to guarantee with the utmost confidence, the punctual execution of all orders with which they may be favoured.

N. B.—Parties requiring Books from England through Messrs. PHAROAH and CO. will be good enough to write the names of the Works and their Address in a clear and legible hand thus obviating mistakes and necessity of further reference.
